INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and the Plan Administrator of Ameris Bancorp 401(k) Profit Sharing Plan

Opinion

We have audited the accompanying financial statements of Ameris Bancorp 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the change in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ameris Bancorp 401(k) Profit Sharing Plan (the "Plan") and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ameris Bancorp 401(k) Profit Sharing Plan's (the "Plan") ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ameris Bancorp 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ameris Bancorp 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of assets (held at the end of the year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERIS BANCORP
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of the Ameris Bancorp 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Ameris Bancorp (the “Company”) who are eighteen years of age and older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Principal Trust Company serves as Trustee of the Plan.

Participation

An employee will become eligible to participate in the 401(k) arrangement and employer contributions following the completion of 30 days of service with the employer and attaining the age of 18.

Contributions

Employee Contributions: A participant may elect to contribute, on a before-tax or after-tax basis from 1% of their compensation up to the maximum allowed by law. However, the Plan does limit before-tax contributions from those participants considered highly compensated employees, as defined by the Internal Revenue Code (“IRC”). All contributions are subject to the limitations provided in ERISA and the IRC.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral rate increases 1% per year to a maximum of 15% unless affirmatively changed by the participant.

Employer Contributions: The Plan provides for a non-elective matching contribution equal to 50% of the employee 401(k) elective deferrals that do not exceed 8% of eligible compensation as defined in the Plan for each payroll period during the year. All contributions are subject to the limitations provided in ERISA and the IRC. The Plan also provides for discretionary contributions; however, no such contributions were made for 2025 or 2024.

Investment Options

Principal Life Insurance Company ("Principal") is the record keeper and third-party administrator and provides Ameris Bancorp common stock, mutual fund, pooled separate accounts, and fully benefit-responsive investment contract options. Employer contributions, if any, are invested in the same investment selection as the employee contributions. Participants may change investment options at any time. Ameris Bancorp common stock is limited to 20% of a participant's contribution election and transfers into Ameris Bancorp common stock are limited to 20% of a participant's account balance.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, if any, and (b) Plan earnings or losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

Vesting

Employee Contribution: All participants are 100% vested as of their participation date.

Employer Matching Contribution: Participants become 20% vested after one year of service and the vesting percentage increases 20% for each year of service thereafter until five years of service, at which time the participant is 100% vested. Participants not otherwise 100% vested will become 100% vested upon reaching normal retirement age, total disability or death.

Notes Receivable from Participants

Participants may borrow from their vested account balance. The loan amount must be at least \$1,000 up to a maximum equal to the lesser of: (i) 50% of their vested account balance, or (ii) \$50,000. Loan terms are up to five years for a general-purpose loan and up to 20 years for a primary residence loan. Loans are secured by the participant's account balance and bear interest at the prime rate, plus one percent. Generally, principal and interest are paid by participants ratably through payroll deductions.

Retirement Benefits

A participant becomes eligible for benefits at the normal retirement date (age 65). At that time, if an inactive participant's vested account balance is less than \$1,000, then the balance will be distributed in a lump-sum payment. If an inactive participant's vested account balance is more than \$1,000 but less than \$5,000, then the balance will be directly rolled over into an individual retirement account. If the vested account balance is \$5,000 or more, the participant may elect to receive the benefits either as a lump-sum distribution, as a split between lump-sum and installment distributions, as installment payments over a specified period of time, or various annuity offerings. Active participants who continue employment after reaching the normal retirement age are not subject to the above distribution provisions until a separation of service occurs.

In-Service Withdrawals

Upon attaining age 59 1/2, participants may at any time withdraw all or any part of their vested account resulting from employee contributions, employer matching contributions or discretionary contributions.

Rollover contributions may be withdrawn from the Plan at any time.

Disability Benefits

A participant may retire under the Plan in the event of disability and shall be fully vested. In this event the participant will be eligible to receive the entire amount standing to their credit in their individual accounts.

