Independent Auditors' Report

To the Participants and Administrator of the
Harry N. Abrams, Inc. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Harry N. Abrams, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("Qualified Institution").

Management has obtained certifications from a Qualified Institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements referred to above related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Boris Benic and Associates LLP

CERTIFIED PUBLIC ACCOUNTANTS AND CONSULTANTS

Independent Auditors' Report

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule(s) Required by ERISA

The supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that is agreed -to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a Qualified Institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). For the period January 1, 2024 to December 12, 2024, Fidelity Management Trust Company (“Fidelity” or the “Trustee”), served as the trustee of the Plan (the “Trustee”). Beginning December 12, 2024 to December 31, 2024, Transamerica Financial Life Insurance Company (“Transamerica” or “Investment Custodian”) served as the investment custodian and record-keeper of the Plan. The Plan’s investments are held by the Plan’s Trustee and the Investment Custodian. The Trustee and Investment Custodian are qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator is responsible for overseeing and ensuring compliance with the Plan document. The Trustee, Investment Custodian and the Plan administrator are appointed by the Company.

HARRY N. ABRAMS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023
AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. Description of the Plan

Participant Contributions

For 2024, the maximum amount of compensation that may be considered for deferral purposes by participants and employer contributions is \$345,000. For 2024, total participant contributions are limited to a maximum of \$23,000. Additionally, for 2024, individuals who are at least 50 years of age can make a “catch-up” contribution not to exceed \$7,500. The maximum annual addition that may be contributed or allocated to a participant’s account under the Plan shall not exceed the lesser of 100% of a participant’s compensation or \$69,000 for employees under age 50 and \$76,500 for employees over the age of 50.

Employer Contributions

The Company may make a matching contribution to the Plan based on a discretionary percentage of each participant’s elective deferral contribution. The matching contribution for 2024 is equal to 2/3 of the participant’s elective deferrals not to exceed 2/3 of 6% of the participant’s eligible compensation.

In addition, the Company may make a discretionary profit-sharing contribution that is allocated to each participant based on the ratio of participants’ compensation to total compensation. To qualify for an employer profit-sharing contribution, a participant must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. The Company did not make a profit-sharing contribution for the 2024 Plan year.

Rollover Contributions

An eligible employee may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as rollover, with certain restrictions.

Investments

Participants, in accordance with the Plan document, direct the Trustee to invest their contributions into various investment options offered by the Plan.

Vesting

Participants are fully and immediately vested in their voluntary and rollover contributions and Plan earnings thereon. Participants vest in their employer matching and profit-sharing contributions by 50% and 100%, respectively, after completing one and two years of service, respectively.

HARRY N. ABRAMS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023
AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. Description of the Plan

Participant Accounts

The Plan administrator establishes and maintains a separate account for each participant, which is credited for rollover and voluntary contributions the participants make, Company matching and profit-sharing contributions and Plan earnings. Income earned and net appreciation or depreciation on Plan investments are allocated in proportion to the participant's account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Each participant may borrow up to the lesser of: (1) 50% of the present value of the participant's vested interest in the account or (2) \$50,000, less currently outstanding notes receivable. The notes are secured by the vested balances in the participant's account. No note shall be less than \$1,000 and only one note at a time is allowed. The notes shall bear a reasonable rate of interest as determined by the Plan administrator. At December 31, 2024, the outstanding notes bear interest ranging from 4.25% to 9.50% per annum. Any such borrowings are to be repaid within five years, unless the note is for the purchase of a principal residence for which a repayment period may not extend beyond 10 years. A note becomes immediately due and payable upon a participant's termination of employment, death or disability.

Forfeitures

Upon termination of employment participants forfeit their non-vested balances. These accounts may be used to reduce future Company contributions or administrative expenses. At December 31, 2024 and 2023, there were \$38,727 and \$22,348, respectively, of forfeited non-vested account balances. These accounts may be used to reduce future Company contributions or to pay administrative expenses of the Plan. There were no forfeited amounts used to reduce Company contributions, and \$1,125 of forfeited amounts was used to pay administrative expenses during the year ended December 31, 2024.

ERISA Budget Account

The Trustee through its revenue sharing arrangements ("Shared Revenue") with investment companies, shares a portion of the Shared Revenue with retirement plans which it services. At December 31, 2024 and 2023, the remaining portion of the Shared Revenue, referred to as the ERISA Budget Account in the aggregate amount of \$154,697 and \$65,149, respectively, is included in the investment balance on the Statements of Net Assets Available for Benefits. During the year ended December 31, 2024, the Plan received \$38,905 of Shared Revenue from the Trustee, which was included in "Other income" on the Statement of Changes in Net Assets Available for Benefits. The ERISA Budget Account can be used to either reduce Plan expenses or be reallocated to participant accounts.

