Report of Independent Auditors

To the Plan Participants and the Plan Administrator of U.S. Bank 401(k) Savings Plan

Opinion

We have audited the financial statements of U.S. Bank 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and

is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the U.S. Bank 401(k) Savings Plan (the “Plan”) provides only general information about the Plan’s provisions. Participants should refer to the Plan’s *Summary Plan Description* (the “SPD”) and plan prospectus for a more complete description of the Plan’s provisions. The SPD and plan prospectus can be reviewed by visiting www.usbank.com/benefitsandrewards.

Administration and Participation

The Plan is a defined contribution retirement plan covering substantially all employees of U.S. Bancorp (the “Company”, the “Plan Sponsor”, and the “Plan Administrator”) and its subsidiaries. Employees are eligible to participate in the Plan on their hire date so long as they are a regular, permanent, non-temporary employee, meeting specific and recognized eligibility requirements. Employees become eligible for the Company matching contribution, when meeting specific service requirements. Effective January 1, 2025, following changes to the Company’s matching contribution formula, the Plan began operating as a non-safe harbor plan. Eligible employees are automatically enrolled in the Plan with a before-tax salary deferral of 2 percent of eligible compensation unless the employee elects otherwise.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and the Internal Revenue Code (the “Code”).

The Plan is administered by the Company’s Benefits Administration Committee and has investment oversight by the Investment Committee.

Contributions

The Plan permits before-tax and after-tax (“Roth”) elective contributions up to a combined maximum of 75 percent of a participant’s eligible compensation, subject to the Internal Revenue Service (the “IRS”) limit. In addition, participants may make rollover contributions from other qualified plans. Participants aged 50 and older whose elective contributions have reached the IRS limit are permitted to make catch-up contributions up to the IRS catch-up limit. Beginning January 1, 2026, pursuant to SECURE 2.0, participants aged 50 and older with Social Security wages exceeding \$150,000 in 2025 must designate any catch-up contributions as Roth contributions. All participant contributions are deposited into the Plan bi-weekly.

The Company makes a matching contribution equal to 100 percent of each participant’s contribution up to 4 percent of their annual eligible compensation, as defined in the Plan document. A participant becomes eligible for an employer matching contribution on the first day of the month following completion of one full year of service. In addition, the eligible participant must be employed on the last business day in December to receive the match for that plan year. If the participant retires after age 55 with at least 10 years of service since their most recent date of hire or if they leave because of disability or death, the participant will receive the match for that plan year. The employer matching contribution is deposited in the Plan annually and is initially invested in eligible participants’ accounts based on their future contribution investment election. Participants can subsequently change how their matching contributions are invested at any time, subject to restrictions on trading in the ESOP fund noted below under Plan Investments. The employer contribution receivable represents the Company’s matching contribution for 2025, which was deposited in the Plan in January 2026.

Participant Accounts

Each participant’s account is credited with applicable participant contributions, rollovers, employer contributions, and an allocation of the earnings (losses) of the investment funds in which the participant has elected to invest. Earnings (losses) allocations are based upon the participant account balance, as defined in the Plan document. In addition, applicable participant distributions and loans as well as an allocation of administrative expenses are charged to each participant’s account. Participants may invest their account balance in one or more of a variety of investment funds and are immediately 100 percent vested in their entire account balance.

Distributions to Participants

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant having an account balance greater than \$7,000, can elect to receive partial or lump sum payments. A participant whose vested account

balance is less than \$7,000, and depending on age, will have the account rolled over to a qualified IRA, or will receive a lump sum payment.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Participant Loans

The Plan contains provisions allowing participants to borrow from their accounts. The minimum loan is \$1,000 and the maximum is the lesser of 50 percent of the participant's account balance or \$50,000 minus the participant's highest outstanding loan balance during the past 12 months. Each loan is secured by the balance in the participant's account and bears interest at 1 percent above the prime interest rate at the date of issuance as determined monthly by the Plan Administrator. Principal and interest are repaid ratably through bi-weekly payroll deductions. Beginning January 1, 2018, participants may have no more than one outstanding loan at any time.

If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized payment method. If the loan is not repaid, it will automatically be treated as a distribution to the participant on the last day of the calendar quarter following the calendar quarter in which it was due.

Plan Investments

The Plan offers a diversified selection of investments intended to satisfy ERISA requirements. Participants also have the option of investing in mutual funds in a self-directed brokerage account. The Plan includes an employee stock ownership plan ("ESOP") fund. All participant and employer matching contributions credited to a participant's account that are invested in qualifying employer securities are invested in the ESOP fund. The primary purpose of the ESOP fund is to benefit participants and beneficiaries by obtaining and retaining for them a position of equity ownership in the Company. Dividends paid on qualifying employer securities held in the ESOP are either reinvested in the ESOP or paid directly to the participant, per their election. Participants are subject to restrictions on trading in the ESOP fund in compliance with the Company's insider trading policy and Code of Ethics and Business Conduct.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to suspend or terminate the Plan at any time by action of its Board of Directors subject to the provisions of ERISA. In the event of a termination of the Plan, all participant account balances remain fully vested and are eligible for distribution.

2. Significant Accounting Policies

Accounting Method

The financial statements of the Plan are prepared using the accrual method of accounting under accounting principles generally accepted in the United States.

Investment Valuation and Income Recognition

Investments held by a defined contribution retirement plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. For the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, contract value is the relevant measure because it is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. If a trade is open at the end of the year, a receivable for securities sold but not yet settled or a payable for securities purchased but not yet settled is reflected in the Statement of Net Assets Available for Benefits.

Dividends are recorded on the ex-dividend date.