Termination Benefits

Employee Contribution: A participant shall receive 100% of their employee contribution if their employment is terminated.

Employer Contribution: A participant shall receive only their vested portion of the employer contribution account if their employment is terminated for any reason other than retirement at normal age, disability, or death.

Death Benefits

If a participant dies while in the service of the Company, their beneficiary shall receive the vested amount of the participant's individual accounts. In the event of death of an inactive participant, any remaining benefits which were payable to the inactive participant shall be paid to their beneficiary.

NOTES TO FINANCIAL STATEMENTS

Forfeitures

Amounts of participants' forfeited non-vested accounts shall first be used to pay plan administrative expenses and then may be used to reduce future employer contributions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$660,116 and \$799,578, respectively. During the year ended December 31, 2025, forfeited non-vested accounts of \$1,013,826 were used to offset matching contributions and pay Plan administrative expenses.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except fully benefit responsive investment contracts, as defined in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value. In accordance with generally accepted accounting practices for stating investments at fair value, net unrealized appreciation for the period is reflected in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit-Responsive Investment Contracts: For these investments, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts. This being due to the fact that that contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions Income Recognition: The Plan records employer and employee contributions receivable when compensation is paid and deferrals are withheld. In accordance with ASC 326, no allowance for credit losses has been recorded at December 31, 2025 and 2024, as employer and employee contributions receivable have never historically incurred losses and current conditions and supportable forecasts show zero risk of nonpayment.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make

NOTES TO FINANCIAL STATEMENTS

loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Payments on loans are collected through regular payroll deductions.

Subsequent Events

Plan management has evaluated events and transactions that occurred between December 31, 2025 and the issuance of the report for possible recognition or disclosure in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) ASC Topic 820, Fair Value Measurement (“ASC 820”), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability, and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Ameris Bancorp Common Stock: Valued at quoted market prices for identical assets and is valued at the closing price reported on the active market on which the individual security is traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of units of the pooled separate account. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a pooled separate account, the investment adviser reserves the right to temporarily delay withdrawal from the account in order to ensure that the securities liquidations will be carried out in an orderly business manner. There were no outstanding commitments at December 31, 2025 and 2024.

NOTES TO FINANCIAL STATEMENTS

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Ameris Bancorp Common Stock	\$ 18,978,863	\$ —	\$ —	\$ 18,978,863
Mutual funds	\$ 95,102,641	\$ —	\$ —	\$ 95,102,641
Investments measured at net asset value (a) -				
Pooled separate accounts				\$ 202,655,442
Total investments at fair value				\$ 316,736,946

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Ameris Bancorp Common Stock	\$ 16,969,374	\$ —	\$ —	\$ 16,969,374
Mutual funds	\$ 83,365,469	\$ —	\$ —	\$ 83,365,469
Investments measured at net asset value (a) -				
Pooled separate accounts				\$ 174,141,420
Total investments at fair value				\$ 274,476,263

There were no significant transfers of investments among levels during the years ended December 31, 2025 and 2024.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY AND PRINCIPAL TRUST COMPANY

The Principal Guaranteed Option is a fully benefit-responsive guaranteed investment contracts with Principal totaling \$13,917,631 and \$14,300,689 at December 31, 2025 and 2024, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit Principal to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are invested in mutual funds, guaranteed investment contracts, and pooled separate accounts managed by Principal Life Insurance Company as of and for the years ended December 31, 2025 and 2024. Principal Life Insurance Company is an affiliate of the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

At December 31, 2025, the Plan held 255,539 shares of Ameris Bancorp common stock. During 2025, the Plan recorded \$212,779 in cash dividends on Ameris Bancorp common stock.

NOTE 6 – INCOME TAX STATUS

The Plan is a word-for-word adopter of a prototype plan, for which the Trustee received a favorable determination letter from the Internal Revenue Service ("IRS"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – ADMINISTRATIVE EXPENSES

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
