FINANCIAL STATEMENTS

DECEMBER 31, 2025

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Western Pennsylvania Electrical Employees
Deferred Compensation Plan

Opinion

We have audited the accompanying financial statements of the Western Pennsylvania Electrical Employees Deferred Compensation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WESTERN PENNSYLVANIA ELECTRICAL EMPLOYEES DEFERRED COMPENSATION PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Western Pennsylvania Electrical Employees Deferred Compensation Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution plan covering employees of the electrical contractors or participating employers who recognize Local Union No. 5, International Brotherhood of Electrical Workers (the Union) as the collective bargaining representative. It is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to provide a greater degree of financial security for those employees who participate. It is the general intent of the Plan that account balances accumulated in accordance with the terms of the Plan be used by the participants to supplement their retirement income. Investments are participant directed.

Funding Policy - The Plan is funded as determined by a collective bargaining agreement between the Union and National Electrical Contractors Association, Inc. (NECA). For the years ended December 31, 2025 and 2024, the employers' contribution rate was \$7.25 and \$7.00, respectively, per work hour for the majority of the participants. Exceptions include apprentices, who are paid a lower rate, and certain negotiated rates on a per job basis.

Benefits - Upon retirement, withdrawal from the labor force, or the last day of the twelfth consecutive full calendar month within which no employer contribution has been made on their behalf, the participant is entitled to the current balance of such participant's individual account plus contributions made on their behalf to the Plan since the last valuation date, which is the last day of each calendar quarter.

Eligibility - Each person shall automatically become a participant on the date they work their first hour pursuant to the collective bargaining agreement (CBA) between the Western Pennsylvania Chapter, NECA and the Union.

Vesting - Upon date of hire, a participant is fully vested in their individual account.

Investment Options - Participants may direct contributions in the investment options offered by the Board of Trustees (Trustees). The investment options consist of mutual funds and shares of common collective trusts.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants (Participant Loans) - Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Participants may not borrow less than \$1,000. Each loan is treated as a directed investment of the participant. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Trustees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Cash and Cash Equivalents - The Plan considers cash immediately available for withdrawal and liquid investments when purchased with a maturity of three months or less to be cash and cash equivalents. The Plan maintains its cash account with an insured financial institution. All accounts are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). Amounts in excess of insured limits as of December 31, 2025 and 2024 were \$3,472,582 and \$2,674,495, respectively. The Plan has not experienced any loss on its cash balances.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reported on a trade-date basis. Interest income (loss) is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation in fair value of investments the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Increases to participant accounts result from employer contributions, and income/loss allocations. Employer contributions are directly invested into each participant's account. Contributions to the Plan are invested as directed by the participant in one or more investment accounts in accordance with each participant's own investment goals. Unfavorable investment performance by the investment accounts selected by the participants may cause their vested balance to be lower than the amounts contributed to the Plan.

Payment of Benefits - Benefits are recorded when paid.

Estimates - The preparation of financial statements in accordance with the accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Contractor Contributions Receivable - Accounts receivable are stated at the amount the management expects to collect from balances outstanding at year end. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year end will be immaterial.

Contributions due from contractors are accrued at year end and only as to those amounts applicable to contribution periods which ended on or before the financial statement dates and are based on subsequent period cash collections. The Plan considers receivables to be fully collectible; accordingly, no allowance for credit losses is deemed necessary.

Administrative Expenses - Administrative expenses are paid by the Plan.

Reclassifications - Certain reclassifications may have been made to conform to current year financial statement presentation.

NOTE 3. PLAN TERMINATION

If the Plan was to be terminated, all participants would become fully vested in their retirement benefits. In the event of termination of the Plan, the remaining assets, after providing for the expenses of the Plan and for any payments from individual accounts theretofore approved, shall be distributed among the participants. Each participant shall receive that part of the total remaining assets in the same ratio as the amount of their individual account bears to the aggregate amount of the individual accounts of all participants.

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Description	Assets at Fair Value as of December 31, 2025			
	Total	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 551,898,645</u>	<u>\$ 551,898,645</u>	<u>\$ -</u>	<u>\$ -</u>

Description	Assets at Fair Value as of December 31, 2024			
	Total	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 485,588,191</u>	<u>\$ 485,588,191</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 5. TAX STATUS

The Internal Revenue Service (IRS) has made a favorable determination, by letter dated November 3, 2015, on the Plan's tax status and has notified the Plan it is exempt from federal income taxes pursuant to Internal Revenue Code (IRC) Section 401 (a). No change in the Plan's tax status is anticipated.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan's administrator believes it is no longer subject to income tax examination from the years prior to 2022.

NOTE 6. CONCENTRATION

The Plan derives much of its revenue from contributions from electrical contractors as a result of their involvement in a Collective Bargaining Agreement (CBA). These electrical contractors are concentrated in the western Pennsylvania region. The Plan's operations could be materially affected by changes in the economy in that region.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

As disclosed in Note 2, the Plan pays certain administrative, investment, and professional fees to various service providers. These transactions are party in interest transactions under ERISA.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation for additions per the financial statements to income per Form 5500 for the year ended December 31, 2025:

Additions per financial statements	\$ 109,909,828
Add: investment expenses	<u>520,492</u>
Income per Form 5500	<u><u>\$ 110,430,320</u></u>

**NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
(CONTINUED)**

A reconciliation for deductions per the financial statements to expenses per Form 5500 for the year ended December 31, 2025:

Deductions per financial statements	\$ 41,925,119
Add: investment expenses	<u>520,492</u>
Expenses per Form 5500	<u>\$ 42,445,611</u>

NOTE 10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 9, 2026, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
