(2) EIN: **34-6565596**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditors

To the Plan Participants and the Plan Administrator of
Capital Accumulation Plan

Opinion

We have audited the financial statements of Capital Accumulation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are

**Shape the future
with confidence**

presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

**Shape the future
with confidence**

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Capital Accumulation Plan
Notes to the Financial Statements
December 31, 2025

1. Description of the Plan

The following description of the Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

General - The Plan, sponsored by Rochelle Foods, LLC, is a defined contribution plan covering certain non-exempt hourly employees of Rochelle Foods, LLC; Creative Contract Packaging, LLC; Osceola Food, LLC; Burke Marketing Corporation; Provena Foods, Inc.; Lloyd's Barbeque Company, LLC; Progressive Processing, LLC; Skippy Foods, LLC; Fontanini Foods, LLC; Columbus Manufacturing, Inc.; Alma Foods, LLC; Sadler's Smokehouse, LLC and Hormel Foods Operations, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

During the plan year ended December 31, 2024, the following amendments were made to the Plan's participating employers:

- Effective October 18, 2024, the closing date of the divestiture, Hormel Health Labs, LLC ceased being a participating employer in the Plan. Participants employed by Hormel Health Labs, LLC as of the closing date of the sale were fully vested in the participant's account under the plan.
- Effective November 18, 2024, the closing date of the divestiture, Mountain Prairie, LLC ceased being a participating employer in the Plan. Participants employed by Mountain Prairie, LLC as of the closing date of the sale were fully vested in the participant's account under the plan.

Eligibility - Employees in recognized employment, as defined by the Plan, become participants immediately or upon completing six months and 500 hours of eligibility service, depending on participating employer.

Contributions - Employees who elect to contribute to the Plan can authorize a deduction of 1% to 50% of their pre-tax and/or after tax compensation, subject to Internal Revenue Service (IRS) limitations. Eligible employees who have not enrolled shall be deemed to have automatically elected to contribute 2% of their pre-tax compensation to the Plan through payroll deductions. Participants automatically enrolled will have their contribution percentage increased by 1% each year up to a maximum of either 4% or 6% of eligible compensation. Participants receive advance notice of their right to elect out of both of these automatic plan features and are permitted to stop or change either feature at any time.

The employer provides matching contributions and fixed incentive contributions. These contributions vary according to employee classification and employer.

Participant Accounts - Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the employer's contributions, and an allocation of the earnings and losses for the participant's selected investment funds. The participant's account is charged with an allocation of administrative expenses if the employer does not pay those expenses from its own assets. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investments - Contributions to the Plan are invested in one or more investment funds at the option of the participant. The Plan contains a diversified selection of funds intended to satisfy Section 404(c) of ERISA. Participants may also invest in self-directed brokerage accounts.

Vesting - Participant contributions are fully vested immediately. Participants generally become 100% vested after five years of vesting service (20% per year) in the employer matching contributions and fixed incentive contributions.

Payment of Benefits - Benefits are payable upon termination of service due to death, disability, termination, or retirement. Participants may elect to receive the vested interest of their accounts in the form of a lump sum, annuity, partial payments, or installments. Complete details of payment provisions are described in a summary plan description, available from the Sponsor.

Forfeitures and Unallocated Assets - Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or plan administrative expenses. Forfeitures used to reduce employer contributions and plan administrative expenses for the years ended December 31, 2025 and December 31, 2024, totaled \$2,106,382 and \$146,432, respectively. Forfeited accounts and unallocated assets (e.g. loan repayments, rollovers) as of December 31, 2025 and December 31, 2024 were \$110,284 and \$1,274,721, respectively.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one year to five years or up to 15 years for the purchase of a primary residence. The interest rate is 2% over the prime rate of interest published in *The Wall Street Journal* on the date the loan is granted or, if the loan is for a primary residence, on the date the loan is requested. The loans are secured by the balance in the participant's account. Participants are required to make repayments of principal and interest through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Plan Termination - The employer may, at its sole discretion, discontinue contributions or terminate the Plan at any time, without the consent of any participant or beneficiary subject to restrictions set by a collective bargaining agreement and subject to the provisions of ERISA. Upon the Plan's termination, all amounts credited to participants would become fully vested, and assets of the Plan would be distributed to participants based on amounts previously credited to their respective accounts.

2. Significant Accounting Policies

Basis of Accounting - The accounting records of the Plan are maintained on the accrual basis.

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, contract value is the relevant measure because it is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 - Fair Value Measurements for further discussion of investment valuation.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period or year.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no distributions payable to participants as of December 31, 2025 or December 31, 2024.

Notes Receivable from Participants - Promissory notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 or December 31, 2024.

