INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Partners PEO 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Partners PEO 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Partners PEO 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Partners PEO 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PARTNERS PEO 401(K) PLAN

Notes to Financial Statements
December 31, 2025 and 2024

Note 1. Description of Plan

The following description of the Partners PEO 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan rules and regulations for a more complete description of the Plan’s provisions.

General – The Plan is a multiple-employer defined contribution plan sponsored by Partners PEO, LLC (the “Company” or “Sponsor”) established for the clients (“Adopting Companies” or “Adopting Company”) of Partners PEO, LLC. The Company is a Professional Employer Organization (PEO) and provides payroll processing and human resources outsourcing services to its clients. Each client of the Company has the option of adopting this Plan for the benefit of its employees. Despite other entities adopting the Plan, it is administered as a single employer Plan, and all Plan assets are available to pay benefits to any Plan participant, unless specific laws for multiple-employer plans dictate otherwise. Each Adopting Company has the right to withdraw from the Plan by providing written notice to the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Transamerica Financial Life Insurance Company (“TFLIC”) is the issuer of the insurance products and recordkeeper (“Issuer”).

Eligibility – The Plan covers employees of Participating Employers or the Company excluding nonresident aliens who have no earned income from sources within the United States, employees represented by a bargaining unit that has bargained with the Company in good faith on the subject of retirement benefits, and leased employees. The provisions of the Plan, as applicable to the Adopting Company and its employees, are based on the elections made by the Adopting Company. An Adopting Company may elect to waive or change the service eligibility requirement for individuals who are employed by the Adopting Company as of the date the Plan is adopted.

Contributions – Each year, participants may contribute up to 100% of their annual compensation, as defined by the Plan, on either a pre-tax or post-tax (Roth) basis, within the limits prescribed by the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan and may change their contribution percentages or elect to suspend contributions at any time. The Plan includes an auto-enrollment feature, which is available to Adopting Companies and defined in their respective adoption agreements.

The Plan allows catch-up contributions for participants who attain age 50 by the end of the plan year subject to applicable IRC limits. Participants may also contribute amounts (rollovers) representing distributions from other qualified plans, subject to applicable laws and regulations, even if not yet a participant in the Plan.

PARTNERS PEO 401(K) PLAN

Notes to Financial Statements
December 31, 2025 and 2024

Participating employers may make safe harbor matching contributions, discretionary matching contributions, and discretionary non-elective (profit-sharing) contributions in accordance with the provisions of their respective adoption agreements. Employer contribution formulas vary by participating employer. Employer and participant contributions are subject to the limitations prescribed by the IRC.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, Adopting Company’s contributions, and allocations of Plan net earnings depending on the investment options selected by the participant. Participant accounts are also charged with distributions and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. Upon enrollment in the Plan, participants may direct their contributions into any of the investment options available. A separate account is maintained for each participant, and interest and dividends earned by each fund may be reinvested in that fund. Participants may change their investment options at their discretion.

Vesting – Participants are immediately vested in their contributions and rollover contributions, plus actual earnings thereon. Discretionary employer contributions are based on years of service as defined. A participant is 100% vested after six years of credited service as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures – Forfeitures of nonvested participant accounts may be used to reduce future employer contributions or pay Plan administrative expenses in accordance with the terms of the Plan. Forfeitures are maintained in a separate forfeiture account until utilized. At December 31, 2025 and 2024, forfeited account balances available for future use totaled \$22,394 and \$33,139, respectively.

Notes Receivable from Participants – Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate is set at 1% above the prime rate, as defined. Once a loan is granted, the interest rate on that loan will not change. Principal and interest are repaid through payroll deductions. Loans considered uncollectible are treated as deemed distributions; therefore, there is no allowance for uncollectible loans.

PARTNERS PEO 401(K) PLAN

Notes to Financial Statements
December 31, 2025 and 2024

Payment of Benefits – Upon termination of employment due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account or annual installments. For termination of services due to other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution. Additionally, the Plan provides for in-service distributions at age 59 ½ and hardship withdrawals, as defined, if certain criteria are met.

Terminated participants with balances greater than \$5,000, may choose to keep their funds in the Plan. Participant consent for distribution is not required for terminated participants with vested account balances under \$5,000.

