INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Toray 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Toray 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. Description of Plan

The following description of the Toray 401(k) Savings Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Toray Plastics (America), Inc. (the Company or Employer), and certain affiliates, as defined (except leased employees and employees hired under a temporary, cooperative, or intern basis), who have completed three months of service and attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is also the administrator of the Plan (Plan Administrator). As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. John Hancock Retirement Plan Services, LLC (John Hancock) is the appointed trustee of the Plan and acts at the direction of the Plan Administrator.

Contributions

Eligible employees may contribute up to the Internal Revenue Service (IRS) allowable maximum. The limit was \$23,500, plus an additional \$7,500 for participants who were 50 years of age or older during the 2025 Plan year. Participants may contribute between 1% and 75% of their total pretax annual compensation as defined by the Plan Agreement. Participants may also elect to make Roth contributions. Rollover contributions to the Plan are permitted, subject to the restrictions of the Plan Agreement.

The Plan includes an automatic contribution provision under which the Company enrolls the participants to make tax-deferred contributions in an amount equal to 4% of their eligible compensation as the automatic deferral percentage. For participants rehired, with an initial hire date prior to August 3, 2020, the applicable automatic deferral percentage will equal 3% of their eligible compensation. An eligible employee may elect not to contribute to the Plan, or elect to contribute a different percentage of compensation, as described above.

For the years ended December 31, 2025 and 2024, the Company matched 50% of participants' contributions up to 8% of eligible compensation. Additional discretionary contributions may be contributed at the option of the Company's board of directors. During the years ended December 31, 2025 and 2024, no such contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of the Company's discretionary contribution and Plan earnings or losses. Allocations are based on a participant's compensation or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TORAY 401(k) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Vesting

Participants are immediately vested in their voluntary contributions, plus the annual allocation of Plan earnings on those contributions at the time of allocation. Participants become fully vested in the contributions and the annual allocation of Plan earnings on those contributions after five years of service. Participants are partially vested in the contributions as follows: 20% after 1 year, 40% after 2 years, 60% after 3 years, 80% after 4 years, and 100% after 5 years. If a participant is employed by the Company on the date of normal retirement, early retirement, death or disability, the participant would become fully vested in the contributions and the annual allocation of Plan earnings on those contributions at that time.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum number of loans outstanding at one time is two. Note terms range from 1 to 5 years, or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. For amounts borrowed on and after August 3, 2020, the interest rate shall be equal to the Prime Rate plus 1%, on the date the note is initiated. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability or retirement, elect to receive installments over a period of not more than the assumed life expectancy of the participant or beneficiary, or another form of payment as described in the Plan document.

Early Withdrawals

Participants who have attained age 59½ may elect to withdraw all or a portion of their Roth account while still employed.

Hardship withdrawals from the Plan are also permitted subject to the applicable IRS laws.

Forfeitures

Participants in the Plan who leave the employment of the Company before completing five years of service forfeit the non-vested portion of their accounts. At December 31, 2025 and 2024, forfeited non-vested accounts totaled \$187,596 and \$200,018, respectively.

Forfeitures may be used to pay administrative expenses and reduce contributions to the Plan. For the year ended December 31, 2025, forfeitures in the amount of approximately \$253,800 were used to offset administrative expenses and contributions.

Plan Termination

The Company expects to continue the Plan indefinitely. However, the Company reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 3 for a discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on terms of the Plan document.

Contributions

Employee and Company matching contributions are recorded each pay period when the Company remits the payroll deductions for investment into the funds. Employer discretionary contributions are recorded in the year they are contributed, if applicable.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

TORAY 401(k) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company, unless the Company directs that the expenses be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan held two mutual funds that accounted for approximately 31% and 32% of total Plan investments as of December 31, 2025 and 2024, respectively.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments were held by a single trustee. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Fund: The money market fund is valued at deposit amount plus accrued interest, as determined according to stated terms.

Common Collective Trust Fund: The Plan has an investment in the John Hancock Stable Value Fund, an investment vehicle with its underlying investment holdings primarily in fully benefit-responsive investment contracts. Valuation is provided at the net asset value (NAV) of units held by the Plan. The NAV, as provided by John Hancock Insurance Company of New York, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Participant transactions (purchases and sales) may occur daily.

TORAY 401(k) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2025 and 2024

There are no unfunded commitments or redemption restrictions for the individual participants within the Plan. However, there is up to a 12-month redemption for this investment at the Plan level.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts: Valued at the closing price reported on the active market on which the individual securities are traded. This account consists of common stock, preferred stock, mutual funds, money market funds and exchange traded funds.

As of December 31, 2025, the Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Money market fund	\$ 378,429	\$ -	\$ 378,429

As of December 31, 2024, the Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Money market fund	\$ 309,721	\$ -	\$ 309,721
Mutual funds	310,000,946	-	310,000,946

 Common collective trust measured at NAV (a)			 <u>30,821,415</u>
 Total investments at fair value			 <u><u>\$ 349,766,338</u></u>

- (a) In accordance with Subtopic 820-10, the common collective trust funds were measured at NAV per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the Statements of Net Assets Available for Plan Benefits.

4. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, John Hancock:

Statements of Net Assets Available for Plan Benefits at December 31, 2025 and 2024, except for contribution receivables and liabilities, if any;

Interest and dividends from investments, net appreciation in fair value of investments, and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025; and,

Investment information provided on the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2025.

5. Income Tax Status

The Plan has adopted the John Hancock Retirement Plan Services LLC prototype non-standardized profit sharing plan with CODA (the Prototype Plan). The Prototype Plan has received from the IRS an opinion letter, dated June 30, 2020, indicating that the Prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan may have been amended since receiving the opinion letter in order to comply with the latest applicable tax laws and regulations. The Employer and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

7. Related Party Transactions and Party-in-Interest Transactions

Plan investments were held and managed by John Hancock, the trustee of the plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the trustee for investment management and administrative services totaling \$381,435 for the year ended December 31, 2025. The Plan also made payments of \$34,000 and \$23,750 to its accountant and investment advisor, respectively, during 2025. Participant notes receivable also qualify as party-in-interest transactions.

8. Subsequent Events

Effective January 1, 2026, the Plan adopted a provision of the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE Act 2.0), requiring catch-up contributions made by participants age 50 or older whose prior year wages from the Plan sponsor exceed \$150,000 to be treated as Roth contributions.

Management has evaluated subsequent events through July 23, 2026, which is the date these financial statements were available to be issued.
