(1) Name: **ROGERS & COMPANY PLLC**

(2) EIN: **58-2676261**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
NAMI 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the NAMI 403(b) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i — Schedule of Assets (Held at End of Fiscal Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NAMI 403(b) Plan

Notes to Financial Statements
December 31, 2025 and 2024

1. Plan Description

The following description of the NAMI 403(b) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code (IRC). The National Alliance on Mental Illness (NAMI) amended and restated the Plan, which was originally adopted on January 1, 1993. The effective date of this amended Plan was July 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On June 26, 2020, NAMI amended the Plan document to update NAMI’s new office address. Additionally, the plan year was changed from a fiscal year end of June 30 to a calendar year end of December 31. A short plan year began on July 1, 2020, and ended on December 31, 2020. The Plan’s first full calendar year began on January 1, 2021.

Eligibility

The Plan is available to all employees, who work 20 hours or more per week, of NAMI immediately following employment, as there are no age or service requirements defined in the Plan. Only employees who have completed one year of service, as defined by the Plan, are eligible to receive contributions made by NAMI.

Contributions

NAMI contributes a fixed amount equal to 4.5% of an employee’s eligible compensation, as defined in the Plan document. Participants may also elect to contribute a percentage of their compensation, not to exceed the statutory limit. Participants direct the investment of their funds into various investment options offered by the Plan. The Plan offers fixed and variable annuity funds, as well as a variety of mutual funds, sponsored by the Plan’s custodian. Participants may change their investment elections at any time.

1. Plan Description (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, NAMI's contributions, rollover contributions, allocations of the Plan's earnings and losses, and is charged with an allocation of administrative expenses, if applicable. Earnings and losses are allocated by fund based on the ratio of a participant's account balance in a particular fund to all participants' account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in the benefits arising from contributions made under this Plan. Such amounts are non-forfeitable.

Notes Receivable from Participants

Participants may borrow from their fund accounts from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in a participant's account and bear interest at rates that commensurate with local prevailing rates. Loan terms range from one to five years to up to 10 years for the purchase of a primary residence. Payments of principal and interest are due monthly. As of December 31, 2025 and 2024, participants had \$12,067 and \$30,287, respectively, of loans outstanding, which are administered by Principal Trust Company ("Principal"), a Plan custodian.

Payment of Benefits

Upon retirement, disability, resignation, or termination, a participant, or his or her beneficiary in the event of the participant's death, is entitled to receive, as of his or her determination date, an amount equal to the vested portion of the participant's account, determined in either a lump-sum payment or under various installment payment arrangements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements and supplementary schedule are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from estimated amounts.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the fiscal year.

NAMI 403(b) Plan

Notes to Financial Statements
December 31, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at the notes' unpaid principal balance, plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Delinquent loans are those for which any scheduled repayment remains unpaid at the end of the year specified in the loan procedures, and any loans for which there is an outstanding principal balance existing after the last scheduled repayment date.

Notes receivable from participants are exempt from the credit loss guidance in Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2016-13, *Financial Instruments – Credit Losses* (Topic 326), *Measurement of Credit Losses on Financial Instruments*; therefore, no allowance for credit losses has been recorded at December 31, 2025 and 2024.

Excess Contributions Payable

There were no excess contributions for the years ended December 31, 2025 and 2024.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in the fair value of investments.

Subsequent Events

In preparing these financial statements, the Plan Administrator has evaluated events and transactions for potential recognition or disclosure through July 13, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, for its financial assets. This standard establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value measurement standards require an entity to maximize the use of observable inputs (such as quoted prices in active markets) and minimize the use of unobservable inputs (such as appraisals or other valuation techniques) to determine fair value. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the entity's perceived risk of that instrument.

The inputs used in measuring fair value are categorized into three levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and liabilities and have the highest priority. Level 2 is based upon observable inputs other than quoted market prices, and Level 3 is based on unobservable inputs. To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan recognizes any such transfers between levels at the end of the reporting year.

The following section describes the valuation methodologies the Plan uses to measure its assets at fair value:

Money market fund: The money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at the end of the fiscal year. Accordingly, these investments are classified within Level 1 of the fair value hierarchy.

Mutual funds: Mutual funds consist of TIAA-CREF mutual funds, and Principal mutual funds, and are valued at the published NAV per share, which is the quoted market price in an active market. Accordingly, these investments are classified within Level 1 of the fair value hierarchy.

Pooled separate account: The pooled separate account consists of the TIAA Real Estate Account which is valued at its daily unit value, which is based primarily on the appraised value of the underlying real estate investments together with the value of cash and other investments held by the fund. Because the unit value is derived from observable market-based inputs and appraised values rather than quoted prices in active markets for identical assets, the investment is classified within Level 2 of the fair value hierarchy.

NAMI 403(b) Plan

Notes to Financial Statements
December 31, 2025 and 2024

3. Fair Value Measurements (continued)

Variable annuity accounts: Variable annuity accounts consist of CREF variable annuity separate accounts. These investments are valued using the published daily accumulation unit values, which represent the net asset value of the underlying separate accounts. The underlying investments consist principally of domestic and international equity securities, fixed-income securities, and short-term investments in accordance with each account's investment objectives. The accumulation unit values are determined daily and are classified within Level 1 of the fair value hierarchy because they are based on observable market prices.

