INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
PMG Services, Inc. Thrift and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PMG Services, Inc. Thrift and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PMG SERVICES, INC. THRIFT AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - PLAN DESCRIPTION

The following description of the PMG Services, Inc. Thrift and Profit Sharing (the “Plan”) is provided for general information purposes only. More complete information regarding items such as vesting, benefit provisions and plan termination may be found in the Plan document which is available to all participants upon request.

General: The Plan is a tax qualified defined contribution plan covering substantially all employees of PMG Services, Inc. (the “Company”) and the employees of the professional associations whose operations are consolidated with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration: The Plan is administered by certain employees of the Company (the “Plan Administrator”). The Plan’s assets are maintained by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan, for the years ended December 31, 2025 and 2024. Fidelity Investments Institutional Operations Company, Inc. is the record keeper of the Plan. OneDigital Investment Advisors serves as an independent investment advisor to the Plan Administrator.

Eligibility: An employee becomes eligible to participate in the Plan immediately after having attained age 21.

Contributions: The Company may, at the discretion of its Board of Directors, contribute for each participant employed on the last day of the plan year a matching contribution determined annually based on a percentage of the participant’s pre-tax or Roth contributions. The Company matched up to 4% of the participants’ eligible compensation for the year ended December 31, 2025. In addition, the Company may also make discretionary profit sharing contributions to the Plan at amounts determined at the end of the Plan year by the Board of Directors. The Company did not make profit sharing contributions for the 2025 Plan year.

Participants may elect to make voluntary pre-tax and/or Roth contributions up to 60 percent of eligible annual compensation including regular salary and wages, overtime pay, bonuses and commissions through payroll deductions, subject to certain Internal Revenue Code (“IRC”) limitations as defined below. Such contributions are excluded from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The maximum pre-tax contributions permitted for the year ended December 31, 2025 was \$23,500. In addition to any pre-tax contributions, participants may make after tax contributions, not to exceed 100 percent of the participant’s compensation, subject to IRC Section 415 limitations. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch-up contributions. For the 2025 Plan year, participants age 50 or older may make catch-up contributions of up to \$7,500. Participants who attain ages 60 through 63 during the 2025 calendar year may make increased catch-up contributions of up to \$11,250, as permitted under the Plan.

Participant Accounts: Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s discretionary contributions and (b) the Plan’s earnings and losses. Allocation of the Plan’s earnings or losses in each investment option are made to the individual participant’s account based on the ratio of each participant’s current account balance in the respective investment option to total Plan participants’ account balances in the respective investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - PLAN DESCRIPTION (Continued)

Investment Options: Upon enrollment in the Plan, a participant may direct contributions to the Plan into any of the available investment options.

The Plan stopped accepting new contributions and exchanges to the Pediatrix Medical Group Stock Fund in 2008. Any assets in the stock fund at that time remain there unless the participant transfers them to other investment alternatives.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the portion of their accounts related to the Company's contribution plus related earnings is based on years of credited service. A participant is fully vested after three years of credited service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	30%
2	60%
3	100%

Payment of Benefits: Upon normal retirement, death, disability or termination, participants with balances equal to or exceeding \$1,000, may elect to receive their vested account balance as a lump-sum distribution; or have their account balance transferred to an individual retirement account or other qualified plan. If the participants' balances are lower than \$1,000, they will be automatically distributed as a lump-sum upon termination. In-service withdrawals are allowed for participants for hardship purposes or upon reaching the age of 59 ½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging between 4.25% and 9.50%, as determined by the Plan Administrator. Repayments of principal and interest are credited back to the participant's account through payroll deductions on at least a quarterly basis. The term of the loan must not exceed five years, except for qualified home loans, which must not exceed ten years.

Forfeitures: Forfeitures of the non-vested portion of participant's account balances related to the Company's contributions may be used to offset future Company contributions. The December 31, 2025 and 2024 employer contributions receivable is reported net of \$970,586 and \$849,858, respectively, in forfeitures used subsequent to year end. Forfeitures held in the Plan and available to offset future Company contributions were approximately \$951,201 and \$794,300 at December 31, 2025 and 2024, respectively.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and certain broker fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Broker fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other costs incurred in administering the Plan are paid by the Company which includes legal, accounting, trustee, and investment management fees and are excluded from these financial statements. Total amounts paid by the Company during 2025 were approximately \$47,873.

