To the Plan Administrator of
Gulf Coast Hotel Management Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gulf Coast Hotel Management Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Gulf Coast Hotel Management Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General - The Plan is a defined contribution plan established effective January 1, 2017, and restated October 6, 2020. The Plan covers all employees, excluding non-resident alien employees and residents of Puerto Rico employees, of Gulf Coast Hotel Management, Inc. (the Company) who have completed one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company's principal members of management (Management) are responsible for oversight of the Plan. The Plan's management determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to Management. Reliance Trust Company is the trustee of the Plan and also serves as the Plan custodian.

Contributions - Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a non-discretionary match of 25 percent of the first 6 percent of base compensation that a participant contributes to the Plan. Additional discretionary amounts may be contributed by the Company at the option of Management. For the years ended December 31, 2025 and 2024, respectively, there were no discretionary contributions to the Plan. Contributions are subject to certain IRC limitations.

Participant investment account options - Participants may direct the investment of all their contributions into various investment options offered by the Plan and may change their investment options at any time. The Plan currently offers 23 mutual funds and 6 common/collective trusts as investment options for participants.

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

1. Description of Plan (continued)

Participant accounts - Each participant's account is credited with the participant's contributions, Company matching contributions, allocations of the Company's discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions and amounts rolled over or transferred into the Plan, plus actual earnings are 100% vested immediately. Employer contributions not already fully vested when contributed are subject to the following vesting schedule:

	Vested %
Less than 2 years of service	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 or more years of service	100%

Payment of benefits - Upon termination of service due to death, disability, or retirement, a participant (or beneficiary, if applicable) may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to \$5,000, the amount may be automatically distributed in the form of a lump sum cash payment. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited accounts - As of December 31, 2025 and 2024, forfeited nonvested accounts totaled \$2,612 and \$10, respectively. These accounts can be used to reduce future employer contributions or to pay Plan administrative expenses. During the years ended December 31, 2025 and 2024, employer contributions were reduced by \$22,658 and \$9,452, respectively, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and the insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit values - Individual participant accounts for the common collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units.

Generally, contributions to and withdrawals from the funds are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Excess contributions refundable - Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding addition to benefits paid to participants. The Plan distributed 2025 excess contributions to the applicable participants prior to March 15, 2026. See Note 8 for additional information.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year end that were not paid.

Administrative expenses - Certain administrative expenses of maintaining the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration for payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. For the years ended December 31, 2025 and 2024, Plan expenses total \$10,485 and \$3,640, respectively.

Subsequent events - The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No significant items were noted during this evaluation that would require disclosure in the financial statements or accompanying footnotes.

3. Information Certified by Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments as of and for the years ended December 31, 2025 and 2024:

- Investments, at fair value
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

3. Information Certified by Custodian (continued)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the techniques used during the years ended December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Common/Collective trusts: Valued at the year-end NAV of units of each bank collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the respective fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2025 and 2024, respectively:

Investments at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,081,517	\$ -	\$ -	\$ 1,081,517
Investments measured at NAV*: Common/Collective trusts				122,177
Investments at fair value				\$ 1,203,694

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 925,186	\$ -	\$ -	\$ 925,186
Investments measured at NAV*: Common/Collective trusts				92,152
Investments at fair value				\$ 1,017,338

* In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Common/Collective trusts

State Street Common/Collective Trusts - The Plan is invested in several State Street common/collective trusts. These include the State Street S&P MidCap Index Non-Lending Series Fund, State Street Russell SmallCap Index Securities Lending Series Fund, State Street U.S. Inflation Protected Bond Index Non-Lending Series Fund, State Street International Index Securities Lending Series Fund, and State Street S&P 500 Index Fund IX. The funds invest in securities and derivative instruments (equity investments, collective investment funds and fixed income investments) that are considered to be Level 1, Level 2, and Level 3 investments and valued at NAV each business day.

