Independent Auditor's Report

To the Plan Administrator
Office Management Systems, Inc. 401(k) and Profit-Sharing Plan
Columbus, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Office Management Systems, Inc. 401(k) and Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of January 6, 2026 and December 31, 2025, and the related statements of changes in net assets available for benefits for the period January 1, 2026 to January 6, 2026 (period end January 6, 2026) and for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of January 6, 2026 and December 31, 2025, and for the period ended January 6, 2026 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Office Management Systems, Inc. 401(k) and Profit-Sharing Plan

Notes to Financial Statements

1. The Plan

Description of the Plan

The following description of the Office Management Systems, Inc. 401(k) and Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering eligible employees of Office Management Systems, Inc. (the Company) and employees of the Company's controlled group and affiliated service groups. To be eligible to participate in the Plan, an employee generally was required to complete one year of eligible service, consisting of at least 1,000 hours of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2025, the Plan merged into a pooled employer plan (PEP). As part of the merger, all participant account balances and Plan assets were transferred to the PEP as of January 6, 2026, and the Plan ceased maintaining separate participant investments and operations. Accordingly, the accompanying financial statements represent the final financial statements of the Plan prior to the transfer of net assets to the successor plan.

During the period from January 1, 2026 to January 6, 2026 (period ended January 6, 2026), no employer or participant contributions, benefit payments, or other significant transactions occurred other than investment income, changes in fair value of investments, and the transfer of net assets to the PEP.

Administration of the Plan

Lincoln Financial Group Trust Company, Inc. (Lincoln) serves as custodian of the Plan assets. The Plan is administered by the Company through a designated Plan Administrator, which is responsible for the overall administration of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants in the Plan were able to elect to contribute up to 50 percent of their annual compensation to the Plan. The Company made matching contributions of amounts equal to 50 percent of each participant's elective contribution up to 4 percent of the participant's compensation. The Company maintained the option to contribute an additional amount at the sole discretion of the Company's Board of Directors. The additional contribution, if any, was allocated based upon each eligible employee's compensation in proportion to all eligible employees' compensation. There were no discretionary contributions for the period ended January 6, 2026 and year ended December 31, 2025. Participants directed the investment of their contributions into various investment options offered by the Plan. Contributions under the Plan were subject to Internal Revenue Service (IRS) limitations. Contributions from Plan participants are recorded in the year in which participant compensation is earned.

Office Management Systems, Inc. 401(k) and Profit-Sharing Plan

Notes to Financial Statements

Participant Accounts

Each participant's account was credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings and losses. Participants' accounts were charged with an allocation of administrative expenses to the extent such expenses were paid by the Plan. Allocations were based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant was entitled equaled the benefit that could be provided from the participant's vested account.

Vesting

All participants were immediately vested in their contributions and allocated earnings or losses thereon.

Participants' interests in any Company contributions and allocated earnings or losses thereon vested as follows:

Vesting Service (in Years)	Vesting Percentage (%)
Less than 2	-
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 years or more	100%

Participants are fully vested in the event of death or disability, or upon reaching age sixty-five.

Payment of Benefits

Benefits were generally payable on termination, retirement, death or disability. Benefits were able to be paid by either lump-sum payment, minimum required payments or a rollover into a qualified plan (subject to regulatory requirements). After age 59 ½ and participation of at least 5 years, a participant was able to elect to receive an in-service distribution for all or a portion of their vested balance. Hardship distributions were also available from a participant's elective deferral account balance, subject to regulatory requirements.

Forfeitures

Forfeitures, which result from employees withdrawing from the Plan prior to vesting in Company contributions and earnings or losses thereon, were applied to either reduce Company contributions or to pay administrative expenses of the Plan. Forfeitures in the amount of \$0 and \$14,190 were applied to reduce matching contributions made by the Company during the period ended January 6, 2026 and for the year ended December 31, 2025, respectively. As of January 6, 2026 and December 31, 2025, there were no forfeited non-vested account balances.

Office Management Systems, Inc. 401(k) and Profit-Sharing Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan were required to be reported at fair value, except fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit paid to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the Plan's financial statements. However, the Plan was required to pay any administrative expenses not paid by the Company.

Notes to Financial Statements

3. Information Certified and Provided by Lincoln

The information related to investments disclosed in the accompanying Plan financial statements and supplemental schedule, including investments held at December 31, 2025, and net appreciation of investments, interest and dividends for the period ended January 6, 2026 and for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Lincoln.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) Topic 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at January 6, 2026 and December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Office Management Systems, Inc. 401(k) and Profit-Sharing Plan

Notes to Financial Statements

Non-fully benefit responsive investment contracts: Valued at fair value using inputs other than quoted prices in active markets that are observable for the asset, either directly or indirectly. Fair value is based on information provided by the issuer or trustee and considers the underlying investments and current market conditions (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 16,276,696	\$ -	\$ -	\$ 16,276,696
Investment Contracts	-	27,038	-	27,038
Total Investments, at fair value	\$ 16,276,696	\$ 27,038	\$ -	\$ 16,303,734

5. Group Annuity Contract with Lincoln

The Plan maintained a traditional investment contract with Lincoln which totaled \$0 and \$27,038 at January 6, 2026 and December 31, 2025, respectively. Lincoln maintained contributions in a general account that was credited with earnings and charged for participant withdrawals and administrative expenses. The contract issuer was contractually obligated to repay principal and a specified rate of interest guaranteed under the contract. The crediting rate was based on a formula established by the issuer and was reviewed quarterly.

Effective December 31, 2025, the Plan merged into a PEP. As a result of the merger, the investment contract no longer met the definition of a fully benefit-responsive investment contract. Management evaluated the effect of the merger and concluded that contract value approximated fair value and that any difference between the two was immaterial to the financial statements.

6. Related Party and Party-In-Interest Transactions

Lincoln served as custodian of the Plan's assets; therefore, administrative fees paid to Lincoln qualified as exempt party-in-interest transactions. Fees paid by the Plan to Lincoln for such services totaled \$0 and \$84,036 for the period ended January 6, 2026 and for the year ended December 31, 2025, respectively.

Office Management Systems, Inc. 401(k) and Profit-Sharing Plan

Notes to Financial Statements

The Plan's traditional investment contract with Lincoln charged the Plan and Plan participants fees in accordance with the terms of the contract, including administrative and investment-related expenses. Fees charged by Lincoln related to the investment contract qualified as exempt party-in-interest transactions.

7. Plan Merger

Effective December 31, 2025, the Plan merged into a PEP. As a result of the merger, all participant account balances and related obligations of the Plan became obligations of the successor plan, and participant benefits continue without interruption under the PEP. The transfer of Plan net assets and participant account balances totaling \$16,609,606 was completed by January 6, 2026.

8. Income Tax Status

The Company adopted a customized pre-approved plan document sponsored by T.E. Lott & Company, which received its latest opinion letter dated June 30, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan document was amended since receiving the opinion letter. The Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events through July 23, 2026, the date these financial statements were available to be issued. No subsequent events have occurred that require recognition or disclosure.
