INDEPENDENT AUDITOR'S REPORT

Board of Directors
21st Century Rehab, PC 401(k) Plan
Nevada, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of 21st Century Rehab, PC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 21st Century Rehab, PC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 21st Century Rehab, PC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 21st Century Rehab, PC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 21st Century Rehab, PC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 21st Century Rehab, PC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2024 Financial Statement

Plan management is responsible for the accompanying 2024 financial statement of 21st Century Rehab, PC 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2024. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement of 21st Century Rehab, PC 401(k) Plan as of and for the year ended December 31, 2024.

21st Century Rehab, PC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 1 PLAN DESCRIPTION

The following description of 21st Century Rehab, PC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of 21st Century Rehab, PC (the Company or Plan Sponsor) who are 21 years of age, have completed one month of service, and are not an excluded employee, as defined in the Plan agreement. Employees become eligible to participate in elective deferrals and employer matching contributions on the first day of the month following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants contribute pretax compensation, as defined in the Plan document, up to 100% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants also have the option to contribute post-tax compensation through Roth 401(k) contributions.

The Plan includes a matching provision under which the Company matches 100% of the participant's elective deferrals up to 6% of compensation. The Company may make a discretionary profit sharing contribution to the Plan to all eligible participants employed on the last day of the Plan year. No such discretionary profit sharing contribution was made for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, allocations of any discretionary profit sharing contributions and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollover contributions, and Company matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon is based on continuous years of service. A participant is 20% vested after two years of service. Additional vesting increases 20% per year after year two until the participant is 100% vested after six years of service.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of employee and employer contributions into various investment options. The Plan currently offers mutual funds and money market funds. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant can have only one loan outstanding from the Plan at any one time. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1.00%, ranging from 8.00% to 8.50%. Principal and interest are paid ratably through monthly payroll deductions over a period generally not to exceed five years.

**21st Century Rehab, PC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 PLAN DESCRIPTION (continued)

Payment of Benefits

Participants or their beneficiaries are eligible for benefits upon termination of service, death, disability, or retirement. Participants with a vested account balance less than \$5,000 and/or who have not reached normal retirement age may roll the amount into another qualified plan or receive a lump sum distribution upon termination of service. Participants with a vested account balance greater than \$5,000 that have reached normal retirement age may elect to receive benefits in a lump-sum payment or in installments, but only with respect to lifetime minimum required distributions over a period of not more than the participant's assumed life expectancy.

The Plan allows for hardship withdrawals to participants who meet an immediate and severe financial need and are limited to a participant's vested account balance.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent loans are treated as distributions based upon the terms of the Plan document. Deemed distributions of \$-0- were reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Payment of Benefits

Benefit payments to participants are recorded when paid. At December 31, 2025 and 2024, there were no benefits payable to be allocated to accounts of persons who had elected to withdraw from the Plan but had not yet been paid.

**21st Century Rehab, PC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 SUMMARY OF ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The amount of such expenses and cost of such services have not been determined. Certain other administrative expenses, including audit fees, are paid directly by the Plan Sponsor.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has evaluated their material tax positions and determined there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Ascensus Trust Company.

Cash	\$ 487,750
Investments at fair value	
Mutual funds	18,219,153
Notes receivable from participants	5,342
Investment income	2,647,981

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are 100% vested in their accounts.

NOTE 5 EXEMPT STATUS

The Plan has adopted a prototype plan document sponsored by Ascensus, LLC (Ascensus). The most recent opinion letter received by Ascensus from the Internal Revenue Service (IRS), dated June 30, 2020, states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter. However, the Plan's management and the prototype plan sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments may be managed by Ascensus Trust Company (Ascensus). Ascensus serves as the Plan custodian and, therefore, these transactions qualify as party-in-interest transactions.

The Vanguard Group, Inc. serves as the Plan recordkeeper. Fees paid by the Plan to The Vanguard Group, Inc. amounted to \$1,307 during the year ended December 31, 2025.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 RISKS AND UNCERTAINTIES

Participants invest their account balances in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds—Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 8 FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.