Fixed annuity contracts: The fixed annuity contracts consist of the TIAA Traditional Annuity. The fair value of the TIAA Traditional Annuity equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. Within the TIAA Traditional Annuity, unbiased transactions regularly occur and the participants deem the value of a TIAA Traditional Annuity contract to be no less than the participant's accumulated balance. As these investments are contract based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3).

The preceding valuation methods could produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 89,322	\$ -	\$ -	\$ 89,322
Mutual funds	15,245,823	-	-	15,245,823
Pooled separate account	-	61,585	-	61,585

Fixed annuity contracts	-	-	684,390	684,390

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 84,451	\$ -	\$ -	\$ 84,451
Mutual funds	12,009,905	-	-	12,009,905
Pooled separate account	-	65,853	-	65,853
Variable annuity account	3,776,243	-	-	3,776,243
Fixed annuity contracts	-	-	693,646	693,646
Total investments	<u>\$ 15,870,599</u>	<u>\$ 65,853</u>	<u>\$ 693,646</u>	<u>\$ 16,630,098</u>

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

	TIAA Traditional Non-Benefit Responsive
Balance, beginning of year	\$ 693,646
Sales	(36,863)
Realized gain	18,411
Unrealized gain	<u>9,196</u>
Balance, end of year	<u>\$ 684,390</u>

The unrealized gain of \$9,196 reflected above relates to assets still held at December 31, 2025.

3. Fair Value Measurements (continued)

Quantitative Information about Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2025 and 2024, and the significant unobservable inputs and the ranges of values for those inputs:

Type	Fair Value	Valuation Technique	Unobservable Inputs	Ranges
<u>2025:</u>				
TIAA Traditional Non-Benefit Responsive	\$ 684,390	Discounted cash flow	Risk-adjusted discount rate applied	RA: 3.65%-6.50% SRA: 3.00%-5.75% GRA: 3.65%-6.50% GSRA: 3.00%-5.75% RC: 3.90%-6.75% RCP: 3.15%-6.00%
<u>2024:</u>				
TIAA Traditional Non-Benefit Responsive	\$ 693,646	Discounted cash flow	Risk-adjusted discount rate applied	RA: 3.25%-4.75% SRA: 3.00%-4.00% GRA: 3.25%-4.75% GSRA: 3.00%-4.00% RC: 3.60%-5.10% RCP: 2.85%-4.35%

In estimating fair value of the Level 3 investments, management uses third-party pricing sources. In substantiating the reasonableness of the pricing data provided by third parties, management evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

4. Individual Annuity Contracts with Insurance Companies

TIAA-CREF Traditional Annuity

Each participant maintains an individual annuity contract with TIAA-CREF. As part of the contracts, TIAA-CREF maintains a portion of the contributions in a “guaranteed account,” which is called the Traditional Annuity. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA-CREF. The guaranteed minimum rate of interest is based on a formula established by TIAA-CREF and is between 1% and 3%. Any additional interest is not guaranteed. The Traditional Annuity does not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date.

Certain Traditional Annuity individual annuity contracts are considered to be non-benefit-responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account.

Certain Traditional Annuity individual annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump-sum liquidation value of the guaranteed account portion of the participant’s accumulation value shall be equal to the product of (a) the participant’s guaranteed account accumulation value of the liquidation date, reduced by the liquidation charge applicable on the liquidation date, and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

4. Individual Annuity Contracts with Insurance Companies (continued)

TIAA-CREF Traditional Annuity (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under IRC Section 401(a) or the failure of NAMI to be tax-exempt under IRC Section 501(a);
- Premature termination of the contracts;
- Plan termination or merger;
- Changes to the Plan's prohibition on competing investment options;
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract.

Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation or amendment to the agreements without proper consent.

4. Individual Annuity Contracts with Insurance Companies (continued)

Principal Fixed Income Guaranteed Option

The Plan has a fully benefit-responsive investment contract with Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account, the Principal Fixed Income Guaranteed Option. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. A plan-level surrender of the Plan's interest in the guaranteed investment contract or a plan-level initiated transfer will be subject to either a 12-month irrevocable advance notice or a 5% surrender charge, whichever the Plan Administrator chooses.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Under the terms of the contract, the crediting rate is currently reset on a semiannual basis. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- Amendments to the plan documents (including complete or partial plan termination or merger with another plan);
- Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
- The failure of NAMI to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

4. Individual Annuity Contracts with Insurance Companies (continued)

Principal Fixed Income Guaranteed Option (continued)

The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Party-in-Interest Transactions

Certain investments of the Plan are shares of registered investment companies (mutual funds) and are managed by TIAA-CREF and Principal, the Plan's custodians. Accordingly, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the recordkeeping and administrative services amounted to \$63,012 and \$50,549 for the years ended December 31, 2025 and 2024, respectively.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, NAMI has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA.

7. Information Certified by the Custodians

The Plan Administrator has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024.

Accordingly, TIAA-CREF and Principal, the custodians of the Plan assets, have certified to the completeness and accuracy of the investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024 and the supplementary schedule as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

8. Income Tax Status

Effective July 1, 2009, the Plan was amended to adopt a prototype plan sponsored by TIAA-CREF. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan's management has evaluated the Plan's tax positions and concluded that there are no significant uncertain tax positions that qualify for either recognition or disclosure in the accompanying financial statements.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