Retirement Age – The Plan's normal retirement age is 65.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the Plan's investments in a guaranteed investment contract valued at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits – Benefits are recorded when paid.

PARTNERS PEO 401(K) PLAN

Notes to Financial Statements
December 31, 2025 and 2024

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value investments.

Note 3. Certified Investment Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Financial Life Insurance Company ("TFLIC"), a qualified institution, as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024;
- Investment amounts and activity, as shown in Notes 4 and 5;
- Interest income on notes receivable from participants;
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown as a supplemental schedule.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

PARTNERS PEO 401(K) PLAN

Notes to Financial Statements December 31, 2025 and 2024

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Valued daily using either the quoted market price of underlying mutual funds or using the pricing data provided by outside valuation service providers for underlying fixed maturity securities. The underlying assets are then unitized using the determined market value. The accounting unit value is determined in a manner similar to a mutual fund net asset value (NAV calculation). Since the pooled separate accounts have a readily determinable fair value the investment is valued at fair value rather than using the net asset value as the practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2025 and 2024, assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

Fair Value Measurements at December 31, 2025

		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
	Total	(Level 1)	(Level 2)	(Level 3)
Investments, at Fair Value:

		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
	Total	(Level 1)	(Level 2)	(Level 3)
Investments, at Fair Value:				
Pooled Separate Accounts	\$ 14,207,312	\$ -	\$ 14,207,312	\$ -
Total	\$ 14,207,312	\$ -	\$ 14,207,312	\$ -

Note 5. Investment Contract

The Plan has a fully benefit responsive investment contract with Transamerica Financial Life Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica Financial Life Insurance Company is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for the portion of the net asset available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica Financial Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions such as an equity wash. An equity wash generally requires that transfers must be directed to a non-competing investment option under the Plan for 90 days before such transferred amounts may be directed to any competing Plan investment option available under the Plan. Competing Plan investment options include other guaranteed investment options, or fixed income, money market, or bond funds that ever had an average duration of 3 years or less.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024, was \$175,148 and \$75,298, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include:

- 1) Amendments to the Plan documents, complete or partial merger with another plan;
- 2) Changes to the Plan's prohibition on competing investment options for deletion of equity wash provisions;
- 3) Bankruptcy of the Plan sponsor or other Plan sponsor events such as divestitures or spin-offs of a subsidiary, that cause a significant withdrawal from the Plan; and

PARTNERS PEO 401(K) PLAN

Notes to Financial Statements
December 31, 2025 and 2024

- 4) The failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are unlikely to occur. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Plan Transfers

The Plan receives transfers from other qualified retirement plans when adopting employers join the Plan. These transfers represent the transfer of participant account balances and related assets from the employers' prior qualified retirement plans into the Plan. Transfers into the Plan totaled \$1,359,927 and \$4,823,969 for the years ended December 31, 2025 and 2024, respectively.

The Plan also transfers assets to other qualified retirement plans when adopting employers withdraw from the Plan and sponsor or participate in another qualified retirement plan. These transfers represent the transfer of participant account balances and related assets attributable to the withdrawing employers. Transfers out of the Plan totaled \$0 and \$1,175,247 for the years ended December 31, 2025 and 2024, respectively.

Note 7. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts will become fully vested and non-forfeitable.

PARTNERS PEO 401(K) PLAN

Notes to Financial Statements
December 31, 2025 and 2024

Note 9. Tax Status

The Company has adopted a pre-approved plan document subject to a favorable opinion letter from the Internal Revenue Service (IRS) dated December 31, 2018. The plan administrator believes the Plan has been operated in accordance with the applicable provisions of the Internal Revenue Code (IRC). The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan is designed in accordance with applicable sections of the IRC and, accordingly, is exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Party-in-Interest Transactions

Transamerica Financial Life Insurance Company is the trustee and recordkeeper of the Plan and holds and manages investments. Transactions with Transamerica Financial Life Insurance Company are exempt party-in-interest transactions, as defined by ERISA.

Note 11. Reconciliation to Form 5500

Note 12. Subsequent Events

In preparing these financial statements, Management has evaluated events and transactions that occurred after December 31, 2025, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through July 13, 2026, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
