Atlanta, Georgia

I have audited the All (N) 1 Security Services Inc., a Georgia corporation's, 401(k) plan, an employee benefit plan subject to ERISA which comprises the balance sheet as of December 31, 2025, and the related statements of income, and retained earnings and cash flows for the years then ended, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information ADP provided as the trustee of the Plan, except for comparing such information with related information included in the financial statements and supplemental schedules. We have information that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from trustees for the year ended December 31, 2025, that the information provided to the plan administrator by the trustee is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described above, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine information certified by the trustee, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025, in accordance

with accounting principles generally accepted in the United States of America.

Other Matter - Supplemental Schedules

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the information that we did not audit, in our opinion, the supplemental schedule is not presented fairly, in all material respects, in relation to the financial statements as a whole. Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
