INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
The Arc of Camden County 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The Arc of Camden County 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Respectfully submitted,

THE ARC OF CAMDEN COUNTY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 1 **Description of Plan**

The following description of The Arc of Camden County 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more information and a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Arc of Camden County (the Organization) (Plan Sponsor). Eligible employees may begin participation in the Plan on a voluntary basis immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan assets are held by Equitable Retirement Plan Services (Equitable), and Voya Retirement Insurance and Annuity Company (Voya).

Contributions

The Plan allows for employee pre-tax contributions. Each year, participants may contribute a percentage of their pre-tax annual compensation, subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). Participants age 50 and over are also eligible to make catch-up contributions. Participants may also contribute rollover amounts from other qualified plans.

The Organization contributes a safe harbor matching contribution equal to 100% of a participant's deferral up to 4% of a participant's eligible compensation.

The Plan also provides for discretionary nonelective contributions. For the year ended December 31, 2024, the Organization contributed 3% of each participant's eligible compensation. Participants are eligible for this nonelective contribution after the completion of one year of service as defined.

Participants direct how their contributions are to be invested. If the employee fails to direct, the investment is placed in the default account as approved by the Organization.

Annually, the Organization completes an employer contribution true-up, which is included in employer contributions receivable on the statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Organization's contribution, and an allocation of Plan earnings, and charged with withdrawals and an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE ARC OF CAMDEN COUNTY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 1* Description of Plan - Continued**

Vesting

Participants are 100% vested immediately in their elective deferral amounts, their rollover contributions, and the Organization's safe harbor matching contributions, plus actual earnings thereon.

A participant shall have a vested and nonforfeitable interest in the employer's discretionary contribution portion of their account balance determined by the number of years of credited service as follows:

<u>Years of Credited Service</u>	<u>Vesting %</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Participants who terminate employment before becoming fully vested will forfeit their interest in the nonelective discretionary employer contribution accounts. These accounts will be held in the Plan for use by the Organization to pay plan expenses or reduce nonelective employer contributions. The forfeiture account had a balance of \$23,683 and \$17,841 as of December 31, 2024 and 2023, respectively. Forfeitures were not used for the year ended December 31, 2024.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participant notes are secured by the balance in the participant's accounts and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years or up to 15 years if the loan is used to purchase a principal residence. The Plan allows two outstanding loans at a time.

Payment of Benefits

On termination of service, retirement, death, or total permanent disability, a participant may elect to receive a lump sum distribution, partial distribution, or installment payments in the amount equal to the value of the participant's vested interest in their account or elect to rollover funds into an IRA or other retirement account.

Prior to termination, a participant may withdraw their pretax contributions in the event of undue financial hardship. The Plan also provides for in-service distributions for participants who have attained age 59 ½.

THE ARC OF CAMDEN COUNTY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 1* Description of Plan - Continued**

Administrative Expenses

Administrative expenses may be paid for by the Plan or the Organization.

Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

***Note 2* Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

Risks and Uncertainties

The Plan offers a number of investment funds for participants. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 2* Summary of Significant Accounting Policies - Continued**

Plan Records Management

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Organization. Accordingly, various accounting records and supporting documents related to the Plan's 403(b) contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not available from historical custodians. Consequently, the financial statements have been prepared based on available records analyzed by Plan management.

As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

Subsequent Events

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through June 30, 2026, the date that the financial statements were available to be issued.

***Note 3* Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Equitable and Voya have certified to the completeness and accuracy of certain investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, schedule of assets (held at end of year) as of December 31, 2024, and the related investment income and interest on notes receivable from participants for these investments reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024. Equitable's investments and notes receivable from participants amounted to \$2,703,915 and \$2,789,117 as of December 31, 2024 and 2023, respectively, and the related investment income and loan interest amounted to \$269,228 for the year ended December 31, 2024. Voya's investments, excluding the notes receivable from participants, amounted to \$866,007 and \$896,442 as of December 31, 2024 and 2023, respectively, and the related investment income amounted to \$101,063 for the year ended December 31, 2024.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

***Note 4* Investment Valuation and Income Recognition**

Except for certain contracts described in Note 5, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies: Valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

THE ARC OF CAMDEN COUNTY 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 4 Investment Valuation and Income Recognition - Continued

Pooled Separate Accounts: Valued at the NAV as a practical expedient of its underlying investments held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at fair value, within the fair value hierarchy, were as follows as of:

	Investments, at Fair Value as of December 31, 2024	
	Level 1	Total
Registered Investment Companies	\$ 2,258,233	\$ 2,258,233
Pooled Separate Accounts Valued at NAV as a Practical Expedient ^(a)		597,640
	<u>\$ 2,258,233</u>	<u>\$ 2,855,873</u>
	Investments, at Fair Value as of December 31, 2023	
	Level 1	Total
Registered Investment Companies	\$ 2,350,080	\$ 2,350,080
Pooled Separate Accounts Valued at NAV as a Practical Expedient ^(a)		525,519
	<u>\$ 2,350,080</u>	<u>\$ 2,875,599</u>

^(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Note 5* Fully Benefit Responsive Investment Contracts**

Investments held by the Plan include the Voya Fixed Account option with Voya, a portfolio that holds traditional investment contracts, and the Guaranteed Interest Account with Equitable, an account with guaranteed stated quarterly interest. Voya and Equitable maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. Interest is credited to the general obligation daily based on its daily balance, at a rate of interest that is the daily equivalent of the effective annual current credit rate, applicable for each month. The contract cannot be terminated before the scheduled maturity date.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 6 **Tax Status**

The Plan has adopted a volume submitter 403(b) plan sponsored by Ascensus LLC. The volume submitter 403(b) plan provider has received an opinion letter from the Internal Revenue Service (IRS), dated January 1, 2018, as to the volume submitter 403(b) plan's qualified status. The volume submitter 403(b) plan opinion letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 **Parties-In-Interest Transactions**

Certain Plan investments are managed by Equitable and Voya, who are the custodians of the Plan. Therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Note 8 **Delinquent Contributions**

During 2022, the Organization failed to deposit \$5,702 of participant deferrals and loan repayments within the required time frame as stated by the DOL. In addition, during 2020, the Organization failed to deposit \$19,641 of participant deferrals and loan repayments within the required time frame as stated by the DOL. The Organization is required to make additional contributions to the Plan for lost earnings related to the delinquent deposits. As of the date of these financial statements, this matter has not been corrected.
