We have performed audits of the financial statements of the Venerable 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matter

### *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the “supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Venerable 401(k) Savings Plan**  
**Notes to Financial Statements**  
**December 31, 2025**

**1. Description of Plan**

The following is a general description of the Venerable 401(k) Savings Plan (the “Plan”), which was established on June 1, 2018. Participants should refer to the Plan document, including the summary plan description, for a more complete description of the Plan’s provisions, including those described herein. Any conflicts between the terms of the Plan document and this description shall be resolved by referring to the Plan document.

The Plan is a voluntary defined contribution plan available to all eligible employees, as defined in the Plan document. The Plan is intended to meet the requirements of Section 401(a) of the Internal Revenue Code (“IRC”). The Plan also contains a salary reduction feature intended to meet the requirements applicable to cash or deferred arrangements under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Venerable Holdings, Inc. is the Plan sponsor (“Plan sponsor”). The workforce in its entirety is directly employed by VIAC Services Company, a subsidiary of the Plan sponsor (the “Company” or “Employer”). The Venerable Benefits Committee is the Plan administrator (“Plan Administrator”). Voya Institutional Trust Company and Voya Retirement Insurance and Annuity Company (“VRIAC”), wholly owned subsidiaries of Voya Financial, Inc., are the trustee (“Trustee”) and the recordkeeper (“Recordkeeper”) of the Plan, respectively.

The Plan incorporated the following changes reflecting the adoption of provisions required under the SECURE 2.0 Act of 2022: an increase to the minimum required distributions age for the commencement of distributions, an increase to the mandatory cash-out limit for terminated or retired participants with vested account balances, modified eligibility requirements for long-term part-time employees, and enhanced catch-up contribution provisions, including increased contribution limits for eligible participants aged 60 through 63. Some of these provisions became effective in current and prior plan years.

**Eligibility**

All employees meeting the qualifying requirements, as specified in the Plan document, are automatically enrolled in the Plan. Eligible employees are able to participate in the Plan on the date of hire. Eligible employees are automatically enrolled in the Plan as soon as administratively feasible, with a deferral of 3% of eligible compensation unless they affirmatively decline to participate. The automatic deferral percentage increases by 1% of eligible compensation up to a maximum of 6% on an annual basis on March 1st.

**Participant Accounts**

Each participant’s account is credited with the participant’s contribution and the Company’s contribution. Company contributions are based on participant deferrals. Each participant’s account is also credited with allocations of Plan investment results: all earnings or losses are allocated to each participant’s account as soon as practicable. Participant accounts may be reduced by any administrative fees or expenses charged against the account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account at the time benefit payments are made.

**Participant Contributions**

Participants in the Plan may contribute up to 50% of their pre-tax eligible compensation. Participants may also contribute eligible amounts representing distributions from other qualified plans (“rollovers”) and participants who have attained age 50 or over in a plan year may elect to begin making catch-up contributions for such plan year in addition to their participant contribution. Participant contributions, other than rollovers, are subject to limitations imposed by the IRC and the Plan.

The Plan offers a Roth feature. The Roth feature allows participants to make after-tax contributions to a Roth Account. These after-tax contributions are subject to the IRC pre-tax employee contribution limits. The Roth contributions plus earnings grow tax free, and qualified Roth distributions are not subject to federal income taxes.

**Venerable 401(k) Savings Plan**  
**Notes to Financial Statements**  
**December 31, 2025**

**Employer Contributions**

The Company matches participant pre-tax and Roth contributions at 100% of each participant's contributions up to the first 6% of eligible compensation. The Company does not contribute matching contributions on catch-up contributions. The Company's matching contributions are made in cash during each payroll period and allocated in accordance with each participant's investment elections. The Plan was amended in 2025, and as a result, effective January 1, 2025, the Company also performs an annual calculation to ensure that each participant receives 100% of the Company match of pre-tax and Roth contributions up to the first 6% of eligible compensation, with the Company making any necessary true-up contribution in the subsequent plan year.

The Company may also allocate, amongst eligible participants, a discretionary profit-sharing contribution of up to a maximum of 4% of eligible compensation based on the Company's ability to deliver against its financial metrics and strategic objectives each fiscal year. To be eligible for the profit-sharing contribution, employees must be participants in the Plan and employed on the last day of the plan year (December 31), unless employment ends during the plan year as a result of retirement after age 65, disability, or death. For the years ended December 31, 2025, and 2024, participants received 4% of their eligible compensation as a profit-sharing contribution in March of the following year, with total profit-sharing contributions of \$3,062,929 and \$2,789,254, respectively. Contributions are made directly into each eligible participant's account and are subject to limitations imposed by the IRC and the Plan.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon.

Participants vest in the Company's matching and profit-sharing contributions plus actual earnings thereon over four years of service at the rate of 25% after the first year, 50% after the second year, 75% after the third year, and 100% after the fourth year. Participants are immediately fully vested when any of the following occur: (1) obtaining age 65 while actively employed, (2) dying while actively employed, (3) obtaining eligibility for benefits under Venerable's managed long term disability plan, or (4) termination or partial termination of the Plan to the extent such termination applies to a participant.

**Forfeitures**

The non-vested portion of a participant's account is forfeited when certain terminations described in the Plan document occur. During the years ended December 31, 2025, and 2024, forfeitures of \$62,995 and \$49,683, respectively, were used to reduce employer contributions. Forfeitures remaining in the Plan may be used to pay Plan expenses or to reduce the Company's contributions to the Plan. As of December 31, 2025, and 2024, the amount of the forfeited non-vested participant account was \$102,895 and \$62,584, respectively.

