INDEPENDENT AUDITOR'S REPORT

Board of Directors, Plan Administrator and Plan Participants of
The Gorman-Rupp Company 401(k) Plan
Mansfield, Ohio

Opinion

We have audited the financial statements of The Gorman-Rupp Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Gorman-Rupp Company 401(k) Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Gorman-Rupp Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

Board of Directors, Plan Administrator and Plan Participants of
The Gorman-Rupp Company 401(k) Plan
Mansfield, Ohio

Opinion

We have audited the financial statements of The Gorman-Rupp Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Gorman-Rupp Company 401(k) Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Gorman-Rupp Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2025 and 2024, and
Year Ended December 31, 2025

1. Description of the Plan

The following description of The Gorman-Rupp Company 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Corporate, Mansfield and Industries Divisions of The Gorman-Rupp Company (Company and Plan Administrator) and includes National Pump Company and Patterson Pump Company, subsidiaries of the Company. Bank of America Merrill Lynch is the trustee and record keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective June 1, 2022, the Plan was amended to include employees of Fill-Rite Company who became employees of Fill-Rite on or about June 1, 2022, as a result of the Company's acquisition of certain assets of Tuthill Corporation. Effective December 31, 2023 the Plan was amended to include the merger of the AMT Pump Company 401(k) Plan with and into the Plan, the adoption of the Plan by AMT Pump Company as a participating employer effective January 1, 2024, and revisions required to reflect new terms of the Collective Bargaining Agreement between Fill-Rite Company and Chauffeurs, Teamsters, and Helpers Local Union #414.

Contributions

Each year, participants may contribute up to 50% (Plan amended July 1, 2022 to change employee deferral limit from 40% to 50%) of annual compensation or after-tax compensation (amended February 1, 2025) as defined in the Plan. Highly compensated employees are limited to 15%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 40% of the first 4% of compensation that a participant contributes to the Plan provided such participant was hired prior to January 1, 2008. For employees hired after January 1, 2008, all previous participants in The National Pump Company 401(k) Savings Plan, Fill-Rite Company employees and previous participants in the AMT Pump Company 401(k) Plan, the Company contributes 50% of the first 6% of compensation that a participant contributes to the Plan. The Company also contributes a percentage of the employee's income based on the age of the employee and the years of service with the Company for employees hired on or after January 1, 2008.

Full-time employees are eligible to participate in the Plan upon hiring. The additional Company contribution for employees hired on or after January 1, 2008 has a 90-day waiting period. Catch up contributions are eligible under certain circumstances.

New hires are auto-enrolled in the Plan with employee deferrals at 6%. Upon enrollment, a participant may direct employee contributions in whole increments to any of the investment fund options offered by the Plan. Employees may elect to transfer all or a portion (in 1% increments) of their account balance to any fund offered in the Plan, based on the value of their account on the immediately preceding valuation date. Rollovers are currently allowed by the Plan.

Notes to Financial Statements

December 31, 2025 and 2024, and
Year Ended December 31, 2025

1. Description of the Plan (Continued)

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company age and service contribution is based on years of continuous service; a participant is 100% vested after three years of service.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a 5-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participant's nonvested accounts are used to reduce future Company contributions. Unallocated forfeitures balances as of December 31, 2025 and 2024 were \$2,555 and \$2,882, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The term of the loan shall not exceed 5 years, or 20 years for the purchase of a primary residence. A participant may not have more than one loan at any point in time. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as quoted in *The Wall Street Journal* at the date of loan origination. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement or termination of employment, a participant may receive a lump-sum amount equal to the vested value of his or her account. A lump-sum payment is required at a participant's death. Participants may also receive payments upon reaching the age of 59 ½ or with proof of hardship, as determined by the Plan Administrator. Benefits are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Common Collective Trust

The Federated Capital Preservation Fund (Class R6) is a common collective trust. The Fund holds guaranteed investment contracts (traditional GICs), separate account guaranteed investment contracts (separate account GICs) and synthetic guaranteed investment contracts (synthetic GICs). The fair value of traditional GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. The fair value of a separate account GIC and a synthetic GIC is determined based on the fair value of the securities underlying each GIC. The Fund attempts to maintain a stable price per unit of \$10.00, however, there can be no assurance that the value of the units in the Fund will not fluctuate. There are no redemption restrictions.

The BlackRock Russell 1000 Growth Index Fund (Class R) is a common collective trust. The fund invests primarily in large and mid-cap U.S equity securities that exhibit growth characteristics. The fund seeks to track the price and yield performance of the Russell 1000 Growth Index. The fund requires the Plan to provide advance written notice of five business days for Plan directed withdrawals which exceed \$1,000,000.

Participants can transact with both trusts on a daily basis and there are no unfunded commitments.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The Company stock is valued at its quoted market price as of the last business day of the Plan's year.

In accordance with ASC 820, Fair Value Measurements, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

The Gorman-Rupp Company 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024, and
Year Ended December 31, 2025

2. Summary of Significant Accounting Policies (Continued)

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals).
- Inputs that are derived from or corroborated by observable market data by correlation or other means.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Subsequent Events

Management evaluated subsequent events for the Plan through June 23, 2026, the date the financial statements were available to be issued. The Company amended the Plan on January 1, 2026 to require catch-up contributions to the Plan be made on a Roth basis for certain highly paid individuals. The amendment also included changes related to minimum required distributions.

3. Fair Value Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The level of the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used for major categories of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Fair Value for Level 1 is based upon quoted market prices of common stock (unitized fund), money market and mutual funds.

Fair Value for Level 2 is determined by dividing the common collective trust's net assets by its units outstanding at the valuation dates.

Assets at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
The Gorman-Rupp Company Stock Fund	\$ 8,590,553	\$ —	\$ —	\$ 8,590,553

4. Party-in-Interest Transactions

The investments held in The Gorman-Rupp Company Stock Fund received dividends of \$180,545 on the shares from the Plan Sponsor. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

5. Administrative Costs

Certain fees for legal, accounting and other services rendered to the Plan are paid by the Company.

6. Risks and Uncertainties

The Plan has investments in The Gorman-Rupp Company Stock Fund of \$8,590,553 or 6.3% of net assets as of December 31, 2025.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 29, 2017, stating that the Plan is qualified under section 401(a) of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