2. Significant Accounting Policies (continued)

Brokers' commissions and other expenses incurred upon the purchase of corporate stock are included in the cost of the corporate stock. Brokers' commissions and other expenses incurred upon the sale of corporate stock are reflected as a reduction in the proceeds from the sale.

The change in the difference between fair value and the cost of investments from the beginning to the end of the year is reflected in the Statement of Changes in Net Assets Available for Benefits as net appreciation or depreciation in fair value of investments. The net gain (loss) on sales of investments is the difference between the proceeds received and the cost of investments sold and is also reflected in the Statement of Changes in Net Assets Available for Benefits in net appreciation or depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan payments and the Plan Sponsor deems the loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Accordingly, no allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Administrative Expenses

Recordkeeping, investment management, trust, consulting, audit, and other administrative fees are paid by the Plan and the Company, and recorded as administrative expenses as incurred. Participant accounts are allocated a portion of administrative expenses paid by the Plan.

Distributions to Participants

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates and assumptions.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value measurement reflects all of the assumptions that market participants would use in pricing the asset or liability, including assumptions about the risk inherent in a particular valuation technique, the effect of a restriction on the sale or use of an asset and the risk of nonperformance.

3. Fair Value Measurements (continued)

The Plan groups its assets measured at fair value into a three-level hierarchy for valuation techniques used to measure financial assets at fair value. This hierarchy is based on whether the valuation inputs are observable or unobservable. These levels are:

- Level 1 – Quoted prices in active markets for identical assets. Level 1 includes mutual funds, corporate stocks and self-directed brokerage accounts, which have amounts invested in mutual funds that are Level 1.
- Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets. The Plan had no Level 2 investments during 2025 or 2024.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets. The Plan had no Level 3 investments during 2025 or 2024.

The level in the fair value hierarchy within which the fair value measurement of the asset in its entirety is classified is based on the lowest-level input that is significant to the fair value measurement. If the Plan were to change its valuation inputs for measuring financial assets at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets into or out of Level 3 of the hierarchy based on the new inputs used. During the years ended December 31, 2025 and 2024, there were no transfers of financial assets into or out of Level 3 of the hierarchy.

The following section is a description of the valuation techniques and inputs used by the Plan to measure each major class of assets at fair value. During 2025 and 2024, there were no changes to the valuation techniques used by the Plan to measure fair value. There were no unfunded commitments related to these investments for the years ended December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate stocks: Valued at the last reported sales price of the year in the national security exchange in which the individual securities are traded.

Self-directed brokerage accounts: The investments in the accounts consist solely of mutual funds, which are valued at the daily closing price as reported by the fund. The mutual funds held in the accounts are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held in the accounts are deemed to be actively traded.

Collective investment funds: Valued using the NAV provided by the trustee of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities.

Total plan investment assets at fair value	<u>\$ 10,554,384,189</u>

(a) These investments are valued based on NAV per unit, as provided by the trustee of the fund as a practical expedient, and have not been classified in the fair value hierarchy. The fair value amounts are provided to reconcile to the Statement of Net Assets Available for Benefits.

(b) There are currently no significant redemption restrictions on these investments.

4. Stable Value Fund

The Plan offers a stable value investment option, the U.S. Bank Stable Value Fund (the "Fund"). The Fund invests in fully benefit-responsive investment contracts, including synthetic guaranteed investment contracts ("GICs").

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following table denotes the contract value of the synthetic investment contracts held by the Plan:

	December 31,	
	2025	2024
Synthetic guaranteed investment contracts	\$ 509,340,976	\$ 490,140,648
Total	<u>\$ 509,340,976</u>	<u>\$ 490,140,648</u>

The synthetic GICs consist of two parts: an underlying investment owned directly by the Plan and a wrapper contract purchased from an insurance company. The wrapper contract guarantees full payment of principal and interest. The

4. Stable Value Fund (continued)

wrapper contract amortizes realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate. These investments are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- Premature termination of the contracts by the Plan
- Material amendments to the Plan's documents or administration
- Changes to the Plan's competing investment options, including the elimination of equity wash provisions
- Complete or partial termination of the Plan, including merger with another plan
- The failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Bankruptcy of the Plan Sponsor or other Plan Sponsor event that causes a significant withdrawal from the Plan
- Any change in law, regulation, ruling, administrative or judicial position, or accounting requirement applicable to the Plan
- The delivery of any communication to the Plan's participants designed to influence a participant not to invest in the investment option

At this time, the Plan Sponsor does not believe that the occurrence of any such market value event that would limit the Plan's ability to transact at contract value with participants is probable.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

The Fund owns units of the SEI Trust Company Short-Term Investment Fund II, which serve as the Fund's short-term liquidity vehicle.

5. Transactions with Parties in Interest

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Parties in interest include the Company and U.S. Bank National Association (the "Trustee"). Transactions involving funds administered by the Trustee are considered party-in-interest transactions. These transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. This Trustee ended responsibilities on December 31, 2024.

The Plan invests in the common stock of the Company. At December 31, 2025 and 2024, the Plan held 14,670,720 and 15,721,674 shares, respectively, of U.S. Bancorp common stock. During the years ended December 31, 2025 and 2024, the Plan recorded dividend income from U.S. Bancorp common stock of \$31,299,889 and \$32,895,470, respectively.

U.S. Bank 401(k) Savings Plan
Notes to Financial Statements (continued)

6. Tax Status (continued)

6. Tax Status

The Plan has received a determination letter from the IRS dated July 13, 2017, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. The Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Event

On January 1, 2026, the Company acquired BTIG, LLC, a financial services firm specializing in investment banking, institutional sales and trading, research and prime brokerage. The BTIG employees conveyed to the Company are eligible to enroll in the Plan in 2026.
