INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Northfield Bank Employee Savings Plan:

Opinion

We have audited the accompanying financial statements of the Northfield Bank Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Northfield Bank Employee Savings Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northfield Bank Employee Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northfield Bank Employee Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northfield Bank Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northfield Bank Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description is provided for general information summary purposes. Participants of the Northfield Bank Employee Savings Plan (the “Plan”) should refer to the Summary Plan document for a more detailed and complete description of the Plan provisions.

General

The Plan is a defined contribution employee savings plan covering all eligible employees of Northfield Bank (the “Bank”). The Bank is a wholly-owned subsidiary of Northfield Bancorp, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Principal Trust Company serves as the Plan's trustee.

Plan Termination

On January 31, 2026, Northfield Bancorp, Inc. entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Columbia Financial, Inc., a Delaware corporation (“Columbia Financial”), Columbia Financial, Inc., a newly-formed Maryland corporation (the “Holding Company”), and Columbia Bank MHC, the parent mutual holding company of Columbia Financial (the “MHC”). Pursuant to the terms of the Merger Agreement, Northfield Bancorp, Inc. will merge with and into the Holding Company (the “Merger”), with the Holding Company continuing as the surviving corporation. Immediately following the completion of the Merger, the Bank, the wholly owned subsidiary of Northfield Bancorp, Inc., will merge with and into Columbia Bank, the subsidiary of the Holding Company, with Columbia Bank continuing as the surviving institution. The Merger Agreement was unanimously approved by the boards of directors of the companies. Regulatory approval for the Merger was received in May 2026, and the Merger is expected to be completed in July 2026, pending customary closing conditions. As described in Note 7, pursuant to the Merger Agreement, the Board of Directors of the Bank adopted a resolution on May 27, 2026 to terminate the Plan. Upon Plan termination, Plan participants will become 100% vested in their Bank contribution accounts and are entitled to full distribution of such amounts.

Plan Administration

The Plan is administered by the Compensation Committee of the Bank's Board of Directors.

Contributions

Employees with one month of credited service who are salaried employees or hourly paid employees who are eligible for the Bank's health benefits are eligible to participate in the Plan. Participants are automatically enrolled in the Plan at a deferral rate of 6% of compensation, as defined, with annual increases of 1% up to a maximum rate of 10%, unless the participant elects otherwise. Participants are entitled to contribute to the Plan between 0% to 100% (subject to certain IRS limitations) of their compensation, as defined in the Plan. Contributions can be made on a before-tax basis or after-tax basis.

The Bank matches a portion of the participants' before or after tax contributions after one year of credited service. The Bank contributes an amount equal to one-quarter of the employee contributions up to the first 6% of compensation, as defined, contributed by eligible employees with less than three years of service. The Bank contributes an amount equal to one-half of the employee contributions up to the first 6% of compensation, as defined, for eligible employees with three or more years of service. The Bank may make discretionary contributions which may vary in amount from year to year. There were no discretionary Bank contributions made for 2025.

Vesting

Plan participants are 100 percent vested in the account balance attributable to their voluntary contributions, including related earnings therein.

The vesting schedule related to Bank matching contributions and Bank discretionary contributions and related earnings therein is as follows:

Years of Service	Percentage Vested
Less than 1 year	-0-%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Forfeitures

If a participant terminates employment with the Bank and is less than 100% vested in the employer contribution, the participant forfeits the non-vested portion of their employer contribution (as of the earlier of: (1) when the participant receives a distribution or (2) the end of the period of five consecutive one-year breaks in service). Forfeitures are retained in the Plan and used to reduce future Bank contributions or pay Plan expenses. The balance of forfeitures included in Plan assets at December 31, 2025 and 2024 was \$21,240 and \$28,394, respectively. There were forfeitures of \$28,408 that were used to reduce employer contributions in 2025.

Administrative Expenses

Expenses associated with administering the Plan are generally paid by the Bank. Certain participant-specific expenses are assessed against such participants' individual investment accounts. In addition, certain investment related expenses have been offset against net investment income and are not readily determinable.

