Independent Auditor's Report

The Board of Directors and the 401(k) Committee
Gate City Bank Retirement Savings Plan
Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gate City Bank Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Gate City Bank (Gate City) and its wholly owned subsidiaries and was established to provide eligible employees with a share in the profits of Gate City and to encourage employees to adopt a retirement program. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The 401(k) committee determines the appropriateness of the Plans investment offerings, and monitors investment performance.

Eligibility

All employees of Gate City that are over 18 years of age are eligible to participate immediately upon hire.

Contributions

Each year participants are allowed to contribute from 1% to 90% of their Basic (pretax) annual compensation to the Plan, as defined in the Plan document. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Gate City will match 100% of the participant's contribution to a maximum employer contribution of 6% of their basic compensation. Should Gate City be unable to generate sufficient net profits, Gate City's contribution can be limited to that amount made from available net profits. The Plan also allows employees to contribute 100% of their after-tax compensation to the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

In addition to its matching contribution, Gate City may, at its sole discretion, make additional contributions to the Plan. There were no additional contributions made in 2025 and 2024.

Vesting

Employee contributions, including any earnings and gains attributed to such contributions, are fully vested. Vesting in Gate City's non-elective and matching contributions are based on continuous years of service, becoming 20% vested after one year of service and vesting an additional 20% each year until becoming 100% vested after five years of service. Non-vested Gate City contributions are subject to forfeiture twelve months subsequent to termination by reasons other than retirement, disability, or death of the participant.

Forfeitures

Forfeitures are used to reduce the amount of future contributions made by Gate City or to reduce the amount of plan expenses paid by Gate City. In 2025 and 2024, \$128,466 and \$111,555, respectively, in forfeitures were used to reduce plan contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Gate City's matching contribution, as well as an allocation of the Gate City's discretionary contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by their Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of employment, death, disability, hardship, age 59 ½, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account as a cash distribution, a direct rollover, or a combination of a cash and direct rollover distribution. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. A terminated participant with an account balance between \$1,000 and \$5,000 will automatically rolled into an IRA if no election is made within 60 days of termination. Upon death, a beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Investment Options

Participant and employer contributions may be invested in any manner desired by the participants in the funds offered by the Plan.

Notes Receivable from Participants

Participants may request a loan not to exceed the lesser of \$50,000 or 50% of the participant's vested balance. The minimum loan amount is \$1,000. Interest charged on such loans is one percent over the Prime Rate as compiled by the Federal Reserve. The interest rate on 2025 loans was 4.25% – 9.50%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 10 years. A participant may have no more than one outstanding loan at any one time.

Plan Termination

Gate City, by action of its Board of Directors or other governing body, may terminate the Plan as applicable to Gate City and its employees. All participants at the time of such termination shall be 100% vested in their accounts and shall be entitled to a benefit equal to the value of their accounts determined as of the valuation date (generally month end) following termination.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, realized gains and losses on investments that were bought, sold, and held during the year are included in net appreciation reflected in the statements of changes in net assets available for plan benefits. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions

Participant contributions and Gate City matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Payments of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or Gate City, as provided by the Plan Document. Expenses that are paid directly by Gate City are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Gate City Bank Retirement Savings Plan

Notes to Financial Statements

December 31, 2025 and 2024

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The fair value for mutual funds and money market are valued at the quoted net asset value (NAV) of shares held by the Plan at year-end. Mutual funds and money markets held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The common collective fund is valued at fair value based on the NAV of the observable market prices of the underlying assets within that account less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

2025				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$94,553,556	\$ -	\$ -	\$94,553,556
Money Market	3,548,845	-	-	\$3,548,845
Common Collective Trust	-	141,252	-	141,252
Total assets at fair value	\$98,102,401	\$141,252	\$ -	\$98,243,653

2024				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$75,231,167	\$ -	\$ -	\$75,231,167
Money Market	3,784,412	-	-	\$3,784,412
Common Collective Trust	-	85,642	-	85,642
Total assets at fair value	\$79,015,579	\$85,642	\$ -	\$79,101,221

Note 4 - Information Certified by the Plan Trustee

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information, certified as complete and accurate by the trustee of the fund, Fidelity Management Trust Company.

The Plan trustee has certified its statement of accounts as of December 31, 2025 and 2024, and for the years then ended. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and all related activity during the period, including investment earnings and interest income on notes receivable from participants.

Note 5 - Plan Amendments –

Effective September 15, 2025, the Plan sponsor implemented changes to the Plan's investment lineup, including the addition and removal of certain investment options and the conversion of target-date funds to a different share class. The Plan was also updated to incorporate provisions under SECURE 2.0.

Beginning in 2025, participants ages 60–63 were eligible to make enhanced catch-up contributions. Starting in 2026, participants with prior-year earnings of \$150,000 or more (indexed) were required to make catch-up contributions on a Roth basis. The Plan did not adopt the optional self-certification distribution provisions

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, a money market mutual fund, and units of a common collective fund managed by Fidelity Management Trust Company, the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 7 - Tax Status

The Plan uses a Pre-Approved plan document sponsored by Fidelity Management and Research Company, which received an advisory letter from the IRS, dated June 30th, 2020, stating that the Pre-Approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and the Pre-Approved plan document has been amended since receiving the advisory letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	<u>2025</u>	<u>2024</u>
Net assets available for benefits per the financial statements	\$98,973,856	\$79,652,074

Independent Auditor's Report

The Board of Directors and the 401(k) Committee
Gate City Bank Retirement Savings Plan
Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gate City Bank Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Gate City Bank (Gate City) and its wholly owned subsidiaries and was established to provide eligible employees with a share in the profits of Gate City and to encourage employees to adopt a retirement program. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The 401(k) committee determines the appropriateness of the Plans investment offerings, and monitors investment performance.

