Independent Auditor's Report

To the Plan Administrator
Fred Hutchinson Cancer Center Retirement Savings Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fred Hutchinson Cancer Center Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of the Fred Hutchinson Cancer Center Retirement Savings Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan agreements.

General - The Plan is a defined contribution plan sponsored by Fred Hutchinson Cancer Center (Fred Hutch) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of Fred Hutch. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration - The Plan is administered by Fred Hutch's Benefits Director. The custodians and recordkeepers of the Plan includes Fidelity Management Trust Company and Fidelity Workplace Services (collectively referred to as Fidelity), Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, (collectively referred to as TIAA), and Voya Retirement Insurance and Annuity Company (Voya). Fred Hutch remits ongoing contributions to Fidelity only.

Eligibility - Employees are eligible to make deferrals to the Plan on their date of hire. Eligible employees, as defined by the Plan, are entitled to employer contributions on the first day of the month following 12 months of service.

Contributions - Participants may elect to defer up to 80% of their eligible compensation as pre-tax or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollovers). The Plan includes a provision whereby all newly eligible employees are automatically enrolled at a 3% deferral rate unless they elect a different deferral rate or not to participate in the Plan. Automatically enrolled participants will have their deferral rate increase by 1% on November 1st of each year, up to a maximum of 10%, unless otherwise elected. Effective November 1, 2025, the plan was amended to increase the automatic enrollment rate to a 5% deferral rate unless the participant elects a different deferral rate or not to participate in the Plan and to increase the annual increase to a maximum of 15%, unless otherwise elected.

Eligible participants receive employer contributions of 7% of eligible compensation up to the Social Security wage base in effect on the first day of the plan year and 12% of compensation in excess thereof up to the IRC annual compensation limit. In addition, Fred Hutch may choose, but is not obligated, to contribute an additional 3% for full and associate professors and vice presidents and above. Fred Hutch elected to make this contribution for the year ended December 31, 2025.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of Fred Hutch's nonelective contributions, as well as Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting - Participants are immediately vested in all contributions and earnings thereon.

Note 1 - Continued

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested account or installment payments. Account balances held with TIAA can also be paid out in an annuity. Participants who have attained age 59½ may also elect to receive a distribution of all or any portion of their elective contributions and related earnings prior to termination of employment (in-service withdrawals). Additionally, participants who have attained age 59½ and are continuing in the service under the Fred Hutch phased retirement policy may elect to receive a distribution of all or any portion of their entire account, including nonelective employer contributions. The Plan allows for hardship withdrawals in accordance with provisions specified in the Plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Notes Receivable From Participants - Participants may borrow from their pre-tax, Roth, and rollover contribution account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. Loans are secured by the balance in the participant's account. Interest rates are set at 1% above the prime rate, as defined. Principal and interest are paid directly to Fidelity and TIAA.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Note 2 - Continued

Investment Management and Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Fred Hutch. Expenses that are paid by Fred Hutch are excluded from these financial statements. Transaction based fees for notes receivable from participants and benefit payments are charged directly to participant accounts. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Subsequent Events - The Plan's management has evaluated subsequent events through July 16, 2026, the date the financial statements were available to be issued.

Note 3 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Registered Investment Company Funds - Valued at the closing price as reported by the fund. Registered investment company funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds publish their daily net asset value (NAV) and transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Accounts primarily consist of registered investment company funds which are valued as previously described.

Pooled and Separate Accounts - CREF is a registered investment company and consists of eight accounts which fund variable annuity contracts issued by CREF. The fair values of accumulation units are based on each account's daily published NAV. Except for the CREF Money Market Account, NAV is based on the market value of each account's holdings determined by market quotations or prices obtained from independent pricing sources. The CREF Money Market Account is valued at amortized cost, which approximates fair value. Accumulation units are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business.

