## **Independent Auditor's Report**

To the Participants and Plan Administrative Committee  
Granite Construction Profit Sharing and 401(k) Plan

### ***Opinion***

We have audited the financial statements of Granite Construction Profit Sharing and 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplementary Information Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## **1. Description of Plan**

### ***General***

The following description of the Granite Construction Profit Sharing and 401(k) Plan ("Plan") provides only general information. For a more complete description of the Plan's provisions, refer to the Plan document.

The Plan is a defined contribution plan covering all eligible non-union employees of Granite Construction Incorporated and its participating subsidiaries ("Company"). An employee generally becomes eligible to elect to make contributions to the Plan as of his or her date of hire. Effective January 1, 2025 employees are eligible for all other purposes as of date of hire. The Company does not guarantee the benefits provided by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Company has appointed an Administrative Committee ("Committee") as the Plan administrator ("Administrator"). Other than with respect to the Granite Construction Incorporated Common Stock in the Granite Common Stock Fund or the Granite Construction Employee Stock Ownership Plan ("Granite ESOP Stock Fund"), the Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. An independent fiduciary selected by the Company has authority and responsibility related to investments in the Granite Common Stock Fund and Granite ESOP Stock Fund, the assets of which consist of Company common stock and non-interest bearing cash. All necessary and proper expenses incurred in the administration of the Plan are paid either by the Company or from Plan assets pursuant to the Plan document.

### ***Contributions***

The Company may make profit sharing contributions to the Plan. Profit sharing contributions from the Company may be contributed to the Plan in an amount (or under such formula) as determined by the Company's Board of Directors.

Profit sharing contributions are payable solely out of the Company's current or accumulated earnings and profits. The profit sharing contribution shall not exceed the maximum amount deductible under the provisions of the Internal Revenue Code ("IRC"). The Company must pay the total profit sharing contribution to the Plan trustee before the date the Company is required to file its Federal income tax return (including extensions). There were no profit sharing contributions made to the Plan for the year ended December 31, 2025.

For the year ended December 31, 2025, the rate of matching contributions equaled 100% of participant contributions up to a maximum of 6% of compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by Internal Revenue Service (IRS) regulations. By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made by the Plan. The Company's matching contribution is paid into the Plan at the same time as the participant contributions are paid into the Plan and are vested as described below.

All eligible Plan participants can make employee pre-tax contributions to the Plan of up to 75% of gross pay, and/or after-tax Roth contributions to the Plan of up to 75% of gross pay, not to exceed a combined total of pre-tax and after-tax Roth contribution of \$23,500 in 2025. Plan participants who reached age 50 during the Plan year have the option to make an additional "Catch Up" contribution on a pre-tax basis and/or after-tax Roth basis, not to exceed a combined total of pre-tax and after-tax Roth contributions of \$7,500 in 2025. The Plan also permits the automatic enrollment of eligible employees in the Plan 30 days after their hire date, with a contribution of 3% of eligible compensation, unless the employee affirmatively elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover)

Beginning with dividends paid in 2013, participants and beneficiaries who hold Company common stock in either Granite ESOP Stock Fund or Granite Common Stock Fund have the option for quarterly dividends to automatically reinvest in Company common stock or to be paid as a cash dividend.

Eligible participants who are performing services under a public contract subject to provisions or regulations under the Davis-Bacon Act or any state or municipal "prevailing wage" law or ordinance are eligible to receive a portion of the Fringe Benefit Credit as an Employer Prevailing Wage contribution.

### ***Forfeitures***

Company profit sharing contributions to participants leaving employment prior to the vesting of such contributions are forfeited by the participant. Profit sharing forfeitures for each year not used to pay Plan expenses are contributed to participants on a per capita basis for each year in which the participant is employed by the Company as of the year end. The forfeiture account held funds of \$6 as of December 31, 2025. The forfeiture account held \$23 as of December 31, 2024.

### ***Administrative Expenses***

The Company incurs accounting and certain administrative services for the Plan. Fees incurred by the Plan for the investment management services or record keeping services are paid by the Plan participants. Fee credits are generated from the investments in the Plan. These fee credits are allocated from the Plan to eligible participant's accounts on a quarterly basis.

### ***Participant Accounts***

Contributions received by the Plan are deposited with the Plan trustee and custodian, T. Rowe Price Trust Company ("T. Rowe Price"). Each eligible participant's account balance is credited with an allocation of (a) the Company's 401(k) match, Prevailing Wage Employer contribution, if eligible, and discretionary profit sharing contributions, if any, (b) Plan earnings or losses, (c) profit sharing forfeitures of terminated participant non-vested accounts, (d) participant contributions, and (e) fee credits. The discretionary profit sharing contributions are allocated based on eligible compensation as defined in the Plan document. Profit sharing forfeitures are allocated to eligible participant accounts in equal amounts as defined in the Plan document.

### ***Notes Receivable from Participants***

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested Plan account balance. Notes Receivable from Participants ("Notes Receivable") bear interest at prime rate plus 1% and must be repaid to the Plan within a five-year period, unless the Note Receivable is used for the purchase of a principal residence in which case the maximum repayment period may be extended not to exceed 15 years. Outstanding Notes Receivable at December 31, 2025 carried interest rates ranging from 4.25% to 9.50%, maturing through December 2040.

