REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Participants, Plan Administrator, Finance Committee, Audit and Compliance Committee
of the NACHRI Tax Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the NACHRI Tax Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following brief description of the NACHRI Tax Deferred Annuity Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan covering substantially all employees of National Association of Children's Hospitals and Related Institutions, Inc. (the Association). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated on January 1, 2019. The Plan was amended and restated on March 1, 2026 whereby, the NACHRI Tax Deferred Annuity Plan will be merged into the NACHRI Defined Contribution Plan as of December 31, 2026.

Recent Legislation

The Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was signed into the 2023 Consolidations Appropriations Act under the Securing a Strong Retirement Act on December 29, 2022, with retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement plans. The Plan's management and those charged with governance have a policy to incorporate these legislative changes in its Plan document by the prescribed deadlines.

Contributions

All employees who work for the Association who are not excluded employees, as defined by the Plan document, are eligible to participate in the Plan upon hire. Each year, participants may contribute a portion of their annual compensation as pretax or Roth contributions, as defined in the Plan, subject to certain Internal Revenue Service (IRS) limitations.

Effective March 1, 2024, the Plan implemented automatic deferral provisions. Employees whose entry date is on or after that date are automatically enrolled in the Plan at a 5% deferral rate unless they affirmatively elect a different rate or opt out. The automatic deferral percentage increases by 1% each March 1 following the initial deferral date, up to a maximum of 10%. Participants may change or stop their deferrals at any time in accordance with the Plan's procedures.

Under the terms of the Plan, the Association makes matching contributions of up to 5% of eligible compensation to employees who elect to make contributions to the Plan. All Association matching contributions are made to the NACHRI Deferred Contribution Plan, a separate Section 403(b) Plan.

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may make rollover contributions to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Collateralized Assets with the Plan's Custodian (Plan Loans)

Prior to December 31, 2020, participants could take loans which were issued as separate contracts by the Teachers Insurance and Annuity Association of America (TIAA) and did not represent Plan assets. These loans were collateralized using a participant's TIAA traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants could borrow a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 45% of their TIAA traditional account balance, subject to annuity contract and Plan provisions. Loan terms ranged from one (1) to five (5) years in one-year increments (up to ten years for the purchase of the participant's primary residence). Principal and interest is paid ratably by the participant to TIAA, and each payment reduces the amounts collateralized by the borrowing participant's TIAA traditional account balance.

If the borrower does not repay the loan and related interest due, in accordance with the schedule set forth in the loan agreement, their loan will be deemed to be in default.

As of December 31, 2025 and 2024, there were 1 and 4 active loans, respectively, outstanding with total principal balance due of \$4,987 and \$9,396, respectively. As of December 31, 2025 and 2024, there were 2 and 5, respectively, loans in default with outstanding balances of \$3,814 and \$9,957, respectively.

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN (continued)

Collateralized Assets with the Plan's Custodian (Plan Loans) (continued)

Because the original source assets to fund the loans were not Plan assets, these loans are not considered assets of the Plan and have not been included in the accompanying statements of net assets available for benefits.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at reasonable rates, as determined by the Plan Administrator.

Payment of Benefits

Upon termination of service, a participant can elect to receive the value of the participant's vested account balance in the form of lump sum, partial, installment and annuity payment, as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Association has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Finance committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Employee contributions are recorded in the period that the Plan makes payroll deductions from the participant's earnings.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Plan Servicing Credits

Periodically, certain revenue sharing payments (e.g., 12b-1 fees, etc.) received from certain of the Plan's investment options. The revenue sharing payments are recorded as plan servicing credits in the Plan's dedicated administrative budget account. Amounts deposited in the administrative budget account are used to pay on-going administrative expenses of the Plan or reallocated directly to participant accounts in accordance with ERISA and guidance issued by the U.S. Department of Labor.

