Independent Auditor's Report

To the Board of Trustees of the
Local 1102 401(k) Retirement Plan

Opinion

We have audited the financial statements of the Local 1102 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Local 1102 401(k) Retirement Plan Fund as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Local 1102 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Administrative Expenses, Schedule of Assets Held at End of Year and Schedule of Reportable Transactions referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year and Schedule of Reportable Transactions represent supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Supplemental information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

LOCAL 1102 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Local 1102 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to their Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a collectively bargained multiemployer defined contribution pension plan. The Plan provides retirement benefits to participants, who, during active employment, were covered employees of contributing employers having collectively bargained agreements with Local 1102 Retail Wholesale Department Store Union UFCW (the Union) and the various employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2007, the Plan was amended to convert to a 401(k) retirement plan from a money purchase plan, effective January 1, 2008. The amended plan continues to be for the exclusive benefit of eligible employees. All persons covered under the Plan as of December 31, 2007 continued to be covered under the amended plan with no loss of benefits.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. The vesting schedule for employer contributions shall be:

<u>Accrued Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
3 or more years	100%

In the event a participant dies prior to receiving their retirement payment from the Plan, their named beneficiary will be entitled to receive 100% of the remaining vested balance of the participant's individual account.

Contributions - Employers make contributions to the Plan at rates determined by collective bargaining agreements. The amount of employer contributions is determined form time worked, as reported by participating employers, and the contractual employer contribution rates pursuant to the collective bargaining agreement in effect. In addition, participants may contribute up to 25% of their annual compensation to the Plan, up to the maximum allowed under the provisions of the Internal Revenue Coe (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

NOTE 1. DESCRIPTION OF THE PLAN (continued)

Participants Accounts - Contributions to the Plan are invested, as directed by the participant, in various mutual funds, collective investment funds and a guaranteed insurance contract.

Participants must evaluate their own investment goals and objectives and choose the mutual funds best suited to achieve those goals and objectives. Poor investment performance by the mutual funds and collective investment funds selected by participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participant accounts are adjusted on each valuation date to reflect the effects of contributions, withdrawals, income, expense and realized and unrealized gains and losses that were applied to each investment fund or funds in which the participant had elected to invest in.

Benefits - Benefits will be available upon the attainment of normal retirement, termination of employment, becoming totally and permanently disabled and qualifying for Social Security disability pension, or the participant's death. Benefits are paid out, depending on the account balance and retirement age, in either a single lump-sum cash payment or a direct rollover distribution.

NOTE 2. SUMMARY OF SIGNIFICANT AUDIT POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting.

Investments - Investments in the mutual funds are carried at fair value which generally represents quoted market prices or the net asset value of the funds as of the last business day of the fiscal year as provided by the investment company. Collective investment trusts fair value is estimated by using net asset value as a practical expedient as reported by Principal Trust Company at year-end.

Purchases and sales are recorded on a trade-date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contract - Insurance company guaranteed investment contract is carried at contract value which equals deposits made plus interest created under the terms of the contract less withdrawals.

Contributions - Contributions due and not paid at year end are recorded as contributions receivable. Employer contributions are accounted for as exchange transactions. The Plan also allows for employee contributions and rollover contributions from qualified plans. These contributions are accounted for as exchange transactions. Allowance for credit losses is considered unnecessary and is not provided.

Benefit Payments - Benefit payments to participants are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT AUDIT POLICIES (continued)

Leases - The Plan elected the practical expedients not to separate lease components from non-lease components for its office lease and to apply the short-term lease exception, which does not require the capitalization of leases with terms 12 months or less. The Plan has made and accounting policy election to apply a risk-free rate as the discount rate used to measure lease liabilities and ROU assets at commencement of a lease. A risk-free rate has been applied to the office lease.

