Independent Auditor's Report

To the Plan Administrator
Amnesty International, USA 403(b) TDA Plan
New York, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We were engaged to perform an audit of the financial statements of Amnesty International, USA 403(b) TDA Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (2025 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the 2025 financial statements, is complete and accurate.

Disclaimer of Opinion on the 2025 Financial Statements

We do not express an opinion on the accompanying 2025 financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2025 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2025 financial statements.

Basis for Disclaimer of Opinion on the 2025 Financial Statements

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and the custodians did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements of the 2025 Financial Statements

Our responsibility is to conduct an audit of the Plan's 2025 financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion on the 2025 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the 2025 financial statements but is supplementary information required by the DOL's Rules

and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2025 Financial Statements* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter - Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024 (2024 Financial Statements) were audited by predecessor auditors and comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024. As permitted by the ERISA Section 103(a)(3)(C) audit, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Their audit report, dated June 18, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Amnesty International, USA 403(b) TDA Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (IRC) covering substantially all employees of Amnesty International U.S.A., Inc. (the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodian and Administration of the Plan

The custodians and recordkeepers of the Plan are Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal), Mutual of America Life Insurance Company (MOA), and Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF). The administrator of the Plan is the Company. The custodians hold all assets of the Plan in accordance with the service provider contract with the Company.

Contributions

Participants may contribute up to 100% of their compensation, as defined by the Plan, on a pre-tax basis, subject to IRC limitations. Participants may also contribute up to 100% of their compensation on an after-tax (Roth) basis. Participants who are at least age 50 may make additional catch-up contributions subject to IRC limitations. Participants who have attained 15 years of service may make additional qualified organization catch-up contributions subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan (rollover contributions), subject to certain requirements. The Company makes a safe harbor matching contribution to participants who have attained one year of service. The Company will match 100% of each participant's deferral contributions up to 5% of the participant's compensation.

All newly eligible participants who have not elected to make a deferral election will be automatically enrolled in the Plan with a contribution rate of 5% unless the participants opt out. The automatic deferral contribution will be automatically increased on or after each January 1 by 1% up to a maximum of 10% unless the participant makes a different election.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Amnesty International, USA 403(b) TDA Plan

Notes to Financial Statements

Vesting

Participants are fully vested in that portion of their account which represents their contributions, the Company's contributions, and the income earned thereon.

Payment of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death, or other separation from service. Participants may elect a distribution in the form of a lump sum, installments, or depending on the participant's investments, an annuity.

A participant may also request a withdrawal of participant contributions upon attainment of age 59½ or upon demonstration by the participant to the plan administrator that the participant is suffering from hardship, as defined in the plan document. A participant may withdraw from their rollover account at any time.

Plan Loans - TIAA and CREF

Prior to January 1, 2022, participants may borrow directly from TIAA and CREF a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The participant must pledge sufficient collateral. The collateral of the loans must be maintained in their investment accounts to the TIAA Traditional Annuity.

The loans are not shown in the Plan's statements of net assets available for benefits, as the loans are not made from plan assets and are, therefore, not considered assets of the Plan. Loan interest rates as of December 31, 2025 and 2024 were 5.35%. Loan balances outstanding to TIAA and CREF from the Plan's participants were \$10,375 and \$9,871 as of December 31, 2025 and 2024, respectively. As such, \$11,413 and \$10,858 for the years ended December 31, 2025 and 2024, respectively, of annuity account values (110% of outstanding loans from TIAA and CREF) serve as collateral for the related loans.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) require management to make estimates and

Amnesty International, USA 403(b) TDA Plan

Notes to Financial Statements

assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contracts (see Note 4) are valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments, the Plan Administrator deems the participant loan to be in default. Once a distributable event occurs, such as employment termination, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Contributions Receivable

Contributions from plan participants and Company contributions are recorded in the year in which the participant contributions are withheld from compensation.

Annual Reporting Requirements

Prior to January 1, 2009, the custodians maintained records at a contract level, not Plan level, and administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the Plan sponsor nor the custodians have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and

Amnesty International, USA 403(b) TDA Plan

Notes to Financial Statements

the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Variable Annuity Contracts - The value of the variable annuity contracts is determined at the close of each business day at unit value and based on the fair value of the underlying investments. The net asset value (NAV), as provided by the contract issuer, is used as a practical expedient to estimate fair value. The underlying investments in the TIAA Access Nuveen Annuity variable annuity contracts are invested in registered investment companies, which are valued at quoted market prices in an exchange and active markets. There are no unfunded commitments as of December 31, 2025 and 2024. There are no restrictions on redemptions of these investments for participant or plan initiated transactions.

