INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management
Reliance First Capital, LLC Employees Savings Trust
Melville, New York

Report on Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Reliance First Capital, LLC Employees Savings Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplementary Information Required by ERISA*

The supplementary information, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Reliance First Capital, LLC Employees Savings Trust (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering substantially all employees of Reliance First Capital, LLC (the Company or Plan sponsor) who have completed six months of service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's board of trustees is responsible for oversight of the Plan. The Plan's financial advisors determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Plan's board of trustees.

2. Contributions

Each year, participants may contribute before-tax and qualified Roth deferrals to the Plan, up to 100% of annual eligible compensation, as defined in the Plan documents. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their elective deferral percentages and may terminate their elective deferrals at any time. The Company may elect to make discretionary matching contributions and discretionary nonelective contributions each year. For the Plan year ending December 31, 2025, the Company matched 50% of the participant's deferred compensation up to a maximum of 4% of the participant's compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching and nonelective contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RELIANCE FIRST CAPITAL, LLC EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service, attaining age 65, dying while employed, or becoming disabled.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's vested account. The loan interest rate will be based on the Prime rate plus 2% on the date of the loan. Principal and interest is paid ratably through monthly payroll deductions.

6. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a specified period of time (annually, quarterly or monthly), not exceeding the participant's life expectancy or joint life expectancy with their designated beneficiary, or as part lump sum and part installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, hardship and in-service distributions are permitted if certain criteria are met.

7. Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$33,223 and \$48,251, respectively. These accounts will be used to pay future Plan or to reduce future employer contribution obligations. During 2025, Plan expenses were reduced by \$33,200 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as codified in the Financial Accounting Standards Board's (FASB) *Accounting Standards Codification* (ASC).

2. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying the notes. Actual results could materially differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for the fully benefit-responsive group annuity contract, which is valued at contract value at Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's financial advisors, trustees, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the statement of changes in net assets available for benefits and are expensed when they are incurred.

5. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable with a corresponding reduction to participant contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025. There were no material excess contributions payable at December 31, 2025.

6. Payment of Benefits

Benefits are recorded when paid.

7. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York (collectively, the Trustees).

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements* (ASC 820), defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not assumptions specific to the entity.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

RELIANCE FIRST CAPITAL, LLC EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used in 2025 and 2024 for assets measured at net asset value (NAV) as a practical expedient to estimate fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common/Collective Trusts (Collective Funds): Valued at the NAV of units held. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

Investments	Level 1	Level 2	Level 3	Total
Investments Measured at NAV ⁽¹⁾	\$ -	\$ -	\$ -	\$ 29,492,987

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description	Level 1	Level 2	Level 3	Total
Investments Measured at NAV ⁽¹⁾	\$ -	\$ -	\$ -	\$ 25,328,744

(1) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table sets forth the Plan's investment for which fair value is measured using the NAV per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2025	2024			
Collective Funds	\$ 29,492,987	\$ 25,328,744	None	Daily	12 months

Fair Value of Other Financial Instruments

Due to their short-term nature, the carrying value of short-term receivables and payables approximate their fair value as of December 31, 2025 and 2024.

NOTE 5 – GROUP ANNUITY CONTRACT WITH THE INSURANCE COMPANY

The Plan holds a traditional fully benefit-responsive group annuity contract with Empower Life & Annuity Insurance Company of New York (the Insurance Company) totaling \$1,300,661 and \$1,503,112 December 31, 2025 and 2024, respectively. The Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. During the year ended December 31, 2025, the actual average yield earned by the Plan for the benefit responsive fund was 2.60%. The crediting rate is reviewed on a quarterly basis for resetting. The group annuity contract does not permit the Insurance Company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

RELIANCE FIRST CAPITAL, LLC EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following:

- Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
- Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
- The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or
- Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; or
- A material amendment to the agreements without the consent of the issuer.

NOTE 6 – RISKS, UNCERTAINTIES AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such risk of foreign currency fluctuations relative to the U.S. Dollar, interest rate risk, credit risk, issuer going concern risk, and overall market volatility. During the year ended December 31, 2025, net appreciation in fair values of investments approximated \$3.82 million. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2025 and 2024, there were two investments, which individually represented more than 10% of net assets available for benefits.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustees and, therefore, these transactions qualify as party-in-interest transactions. Additionally, notes receivable from participants are considered party-in-interest transactions and are secured by the vested balances in the participants' accounts.

Effective January 2019, the Trustees provide certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and the Trustees. The Trustees receive revenue from mutual fund service providers for services the Trustees provide to the funds. This revenue is used to offset certain amounts owed to the Trustees for their administrative services to the Plan.

If the revenue received by the Trustees from such mutual fund service providers exceeds the amount owed under the MSA, the Trustees remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2025, the plan used \$63,122 of revenue sharing to pay for plan expenses. The Plan may make a payment to the Trustees for administrative expenses not covered by revenue sharing.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits, as they are paid through revenue sharing, rather than direct payment. The Company pays directly any other fees related to the Plan's operations. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 9 – TAX STATUS

The Plan adopted a prototype plan document sponsored by Empower Retirement, LLC (Empower). Empower received an opinion letter from the IRS, dated November 14, 2022, which states the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype plan received a determination letter, the Plan's management believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 – SUBSEQUENT EVENTS

Effective April 30, 2026, the Plan sponsor elected to terminate the Plan. Plan assets are to be liquidated and distributed in 2026 in accordance with instructions received from the Plan's participants. Prior to and upon the Plan's termination, participants were deemed to be 100% vested in their accounts.

The Plan's management has evaluated subsequent events through July 20, 2026, the date on which the financial statements were available to be issued.