PMG SERVICES, INC. THRIFT AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - PLAN DESCRIPTION (Continued)

Plan Termination: While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100 percent vested in their accounts, including all employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Valuation of Investments and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balance. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS AND DISCLOSURES

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Company Common Stock: The fair values of Pediatrix Medical Group, Inc. common stock, are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Self-Directed Brokerage Account: The self-directed brokerage account is invested in mutual funds, common stock, preferred stock, U.S. Treasury securities, corporate bonds, and certificates of deposit. The fair values of the mutual fund investments are based upon the methods and assumptions previously disclosed (Level 1 inputs). The fair values of the common stock are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs). The fair values of preferred stock are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs) and by obtaining the closing price determined based on observable market data as reported on the market in which the individual securities are traded (Level 2 inputs). The U.S. Treasury securities fair values reflect the closing price reported in the active market in which the security is traded (Level 1 inputs). The corporate bonds are valued based on pricing information obtained from an independent pricing vendor. The pricing vendor uses pricing models with inputs derived from market observable resources considered by management to be reliable (Level 2). The certificates of deposit are valued based on observable broker quotes (Level 2 inputs).

NOTE 4 - FAIR VALUE MEASUREMENTS AND DISCLOSURES (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are set forth by level, within the fair value hierarchy, below:

Fair Value Measurements at December 31, 2025 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the prototype document written by Fidelity Management & Research Company and adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan invests in shares of mutual funds issued by Fidelity Investments in the self-directed brokerage account managed by Fidelity Brokerage Services, an affiliate of Fidelity Management Trust Company (FMTC), the Plan trustee. Transactions in such investments and the Plan's payment of record keeping and investment management fees to FMTC and Fidelity Investments qualify as party-in-interest transactions.

As of December 31, 2025 and 2024, the Plan held 48,338 and 63,578 shares of Pediatrix Medical Group, Inc. common stock, respectively, that was previously an investment option as discussed in Note 1. The fair value of the Pediatrix Medical Group, Inc. common stock as of December 31, 2025 and 2024 is \$1,033,950 and \$834,143, respectively. No dividend income was recognized during 2025 from this related-party investment. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through July 17, 2026, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
PMG Services, Inc. Thrift and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PMG Services, Inc. Thrift and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PMG SERVICES, INC. THRIFT AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - PLAN DESCRIPTION

The following description of the PMG Services, Inc. Thrift and Profit Sharing (the “Plan”) is provided for general information purposes only. More complete information regarding items such as vesting, benefit provisions and plan termination may be found in the Plan document which is available to all participants upon request.

General: The Plan is a tax qualified defined contribution plan covering substantially all employees of PMG Services, Inc. (the “Company”) and the employees of the professional associations whose operations are consolidated with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration: The Plan is administered by certain employees of the Company (the “Plan Administrator”). The Plan’s assets are maintained by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan, for the years ended December 31, 2025 and 2024. Fidelity Investments Institutional Operations Company, Inc. is the record keeper of the Plan. OneDigital Investment Advisors serves as an independent investment advisor to the Plan Administrator.

Eligibility: An employee becomes eligible to participate in the Plan immediately after having attained age 21.

Contributions: The Company may, at the discretion of its Board of Directors, contribute for each participant employed on the last day of the plan year a matching contribution determined annually based on a percentage of the participant’s pre-tax or Roth contributions. The Company matched up to 4% of the participants’ eligible compensation for the year ended December 31, 2025. In addition, the Company may also make discretionary profit sharing contributions to the Plan at amounts determined at the end of the Plan year by the Board of Directors. The Company did not make profit sharing contributions for the 2025 Plan year.

Participants may elect to make voluntary pre-tax and/or Roth contributions up to 60 percent of eligible annual compensation including regular salary and wages, overtime pay, bonuses and commissions through payroll deductions, subject to certain Internal Revenue Code (“IRC”) limitations as defined below. Such contributions are excluded from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The maximum pre-tax contributions permitted for the year ended December 31, 2025 was \$23,500. In addition to any pre-tax contributions, participants may make after tax contributions, not to exceed 100 percent of the participant’s compensation, subject to IRC Section 415 limitations. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch-up contributions. For the 2025 Plan year, participants age 50 or older may make catch-up contributions of up to \$7,500. Participants who attain ages 60 through 63 during the 2025 calendar year may make increased catch-up contributions of up to \$11,250, as permitted under the Plan.

