INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Children's of Alabama 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Children's of Alabama 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025, and the related notes to the financial statements (modified cash basis) ("the financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (Modified Cash Basis) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHILDREN'S OF ALABAMA 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

AS OF DECEMBER 31, 2025 AND 2024, AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the Children's of Alabama 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering substantially all employees of The Children's Hospital of Alabama (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility—The Plan allows employees to participate in the Plan immediately upon hire. Participation in the Sponsor match contribution and Sponsor discretionary contribution requires six months of employment.

Contributions—Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code ("IRC") limitations. Additionally, catch-up contributions are allowed for those participants who have attained the age of 50 before the close of the Plan year. The Sponsor matches 50% of the amount the participant elects to defer up to 14% of annual compensation, subject to IRC limits. Additional amounts may be contributed at the option of the Sponsor's Board of Trustees. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Upon enrollment, a participant may direct employee and employer contributions to any of the Plan's fund options. Participants may also direct their investments through a trustee sponsored brokerage account, which offers the option to invest in a variety of individual stocks and mutual funds. Participants may change their investment options daily.

Participant Accounts—Each participant's account is credited with the participant's contributions, allocations of the Sponsor's contributions, and Plan investment results and charged with withdrawals and allocations of administrative expenses. Allocations are based on account balances or total compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeited Accounts—Forfeited balances of terminated participants' nonvested accounts are used to reduce the Sponsor's contribution. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$15,360 and \$26,508, respectively. During 2025, Sponsor's contributions were reduced by \$1,084,880 from forfeited nonvested accounts.

Notes Receivable from Participants—Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions. The participant's rollover account and elective deferral account shall be pledged to secure the repayment of such loans and interest thereon. The participant is allowed to only have one loan outstanding at any one period of time for a maximum term of five years. As of December 31, 2025, participant loans have maturities through 2030 at interest rates ranging from 4.25% to 9.50%.

Payment of Benefits—On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account or elect to receive annual installments, as defined in the Plan. Hardship withdrawals are allowed to participants. Participants receiving hardship withdrawals are prohibited from making elective deferrals for six months.

Plan Termination—Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan have been prepared on the modified cash basis of accounting, which is an acceptable alternative method of accounting under the Department of Labor's (DOL) Rules and Regulations. On the modified cash basis of accounting, participant contributions are recognized when received. Interest and dividend income are recorded when received.

Use of Estimates—The preparation of financial statements requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants—Participant loans are recorded at outstanding principal plus any accrued and unpaid interest as of the balance sheet date and are included in the accompanying statements of net assets available for benefits as notes receivable from participants. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits—Benefits are recorded when paid.

Administrative Expense (Revenue)—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor, as provided in the Plan document. Investment management fees for investments are included as a reduction of investment return and not reflected separately in the statement of changes in net assets available for benefits.

Administrative expenses of \$13.78 per participant are deducted from participant accounts each calendar quarter. Participants also pay administrative costs for loans, distributions, and qualified domestic relation orders. The remaining expense is paid by the Sponsor and through credits provided by the recordkeeper for Plan investments.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue sharing amounts. For the year ended December 31, 2025, \$74,989 was used to offset Plan expenses. The Plan held undistributed administrative revenues of \$22,661 and \$21,122 at December 31, 2025 and 2024, respectively.

Subsequent Events—Management has evaluated subsequent events and their potential effects on these financial statements through July 23, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

(Modified Cash Basis)	December 31, 2025	December 31, 2024
Investments	\$ 716,458,730	\$ 612,404,942
Notes receivable from participants	5,850,362	5,679,454

Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis)	For the Year Ended December 31, 2025
--	---

Interest income on notes receivable from participants	\$ 476,696
Interest and dividend income	12,324,646
Net appreciation in fair value of investments	104,655,776

Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year), including participant loans (modified cash basis).

Note 4: All investment balances and investment information, excluding the level of investments, the unfunded commitment and redemption frequency, other redemption restrictions, and redemption notice period. The Plan has no unfunded commitments related to its investments in common collective trusts.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include quoted prices (other than Level 1) in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds—Valued at the closing price reported in the active market in which the security is traded.

Self-Directed Brokerage Account—Includes a variety of mutual funds, money market funds and common stock.

Common Collective Trust—Valued at the “Net Asset Value (NAV)” of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2025 and 2024:

Description	Assets at Fair Value as of December 31, 2025			
	Quoted Prices in Active Markets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

	<u>\$ 213,169,239</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 612,404,942</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan. Withdrawals directed by the Plan must be preceded by twelve months written notice to the Trustee.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Certain fees incurred by the Plan, including investment management services and administrative services, are included in net appreciation (depreciation) in fair value of the investment rather than a direct payment. The remaining net operational and administrative expense (revenue) of the Plan was \$543,169 for the year ended December 31, 2025, representing the net expenses as offset by revenue sharing or included within net appreciation in fair value of investments. The Plan Sponsor pays directly any other fees related to the Plan's operations. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

6. TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity Management & Research Company. Fidelity Management & Research Company received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per Form 5500	\$ 722,214,095	\$ 618,019,480
Deemed distributions	<u>94,997</u>	<u>64,916</u>
Net assets available for benefits per financial statements	<u>\$ 722,309,092</u>	<u>\$ 618,084,396</u>

The following is a reconciliation of income per Form 5500 to the financial statements for the year ended December 31, 2025:

Total net income per Form 5500	\$ 104,194,615
2024 deemed distributions	(64,916)
2025 deemed distributions	<u>94,997</u>
Increase in net assets per the financial statements	<u>\$ 104,224,696</u>