**Dividends and Interest**

Dividends and interest paid are automatically reinvested in accordance with each participant's investment elections.

**Participant Loans**

Subject to the provisions of the Plan and applicable law, a participant may borrow against his/her account balance provided that the amount requested is at least \$1,000 but not more than the lesser of 50% of the participant's vested balance or \$50,000 (taking into account the outstanding balance of all Plan loans made within the prior twelve months). The maximum number of Plan loans outstanding at any time is two per participant.

Each loan will bear an interest rate established by the Plan Administrator and will be a fixed rate for the duration of the loan, the current prime interest rate plus 1%. Loan repayment periods are for a maximum of five years; however, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term. Principal and interest are repaid ratably through payroll deductions or payment by ACH (automated clearing house system for electronic funds transfer).

**Venerable 401(k) Savings Plan**  
**Notes to Financial Statements**  
**December 31, 2025**

**Benefits Paid**

Upon termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump-sum distribution or periodic payments of the participant's account balance. Additionally, upon termination of employment with the Company, a participant may elect to receive a lump sum distribution of their vested account balance. In-service withdrawals are permitted for active participants who have attained age 59½ of their vested account balance.

As defined in the Plan document, certain participants are also eligible for hardship withdrawals, consistent with the provisions of the IRC.

**Administrative Expenses**

All expenses of the Plan shall, to the extent permitted by law, be paid by the Plan, unless the Company elects to pay such expenses. Any expenses that are paid by the Company are excluded from these financial statements.

**Plan Termination**

Although it has not expressed any intent to do so, the Plan has retained the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their Plan accounts.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

**Notes Receivable from Participants**

Notes receivable from participants represents participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan is reduced and a benefit payment is recorded.

**Investment Valuation and Income Recognition**

The Plan provides for investments in mutual funds and a guaranteed investment contract ("GIC").

Generally, GIC contract value is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to adjustments in connection with contract holder directed withdrawals that are subject to a market value adjustment or under limited circumstances for certain in-service participant withdrawals. See Note 4 for further discussion.

Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade date. Net (depreciation) appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as investments held during the year.

**Benefit Payments**

Benefit payments are recorded when paid.

**Venerable 401(k) Savings Plan**  
**Notes to Financial Statements**  
**December 31, 2025**

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

**3. Income Tax Status**

The underlying Pre-Approved Plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying Pre-Approved Plan document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Notwithstanding the foregoing, the IRS may nonetheless audit the Plan to ensure it has been operated in accordance with the Plan document and applicable laws.

**4. Investment in Insurance Contracts**

As of December 31, 2025, and 2024, the Plan maintained one GIC-related investment option, the Voya Fixed Account, issued by VRIAC, a party-in-interest. The contract underlying this investment option is fully benefit responsive in accordance with ASC Topic 962, "*Plan Accounting - Defined Contribution Pension Plans*." As of December 31, 2025 and 2024, the contract value of the investment in the Voya Fixed Account was \$4,880,735 and \$3,176,104, respectively. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

The crediting interest rate is determined by VRIAC and will not fall below the lifetime guaranteed minimum rate of 1.0%. The crediting interest rate to participants for the contract as of December 31, 2025 and 2024 was 1.7% and 1.6%, respectively. VRIAC's determination of credited interest rate reflects a number of factors including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

**5. Certified Information**

Except for notes receivable from participants and its related interest income, all information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends, for the years ended December 31, 2025 and 2024, respectively, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

**6. Financial Instruments**

**Fair Value Measurements**

ASC Topic 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and enhances disclosure requirements for fair value measurements.

**Fair Value Hierarchy**

The Plan has categorized its financial instruments into a three-level hierarchy based on the priority of the inputs to the valuation technique.

The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to inputs that are unobservable in the marketplace (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument.

Financial assets recorded at fair value on the Statements of Net Assets Available for Benefits are categorized as follows:

- Level 1 - Unadjusted quoted prices for identical assets or liabilities in an active market. The Plan defines an active market as a market in which transactions take place with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 - Quoted prices in markets that are not active, or values based on inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
  - a. Quoted prices for similar assets or liabilities in active markets;
  - b. Quoted prices for identical or similar assets or liabilities in non-active markets;
  - c. Inputs other than quoted market prices that are observable; and
  - d. Inputs that are derived principally from or corroborated by observable market data through correlation or other means.
- Level 3 - Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These valuations, whether derived internally or obtained from a third party, use critical assumptions that are not widely available to estimate market participant expectations in valuing the asset or liability.

When available, the estimated fair value of financial instruments is based on quoted prices in active markets that are readily and regularly obtainable. When quoted prices in active markets are not available, the determination of estimated fair value is based on market standard valuation methodologies, including discounted cash flow methodologies, matrix pricing, or other similar techniques.

The following tables present the Plan's hierarchy for its assets measured at fair value. The valuation methods were used by the Plan in determining the reported values for the investments described below:

*Mutual funds:* Mutual funds are reported at quoted market price, which represent NAV of shares, and included in Level 1. This financial instrument includes U.S. equities, International equities, Fixed income, and Short-term investment funds.

## 7. Parties-in-Interest to the Plan

The Plan holds investments in certain mutual funds and a GIC that are managed by affiliated companies of the Trustee and Recordkeeper. These affiliated companies are considered parties-in-interest (as defined in ERISA) to the Plan. As of December 31, 2025, and 2024, funds of \$6,882,153 and \$4,479,204 respectively, were held in such investments and are considered party-in-interest transactions.
