INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator
of the Mastercard Savings Plan

Opinion

We have audited the financial statements of the Mastercard Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Mastercard Savings Plan

Notes to Financial Statements

Note 1 - Description of the Plan

The following brief description of the Mastercard Savings Plan (the "Plan") provides only general information of the Plan as of December 31, 2025 and 2024. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all U.S. dollar-based employees of Mastercard International Incorporated and its U.S. subsidiaries (the "Company"). The Company serves as the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan's recordkeeper is Voya Financial, Inc. and the Plan Trustee is Voya Institutional Trust Company.

Eligibility

New U.S. dollar-based payroll employees are eligible to become participants of the Plan immediately upon the first day of employment as an employee of the Company. New employees are automatically enrolled 30 days following their date of hire at a 6% pre-tax employee contribution rate unless the employee either declines to participate in the Plan or elects a different contribution rate. Employees are eligible to receive the Company's matching contribution upon fulfilling eligibility to participate in the Plan.

Contributions

Employee

The percentage that a participant may contribute to the Plan is determined by the employee's base wages. Employee pre-tax contributions and annual qualified compensation are subject to and may be limited under the Internal Revenue Code ("IRC"). Participants who attain age 50 before the end of the year are eligible to make catch-up contributions.

Roth contributions are allowed in addition to pre-tax and after-tax contributions subject to the IRC contribution limits. Employee contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

For all eligible employees contributing 6% or more, but less than 10%, the Company will automatically increase their contribution by 1% annually, effective March 1, until they reach 10%. All eligible employees have the ability to affirmatively opt out.

Matching

All Plan participants are eligible to receive a Company matching contribution rate of 167% on the first 6% of base wages for the payroll period in which such contributions are made. Roth contributions to the Plan also qualify for company matching contributions in the same manner as pre-tax and after-tax contributions. Matching contributions are recorded in the same period as the employee contribution and allocated among the investment options based upon the participant's elections.

Mastercard Savings Plan

Notes to Financial Statements

Note 1 - Description of the Plan (cont'd)

Transfers-In

Assets transferred into the Plan as a result of the Company's acquisitions were approximately \$8,224,000 during 2025, which were initiated by and at the choice of the Plan Sponsor.

Participant Accounts

Each participant's account is credited with the participant contributions, allocations of Company's contributions and Plan earnings, net of any losses, as defined by the Plan, and charged with his or her withdrawals and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan. The Plan holds different funds in which participants can invest. As of December 31, 2025, the Plan holds 22 collective trusts and 1 brokerage account that is comprised of mutual funds that are publicly traded.

Vesting

Participants are fully vested immediately in their employee and employer matching contributions plus actual earnings on the contributions.

Forfeited Accounts

Nonvested forfeitures of participant account balances are accumulated and applied to reduce future Company contributions. During 2025 and 2024, the amounts used to reduce matching Company contributions were approximately \$1,400,000 and \$2,100,000, respectively.

Distribution to Participants

Following the occurrence of a participant's termination from service, the participant shall be entitled to receive a distribution of his or her vested account balance. Forms of payment are either:

- (a) A single lump-sum distribution of the participant's entire vested account balance;
- (b) Substantially equal monthly, quarterly, or semi-annual installments payable over a period that does not extend beyond the longest of the life expectancy of:
 - 1) the participant,
 - 2) if the participant's beneficiary is his/her spouse, the life expectancy of the participant and his/her spouse, or
 - 3) if the participant's beneficiary is not his/her spouse, the life expectancy determined using applicable Treasury regulations; or
- (c) A partial lump-sum distribution.

Note 1 - Description of the Plan (cont'd)

However, if the vested account is less than \$5,000, the participant's benefit shall be paid as a single lump-sum. For termination of service due to death, payment will be made in the form of a lump-sum distribution. Participants can take in-service withdrawals at age 59 1/2 or for hardship purposes and can withdraw balances of after-tax or rollover accounts at any time.

Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the participants' vested accounts and bear interest at the prime rate plus 1% to the benefit of the participant's account. Loans are repaid through payroll deductions in not less than one year and not more than five years, with the exception of loans granted for the purpose of acquiring a primary residence, in which the loan may be repaid over ten years. Participants may only have two loans outstanding at a time. Employees have the right to repay their loans in full regardless of the time period. Payroll deductions include principal and interest and are allocated among the investment options based upon the employee's elections. The Plan may be subject to and acts in accordance with the provisions of the CARES and SECURE Acts, as required.

Operating Expenses

Expenses of the Plan are paid by both the Plan and the Company. The costs paid by the Company are not included in these financial statements. Except for administrative fees for certain services elected by Plan participants and certain management fees, administrative expenses of maintaining the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities, if any. Actual results could differ from those estimates.

Note 2 - Summary of Accounting Policies (cont'd)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses when they are incurred.

Payment of Benefits

Distributions to participants are recorded when paid.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets and inputs that are observable for the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and cannot be directly corroborated by observable market data.

Note 3 - Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2025 or 2024.

- Mutual funds (Level 1) are public investment vehicles valued at quoted market prices which represent the daily net asset value of the shares held by the Plan.
- Collective trusts are valued based on the net asset values per unit, as reported by the audited financial statements. Net asset value per unit is used as a practical expedient and therefore the collective trusts do not require classification in the fair value hierarchy. There were no redemption restrictions in place in 2025 or 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Collective trusts measured at net asset value ^(a)	—	—	—	\$ 3,791,354
Investments at fair value	\$ 57,157	\$ —	\$ —	\$ 3,848,511

^(a)Collective trusts that were measured at net asset value per unit (or its equivalent) as a practical expedient do not require classification in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated January 28, 2015 stating that the Plan and related trust are designed in accordance with the applicable sections of the IRC qualifying the Plan as a tax exempt entity. Although the Plan has been amended since receiving the IRS determination letter, the Plan's administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Company believes the Plan is no longer subject to tax examinations for years prior to 2022. The Plan administrator has concluded that as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Participant notes receivable and any expenses paid for by the Plan also reflect party-in-interest transactions.

Note 7 - Subsequent Events

The Plan has evaluated subsequent events through June 24th, 2026, the date the financial statements were available to be issued. The Plan's management believes no additional recognition or disclosures are required.