The Plan determines if an arrangement is or contains a lease at inception, which is the date on which the terms of the contract are agreed to, and the agreement creates enforceable rights and obligations. A contract is or contains a lease when (i) explicitly or implicitly identified assets have been deployed in the contract and (ii) the Plan obtains substantially all of the economic benefits from the use of that underlying asset and directs how and for what purpose the asset is used during the term of the contract. The Plan also consider whether its service arrangements include the right to control the use of an asset.

The Plan recognizes most leases on its balance sheets as a ROU asset representing the right to use an underlying asset and a lease liability representing the obligation to make lease payments over the lease term, measured on a discounted basis. Leases are classified as either finance leases or operating leases based on certain criteria. Classification of the lease affects the pattern of expense recognition in the income statement.

For long-term leases, ROU assets and lease liabilities are measured based on the present value of future lease payment over the lease term at the commencement date of the lease. The ROU assets also include any initial direct costs incurred and lease payments made at or before the commencement date and are reduced by any lease incentives.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Forfeited Accounts - Forfeited non-vested accounts totaled \$234,252 during the year ended December 31, 2025 and \$35,780 during 2024. These accounts were used to pay Plan administrative expenses and/or restore previously forfeited balances during the current year. As of December 31, 2025, the unapplied forfeiture credit balance was \$105,444. There were no unapplied forfeiture credits for the years ended December 31, 2024.

NOTE 3. PRIORITIES UPON TERMINATION

Under federal law, termination of this multiemployer defined contribution plan can occur as a result of: (i) cessation of the contractual obligation of all participating employers to contribute to the Plan; or (ii) the withdrawal of every participating employer from the Plan; or (iii) a plan amendment which provides that participants will receive no credit for any purpose under the Plan for service with any participating employer.

NOTE 3. PRIORITIES UPON TERMINATION (continued)

Were the Plan to terminate, the assets held would be used on behalf of the participants. In no event will any of the assets revert to any employer. In the event of termination, the participant accounts accrued under the Plan for each affected participant as of the date of such termination will be nonforfeitable.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on August 21, 2015 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the latest exemption letter. The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 5. FAIR VALUE MEASUREMENTS (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2025 and 2024, there were no transfers in or out of levels 1, 2 or 3.

The following tables set forth by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value at December 31, 2025 and 2024:

Fair Value Measurements at December 31, 2025				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 1,168,912	\$ 1,168,912	\$ -	\$ -
Collective investment trusts	22,513,421	-	22,513,421	-
Total	<u>\$ 23,682,333</u>	<u>\$ 1,168,912</u>	<u>\$ 22,513,421</u>	<u>\$ -</u>

Fair Value Measurements at December 31, 2024				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 870,469	\$ 870,469	\$ -	\$ -
Collective investment trusts	19,822,805	-	19,822,805	-
Total	<u>\$ 20,693,274</u>	<u>\$ 870,469</u>	<u>\$ 19,822,805</u>	<u>\$ -</u>

NOTE 6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract, which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE 6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract's issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 2.15% as of December 31, 2025 and 1.55% as of December 31, 2024. The crediting rate as of December 31, 2015 is effective until May 31, 2026 and will reset on June 1, 2026 and semiannually thereafter. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- (i) The Plan's failure to qualify under Section 401(a) of the IRC
- (ii) Premature termination of contracts
- (iii) Plan termination or merger
- (iv) Changes to the Plan's prohibition on competing investment options
- (v) Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- (i) An uncured violation of the Plan's investment guidelines
- (ii) A breach of material obligation under the contract
- (iii) A material misrepresentation
- (iv) A material amendment to the agreement without the consent of the issuer

NOTE 7. RELATED PARTY TRANSACTIONS

Identification of Related Organizations

The Plan has the following related entities with which it has transactions:

- Local 1102 RWDSU-UFCW
- Local 1102 Amalgamated Pension Fund
- Local 1102 Retirement Trust
- Local 1102 Health and Benefit Fund

NOTE 7. RELATED PARTY TRANSACTIONS (continued)

- Local 1102 Retirement Fund
- Storeworkers Retirement Fund

All of the above entities qualify as tax-exempt organizations. The entities listed above share common Trustees or officers with this Plan.