Administrative Expenses - All costs and expenses of administering the Plan are paid by the Plan or the Employer.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Rounding - Certain amounts in the financial statements and associated notes may not foot due to rounding. All percentages have been calculated using unrounded amounts.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Accounting guidance establishes a framework for measuring fair value. That framework classifies assets and liabilities measured at fair value into one of three levels based on the lowest level of input significant to the valuation. The three levels are defined as follows:

- Level 1: Observable inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Observable inputs, other than those included in Level 1, based on quoted prices for similar assets and liabilities in active markets, or quoted prices for identical assets and liabilities in inactive markets.
- Level 3: Unobservable inputs that reflect an entity's own assumptions about what inputs a market participant would use in pricing the asset or liability based on the best information available in the circumstances.

The following is a description of the valuation methodologies used for instruments held by the Plan measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Non-Pooled Separate Account

The non-pooled separate account consists of common stock of the Company, which is valued at the last reported sales price on the last business day of the period, and a portion of uninvested cash, which is reported at carrying value as maturities are less than three months. This non-pooled separate account is deemed to be a Level 1 investment. Participants are authorized to invest up to 100% of the fair value of their net assets available for benefits in this fund. The Company has implemented a dividend pass through election for its participants.

As directed by Empower Trust Company, LLC, the Plan's independent fiduciary, the trustee will vote any allocated shares for which it has not received a voting instruction from the participant, as well as any unallocated shares, in the same proportion as those allocated shares for which participants have provided their voting instructions, unless contrary to ERISA. For tender or exchange offers, participants shall have the same rights as for voting, except that any shares for which participants have not provided a tender or exchange direction, will not be tendered or exchanged.

This fund is approximately 2% and 3% of the total investments in the Plan at December 31, 2025 and December 31, 2024, respectfully.

Mutual Funds

The fair value of mutual funds are determined by net asset value (NAV) of shares held by the Plan on the last trading day of the Plan year based on quoted market prices and are deemed to be Level 1 investments.

Self-Directed Brokerage Assets

The self-directed brokerage assets consist of common stock and mutual funds, which are valued at the last reported sales price on the last business day of the period/year, and uninvested cash, which is recorded at carrying value as maturities are less than three months. These assets are deemed to be a Level 1 investment.

Separate Trust Accounts - Mutual Funds

The mutual funds are held in separate investment accounts, which are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, which include a mix of U.S. and international equities, fixed income investments, and cash. There are no restrictions on redemptions and no unfunded commitments.

- The U.S. equities investments include a mix of predominately U.S. common stocks, bonds, and cash.
- The international equities investment includes a mix of predominately foreign common stocks and cash.
- The fixed income investment includes a mix of domestic and foreign securities, including corporate obligations, government securities, mortgage-backed and other asset-backed securities, preferred stocks, and cash.

Separate Trust Accounts - Collective Trust Funds

The collective trust funds are held in separate investment accounts, which are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, which include a mix of U.S. and international equities, fixed income investments, and cash. There are no restrictions on redemptions and no unfunded commitments.

- The LifePath funds are target retirement date funds and include investments in highly diversified funds designed to remain appropriate for investors in terms of risk through a variety of life circumstances. These funds contain a mix of domestic and foreign equities, fixed income investments, and cash.
- The U.S. equities funds include a mix of predominately U.S. common stocks, bonds, and cash.
- The international equities fund includes a mix of predominately foreign common stocks and cash.
- The fixed income fund includes a mix of domestic and foreign securities, including corporate obligations, government securities, mortgage-backed and other asset-backed securities, domestic and foreign common stocks, and cash.

The investments of the Plan that are measured at fair value on a recurring basis as of December 31, 2025 and December 31, 2024, and their level within the fair value hierarchy, are as follows:

4. Fully Benefit-Responsive Investment Contract

The General Investment Account is a fully benefit-responsive investment and is reported at contract value in the statements of net assets available for benefits. The statements of changes in net assets available for benefits are also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The fully benefit-responsive investment contract with Empower Retirement, LLC (Empower) is a general account evergreen group annuity contract. Empower maintains the contributions in a general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed up by the full faith and credit of Empower, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates are reviewed on a semiannual basis for resetting.

The investment option for the General Investment Account is a Stable Interest Account, provided through a group annuity contract. This contract does not allow the insurance company to terminate the agreement prior to a breach of the contract terms by the investor. The Plan may terminate the contract on the contract anniversary date with 90 days prior notice.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Sponsor or other Sponsor event (e.g., divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Income Tax Status

The Plan has received a determination letter from the IRS dated May 11, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Parties

The Plan maintains the following investments that qualify as party-in-interest transactions:
