INDEPENDENT AUDITOR'S REPORT

To the Trustees
Porterville Citrus, Inc. Employee Stock Ownership Plan
Terra Bella, California

Opinion
We have audited the financial statements of **Porterville Citrus, Inc. Employee Stock Ownership Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

300 New Stine Road – Bakersfield, CA 93309 – Tel. 661.834.7411 – Fax.661.834.4839 – www. dpvb.com

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PORTERVILLE CITRUS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following brief description of the **Porterville Citrus, Inc. Employee Stock Ownership Plan** ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General: Porterville Citrus, Inc. ("the Company") established the Plan effective as of January 1, 2010. As of October 10, 2016, the Plan was amended and operates, in relevant part, as an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of Internal Revenue Code of 1986 (IRC), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was historically a leveraged ESOP; however, the acquisition debt was fully satisfied during the year ended December 31, 2024. Consequently, the Plan operated entirely as an unleveraged ESOP during the year ended December 31, 2025. The Plan is administered by the Plan Administrator appointed by the Company's board of directors. The trust department of an independent third-party bank is the Plan's trustee.

On February 18, 2010, the Plan purchased 2,000,000 shares of the Company's common stock using the proceeds from a note with the Company and holds the common stock in a trust established under the Plan. The stock was purchased at a price of $1.25 per share, for an aggregate purchase price of $2,500,000.

Eligibility: Employees of the Company are generally eligible to participate in the Plan after they have worked 1,000 hours during the Plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions: Following the final satisfaction of the acquisition debt in the year ended December 31, 2024, the Company is no longer obligated to make cash contributions. Contributions are discretionary as determined annually by the Company's Board of Directors. Employee contributions are not permitted.

Payment of benefits: Distributions on account of death, disability or retirement are made in substantially equal periodic installments over a five-year period. Distributions for other separations from service commence in the sixth Plan year following the separation from service and are made in five annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash, or at the discretion of the Plan Administrator in Company stock, which must immediately be sold to the Company. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Administrative expenses: As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

Voting rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant.

NOTES TO FINANCIAL STATEMENTS

Participant accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock derived from corporate contributions and shares received through trust recycling and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting: If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20 percent per year of service after the first year and are 100 percent vested after six years of service.

Put option: Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of up to five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution, unless eligible for floor price protection, in which case, shares are distributed. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant’s account at year-end.

Forfeitures: Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures allocated to participants during December 31, 2025 totaled $339,708.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. A significant estimate with respect to the Plan’s financial statements is the fair value of the Company’s stock.

Investment valuation and income recognition: Investments are reported at fair value. See Note 4 for discussion of fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Payment of benefits: Benefits are recorded when paid.

Subsequent events: Plan management has evaluated subsequent events through July 14, 2026, the date on which the financial statements were available to be issued. No events were identified which would require disclosure in the financial statements.

Note 3. Investment in Company Common Stock

The Plan's investment in Company common stock at December 31, 2025 and 2024 is presented in the following table:

	2025	2024
Porterville Citrus, Inc. common stock:		
Number of shares	1,722,705	1,787,535
Cost	$ 2,153,381	$ 2,234,419
Estimated fair value	$275,357,135	$227,124,155

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Investment in Porterville Citrus, Inc. common stock	$ -	$ -	$ 275,357,135	$ 275,357,135
Mutual funds	21,239,888	-	-	21,239,888
Investments at fair value	$ 21,239,888	$ -	$ 275,357,135	$ 296,597,023

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Investment in Porterville Citrus, Inc. common stock	$ -	$ -	$ 227,124,155	$ 227,124,155
Mutual funds	17,635,348	-	-	17,635,348
Investments at fair value	$ 17,635,348	$ -	$ 227,124,155	$ 244,759,503

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The Plan distributed 64,830 shares valued at $8,237,283 of the Plan's level 3 assets for the year ended December 31, 2025.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

PORTERVILLE CITRUS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Company stock: The Porterville Citrus, Inc. common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following tables:

	December 31, 2025			
Instrument	Fair Value	Principle Valuation Technique	Unobservable Inputs	Rate Applied
Porterville Citrus, Inc. common stock	$ 275,357,135	Discounted Cash Flow	Weighted average cost of capital	16.40%
			Long-term revenue growth rate	4.40%
			EBITDA multiple	Not used
		Market Comparable Companies	Revenue multiple	2.3
			EBITDA multiple	11.1
			Book value of invested capital multiple	2
		Market Approach - Mergers & Acquisitions	Revenue multiple	1.8
			EBITDA multiple	8.5
			Book value of invested capital multiple	Not used

December 31, 2024				
Instrument	Fair Value	Principle Valuation Technique	Unobservable Inputs	Rate Applied
Porterville Citrus, Inc. common stock	$ 227,124,155	Discounted Cash Flow	Weighted average cost of capital	14.30%
			Long-term revenue growth rate	4.40%
			EBITDA multiple	Not used
		Market Comparable Companies	Revenue multiple	1.06
			EBITDA multiple	6
			Book value of invested capital multiple	1.1
		Market Approach - Mergers & Acquisitions	Revenue multiple	1.5
			EBITDA multiple	6.8
			Book value of invested capital multiple	Not used

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Related Party and Party in Interest Transactions

The Plan invests in Company common stock. This is considered a related party and party in interest transaction. As described in Note 1, the Company pays all Plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

Note 6. Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 7. Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Plan Administrator directs the Trustee to pay all liabilities and expenses of the ESOP. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Note 8. Tax Status

Effective January 1, 2022, the Plan adopted a non-standardized pre-approved form of a non-mass submitter employee stock ownership plan sponsored by Stevens & Lee P.C. The non-mass plan has received an opinion letter from the Internal Revenue Service as to the non-mass plan's qualified status. The non-mass plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. The Plan Administrator will make any changes deemed necessary to ensure that the Plan is able to continue with their tax-exempt status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions.