Participant Accounts: Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s discretionary contributions and (b) the Plan’s earnings and losses. Allocation of the Plan’s earnings or losses in each investment option are made to the individual participant’s account based on the ratio of each participant’s current account balance in the respective investment option to total Plan participants’ account balances in the respective investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - PLAN DESCRIPTION (Continued)

Investment Options: Upon enrollment in the Plan, a participant may direct contributions to the Plan into any of the available investment options.

The Plan stopped accepting new contributions and exchanges to the Pediatrix Medical Group Stock Fund in 2008. Any assets in the stock fund at that time remain there unless the participant transfers them to other investment alternatives.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the portion of their accounts related to the Company's contribution plus related earnings is based on years of credited service. A participant is fully vested after three years of credited service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	30%
2	60%
3	100%

Payment of Benefits: Upon normal retirement, death, disability or termination, participants with balances equal to or exceeding \$1,000, may elect to receive their vested account balance as a lump-sum distribution; or have their account balance transferred to an individual retirement account or other qualified plan. If the participants' balances are lower than \$1,000, they will be automatically distributed as a lump-sum upon termination. In-service withdrawals are allowed for participants for hardship purposes or upon reaching the age of 59 ½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. The loans are collateralized by the balance in the participant's account and bear interest at rates ranging between 4.25% and 9.50%, as determined by the Plan Administrator. Repayments of principal and interest are credited back to the participant's account through payroll deductions on at least a quarterly basis. The term of the loan must not exceed five years, except for qualified home loans, which must not exceed ten years.

Forfeitures: Forfeitures of the non-vested portion of participant's account balances related to the Company's contributions may be used to offset future Company contributions. The December 31, 2025 and 2024 employer contributions receivable is reported net of \$970,586 and \$849,858, respectively, in forfeitures used subsequent to year end. Forfeitures held in the Plan and available to offset future Company contributions were approximately \$951,201 and \$794,300 at December 31, 2025 and 2024, respectively.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and certain broker fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Broker fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other costs incurred in administering the Plan are paid by the Company which includes legal, accounting, trustee, and investment management fees and are excluded from these financial statements. Total amounts paid by the Company during 2025 were approximately \$47,873.

NOTE 1 - PLAN DESCRIPTION (Continued)

Plan Termination: While the Company has not expressed any intent to terminate the Plan, it reserves the right at any time to amend, modify or terminate the Plan without the consent of any participant or beneficiary. In the event of such termination, the Plan provides that the participants shall become 100 percent vested in their accounts, including all employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Valuation of Investments and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balance. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS AND DISCLOSURES

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Company Common Stock: The fair values of Pediatrix Medical Group, Inc. common stock, are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Self-Directed Brokerage Account: The self-directed brokerage account is invested in mutual funds, common stock, preferred stock, U.S. Treasury securities, corporate bonds, and certificates of deposit. The fair values of the mutual fund investments are based upon the methods and assumptions previously disclosed (Level 1 inputs). The fair values of the common stock are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs). The fair values of preferred stock are determined by obtaining quoted prices from a nationally recognized exchange (Level 1 inputs) and by obtaining the closing price determined based on observable market data as reported on the market in which the individual securities are traded (Level 2 inputs). The U.S. Treasury securities fair values reflect the closing price reported in the active market in which the security is traded (Level 1 inputs). The corporate bonds are valued based on pricing information obtained from an independent pricing vendor. The pricing vendor uses pricing models with inputs derived from market observable resources considered by management to be reliable (Level 2). The certificates of deposit are valued based on observable broker quotes (Level 2 inputs).

NOTE 4 - FAIR VALUE MEASUREMENTS AND DISCLOSURES (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are set forth by level, within the fair value hierarchy, below:

Fair Value Measurements at December 31, 2025 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the prototype document written by Fidelity Management & Research Company and adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan invests in shares of mutual funds issued by Fidelity Investments in the self-directed brokerage account managed by Fidelity Brokerage Services, an affiliate of Fidelity Management Trust Company (FMTC), the Plan trustee. Transactions in such investments and the Plan's payment of record keeping and investment management fees to FMTC and Fidelity Investments qualify as party-in-interest transactions.

As of December 31, 2025 and 2024, the Plan held 48,338 and 63,578 shares of Pediatrix Medical Group, Inc. common stock, respectively, that was previously an investment option as discussed in Note 1. The fair value of the Pediatrix Medical Group, Inc. common stock as of December 31, 2025 and 2024 is \$1,033,950 and \$834,143, respectively. No dividend income was recognized during 2025 from this related-party investment. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through July 17, 2026, which is the date the financial statements were available to be issued.