The CREF accounts invest primarily in equity securities, fixed-income instruments, and short-term investments in accordance with each portfolio's investment objectives. The underlying investments are valued at quoted market prices. The CREF Money Market Account is valued at amortized cost.

Amnesty International, USA 403(b) TDA Plan

Notes to Financial Statements

There are no unfunded commitments as of December 31, 2025 and 2024. Participant and plan initiated transactions may occur daily; however, electronic transfers through a purchase or exchange back into the same CREF account (other than for the CREF Money Market Account) may not be permitted for 90 calendar days if a sale or exchange, repurchase, and resale or exchange within that account is made within a 60-day period.

Pooled Separate Accounts - The MOA pooled separate accounts are valued at the NAV of units held of the pooled separate accounts. The NAV, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no unfunded commitments as of December 31, 2025 and 2024. There are no restrictions on redemptions of these investments for participant-initiated transactions; however, the Plan is subject to a 31 day redemption notice period.

The TIAA Real Estate pooled separate account is determined at the close of each business day at unit value, which is based on the fair value of the underlying assets, which may consist of real estate properties, mutual funds, and securities. The unit value is published on NASDAQ; however, the TIAA Real Estate is not publicly traded. The value of the underlying real estate properties is determined by an external appraisal on a periodic basis, which are estimates based on professional opinions. The value of the underlying investments in the registered investment companies and securities are based on the daily value of the underlying registered investment companies and securities on an open market. There are restrictions on the trading and withdrawals of funds from this investment; generally transfers out can be executed on any business day but may be limited to once per calendar quarter. Other limited exceptions may also apply. There are no unfunded commitments as of December 31, 2025 and 2024.

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (o) The equity pooled separate accounts seek long-term capital appreciation by investing primarily in common stocks.

4. Guaranteed Investment Contracts

The Plan has investments in fully benefit-responsive traditional investment contracts as follows:

<i>December 31,</i>	2025	2024
Guaranteed investment contract - TIAA Traditional Annuity	\$ 1,312,432	\$ 1,465,179
Guaranteed investment contract - Mutual of America Interest Accumulation Account	76,607	102,440
Total Investments, at contract value	\$ 1,389,039	\$ 1,567,619

Guaranteed Investment Contract - TIAA Traditional Annuity

The Plan holds a traditional investment contract issued by TIAA and CREF (the contract issuer). The TIAA Traditional Annuity is through a group supplemental retirement annuities (GSRA) contract between TIAA and CREF and the participant. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3% for GSRA contracts. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum interest rate,

Amnesty International, USA 403(b) TDA Plan

Notes to Financial Statements

and the potential for additional interest if declared by TIAA and CREF. Additional interest, when declared, remains in effect for the declaration year which begins each March 1. Additional interest is not guaranteed for future years. The crediting rates are supported by the investment performance of the underlying investments and may be reset as frequently as monthly. The contract cannot be terminated before the scheduled maturity date.

Participant accumulations are available in lump-sum payments, which may be subject to surrender charges, upon meeting certain triggering events under an GSRA contract. When the accumulation in TIAA Traditional Annuity is converted to an annuity by a participant based on his or her life expectancy, the present value of the stream of payments is equal to the accumulation. These payments may be made in the form of an annuity or a lump sum benefit and are contractually obligated.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Guaranteed Investment Contract - Mutual of America Interest Accumulation Account

The Plan holds a traditional investment contract issued by MOA (the contract issuer). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. Such interest rates are reviewed on a monthly basis for resetting. The contract does not have a maturity date.

The Plan must provide 31 days' notice to the contract issuer to redeem its interest in this investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The

issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal, MOA, and TIAA and CREF, qualified institutions.

6. Tax Status

The Plan uses a pre-approved plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2017, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, all participants will remain 100% vested in their accounts.

8. Related Party and Party in Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Principal, MOA, and TIAA and CREF. Participant transaction fees are paid to the custodians by participants. The Plan also

Amnesty International, USA 403(b) TDA Plan

Notes to Financial Statements

issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

10. Subsequent Events

The Plan has evaluated subsequent events through July 24, 2026, the date the financial statements were available to be issued.