Certain plan investments are managed by Principal. Principal is a Trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. These transactions have been denoted as such on the supplemental Schedules of Assets Held at End of Year.

Administrative Expenses

The Plan occupies premises and participates on an allocated basis with the Union and other affiliated entities in the administrative costs, rental expenses, and certain other costs. The trustees have adopted a method of allocating these expenses as provided by an independent study. Due to affiliated entities represents the balance of these reimbursements as of December 31, 2025 and 2024.

The Plan reimburses the Union and Local 1102 Retirement Trust for administrative costs, which include salaries and payroll taxes. The reimbursed amounts for the years ended December 31, 2025 and 2024 were \$330,422 and \$297,904, respectively.

On January 1, 2015, the Plan entered into a lease agreement with the Union which expires on December 31, 2026 for its administrative headquarters (Note 9). The Union has the option of extending the lease an additional five years prior to the expiration of the lease. The lease requires the Plan to pay its allocable share of electric charges and real estate taxes, and provides for periodic adjustments for increases in the cost of living.

NOTE 8. RISKS AND UNCERTAINTIES

Financial instruments that subject the Plan to concentrations of credit risk include cash, investments and employer's contributions. The Plan maintains accounts at high quality financial institutions. While the Plan attempts to limit its financial exposure, its deposit balances may, at times, exceed federally insured limits. The Plan has not experienced any losses on such accounts.

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, sector and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Three employers' contributions represented approximately 66% of total contributions received for the year ended December 31, 2025. Four employers' contributions represented approximately 52% of total contributions received for the year ended December 31, 2024.

NOTE 9. LEASES

The Plan has an operating lease for their office space. The lease has a remaining lease term of five years. The Plan has elected to use the incremental borrowing rate as the discount rate for the leases.

The components of lease expense for the years ended December 31, 2025 and 2024 were as follows:

	2025	2024
Operating lease expense	<u>\$ 20,575</u>	<u>\$ 20,575</u>

Cash flow information related to leases was as follows:

Cash paid for amount included in the measurement of
lease liabilities:

Operating cash flows from operating lease	<u>\$ 21,108</u>	<u>\$ 20,556</u>
---	------------------	------------------

Statements of net assets available for benefits information related to leases as of December 31, 2025 and 2024 were as follows:

	2025	2024
Operating lease		
Right of use assets - gross	\$ 99,418	\$ 99,418
Right of use assets - accumulated	(78,978)	(58,829)

Operating lease liabilities	<u>\$ 21,537</u>	<u>\$ 42,220</u>

Weighted average remaining lease term

Operating lease	1 year	2 years
-----------------	--------	---------

Weighted average discount rate

Operating lease	1.37%	1.37%
-----------------	-------	-------

NOTE 9. LEASES (continued)

Maturities of lease liabilities were as follows:

<u>Year Ending December 31,</u>	<u>Operating lease</u>
2026	\$ 21,672
Less: present value discount	(135)
Total lease liabilities	<u>\$ 21,537</u>

NOTE 10. NONEXEMPT TRANSACTIONS

There were certain employers who failed to remit employee deferrals for participant contributions within the time frame required by the Department of Labor (DOL). By DOL regulation an employer is required to segregate employee contributions from its general assets as soon as practicable but no later than fifteen business days after the end of the month in which amounts contributed by employees are withheld from their wages. Any remittances beyond that time are considered to be nonexempt or prohibited transactions by regulation. The total of these transactions was \$104,298 and \$126,722 during the year ended December 31, 2025 and 2024, respectively, which is included in the amount reported in the attached supplemental Schedule of Delinquent Participant Contributions. Of the 2025 amount, \$74,510 has been corrected during the year and \$29,788 is still uncorrected. Of the 2024 amount, \$61,005 has been corrected during the subsequent year and \$65,717 is still uncorrected.

NOTE 11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through May 22, 2026, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