HARRY N. ABRAMS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023
AND FOR THE YEAR ENDED DECEMBER 31, 2024

1. Description of the Plan

Retirement

The normal retirement age is defined as when the participant reaches the age of 65. At the normal retirement date, the participant is entitled to 100% of their account balance. Early retirement is not permitted.

Distributions of Benefits

Distributions to participants are available upon the following events: retirement, termination of employment, the attainment of age 59 ½ or death. A participant's benefit consisting of his/her entire vested account balance can be paid in the form of either a lump sum distribution or on an installment basis. A participant with an account balance in excess of \$5,000 may elect to defer payment until the normal retirement age of 65 is attained. A participant's written consent will be required because of termination of employment for any distribution before age 65 if his/her vested account balance is greater than \$5,000. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan document. Upon written request, participants may withdraw all or a portion of their after-tax contributions. Participants must begin receiving Required Minimum Distributions, under IRS guidelines, upon reaching the age of 73.

Administrative Expenses

Administrative expenses may be paid out of the Plan or by the Company. The Company incurred certain administrative expenses relating to the Plan without charge to the Plan during 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

HARRY N. ABRAMS, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023
AND FOR THE YEAR ENDED DECEMBER 31, 2024

2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments are reported at fair value, except the stable value core account which is valued at contract value as discussed below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investment in the stable value core account is a group annuity contract (unallocated contract) that is fully benefit-responsive so that the Statements in Net Assets Available for Benefits present this investment at contract value (See further details in Note 7).

Investment earnings are automatically reinvested into the investment from which they are derived. Purchases and sales of securities are recorded as of the trade date. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation of the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents. No allowance for credit losses has been recorded as of December 31, 2024, or 2023.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2024 AND 2023
AND FOR THE YEAR ENDED DECEMBER 31, 2024

2. Summary of Significant Accounting Policies

Risks and Uncertainties

The Plan provides various investment options. Investment securities are exposed to various risks including but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

Income Tax Status

The Plan is an adoption of a non-standardized pre-approved plan that received an IRS opinion letter on June 30, 2020, stating that the pre-approved plan, as then designed, was then in compliance with the applicable requirements of the IRC. An employer adopting this pre-approved plan is considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the trust established under the Plan is tax-exempt. No provision for income taxes has been included in the financial statements since the Plan has no unrelated business income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or the IRS. The Plan administrator has analyzed the tax position taken by the Plan and has concluded that as of December 31, 2024, and 2023, there are no uncertain positions taken, or expected to be taken, that require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the DOL or the IRS, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 15, 2026, which is the date the financial statements were available to be issued.

AS OF DECEMBER 31, 2024 AND 2023
AND FOR THE YEAR ENDED DECEMBER 31, 2024

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100 percent vested in their employer contributions.

4. Investments

For the year ended December 31, 2024, the Plan's investments appreciated (including gains and losses on investments bought and sold, as well as held during the year) in value by \$4,197,365.

5. Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. Fair Value Measurements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Interest-bearing cash and mutual funds: Valued at the daily closing price as reported by the fund. Interest-bearing cash and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of the Trustees, common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are currently no redemption restrictions or unfunded commitments on these investments. The Fidelity Managed Income Portfolio seeks to maintain a stable value of \$1 per unit.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Interest-bearing cash	\$ -	\$ -	\$ -	\$ -

Common collective trust (a)				577,475
Investments, at fair value				<u>\$ 26,797,253</u>

(a) In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the year ended December 31, 2024, there were no purchases, issuances, transfers in, or transfers out of Level 3.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments and associated information for which fair value is measured using the NAV per share practical expedient as of December 31:

	2024	2023	Unfunded	Redemption	Plan Level
	Fair Value	Fair Value	Commitments	Frequency (if currently eligible)	Redemption Notice Period
Common					
Collective Trust	\$ 12,354,458	\$ 577,475	None	Daily	12 months

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by an affiliate of the Trustee. Administrative expenses are paid to the Trustee and its affiliate who acts as the record-keeper of the Plan. Transactions with the Trustee and its affiliates qualify as party-in-interest transactions. Notes receivable due from Plan participants also qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408 (b) of the ERISA regulations.

7. Unallocated Investment Contract with an Insurance Company

The Company entered into a group annuity insurance contract with Transamerica whose value was \$282,007 as of December 31, 2024. Transamerica maintains the contributions in an unallocated fund within its general account which it adds interest which is set semi-annually. The account is also charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as discussed in Note 2. Contract value represents the amount of contributions deposited, plus interest credited daily as determined by the contract, less any participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. It is at least reasonably possible that changes in the value of the investment will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

If the Plan were to initiate a full redemption of this investment contract, the Trustee reserves the right to temporarily delay withdrawal from this contract in order to ensure that the liquidation will be carried out in an orderly business manner.

8. Unaudited Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules:

These late remitted participant contributions constitute a loan from the Plan to the Company and was \$12. Delays in remitting participant contributions to the Trustee were due to administrative errors, and lost earnings related to the late remittance are being determined by the Company as of the date these financial statements were issued.