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Plan Servicing Credits (continued)

The activity for the plan servicing credits for the year ended December 31, 2025 are as follows:

	<u>Amount</u>
Balance, as of December 31, 2024	\$ 40,837
Servicing credits	18,295
Investment returns	1,650
Credits	757
Administrative expenses	(37,695)
Reallocated to participants accounts	(18,295)
Balance, as of December 31, 2025	<u>\$ 5,549</u>

Subsequent Events

The Plan Administrator evaluated subsequent events and transactions through July 7, 2026, the date these financial statements were available for issue, and has determined that no material subsequent events, except as disclosed in Note 1, have occurred that would affect the information presented or require additional disclosure.

3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation/(depreciation) in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, the custodians of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

4. FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the entity has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Registered Investment Companies: Valued at the closing prices of shares held by the Plan at year end.

Insurance Company General Contract: The account is mainly invested in TIAA Traditional Annuity. The value of the TIAA Traditional Annuity equals the accumulated cash contributions, interest credited to the Plan's contract, and transfers, if any, less any withdrawals and transfers. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable.

Pooled Separate Account (Investment Valued at Net Asset Value): The pooled separate account is a registered investment company that invests in real estate properties and real estate related investments. The account's value is principally derived from the market value of the underlying real estate holdings (REA) or other real estate-related investments. REA are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes hold securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day and reported at Net Asset Value (NAV).

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 34,788,690	\$ -	\$ -	\$ 34,788,690
Insurance company general contract	-	-	21,173	21,173
Total Assets in the Fair Value Hierarchy	\$ 34,788,690	\$ -	\$ 21,173	\$ 34,809,863
Investments valued at net asset value ^(a)				591,342
Total Investments at Fair Value				\$ 35,401,205

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 32,189,359	\$ -	\$ -	\$ 32,189,359
Insurance company general contract	-	-	29,031	29,031
Total Assets in the Fair Value Hierarchy	\$ 32,189,359	\$ -	\$ 29,031	32,218,390
Investments valued at net asset value ^(a)				754,188
Total Investments at Fair Value				\$ 32,972,578

(a) In accordance with accounting principles generally accepted in the United States, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

For the years ended December 31, 2025 and 2024, there were no significant transfers in or out of Level 3.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	2025	2024	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
TIAA Traditional Annuities	\$ 21,173	\$ 29,031	Discounted cash flows Theoretical transfer	Risk-adjusted discount rate applied	2025: 3.55-6.5% 2024: 3.65-6.5%

Notes to the Financial Statements December 31, 2025 and 2024

4. FAIR VALUE MEASUREMENTS (continued)

Changes in Fair Value of Level 3 Assets

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025.

	<u>Amount</u>
Purchases	\$ -
Sales	(9,023)
Transfers to/from other funds, net	-

Investments Measured Using the Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share as of December 31, 2025 and 2024.

<u>Investment</u>	<u>2025</u>	<u>2024</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled Separate Account	<u>\$ 591,342</u>	<u>\$ 754,188</u>	None	Quarterly	None

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds two traditional investment contracts. The contracts meet the fully benefit-responsive investment contract criteria, and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The following represents the contract value and the type of investment contract held by the Plan.

	<u>2025</u>	<u>2024</u>
TIAA Traditional Benefit Responsive	\$ 1,564,281	\$ 2,466,574
TIAA Traditional Benefit Responsive 2	2,861,839	2,635,726
Total Traditional Investment Contracts	<u>\$ 4,426,120</u>	<u>\$ 5,102,300</u>

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The TIAA Traditional Annuities are fixed rate annuity contracts that are fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA.

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

The TIAA Traditional Annuities provide a guarantee of principal and minimum rates of interest. The TIAA Traditional Benefit Responsive contract provides a guaranteed minimum rate of interest of 3% and the TIAA Traditional Benefit Responsive 2 provides a guaranteed minimum interest rate of 1-3%.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs a subsidiary) that cause a significant withdrawal from the Plan;
4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; and/or
5. Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and/or
4. A material amendment to the agreements without the consent of the issuer.

6. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by TIAA. TIAA is the custodian as defined by the Plan, and therefore, the transactions qualify as exempt party-in-interest transactions.

NACHRI TAX DEFERRED ANNUITY PLAN

Notes to the Financial Statements December 31, 2025 and 2024

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

8. TAX STATUS

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated August 7, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.
