INDEPENDENT AUDITORS' REPORT

To the Cable ONE 401(k) Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Cable ONE 401(k) Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CABLE ONE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the **Cable ONE 401(k) Plan** (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

On or about July 7, 2015, the Cable ONE, Inc. (the “Sponsor” or the “Company”) established the Plan as a qualified defined contribution plan to hold the assets and liabilities of a prior plan and to continue to provide 401(k) savings opportunities and employer contributions for employees of the Sponsor and participating affiliates in the Sponsor’s controlled group.

Overall responsibility for administering the Plan rests with the Company, which is responsible for the general administration of the Plan including compliance with reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

- A. Eligibility** - Full-time or part-time employees of the Company are eligible to participate in the Plan. Temporary, call-in or vacation relief employees are not eligible to participate in the Plan. Employees covered by a collective bargaining agreement with the Company are not eligible to participate unless the applicable collective bargaining agreement specifically provides for eligibility to participate in the Plan. Participating employees are eligible to receive matching contributions upon making elective contributions to the Plan. Participants are not required to complete any period of service in order to receive matching contributions.
- B. Contributions** - Participants may contribute a percentage of annual eligible compensation to the Plan. The total contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (“IRC”). Participants in the Plan are eligible to receive Company Matching Contributions equal to 100% of a participant’s contributions up to 5% of the participant’s Base Salary, as defined in the Plan agreement. Additionally, the Company may make discretionary nonelective contributions to the Plan. There were no discretionary nonelective contributions made in 2025. Participants may apply to the Cable ONE 401(k) Plan Committee to make rollover contributions into the Plan.
- C. Participant accounts** - Each participant’s account is credited with (a) contributions and (b) an allocation of Plan earnings and expenses. Allocations of Plan earnings and expenses are based on participant account balances. The benefit to which a participant is entitled is the participant’s vested account balance.
- D. Vesting** - Participants are immediately vested 100% in their accounts, including Company Matching Contributions.
- E. Loans** - Participants are eligible to borrow from their fund account. The maximum amount of the loan would be limited to the lesser of (i) 50% of account balance, or (ii) \$50,000. Participants may have only one loan outstanding at any time, so any prior loan must be fully repaid before requesting another loan.
- F. Benefits** - The Plan provides for the payment of benefits from the vested balance in a participant’s account upon one of the following:
 - a. The Participant’s retirement, death, disability or severance from employment
 - b. The Participant’s attainment of age 59½ or the occurrence of financial hardship
 - c. The termination of the Plan
 - d. Such other event or time as permitted by Treasury Regulations

CABLE ONE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) **Description of the Plan (continued)**

Benefits are payable in a lump-sum distribution. Distributions to a beneficiary other than the participant's spouse upon occurrence of death are only effective if the participant's spouse has waived the right to be the beneficiary and has consented in writing to the designation of another beneficiary.

G. Administrative expenses - The Company pays for a portion of the Plan's administrative expenses.

(2) **Significant accounting policies**

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Payments of benefits - Benefits are recorded when paid.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures of contingent items in these financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments of the Plan are reported at fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.

Level 2: Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used as of December 31, 2025 or 2024.

- Mutual funds - Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Common collective trusts: Common collective trusts are valued based on the quoted redemption value of units, or the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of December 31, 2025 and can be redeemed daily with no redemption notice period or other redemption restrictions.

CABLE ONE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(2) Significant accounting policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 144,897,862	\$ 144,897,862	\$ -	\$ -
Common collective trusts*	<u>136,105,541</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 281,003,403</u>	<u>\$ 144,897,862</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 127,386,481	\$ 127,386,481	\$ -	\$ -
Common collective trusts*	<u>116,556,524</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 243,943,005</u>	<u>\$ 127,386,481</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Risks and uncertainties - The Plan's exposure to loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA dictate the Plan's concentrations of credit risk and market risk. Due to the level of credit risk, interest rate risk and market risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(3) Subsequent events

The Plan has evaluated subsequent events through July 23, 2026, which is the date the financial statements were available to be issued.

(4) Tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated January 17, 2024 stating that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). No other significant matters were identified for disclosure during this evaluation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the financial statements.

CABLE ONE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(5) Plan termination

While it is the Company's intention to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA, provided all employer contributions due at the termination date have been paid. In the event of Plan termination, participants are fully vested in their accounts, including the Company Matching Contributions.

(6) Information certified by the Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan's assets, has certified that the following information, included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Other income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(7) Party-in-interest transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company, the Plan's trustee, as defined by the Plan. Therefore, transactions with the trustee qualify as party-in-interest transactions.

Total administrative fees and expenses paid by the Plan to parties-in-interest for the year ended December 31, 2025 were \$357,247 and related to investment management and record keeping services. The Company paid for other fees and expenses incurred on behalf of the Plan.

(8) Nonexempt transactions

Plan management determined that certain participant contributions submitted by the Plan Sponsor during the 2025 Plan year were remitted late based upon guidelines established by the Department of Labor. These contributions totaling \$11,972 represent prohibited transactions. Plan Management is in the process of submitting lost earnings, which are not expected to be material to the financial statements as a whole.

INDEPENDENT AUDITORS' REPORT

To the Cable ONE 401(k) Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Cable ONE 401(k) Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the **Cable ONE 401(k) Plan** (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

On or about July 7, 2015, the Cable ONE, Inc. (the “Sponsor” or the “Company”) established the Plan as a qualified defined contribution plan to hold the assets and liabilities of a prior plan and to continue to provide 401(k) savings opportunities and employer contributions for employees of the Sponsor and participating affiliates in the Sponsor’s controlled group.

