INDEPENDENT AUDITORS' REPORT

Plan Administrator
GP Mobile, LLC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of GP Mobile, LLC Retirement Plan, an employee benefits plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of GP Mobile, LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GP Mobile, LLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GP Mobile, LLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GP Mobile, LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GP Mobile, LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GP MOBILE, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the GP Mobile, LLC Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan, covering all eligible employees of GP Mobile, LLC (the Company). The Company became the employer and sponsor of the Plan as of May 1, 2021. Before that date, the Plan was sponsored by Spark Wireless, LLC and was known as Spark Wireless, LLC 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility
Employees are eligible to participate in the Plan upon completion of six months of service. Eligible employees may elect to become participants on the first day of the quarter following completion of eligibility requirements.

Contributions and investment options
The Plan permits eligible employees, through a salary deferral election, to contribute up to 10% of their eligible compensation, as defined by the Plan, provided the contribution does not exceed limits established by law. Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions. Contributions of distributions to participants from another qualified plan are permitted as defined in the Plan and are reflected as rollover contributions. Company matching contributions are discretionary and are equal to a uniform percentage of the participants' salary deferral. Each year, the Company may make discretionary matching and profit sharing contributions. Participants must be employed on the last day of the plan year and have completed 1,000 hours of service to receive the discretionary matching and profit sharing contributions. For the year ended December 31, 2025 there were no discretionary matching contributions. The Plan offers various mutual funds and a common/collective trust fund as investment options for participants. Each participant has the option of directing their contributions into any of the investment options and may change their investment options daily.

Participant accounts
Each participant's account is credited with the participant's contributions, the Company's matching contributions, if any, and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the Company's matching contributions and earnings thereon after four years of credited service.

Forfeited accounts
At December 31, 2025 and 2024, forfeited nonvested accounts totaled $- and $-, respectively. These accounts are used to reduce the Company contributions or to pay plan expenses. For the year ended December 31, 2025, there were no forfeitures used to reduce Company matching contributions.

1. DESCRIPTION OF THE PLAN - CONTINUED

Payment of benefits

On termination of service, normal retirement, disability or death, a participant may elect to receive a lump-sum amount or a rollover to another qualified plan equal to the value of the participant's vested interest in the participant's account. Participants are allowed to take hardship withdrawals for medical expenses, purchase of principal residence, education expenses, to prevent foreclosure or eviction, pay for burial or funeral expenses and the repair of their principal residence.

Administrative expenses

Certain administrative expenses, primarily audit fees, are paid by the Company for the Plan and are not reflected in the Plan's financial statements. Other administrative expenses, primarily contract administration and recordkeeping fees, are paid by the Plan and are reflected in the Plan's financial statements.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Notes can be made for a period not exceeding five years; however, in certain circumstances, terms can be extended beyond five years, as defined by the Plan. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments valuation and recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Investments at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ -	$ -	$ -	$ -
Common/collective trusts	-	-	-	-
	$ -	$ -	$ -	$ -

	Investments at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 402,484**	**$ -**	**$ -**	**$ 402,484**
Common/collective trusts	**-**	**-**	**-**	**21,241**
	$ 402,484	**$ -**	**$ -**	**$ 423,725**

The Common/collective trusts are measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, this investment has not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

FASB ASC 820-10, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

Level 1 inputs are quoted prices in active markets on the actual asset being valued. An active market has sufficient transaction activity to provide pricing information on an ongoing basis.

Level 2 Fair Value Measurements

Level 2 inputs are those other than quoted prices in Level 1 that are observable and include the following quoted prices on similar assets in active markets; quoted prices for identical or similar assets in markets that are not active; observable inputs other than quoted prices such as yield curves, volatilities, prepayment speeds, or inputs derived principally or corroborated by observable market data by correlation or other means.

Level 3 Fair Value Measurements

Level 3 inputs are unobservable inputs for the asset reflecting internal assumptions used to arrive at an estimate or exit price. Those inputs are based on the best information available in the circumstances.

4. TAX STATUS

The prototype plan sponsor has received an opinion letter dated October 6, 2020, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator timely adopted the restated prototype plan. The plan administrator believes that the plan is currently being operated in accordance with the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP, the custodian of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

7. PLAN TERMINATION

The Plan was frozen in 2022. In alignment with that, all contributions were stopped. The Plan has the right to terminate or amend the Plan at any time. No amendment, however, may permit any part of the assets of the Plan, other than those required to pay taxes and administrative expenses, to be used for any purpose other than for the exclusive benefit of the participants. The plan was terminated during 2025 and all remaining assets were transferred to GP Mobile, LLC 401(k) Plan.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. ADP, Inc. is the recordkeeper and third party administrator of the plan and received direct fees from the Plan totaling $757 for these services. These transactions are exempt from being prohibited transactions by ERISA. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 25, 2026, the date on which the financial statements were available to be issued.
