CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Employee Benefit Plan of Family Service League, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Employee Benefit Plan of Family Service League, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NawrockiSmith

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

NawrockiSmith

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to certified investment information, except for obtaining and reading the certification, comparing the certified investment information with related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held (At End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Nawrocki**Smith**

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE BENEFIT PLAN OF FAMILY SERVICE LEAGUE, INC.
NOTES TO FINANCIAL STATEMENTS

(1) Plan Description:

Background -

The following description of the Employee Benefit Plan of Family Service League, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a 403(b) defined contribution plan established to provide retirement benefits to employees meeting certain eligibility criteria. On January 1, 1976, all employees of Family Service League, Inc. (the "Organization") who were included in the Organization's prior plan were automatically included as participants. Thereafter, employees became eligible to participate in the Plan following completion of one year of service, as defined in the Plan, and attainment of 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated in July 2022.

On November 27, 2017, the Organization's Board of Directors passed a resolution to freeze the Plan.

Plan Contributions -

The Plan provides for no contributions by participants. The Organization's contributions ceased effective October 1, 2017 as a result of the resolution to freeze the Plan.

Participant Accounts -

Each participant's account is credited with Plan gains or losses and charged with an allocation of administrative expenses. All such income or loss during the period is credited to or deducted from the account balances of participants in the proportion that the amount of each account balance bears to the total of all account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

A participant is fully vested upon completion of 3 years of employment. If participants leave the Organization and are later rehired, previous service will be counted toward meeting the vesting requirement. In any event, benefits are fully vested when a participant reaches early retirement age or if the participant dies prior to the early retirement age.

Payment of Benefits -

If a participant terminates employment with the Organization for any reason other than death, the participant can elect to leave the vested account balance in the Plan, if the account balance is greater than \$7,000, until the normal retirement date. If no election is made and the account balance is greater than \$1,000, the funds will be automatically rolled over to an IRA account. If the account balance is less than \$1,000, the participant will receive a cash out payment in the form of a lump sum distribution. Upon retirement, the total value of a participant's account may be applied to purchase an annuity to provide retirement income or result in a lump-sum payment equal to the total value of the participant's account. Participants are required to begin distributions when the age of 73 is attained. In the case of death of a participant, the beneficiary designated by the participant shall be paid the deceased employee's vested account balance immediately, or in payments for up to five years from the anniversary of the date of death. If the beneficiary is the participant's spouse, payment of benefits may be deferred until they reach the age of 73.

Notes Receivable From Participants -

Effective in 2022, participants can no longer take a loan from the Plan.

Prior to 2022, each participant could borrow up to 50% of their vested account balance subject to a maximum of \$50,000 and a minimum of \$1,000. Each loan was for a five-year period, unless it was for the purchase of a principal residence, in which case the loan could be for a reasonable period in excess of five years. The initial interest rate on loans was based on the 3-month LIBOR plus .25 of a point at the time the loan was executed. The interest rate for the remaining loans is 3.25% as of December 31, 2025 and 2024. Loans are secured by the participant's account.

Forfeitures -

As employees leave the Organization, their nonvested participant accounts are transferred to a separate cash account which can be used to pay plan expenses or reallocated to participants. At December 31, 2025 and 2024, forfeited nonvested accounts totaled \$1,029 and \$29,502, respectively. Forfeitures of \$2,969 were used to pay plan expenses and \$26,533 were reallocated to participants for the year ended December 31, 2025.

(2) Summary Of Significant Accounting Policies:

Basis of Accounting -

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Use of Accounting Estimates -

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, the actual amounts could differ from those estimates.

Investment Valuation and Income Recognition -

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are recorded at contract value). Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Net appreciation in fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded at the ex-dividend date.

Notes Receivable From Participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they were incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan is reduced and a benefit payment is recorded.

Payment of Benefits -

Benefits are recorded when paid.

Expenses -

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment income.

(3) Fair Value Measurements And Investments

U.S. generally accepted accounting principles establish a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reported entity has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Consist solely of investments in mutual funds registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual funds shares are actively traded.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following table represents the Plan's fair value hierarchy for investments as of December 31, 2025:

	<u>Fair Value</u>	<u>Level 1</u>
Pooled separate accounts	<u>\$ 2,981,267</u>	<u>\$ 2,981,267</u>

The following table represents the Plan's fair value hierarchy for investments as of December 31, 2024:

	<u>Fair Value</u>	<u>Level 1</u>
Pooled separate accounts	<u>\$ 2,824,300</u>	<u>\$ 2,824,300</u>

As of December 31, 2025 and 2024, the Plan did not possess any level 2 or level 3 type of investments.

(4) Fully Benefit-Responsive Investment Contract

The Plan holds a group annuity contract with Voya that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents earnings, less participant withdrawals, and administrative expenses. At December 31, 2025 and 2024, amounts held in the group annuity contract totaled \$1,926,126 and \$1,980,676, respectively.

The group annuity contract is a fixed interest option with guaranteed interest rates that are an obligation of Voya's general account. Interest is compounded daily at the effective interest rate. The effective annual interest rate will never be less than 1%. Interest rates may change at any time. Asset transfers to and from the group annuity contract may be limited in accordance with the contract terms.

Certain events might limit the ability of the Plan to transact at contract value with Voya. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Voya and that would also limit the ability of the Plan to transact at contract value with the participant.

(5) Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available For Benefits.

(6) Information Prepared And Certified By Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the Trustee of the Plan, as of December 31, 2025 and 2024. All investments are participant directed:

	<u>2025</u>	<u>2024</u>
Pooled separate accounts	\$ 2,981,267	\$ 2,824,300
Fully benefit-responsive investment contract	<u>1,926,126</u>	<u>1,980,676</u>
Total investments	<u>\$ 4,907,393</u>	<u>\$ 4,804,976</u>
Net appreciation in fair value of investments	<u>\$ 250,342</u>	
Dividends	<u>\$ 213,591</u>	
Interest on notes receivable from participants	<u>\$ 395</u>	

(7) Income Tax Status

The Organization has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service ("IRS") dated January 8, 2021, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

U.S. generally accepted accounting principles require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes there are no such positions, and therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. Accordingly, in the event of Plan termination, participants would become 100% vested in their employer contributions.

(9) Transactions With Parties-In-Interest

Voya provides investment management and recordkeeping services to the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to Voya for investment management and recordkeeping amounted to \$26,469 for the year ended December 31, 2025.

The Plan established an expense account with Voya whereby excess revenue sharing contributions are deposited into the account and may be used to pay administrative expenses of the Plan. Unused amounts may be allocated to participants. At December 31, 2025 and 2024, the expense account amounted to \$2,439 and \$2,519, respectively. During the year ended December 31, 2025, expenses paid from the account totaled \$9,623.

ADMIN Partners, LLC serves as the Plan's third-party plan administrator. Fees paid to ADMIN Partners, LLC amounted to \$2,392 for the year ended December 31, 2025.

(10) Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to Schedule H of Form 5500:

	December 31, <u>2025</u>	<u>2024</u>
Net assets available for benefits as per the financial statements	\$ 4,935,195	\$ 4,838,304
Deemed distributed loans	<u>(19,037)</u>	<u>(19,037)</u>
Net assets available for benefits as per the Form 5500	<u>\$ 4,916,158</u>	<u>\$ 4,819,267</u>