### ***Vesting of Benefits***

The full amount of the participant's profit sharing account balance becomes vested on his or her normal retirement date, as defined in the Plan document, or when his or her employment with the Company terminates by reason of death or total disability, or after three years of vesting service is completed as defined in the Plan document.

The value of the participant's elective contribution, Company matching contribution and Prevailing Wage Employer Contributions are fully vested immediately upon contribution to the Plan.

### ***Distributions***

On termination of service for any reason, including death or disability, participant's with a vested benefit of less than \$5,000 who fail to provide instructions regarding the payment of their benefit, the benefit will be distributed in the form of a direct rollover to an Individual Retirement Account ("IRA") maintained by T. Rowe Price ("T. Rowe Price IRA"). Once the benefit has been transferred to the T. Rowe Price IRA, it will be invested in an investment product designed to preserve principal and provide a reasonable rate of return and liquidity. All reasonable fees associated with the T. Rowe Price IRA will be paid from the participant's account as prescribed in the Plan document.

Participants or beneficiaries, eligible to take distribution may elect to leave their account balance in the Plan or receive their total benefits in a lump-sum, partial distribution, or equal installment payments.

### ***Hardship Withdrawals***

The Plan provides for withdrawals in the event of financial hardship, as defined in the Plan document.

### ***Plan Investments***

Participants may direct their Plan contributions into any of the designated investment options approved by the Committee. Included in the designated investment options are various mutual funds, common/collective trusts and Company common stock.

Effective January 1, 2016, there was a freeze of new investments in Company common stock, other than the reinvestment of dividends, into the Granite Common Stock Fund.

## 2. Summary of Significant Accounting Policies

### ***Basis of accounting***

The financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

### ***Use of estimates***

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and related disclosure of contingent assets and liabilities. The estimates, judgments and assumptions are continually evaluated based on available information and experiences; however, actual results could differ from those estimates.

### ***Investment valuation and income recognition***

Investments are stated at fair value. Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and to minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Plan holds no assets valued using Level 2 and Level 3 inputs.

Units held in the Common/Collective Trust ("CCT") are valued using the net asset value ("NAV") practical expedient ("NAV practical expedient") of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. CCT's are redeemable daily and have no restrictions, other than the Stable Value Fund ("SVF") which imposes a 90-day "equity wash" provision on exchanges to competing funds.

All other assets held by the Plan are measured using Level 1 inputs. Common stock is valued at the closing price on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### ***Contributions***

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

***Distributions to participants or beneficiaries***

Distributions to participants or beneficiaries are recorded when paid.

***Notes Receivable from Participants***

Notes Receivable are measured as unpaid principal balance plus any accrued but unpaid interest. Such notes are considered delinquent if any scheduled repayment remains unpaid for a predetermined amount of time based upon the terms of the Plan document. Delinquent notes receivable from participants meeting such terms are reclassified as Deemed Distributions. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

***Risks and uncertainties***

The Plan provides for various investment options in any combination of common/collective trusts, mutual funds, Company common stock, or other investment securities which the Administrator may from time to time make available. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks among others. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant directed fund elections. Additionally, the investments within each investment fund option are further diversified into varied financial instruments, with the exception of the Granite Common Stock Fund, which primarily invests in the securities of a single issuer.

### 3. Fair Value Measurements

The Plan measures and discloses certain financial assets and liabilities at fair value. As of December 31, 2025 and 2024, the Plan's valuation methodologies used to measure the fair values of common stock and mutual funds was derived from quoted market prices as substantially all of these instruments have active markets or contain underlying assets that may be so valued. As more fully described in Note 2, CCTs are valued using NAV practical expedient measuring the net asset value of the underlying investments at year end.

The methods described above for measuring fair values as of December 31, 2025 and 2024 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the techniques used at December 31, 2025 and 2024.

The following tables summarize each class of the Plan's investments:

| December 31, 2025                               | Fair Value Measurement at Reporting Date |         |         |                |

### 4. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated August 19, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No uncertain positions have been identified that would require such recognition or disclosure in the financial statements as of December 31, 2025 and 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no such audits.

## 5. Related Party and Party in Interest Transactions

The Plan provides for investment in Company common stock in the Granite Common Stock Fund and Granite ESOP Stock Fund. Any purchase or sale of Company common stock by administrators is performed in the open market and at fair value. These transactions qualify as party-in-interest transactions but are exempt from prohibited transaction rules. Certain Plan investments are managed by an affiliate of T. Rowe Price, the trustee and custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Aggregate investment in Company common stock at December 31, 2025 and 2024 for each asset category is as follows:

|                                        | December 31,  |               |

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time. In the event of termination of the Plan, all participants who are employed by the Company at the date of termination will become 100% vested in their account balances.

## 7. Subsequent Event

The Plan has evaluated subsequent events through June 29, 2026, the date the financial statements were available to be issued. Effective January 1, 2026 the Lehman-Roberts/Memphis-Stone & Gravel 401(k) Plan merged into the Plan and all participant account balances and associated plan assets totaling approximately \$36 million, were transferred into the Plan.
