Report of Independent Auditors

To the Administrator of Popular, Inc. Puerto Rico Savings and Investment Plan

Opinion

We have audited the accompanying financial statements of Popular, Inc. Puerto Rico Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Popular, Inc. Puerto Rico Savings and Investment Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of its provisions.

Plan Description

The Plan is sponsored by Popular, Inc. (the “Corporation”). The Plan is a defined contribution plan covering substantially all employees of the Corporation and its affiliates (the “Companies”), who have one month of service, are at least 18 years old and are residents of the Commonwealth of Puerto Rico. The Plan was established for the purpose of providing retirement benefits to employees and to encourage and assist them in adopting a regular savings plan that qualifies under the applicable income tax laws of the Commonwealth of Puerto Rico. The Plan provides the participants the ability to invest in mutual funds, interest bearing deposits, and common stock of the Corporation. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may make pre-tax contributions up to the maximum permitted, as defined in the Plan documents, but may not exceed the legal limit established by Section 1081.01 (d)(7)(A) of the Internal Revenue Code for the New Puerto Rico, Act No. 1 of January 31, 2011, as amended from time to time, (the “2011 PR Code”), of \$15,000. Also, the Plan permits catch-up contributions that are before tax contributions made in excess of the deferral limit by a participant who has reached age 50, limited for the calendar years ended on December 31, 2025 and 2024 to \$1,500.

The plan provides that newly hired employees are automatically enrolled in the Plan at a pre-tax rate of 6% , with a match formula of 50% for each dollar pre-tax contribution up to a maximum of 8% and for an automatic annual increase of 1% to the employees’ pre-tax contribution until such contribution reaches a certain percent which on December 31, 2025 was 10%. Participants may modify the automatic annual increase of the pre-tax contribution up to the maximum permitted amount. Participants are given written notice of the automatic increase no less than 30 days or more than 90 days before the increase is to be effective. Participants, upon receipt of the notice of automatic increase, may elect to change their percentage of before-tax contributions to a different amount, including zero (0%), by the deadline established by the Plan Administrator to avoid the automatic increase. Matching contributions are invested pursuant to each participant’s investment directions.

The Corporation may make discretionary contributions to its own employees out of its net profits in such amounts as the Corporation’s Board of Directors may determine. During the year ended December 31, 2025, the Corporation made discretionary contributions of \$16,508,992 related to profit sharing distribution.

The Plan provides for an additional employer contribution known as “True-Up contribution” to ensure participants receive the maximum matching benefit under the Plan’s contribution guidelines. In 2026, the Corporation reviewed the matching contributions for the year 2025 and as a result determined to make a True-Up contribution of \$564,436, which is included as employer contributions receivable in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2025. In 2025, the Corporation reviewed the matching contributions for the year 2024 and as a result made a True-Up contribution of \$450,697, which is included as employer contributions receivable in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024.

Participant Accounts

Each participant account is credited with its contribution and allocation of: (a) its own Corporation matching and profit-sharing contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Popular, Inc. Puerto Rico Savings and Investment Plan
Notes to Financial Statements
December 31, 2025 and 2024

Eligibility and vesting

All employees are eligible to participate in the Plan on the first day of the month, following one month of service. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Corporations' matching and discretionary profit-sharing contributions plus actual earnings thereon is based on years of service since commencement of employment with the Corporation. These contributions and actual earnings thereon vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
At least 1	20
At least 2	40
At least 3	60
At least 4	80
5 or more	100

Payment of Benefits and Withdrawals

Plan participants are permitted to make withdrawals from the Plan from after-tax contributions balance, subject to provisions in the Plan Document as amended. If a participant suffers financial hardship, as defined in the Plan Document, the participant may request a withdrawal from his/her pre-tax contributions balance. Upon termination of service due to disability, retirement or other reasons, a participant may elect to receive either a lump sum distribution in cash, recurring benefit payments, shares of Popular, Inc.'s common stock, if applicable, or a combination of elections. In the case of participant termination due to death, the entire vested amount is paid to the person or persons legally entitled thereto.