The TIAA Real Estate Account (REA) is a pooled separate account which funds variable annuity contracts issued by TIAA. The fair value of accumulation units is published daily and based on the market values of the underlying real estate properties determined by external appraisals, which are estimates of property based on a professional's opinion. The REA may also hold real estate-related marketable securities which are valued using independent pricing sources. Accumulation units are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

Non-Fully Benefit Responsive (Non-FBR) Insurance Contracts - Investments in Non-FBR insurance contracts are required to be reported at fair value; however, the Plan's financial statements reflect Non-FBR insurance contracts at their contract value. Contract value is the aggregation of contributions, plus interest, less any withdrawals. Reporting Non-FBR insurance contracts at contract value did not have a material effect on the Plan's financial statements as contract value approximates a discounted cash flow value (fair value) calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA's Traditional Annuity's historical crediting rates. Fair value is determined annually for financial statement reporting purposes. In determining the reasonableness of the methodology, the Plan's management evaluates a variety of factors including review of existing contracts, historical returns, market conditions, and overall credit ratings. Certain unobservable inputs are substantiated utilizing available market data (e.g., Treasury yields).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025 was as follows:

Purchases	$ 11,546,541
Issuances	$ -

Note 4 - Continued

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs, and the ranges of values for those inputs as of December 31, 2025 and 2024:

	Valuation Technique	Unobservable Inputs	December 31, 2025 Range (Average)	December 31, 2024 Range (Average)
TIAA Traditional Annuity (Non-FBR)	Discounted cash flow	Risk-adjusted discount rate applied	RA: 3.55% - 6.5% (4.0%) GRA: 3.55% - 6.5% (4.0%) RC: 3.8% - 6.75% (4.2%)	RA: 3.65% - 6.5% (4.0%) GRA: 3.65% - 6.5% (4.0%) RC: 3.9% - 6.75% (4.2%)

Note 5 - TIAA Traditional Annuity

The TIAA Traditional Annuity is an unallocated fixed annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA), Supplemental Retirement Annuities (SRA), Group Supplemental Retirement Annuities (GSRA), and Retirement Choice Annuities (RC). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

The TIAA Traditional Annuity is segregated into non-fully benefit and fully benefit responsive categories.

Investments in fully benefit responsive TIAA Traditional Annuity contracts are reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals and administrative expenses, if any. The SRA, and GSRA are considered fully benefit responsive. There are no liquidity restrictions for these contracts. There are no events that would limit the Plan from transacting at contract value with the issuer or that would allow issuers to terminate these fully benefit responsive investment contracts with the Plan and settle at an amount different from contract value. The contract value of the fully benefit responsive TIAA Traditional Annuity contracts is $13,420,036 and $14,224,651 as of December 31, 2025 and 2024, respectively.

As of May 1, 2012, new accounts were established for all active participants, which only include the RC. All participants in the pre-May 2012 legacy accounts are able to maintain their accumulations in that account, which includes the following annuity options: RA, GRA, SRA, and GSRA. While participants may reallocate accumulations among the available investment options including these annuities, they cannot make new contributions to the pre May 2012 legacy accounts.

Note 5 - Continued

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The RA contract does not allow lump sum cash withdrawals and transfers must be spread over ten annual installments. With the GRA and RC contracts, lump sum withdrawals are available within 120 days of termination of employment and are subject to a 2.5% surrender charge. All other withdrawal and transfers from GRA contracts must be spread over ten annual installments and RC withdrawals and transfers must be spread over an 84 month period (seven years) in monthly systematic payments.

Note 6 - Tax Status

Management has adopted a Fidelity Workplace Services LLC volume submitter 403(b) plan document. Fidelity Workplace Services LLC received an approval letter from the IRS dated August 7, 2017, which states that the form of the plan document satisfies the applicable provisions of Section 403(b) of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is designed, and is currently being operated, in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, Fred Hutch has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Certified Investments

Certain information in the accompanying financial statements and supplementary information related to investments held as of December 31, 2025 and 2024, and investment income or loss for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF"), qualified institutions. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 9 - Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity, TIAA, and CREF. Fidelity, TIAA, and CREF are custodians for the Plan and, therefore, transactions with such investments are party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 10 - Concentrations

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of the fixed annuity contracts issued by TIAA. These investments represent approximately 7% and 8% of total plan investments at December 31, 2025 and 2024, respectively. The Plan's management seeks to limit its credit exposure by working with high credit quality institutions.