Payment of Benefits

Upon termination of service due to death, a participant's vested account balance will be distributed one of three ways: as a single cash payment within 1 year of the date of termination, through an annuity if eligible, or a rollover to an individual retirement account ("IRA") or another qualified plan for a surviving spouse. For termination of service due to disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a single cash payment, rollover to an IRA or an annuity.

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with the participant's contributions, the employer contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments and any administrative expenses.

Notes Receivable from Participants

Eligible participants may borrow up to the lesser of (1) fifty percent (50%) of the value of the participant vested account or (2) \$50,000 reduced by the largest outstanding note receivable balance during the past 12 months. The interest rate on all such notes receivable are fixed for the term of the receivable and are based on the "prime rate" as published in the Wall Street Journal on the first day of the month in which the loan was made. The interest rates on notes receivable from participants ranged from 3.25% to 8.50% at both December 31, 2025 and December 31, 2024.

Distributions

During employment, a participant may make withdrawals of amounts applicable to employee and vested employer contributions, subject to certain restrictions, as defined. Participants are entitled to withdraw funds upon attaining age 59 1/2 or for financial hardship before that age. Participants may qualify for financial hardship withdrawals if they have an immediate and substantial financial need, as defined by the Plan document. Participants are limited to one withdrawal in any calendar year.

Transfers into Plan

Participants of the Northfield Bank Employee Stock Ownership Plan, who have reached 55 years of age with ten years of participation in the Plan, are eligible to transfer all or a portion of their investment in Northfield Bancorp, Inc. common stock to any of the funds offered by the Plan. Participants transferred approximately \$19,000 into the Plan from the Employee Stock Ownership Plan during the year ended December 31, 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. See Note 3 and Note 4 for discussion of fair value and contract value measurements, respectively.

As of December 31, 2025 and 2024, the Plan's investments were in mutual funds, common collective trust funds, a pooled separate account ("PSA"), a guaranteed annuity contract, a self-directed brokerage account, and the common stock of Northfield Bancorp, Inc.

Mutual funds are valued on the last business day of the year based on published market values in active markets.

Common collective trust funds values are determined by the respective fund manager using net asset value ("NAV") as a practical expedient. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The PSA is measured using quoted prices in markets that are not active, and valued by the NAV as a practical expedient of the pooled separate accounts, based on the fair value of the underlying holdings.

The self-directed brokerage account allows participants to establish a brokerage account and select various investments which approximate fair value.

Northfield Bancorp, Inc. common stock is valued at the closing price on the last business day of the year reported on the active market on which the individual securities are traded (NASDAQ).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Investment income (loss), unrealized appreciation (depreciation), and realized gains (losses) for each participant directed investment fund are allocated to each participant in the same ratio that the participant's account balance in the fund bears to the total account balances for all participants in that fund.

Notes Receivable from Participants

Notes receivable are valued at their unpaid principal balance plus any accrued but unpaid interest. Upon default, these receivables are deemed to be a distribution to the participant. No allowance for losses has been recognized at December 31, 2025 and 2024.

Risks and Uncertainties

The Plan has various investments, directed by participants, including mutual funds, a pooled separate account, a guaranteed annuity contract, a self-directed brokerage account and direct holdings in common stock of Northfield Bancorp, Inc. These investments are subject to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The market price of Northfield Bancorp, Inc. common stock is dependent on a number of factors, including the financial condition and profitability of Northfield Bancorp, Inc. and Northfield Bank. In addition, the market price of Northfield Bancorp, Inc. common stock may be affected by general market conditions, market interest rates, the market for financial institutions, merger and takeover transactions, the presence of professional and other investors who purchase common stock on speculation, as well as other unforeseeable events not necessarily within the control of the board of directors of Northfield Bancorp, Inc. and the Bank.

3. Fair Value Measurements

In accordance with accounting principles generally accepted in the United States of America, each of the Plan's fair value measurements are categorized in one of the following three levels based on the lowest level input that is significant to the fair value measurement in its entirety:

- Level 1—Quoted prices in active markets for identical assets or liabilities.
- Level 2—Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table represents the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

Northfield Bank Employee Savings Plan

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The investment in the common collective trust funds and PSA is valued at fair value using NAV as a practical expedient. The use of NAV is deemed appropriate for the common collective trust funds and PSA as it does not have a finite life, unfunded commitments relating to the types of investment, or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will sell a portion of the investment at an amount different from the net asset valuation.