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

5. Common/Collective trusts (continued)

Invesco Stable Asset Trust - The Invesco Stable Asset Trust is a collective trust fund and considered to be a stable value fund. The purpose of this fund is to invest/reinvest collectively in assets of eligible entities. The fund does not invest directly in fully benefit-responsive contracts, rather it invests in the underlying assets (investment contracts) and enters in a "wrapper" contract issued by a third party.

The funds described above are all valued at NAV of the units of each individual collective trust. The NAV is calculated daily and net investment income and realized and unrealized gains and losses on investments are not distributed but rather reinvested and reflected in the NAV of the fund. The funds are valued at fair value and then adjusted by the issuer to contract value. Contract value represents contributions made to the funds, plus earnings, less participant withdrawals and is considered to be representative of fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value however, certain events limit the ability of the Plan to transact at contract value with the issuer.

Such events include the following: (1) participant withdrawals based on advice or direction, (2) changes to the Plan which establish investment options or investment objectives so as to constitute or create competing funds, (3) Plan administrator establishes a new eligible plan or amends an existing eligible plan, and such plan covers participants in the participating Plan and offers a competing fund, or (4) participating Plan makes a withdrawal for any reason other than participant-directed withdrawals. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. Units of the funds are issued and redeemed at current net asset value.

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

5. Common/Collective trusts (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024:

Common/Collective Trusts	Fair Value as of December 31,		Unfunded	Redemption	Redemption
	2025	2024	Commitments	Frequency	Notice Period
State Street Intl Index Securities Lending Series Fund (b)	\$ 16,018	\$ 13,542	None	Daily	None
State Street Russell SmallCap Index Securities Lending Series Fund (c)	2,249	1,806	None	Daily	None
State Street S&P MidCap Index Non-Lending Series Fund (d)	33,456	30,081	None	Daily	None
State Street S&P 500 Index Fund IX (e)	67,278	45,905	None	Daily	None
State Street U.S. Inflation Protected Bond Index Non-Lending Series Fund (f)	337	384	None	Daily	None
Invesco Stable Asset Trust (a)	<u>2,839</u>	<u>434</u>	None	Daily	24 months
Total Investments in Common/Collective Trusts	<u>\$ 122,177</u>	<u>\$ 92,152</u>			

(a) The objective of this fund is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

(b) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the MSCI EAFE Index over the long term, while providing participants the ability to purchase and redeem units on an "as of" basis.

(c) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the Russell 2000 Index over the long term, while providing participants the ability to purchase and redeem units on an "as of" basis.

(d) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the S&P MidCap 400 Index over the long term, while providing participants the ability to purchase and redeem units on an "as of" basis.

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

5. Common/Collective trusts (continued)

(e) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the S&P MidCap 500 Index over the long term, while providing participants the ability to purchase and redeem units on an "as of" basis.

(f) The objective of this fund is to seek an investment return that approximates as closely as practicable, before expenses, the performance of the TIPS Index over the long term, while providing participants the ability to purchase and redeem units on an "as of" basis.

6. Related-Party and Party In Interest Transactions

The Plan made direct payments to ADP, Inc. for recordkeeping services in the amount of \$10,485 and \$3,640 for the years ended December 31, 2025 and 2024, respectively, which were not covered by revenue sharing and are considered to be party-in-interest transactions under ERISA. These expenses are included in the accompanying statements of changes in net assets available for benefits as administrative expenses. Investment related expenses are included in net appreciation of fair value of investments and were paid to ADP Broker-Dealer. The Plan sponsor pays directly any other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

8. Excess Contributions Refundable

For the years ended December 31, 2025 and 2024, payments of \$449 and \$0, respectively, were made subsequent to the Plan year ends to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2025 and 2024, \$449 and \$0, respectively, have been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

Gulf Coast Hotel Management Inc. 401(k) Plan

Notes to Financial Statements

9. Tax Status

The Plan adopted a pre-approved plan offered by ADP Retirement Services. The pre-approved plan received an IRS Opinion Letter dated October 6, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress (2022 and after).

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	\$ 1,203,245	\$ 1,017,338

4i			
4j			
4k			
4l			
4m			
4n			

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