Eligibility

All employees of Gate City that are over 18 years of age are eligible to participate immediately upon hire.

Contributions

Each year participants are allowed to contribute from 1% to 90% of their Basic (pretax) annual compensation to the Plan, as defined in the Plan document. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Gate City will match 100% of the participant's contribution to a maximum employer contribution of 6% of their basic compensation. Should Gate City be unable to generate sufficient net profits, Gate City's contribution can be limited to that amount made from available net profits. The Plan also allows employees to contribute 100% of their after-tax compensation to the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

In addition to its matching contribution, Gate City may, at its sole discretion, make additional contributions to the Plan. There were no additional contributions made in 2025 and 2024.

Vesting

Employee contributions, including any earnings and gains attributed to such contributions, are fully vested. Vesting in Gate City's non-elective and matching contributions are based on continuous years of service, becoming 20% vested after one year of service and vesting an additional 20% each year until becoming 100% vested after five years of service. Non-vested Gate City contributions are subject to forfeiture twelve months subsequent to termination by reasons other than retirement, disability, or death of the participant.

Forfeitures

Forfeitures are used to reduce the amount of future contributions made by Gate City or to reduce the amount of plan expenses paid by Gate City. In 2025 and 2024, \$128,466 and \$111,555, respectively, in forfeitures were used to reduce plan contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Gate City's matching contribution, as well as an allocation of the Gate City's discretionary contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by their Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of employment, death, disability, hardship, age 59 ½, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account as a cash distribution, a direct rollover, or a combination of a cash and direct rollover distribution. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. A terminated participant with an account balance between \$1,000 and \$5,000 will automatically rolled into an IRA if no election is made within 60 days of termination. Upon death, a beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Investment Options

Participant and employer contributions may be invested in any manner desired by the participants in the funds offered by the Plan.

Notes Receivable from Participants

Participants may request a loan not to exceed the lesser of \$50,000 or 50% of the participant's vested balance. The minimum loan amount is \$1,000. Interest charged on such loans is one percent over the Prime Rate as compiled by the Federal Reserve. The interest rate on 2025 loans was 4.25% – 9.50%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 10 years. A participant may have no more than one outstanding loan at any one time.

Plan Termination

Gate City, by action of its Board of Directors or other governing body, may terminate the Plan as applicable to Gate City and its employees. All participants at the time of such termination shall be 100% vested in their accounts and shall be entitled to a benefit equal to the value of their accounts determined as of the valuation date (generally month end) following termination.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, realized gains and losses on investments that were bought, sold, and held during the year are included in net appreciation reflected in the statements of changes in net assets available for plan benefits. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions

Participant contributions and Gate City matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Payments of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or Gate City, as provided by the Plan Document. Expenses that are paid directly by Gate City are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2025 and 2024

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The fair value for mutual funds and money market are valued at the quoted net asset value (NAV) of shares held by the Plan at year-end. Mutual funds and money markets held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The common collective fund is valued at fair value based on the NAV of the observable market prices of the underlying assets within that account less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

2025				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$94,553,556	\$ -	\$ -	\$94,553,556
Money Market	3,548,845	-	-	\$3,548,845
Common Collective Trust	-	141,252	-	141,252
Total assets at fair value	\$98,102,401	\$141,252	\$ -	\$98,243,653

2024				
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$75,231,167	\$ -	\$ -	\$75,231,167
Money Market	3,784,412	-	-	\$3,784,412
Common Collective Trust	-	85,642	-	85,642
Total assets at fair value	\$79,015,579	\$85,642	\$ -	\$79,101,221

Note 4 - Information Certified by the Plan Trustee

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information, certified as complete and accurate by the trustee of the fund, Fidelity Management Trust Company.

The Plan trustee has certified its statement of accounts as of December 31, 2025 and 2024, and for the years then ended. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and all related activity during the period, including investment earnings and interest income on notes receivable from participants.

Note 5 - Plan Amendments –

Effective September 15, 2025, the Plan sponsor implemented changes to the Plan's investment lineup, including the addition and removal of certain investment options and the conversion of target-date funds to a different share class. The Plan was also updated to incorporate provisions under SECURE 2.0.

Beginning in 2025, participants ages 60–63 were eligible to make enhanced catch-up contributions. Starting in 2026, participants with prior-year earnings of \$150,000 or more (indexed) were required to make catch-up contributions on a Roth basis. The Plan did not adopt the optional self-certification distribution provisions

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, a money market mutual fund, and units of a common collective fund managed by Fidelity Management Trust Company, the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 7 - Tax Status

The Plan uses a Pre-Approved plan document sponsored by Fidelity Management and Research Company, which received an advisory letter from the IRS, dated June 30th, 2020, stating that the Pre-Approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and the Pre-Approved plan document has been amended since receiving the advisory letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:
