Independent Auditor's Report

Administrative Committee
Avaap USA, LLC 401(k) Plan
Columbus, Ohio

Opinion on the 2025 Financial Statements

We have audited the financial statements of Avaap USA, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Auditor’s Report on the 2024 Financial Statements

The 2024 financial statements of the Plan were audited by Forvis Mazars, LLP. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Our report dated July 24, 2025, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2024 financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

Avaap USA, LLC 401(k) Plan (the Plan) is sponsored by Avaap USA, LLC (the Company). The following brief description of the Plan provides only general information. Participants should refer to the Plan documents for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution benefit plan formed January 1, 2012 for the benefit of its employees who are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Principal Trust Company is the trustee of the Plan. Principal Life Insurance Company serves as Plan custodian.

Effective December 1, 2025, the Plan’s trustee changed from ADP Retirement Trust Services, LLC to Principal Trust Company, and the Plan’s recordkeeper changed from ADP, Inc. (ADP) to Principal Life Insurance Company (Principal).

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 90% of their eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes matching contributions of 50% of employees’ salary deferral amounts on the first 7% of employees’ compensation. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with their contributions, the Company’s matching contributions, and the earnings thereon. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company matching contributions and nonelective contributions plus actual earnings thereon vest based on the following schedule:

Years of Service	Percentage Vested
Less than one	0%
At least one, but less than two	50%
At least two or more	100%

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeiture allocations may be used to pay administrative expenses or to reduce Company contributions, in accordance with the Plan document. Plan forfeitures of \$84,788 were applied in conjunction with the payment of Employer contributions for the year ended December 31, 2025. Forfeitures from employees including interest earned on forfeited amounts were \$64,832 during the year ended December 31, 2025. The available balance of forfeitures as of December 31, 2025 and 2024 was \$0 and \$26,420, respectively.

Benefits

Participants are eligible to receive distributions from their accounts at normal retirement age, disability, death, or termination of employment. Participants who leave the Company can receive their vested benefits in a single lump-sum payment or have the payment paid as a direct rollover to an individual retirement account or individual retirement annuity (IRA) or to another employer's tax-qualified plan. Participants are eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000, reduced by their highest outstanding loan balance during the previous 12 months, or 50% of their vested account balance. The terms of the loans range from one to five years and may be longer for the purchase of a principal residence but not to exceed 30 years. The loans are collateralized by the vested account balance and bear interest at a rate 2% above the prime rate, as defined at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses and Other Income

Certain administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. These include legal and audit fees. Other administrative expenses, such as investment management, consulting, recordkeeping, and individual participant transaction fees, are paid for by the Plan.

Prior to the transition of recordkeeping services to Principal on December 1, 2025, the Plan maintained an ERISA budget account (EBA) with its former service provider, ADP, which was used to pay Plan expenses. Asset-based payments were calculated based upon an average daily balance of the investments for the month.

During the year ended December 31, 2025, the Plan received \$7,411 from the EBA, including \$444 of interest, and utilized \$48,409 to pay certain Plan expenses. Such amounts are reflected as other income and included in administrative expenses in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

In connection with the transition to Principal, substantially all amounts in the EBA were utilized or allocated, and only a de minimis balance was transferred. The remaining balance in the EBA was \$11 and \$41,007 as of December 31, 2025 and 2024, respectively. The Plan does not maintain an ERISA budget account under Principal.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Common stocks and U.S. government securities are valued at the closing price reported on the active market on which the individual securities are traded. Corporate bonds are valued on the basis of yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less a discount. If a quoted market price for unrestricted common stock of the issuer is not available, restricted common stocks are valued at a multiple of current earnings consistent with multiples of similar companies based on current market prices. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The fair value of guaranteed investment contracts (excluding fully benefit-responsive investment contracts) are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and Principal Trust Company. See Note 4 for further discussion of the value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions

Contributions from Plan participants and the matching contributions from the plan sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions, based on the terms of the Plan document. For the year ended December 31, 2025, notes bear interest between a rate of 5.25% and 10.50%.

Note 3. Plan Amendments

Effective December 1, 2025, the Plan was amended and restated, and a new custodian (Trustee) of the Plan was appointed. Plan assets transferred to the new Trustee were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning November 21, 2025, and continued through December 21, 2025. During this period, funds could not be applied to the employee-selected funds with the Trustee or withdrawn from the Plan until the Trustee had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in a transitional holding arrangement until the completion of the Black Out period. At the end of the Black Out period, these funds were transferred to the new Trustee and invested in funds as requested by each participant, or if no elections were made, they were transferred to an age-applicable lifecycle target date fund based on normal retirement age. In addition, the Plan was amended to provide additional investment funds in which participant contributions to the Plan may be invested.

Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,335,891	\$ -	\$ -	\$ 13,335,891
Self directed brokerage accounts	1,484,228	-	-	1,484,228
Total assets in the fair value hierarchy	<u>\$ 14,820,119</u>	<u>-</u>	<u>-</u>	<u>\$ 14,820,119</u>
Investments measured at net asset value ^(A)				53,454,600
Investments at fair value				<u>\$ 68,274,719</u>
	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,175,627	\$ -	\$ -	\$ 23,175,627
Self directed brokerage accounts	534,442	-	-	534,442
Total assets in the fair value hierarchy	<u>\$ 23,710,069</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,710,069</u>
Investments measured at net asset value ^(A)				30,450,115
Investments at fair value				<u>\$ 54,160,184</u>

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies of these items held at December 31, 2025 and 2024.

Mutual Funds – Mutual funds are valued at the daily closing price, as reported by the fund. The mutual funds held by the Plan are actively traded.

Self-Directed Brokerage Account – The plan allows for the participants to invest in mutual funds, exchange-traded funds (ETFs), individual equities, and fixed income investments. These investments are valued at unadjusted quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Investment Contract with Insurance Company

In 2025, the Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company totaling \$354,089. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Related-Party and Party-in-Interest Transactions

ADP served as the recordkeeper for the Plan from December 31, 2024 through November 30, 2025, and Principal serves as the recordkeeper effective December 1, 2025 through December 31, 2025. These services qualify as party-in-interest transactions. Fees paid to the Plan's investment advisor also qualify as party-in-interest transactions. Total fees paid to ADP, Principal, and the investment advisor during the year ended December 31, 2025 were \$120,618.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8. Tax Status

On October 6, 2020, the Internal Revenue Service (IRS) stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2022.

Note 9. Risks and Uncertainties

The Plan invests in various investment options that are exposed to various risks such as interest rate, market, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$ 69,058,034	\$ 54,604,012
Fair value adjustment related to a Stable Value Fund investment	(29,546)	-
Adjustment from accrued correction of excess employer contributions	<u>2,255</u>	<u>-</u>
Net assets available for benefits per Form 5500	<u>\$ 69,030,743</u>	<u>\$ 54,604,012</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2025 to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 14,454,022
Fair value adjustment related to a Stable Value Fund investment	(29,546)
Adjustment from accrued correction of excess employer contributions	<u>2,255</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 14,426,731</u>

The Plan's investments in the Invesco Stable Value Fund is reported in the Plan's Form 5500 at fair value based upon the fair value of the underlying investments while these financial statements report such investment using NAV of the investment fund as a practical expedient since Plan participants transact at the investments NAV. The difference in these fair value amounts are noted above.

Accrued correction of excess employer contributions related to a compensation limit issue following the change in custodians effective December 1, 2025. Five participants were identified with an adjustment posted to the financial statements, following a correction in April 2026. No lost earnings were noted, and the amounts were forfeited from participant balances.

Note 11. Subsequent Events

Subsequent events have been evaluated through July 13, 2026, which is the date the financial statements were available to be issued.

Change in Payroll Provider

Effective January 9, 2026, Workday became the Plan's payroll provider. The first payroll processed through Workday was paid on January 9, 2026 and covered the payroll period December 21, 2025 through January 3, 2026.
