INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
White Rock Oil & Gas, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of White Rock Oil & Gas, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of White Rock Oil & Gas, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of White Rock Oil & Gas, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about White Rock Oil & Gas, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of White Rock Oil & Gas, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about White Rock Oil & Gas, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WHITE ROCK OIL & GAS, LLC 401(k) PLAN
Notes to Financial Statements

1 - Description of Plan

The following description of the White Rock Oil & Gas, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan became effective on January 1, 2014 and is a defined contribution 401(k) plan covering all eligible employees of White Rock Oil & Gas, LLC (the “Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is intended to be a qualified retirement plan under the Internal Revenue Code.

B. Contributions - Participants may voluntarily contribute to the Plan up to an annual maximum of 90% of eligible compensation, pursuant to a salary reduction arrangement. Total participant contributions in any calendar year are restricted to the applicable limit under Internal Revenue Code Section 402(g). The applicable limit for the plan year ended December 31, 2025 is \$23,500 with an additional \$7,500 catch-up provision for participants age fifty or older. The additional catch-up provision for participants between the ages of sixty and sixty-three is \$11,250. The Sponsor's safe harbor matching contribution is equal to 6% of eligible compensation. The Sponsor may also contribute to the Plan an additional discretionary matching contribution amount determined by the Sponsor at its discretion. The Sponsor elected not to make an additional discretionary matching contribution for the year ended December 31, 2025. The participants direct the investment of the employee pretax salary deferrals, Roth 401(k) deferrals, and the Sponsor safe harbor matching and discretionary matching contributions to the various investment options offered by the Plan.

C. Expenses of Administering the Plan - Administrative expenses recorded in the financial statements represent expenses that were absorbed by participants related to the administration of the Plan.

D. Participants' Accounts - Each participant's account is credited with the participant's contributions, Sponsor's safe harbor matching contributions, Sponsor's discretionary matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined within the plan agreement. The benefit to which a participant is entitled is the vested amount in the participant's account.

E. Eligibility and Vesting - Employees of the Sponsor become eligible to participate in the Plan after they have completed one month of service with the Sponsor. Participants' contributions, Sponsor safe harbor matching contributions, and Sponsor discretionary matching contributions plus actual earnings thereon are 100% vested at all times. A participant is 100% vested upon termination by reason of death or disability.

F. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50% of their vested account balance. The loans bear interest at variable rates and are secured by the balances in the participants' accounts. Principal and interest payments are redeposited in the participants' accounts based on their current allocation elections within the Plan. Participants may have no more than one loan outstanding at any one time.

G. Payment of Benefits - Upon termination of service or retirement, participants entitled to payment under the Plan will have the option of receiving a lump sum distribution equal to their vested account balance or rolling their distribution over to an IRA or other qualified retirement plan.

H. Forfeited Accounts - As of December 31, 2025, there were no forfeited non-vested accounts. During the year ended December 31, 2025, there were no forfeited non-vested accounts used to pay administrative expenses or to reduce Sponsor contributions.

WHITE ROCK OIL & GAS, LLC 401(k) PLAN

Notes to Financial Statements

2 - Summary of Significant Accounting Policies

- A. Basis of Presentation - The accompanying financial statements were prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recorded when the obligation is incurred.
- B. Valuation of Investments - Investments are stated at fair value as determined and certified by Principal Trust Company (the "Trustee"). Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.
- C. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. During the year ended December 31, 2025, there were \$56,460 in deemed distributions of notes receivable from participants.
- D. Payment of Benefits - Benefits are recorded when paid. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules. There were no corrective distributions paid during the year ended December 31, 2025.
- E. Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- F. Subsequent Events - The Sponsor has evaluated subsequent events through July 20, 2026, the date the financial statements were available to be issued.

3 - Information Certified by the Trustee

The Sponsor elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that all of the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

4 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

WHITE ROCK OIL & GAS, LLC 401(k) PLAN
Notes to Financial Statements

5 - Income Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7 - Fair Value Measurements

As required by the Fair Value Measurements topic of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), all financial assets and liabilities are measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and enhances disclosure requirements for fair value measurements. The topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The topic establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

Level I - Quoted prices in active markets for identical assets or liabilities.

Level II - Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant drivers are observable.

Level III - Significant inputs to the valuation model are unobservable.

The following is a listing of assets and liabilities required to be measured at fair value on a recurring basis and where they are classified within the hierarchy as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Interest in registered investment companies	\$ 12,463,295	\$ -	\$ -	\$ 12,463,295
Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Interest in registered investment companies	\$ 10,376,001	\$ -	\$ -	\$ 10,376,001

7 - Fair Value Measurements (continued)

Interest in registered investment companies includes mutual funds and money market funds that are valued using quoted prices on nationally recognized securities exchanges.

The preceding method described may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8 - Parties-In-Interest Transactions

The Plan pays fees for various administrative and custodial services provided during the year. Fees paid using Plan assets during the year ended December 31, 2025 for these services totaled \$105,881. These fees were based on customary and reasonable rates for such services.

The Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged and pays annual auditing fees on behalf of the Plan.
