Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Rodey, Dickason, Sloan, Akin, and Robb, P.A. Employees' Tax-Deferred Retirement Plan and Trust an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Rodey, Dickason, Sloan, Akin, and Robb, P.A. Employees' Tax-Deferred Retirement Plan and Trust as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rodey, Dickason, Sloan, Akin, and Robb, P.A. Employees' Tax-Deferred Retirement Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rodey, Dickason, Sloan, Akin, and Robb, P.A. Employees' Tax-Deferred Retirement Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rodey, Dickason, Sloan, Akin, and Robb, P.A. Employees' Tax-Deferred Retirement Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rodey, Dickason, Sloan, Akin, and Robb, P.A. Employees' Tax-Deferred Retirement Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Rodey, Dickason, Sloan, Akin, and Robb, P.A.
Employees' Tax-Deferred Retirement Plan and Trust
Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Rodey, Dickason, Sloan, Akin, and Robb, P.A. Employees' Tax-Deferred Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement, as amended, for a more complete description of plan provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Rodey, Dickason, Sloan, Akin, and Robb, P.A., and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Rodey, Dickason, Sloan, Akin, and Robb, P.A. (the Company) is the Plan's sponsor and serves as Plan administrator.

The Plan is administered by the Company's Retirement Plans Committee, which is comprised of certain employees of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Committee serves as the Trustee of the Plan.

Eligibility – Employees of the Company are eligible to participate in the Plan when they have worked one hour. To be eligible for employer nonelective contributions, the employee must be employed on the last day of the Plan year and have worked at least 1,000 hours in the Plan year. An employee becomes a participant in the Plan as of the Plan entry date, which will be the first day of the Plan year quarter coinciding with or next following the date that eligibility requirements are met.

Contributions – Participants can make contributions to the Plan through a salary reduction plan under the provisions of Section 401(k) of the Internal Revenue Code. Contribution amounts designated as a tax-deferred contribution by a participant shall not exceed the lesser of a percentage of compensation designated by the Plan Administrator or annual limits set by the Internal Revenue Service. The participants' contributions are 100% vested. The employer may make discretionary employer profit-sharing contributions and employer matching contributions, as defined by the Plan. Each year profit-sharing contributions may be paid from net profits of the employer at the discretion of the Board of Directors. The matching employer contributions are limited to 50% of each participant's deferred compensation during the year pursuant to the tax-deferred savings agreement, not to exceed 6% of participants' eligible compensation.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Each participant's account is credited quarterly with the participant's contributions and quarterly plan earnings net of participant account fees. Employer contributions are allocated annually to each participant's account. Allocations are based on participants' compensation, elective deferrals, or account balances, as defined by the Plan. Participants do not direct their own investments in the Plan. The Plan's investments are selected based on the Plan's investment policies and objectives as adopted and approved by the Retirement Plan Committee for its investment portfolio.

Vesting – Participants are immediately vested in their contributions and the employer's matching contributions. The vesting percentage in the participant's account attributable to discretionary profit-sharing contributions is on a six-year graded schedule. The participants are fully vested after six years of credited service.

Rodey, Dickason, Sloan, Akin, and Robb, P.A.
Employees' Tax-Deferred Retirement Plan and Trust
Notes to Financial Statements

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2025, the rates of interest on outstanding loans range from 9.00% to 10.50% with various maturities through November 2030.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may but need not elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a life annuity will be established. For termination of service for other reasons, a participant may but need not receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are treated as an employer nonelective contribution for the Plan year in which the forfeiture occurs, as if the participant forfeiture were an additional nonelective contribution for that Plan year. Forfeited nonvested accounts totaled \$33,668 and \$29,303 as of December 31, 2025 and 2024, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e. the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the plan agreement.

Rodey, Dickason, Sloan, Akin, and Robb, P.A.
Employees' Tax-Deferred Retirement Plan and Trust
Notes to Financial Statements

Payments of benefits – Benefits are recorded when paid.

Expenses – All trust and administrative expenses are paid by the Plan.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Subsequent events – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through July 22, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Rodey, Dickason, Sloan, Akin, and Robb, P.A.
Employees' Tax-Deferred Retirement Plan and Trust
Notes to Financial Statements

Collective trusts – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. CTs can be redeemed daily, and there are no redemption restrictions or notice requirements.

Registered investment companies (mutual funds) – Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Interest bearing cash (money market funds) – Money market accounts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

In determining the reasonableness of the valuation methodology for the Plan's hedge fund the Retirement Plan Committee evaluates along with its investment advisors, a variety of factors, including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, benchmarks, NAV of audited financial statements).

Assets measured at NAV – Practical Expedient – The State Street S&P Global Midcap Natural Resources Index and State Street MSCI EAFE Index Non-Lending Fund is managed by State Street Global Advisors Trust Company and uses an indexing strategy and invests in securities that will be in the same proportion as are represented in the index. The funds' objective is to seek an investment return that approximates as closely practicable, before expenses, the performance of the fund over the long term. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding.

The Wellington Core Bond is a bond and objective is to provide long-term total return in excess of the US bond market as represented by the Bloomberg US Aggregate Bond index by investing principally in the Wellington Trust CIF II Core Bond Portfolio. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Redemption of shares is permitted at of the close of business on the last day of each day.

The JP Morgan IIF ERISA Hedged LP is a fund which consists of fund investor vehicles and objective is to invest in a broad range of infrastructure and infrastructure-related assets located in various countries, who in turn, invest in infrastructure-related assets. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Redemption of shares is permitted at of the close of business on the last day of each day.

The One River Risk Responders is a hedge fund whereby the fund invests substantially all of its capital in a single entity, which is an exempted company incorporated under the laws of the Cayman Islands. The objective of the One River Risk Responders fund is to make investments through a leveraged, risk balanced allocation to three distinct strategies. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Redemption of shares is permitted at of the close of business on the last day of each day.

The Morgan Stanley Prime Property Fund is a real estate investment trust and objective is to acquire, own, hold for investment and ultimately dispose of investments in real estate and real estate related assets with the intention of achieving current income, capital appreciation or both. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Redemption of shares is permitted at of the close of business on the last day of each day.

The Driehaus Emerging CIT is a collective trust and objective is to seek to maximize capital appreciation by investing primarily in equity securities of emerging markets companies. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Redemption of shares is permitted at of the close of business on the last day of each day.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose by level, the fair value hierarchy, of the Plan's assets at fair value:

Note 4 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the volume submitter plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

Note 6 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 7 – Party-In-Interest Transactions

Certain plan investments included in the financial statements are managed by Midwest Institutional Trust Services, the recordkeeper for the Plan. Transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$58,983 and \$51,919, respectively, for the years ended December 31, 2025 and 2024.