Notes Receivable from Participants

The Plan does not allow participants to take loans from their accounts.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the interest of each participant in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of such termination.

Plan Expenses and Administration

The Plan is administered by the Popular, Inc. Benefits Committee which, in turn, may delegate certain administrative functions to other committees and/or officers of the Corporation. The named fiduciary of the Plan for purposes of investment-related matters is the Popular, Inc. Corporate Investment Committee.

The Plan's Recordkeeper and Trustee is Banco Popular de Puerto Rico. Unless otherwise paid by the Corporation, expenses of the Plan are borne by the Plan.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may first be used to pay administrative expenses, to reduce the earliest employer contributions made after the forfeitures are determined, or at the Corporation's discretion, may be redistributed among participants after a five (5) year severance period. During the severance period, if the terminated participant is re-employed by the Corporation, the dollar value at the date of re-employment shall be restored to the participant's account if the re-employed participant repays to the Plan an amount equal to the dollar value of his/her vested balance distributed upon termination.

Popular, Inc. Puerto Rico Savings and Investment Plan
Notes to Financial Statements
December 31, 2025 and 2024

During 2025, the Plan used forfeitures of \$154,809 to pay a portion of the administrative expenses, which included expenses accrued in prior year, and \$156,272 to cover the 2024 True-Up Contribution. Forfeited non-vested accounts amounted to \$321,960 and \$151,333 at December 31, 2025 and 2024, respectively.

Non-Participant Directed Investments

At December 31, 2025, there were no non-participant directed investments in the Plan.

2. Summary of Significant Accounting Policies

The significant accounting policies followed by the Plan in the preparation of the financial statements are summarized below:

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are presented at fair value. Shares of registered investment companies are presented at published market prices which represent the net asset value of shares held by the Plan at the reporting date. Popular, Inc. common stock is presented at the quoted closing market price at the reporting date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date and interest is recorded under the accrual basis and credited to each participant's account, as defined by the Plan Document. Realized gains and losses from security transactions are reported on the average cost basis.

The Plan determines the fair values of its investments based on the fair value framework established in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 820-10, "Fair Value Measurements", which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Refer to Note 3 to these financial statements for the fair value disclosures required as of December 31, 2025 and 2024.

Interest Bearing Deposits

Interest Bearing Deposits consist of all demand deposits and balances invested in short-term highly liquid investments available upon demand. Interest Bearing Deposits include revenue sharing dollars accumulated over the past years that the Corporation will use to allocate pro-rata among Plan's participants on the last day of the Plan Year based on their year end funds account balance. Revenue sharing dollars during the years ended December 31, 2025 and 2024 were \$666,142 and \$557,156, respectively.

Contributions

Employee and employer matching contributions are recorded on an accrual basis in the period in which the payroll is earned.

Popular, Inc. Puerto Rico Savings and Investment Plan
Notes to Financial Statements
December 31, 2025 and 2024

Discretionary contributions are recorded in the period in which they are earned by the participant as determined by the Corporation's Board of Directors.

Rollovers Distributions

Terminated employees or retirees may elect to transfer their savings to other plans qualified by the Puerto Rico Department of the Treasury and are recorded when paid.

Rollovers Contributions

Rollovers Contributions to the Plan consist of monies received by a Participant from another plan qualified under the 2011 PR Code and are recorded when received.

Payment of Benefits

Benefits are recorded when paid.

Refundable Contributions

On an annual basis, the plan completes a non-discrimination test pursuant to IRS regulations. Excess contributions determined as a result of this test, if any, are netted against the participant contributions in the Statement of Changes in Net Assets Available for Benefits. For the years ended December 31, 2025 and 2024, the plan passed the non-discrimination test.

3. Fair Value Measurement

The Plan measures fair value as required by ASC Subtopic 820-10, "Fair Value Measurements" which provides a framework for measuring fair value under accounting principles generally accepted in the United States. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability.