4. Guaranteed Annuity Contract with Principal Life Insurance Company

The Plan invests in the Principal Fixed Income Guarantee Option (the “Contract”), a benefit-responsive group annuity contract issued by the Principal Life Insurance Company. The Contract is not a portfolio of contracts with yields based on changes in the fair value of underlying assets, but is rather a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned, or the interest credited, on the group annuity contract. The underlying assets consist primarily of treasuries, commercial real estate mortgages, mortgage-backed securities and short-term cash equivalents.

The average market yield earned by the Contract, which is also the actual interest credited to participants in the Contract, for the year ended December 31, 2025 ranged from 2.55% to 2.85%. The interest crediting rate is determined on a semiannual basis and is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and purchases and redemptions by unit holders.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Plan’s failure to qualify under Section 401(a) of the Internal Revenue Code (“IRC”) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan’s prohibition on competing investment options

- Bankruptcy of the Bank or other events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Although the existence of certain conditions or transactions outside the normal operations of the Contract could limit the Plan's ability to transact at contract value, management has determined that as of December 31, 2025 these conditions or transactions are not considered probable.

5. Tax Status

The Plan adopted a volume submitter plan which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

At December 31, 2025, the Plan has investments in the common stock of Northfield Bancorp, Inc. Northfield Bancorp, Inc. is the holding company for Northfield Bank, the Plan Sponsor. The Plan also has a pooled separate account, and a guaranteed annuity contract managed by members of the Principal Financial Group or its affiliates. Principal Trust Company is also the custodian of the Plan and therefore these transactions qualify as party-in-interest transactions. Contract administrator fees that were paid from Plan assets were approximately \$75,000 for the year ended December 31, 2025.

At December 31, 2025, the Plan held 281,962 shares of Northfield Bancorp, Inc. common stock with a fair value of approximately \$3,223,000. At December 31, 2024, the Plan held 302,947 shares of Northfield Bancorp, Inc. common stock with a fair value of approximately \$3,520,000.

In addition, certain Plan participants borrow from the Plan. As of December 31, 2025 and 2024, the outstanding loans of the Plan participants were approximately \$830,000 and \$626,000, respectively. Plan participants are a party-in-interest to the Plan and these loans were exempt party-in-interest transactions pursuant to Section 408(e) of ERISA.

Participants of the Northfield Bank Employee Stock Ownership Plan, if eligible, may elect to transfer all or a portion of their account balance to the Plan, as discussed in Note 1 under Transfers into Plan. These transfers are exempt party-in-interest transactions.

7. Subsequent Events

The Plan has evaluated subsequent events through June 25, 2026, the issuance date of this report, and there have been no events that have occurred that would require adjustments to our disclosures in the financial statements except for the matter described in the following paragraph.

As noted in Note 1, Northfield Bancorp, Inc., the parent company of the Bank, entered into a Merger Agreement with Columbia Financial, Holding Company, and MHC, whereby the Bank will merge with and into Columbia Financial, with Columbia Financial as the surviving bank. Pursuant to the Merger Agreement, the Board of Directors of the Bank adopted a resolution on May 27, 2026 to terminate the Plan. Regulatory approval for the Merger was received in May 2026, and the companies expect the Merger to be completed in July 2026, pending customary closing conditions. Effective on the date that is one day immediately prior to the effective date of the Merger (the “Plan Termination Date”), the Plan shall terminate and no new Participants shall be admitted to the Plan, and no additional contributions will be allowed following the Plan Termination Date. As of such Plan Termination Date, all accounts of affected Participants will be considered fully vested and non-forfeitable. Upon termination of the Plan, the Plan Administrator shall direct the distribution of Plan assets to Participants in accordance with the terms and provisions of the Plan.

Effective January 1, 2026, the auto escalation feature that is currently written into the Plan had an increase to the maximum rate of 12%. Each year, the Plan is set to automatically increase contributions by 1%, unless otherwise designated by participants, up to a maximum of 12%.