ASC 820 establishes a fair value hierarchy that prioritizes the inputs and valuation techniques used to measure fair value into three levels in order to increase consistency and comparability in fair value measurements and disclosures. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for the fair value measurement are observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect the Plan's estimates about assumptions that market participants would use in pricing the asset or liability based on the best information available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date. Valuation on these instruments does not necessitate a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2 – Quoted prices other than those included in Level 1 that are observable either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or that can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3 – Inputs are unobservable and significant to the fair value measurement. Unobservable inputs reflect the Plan's own judgments about assumptions that market participants would use in pricing the asset or liability.

Popular, Inc. Puerto Rico Savings and Investment Plan
Notes to Financial Statements
December 31, 2025 and 2024

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing NAV price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These securities are classified as Level 2. Investments in mutual funds generally may be redeemed daily.

Interest Bearing Deposits: The carrying amount of interest bearing deposits are reasonable estimates of the fair value due to its short term maturity. These interest bearing deposits are available upon demand, hence, classified as Level 1.

Popular, Inc. Common Stock: Equity securities with quoted market prices obtained from an active exchange market are classified as Level 1.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2025 and 2024.

Assets at Fair Value as of December 31, 2025

4. Tax Status

The Plan received a favorable determination letter from the Puerto Rico Treasury Department (the "PR Treasury") dated August 26, 2016 indicating it meets the requirements of Section 1081.01 of the 2011 Puerto Rico Internal Revenue Code ("2011 PR Code") and accordingly, the Trust associated with the Plan is exempt from Puerto Rico income tax under such section. The Plan is amended from time to time, and such amendments are submitted for the PR Treasury to ascertain that the qualification of the Plan is not affected. The most recent letter received from the PR Treasury was dated May 29, 2024, in which it ruled that its most recent amendment did not affect the qualification of the Plan.

No events have occurred with respect to the Plan or the associated Trust that, in substantial likelihood, would result in the Plan being disqualified by the PR Treasury. Pursuant to Section 1022(i)(1) of ERISA, the Plan's Trust is considered as an organization described in Section 401(a) of the U.S. Internal Revenue Code of 1986, as amended (the "U.S. Code") and exempt under Section 501(a) of the U.S. Code.

Popular, Inc. Puerto Rico Savings and Investment Plan
Notes to Financial Statements
December 31, 2025 and 2024

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The plan administrator has concluded that as of December 31, 2025 and 2024 there are no uncertain positions that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. At December 31, 2025, the years 2021 and thereafter remain subject to examination; however, there are currently no audits for any tax periods in progress.

5. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in these factors in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.

6. Related Party Transactions

At December 31, 2025 and 2024, the Plan held 1,030,753 and 1,051,818 common stock of Popular, Inc., with a quoted market value of \$128,349,364 and \$98,933,973, respectively. During the year ended December 31, 2025, the Plan purchased or acquired through rollovers 68,212 common shares of Popular, Inc., with an acquisition price of \$6,962,709 and completed sales and distributions of 89,277 shares which had a carrying value of \$5,568,490 resulting in a realized gain of \$3,884,922. These transactions are permitted party-in-interest transactions under the provisions of ERISA and the regulations promulgated thereunder.

The accompanying Statements of Net Assets Available for Benefits includes accrued dividend income of \$775,412 and \$738,330 related to the dividends declared on Popular Inc.'s common stock during the fourth quarter of 2025 and 2024, which were paid in January 2026 and 2025, respectively.

As of December 31, 2025 and 2024, the Plan held a bank deposit open account with Banco Popular de Puerto Rico of \$88,881,937 and \$81,206,802 respectively. As of December 31, 2025 and 2024, the Plan held a time deposit open account with Banco Popular de Puerto Rico of \$284,035 and \$254,477, respectively. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA.

Banco Popular de Puerto Rico provides services as Trustee and Recordkeeper for the Plan and charges a fee, which for the year ended December 31, 2025 and 2024 amounted to \$885,697 and \$943,854, respectively, and were borne by the Plan sponsor.

7. Reconciliation of Financial Statements to Form 5500

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)