Overall responsibility for administering the Plan rests with the Company, which is responsible for the general administration of the Plan including compliance with reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

- A. Eligibility** - Full-time or part-time employees of the Company are eligible to participate in the Plan. Temporary, call-in or vacation relief employees are not eligible to participate in the Plan. Employees covered by a collective bargaining agreement with the Company are not eligible to participate unless the applicable collective bargaining agreement specifically provides for eligibility to participate in the Plan. Participating employees are eligible to receive matching contributions upon making elective contributions to the Plan. Participants are not required to complete any period of service in order to receive matching contributions.
- B. Contributions** - Participants may contribute a percentage of annual eligible compensation to the Plan. The total contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (“IRC”). Participants in the Plan are eligible to receive Company Matching Contributions equal to 100% of a participant’s contributions up to 5% of the participant’s Base Salary, as defined in the Plan agreement. Additionally, the Company may make discretionary nonelective contributions to the Plan. There were no discretionary nonelective contributions made in 2025. Participants may apply to the Cable ONE 401(k) Plan Committee to make rollover contributions into the Plan.
- C. Participant accounts** - Each participant’s account is credited with (a) contributions and (b) an allocation of Plan earnings and expenses. Allocations of Plan earnings and expenses are based on participant account balances. The benefit to which a participant is entitled is the participant’s vested account balance.
- D. Vesting** - Participants are immediately vested 100% in their accounts, including Company Matching Contributions.
- E. Loans** - Participants are eligible to borrow from their fund account. The maximum amount of the loan would be limited to the lesser of (i) 50% of account balance, or (ii) \$50,000. Participants may have only one loan outstanding at any time, so any prior loan must be fully repaid before requesting another loan.
- F. Benefits** - The Plan provides for the payment of benefits from the vested balance in a participant’s account upon one of the following:
 - a. The Participant’s retirement, death, disability or severance from employment
 - b. The Participant’s attainment of age 59½ or the occurrence of financial hardship
 - c. The termination of the Plan
 - d. Such other event or time as permitted by Treasury Regulations

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) **Description of the Plan (continued)**

Benefits are payable in a lump-sum distribution. Distributions to a beneficiary other than the participant's spouse upon occurrence of death are only effective if the participant's spouse has waived the right to be the beneficiary and has consented in writing to the designation of another beneficiary.

G. Administrative expenses - The Company pays for a portion of the Plan's administrative expenses.

(2) **Significant accounting policies**

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Payments of benefits - Benefits are recorded when paid.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures of contingent items in these financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments of the Plan are reported at fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.

Level 2: Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used as of December 31, 2025 or 2024.

- Mutual funds - Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Common collective trusts: Common collective trusts are valued based on the quoted redemption value of units, or the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of December 31, 2025 and can be redeemed daily with no redemption notice period or other redemption restrictions.

(2) Significant accounting policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 144,897,862	\$ 144,897,862	\$ -	\$ -
Common collective trusts*	<u>136,105,541</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 281,003,403</u>	<u>\$ 144,897,862</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 127,386,481	\$ 127,386,481	\$ -	\$ -
Common collective trusts*	<u>116,556,524</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 243,943,005</u>	<u>\$ 127,386,481</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Risks and uncertainties - The Plan's exposure to loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA dictate the Plan's concentrations of credit risk and market risk. Due to the level of credit risk, interest rate risk and market risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(3) Subsequent events

The Plan has evaluated subsequent events through July 23, 2026, which is the date the financial statements were available to be issued.

(4) Tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated January 17, 2024 stating that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). No other significant matters were identified for disclosure during this evaluation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the financial statements.

(5) Plan termination

While it is the Company's intention to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA, provided all employer contributions due at the termination date have been paid. In the event of Plan termination, participants are fully vested in their accounts, including the Company Matching Contributions.

(6) Information certified by the Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan's assets, has certified that the following information, included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Other income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(7) Party-in-interest transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company, the Plan's trustee, as defined by the Plan. Therefore, transactions with the trustee qualify as party-in-interest transactions.

Total administrative fees and expenses paid by the Plan to parties-in-interest for the year ended December 31, 2025 were \$357,247 and related to investment management and record keeping services. The Company paid for other fees and expenses incurred on behalf of the Plan.

(8) Nonexempt transactions

Plan management determined that certain participant contributions submitted by the Plan Sponsor during the 2025 Plan year were remitted late based upon guidelines established by the Department of Labor. These contributions totaling \$11,972 represent prohibited transactions. Plan Management is in the process of submitting lost earnings, which are not expected to be material to the financial statements as a whole.

INDEPENDENT AUDITORS' REPORT

To the Cable ONE 401(k) Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Cable ONE 401(k) Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CABLE ONE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the **Cable ONE 401(k) Plan** (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

On or about July 7, 2015, the Cable ONE, Inc. (the “Sponsor” or the “Company”) established the Plan as a qualified defined contribution plan to hold the assets and liabilities of a prior plan and to continue to provide 401(k) savings opportunities and employer contributions for employees of the Sponsor and participating affiliates in the Sponsor’s controlled group.

Overall responsibility for administering the Plan rests with the Company, which is responsible for the general administration of the Plan including compliance with reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

- A. Eligibility** - Full-time or part-time employees of the Company are eligible to participate in the Plan. Temporary, call-in or vacation relief employees are not eligible to participate in the Plan. Employees covered by a collective bargaining agreement with the Company are not eligible to participate unless the applicable collective bargaining agreement specifically provides for eligibility to participate in the Plan. Participating employees are eligible to receive matching contributions upon making elective contributions to the Plan. Participants are not required to complete any period of service in order to receive matching contributions.
- B. Contributions** - Participants may contribute a percentage of annual eligible compensation to the Plan. The total contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (“IRC”). Participants in the Plan are eligible to receive Company Matching Contributions equal to 100% of a participant’s contributions up to 5% of the participant’s Base Salary, as defined in the Plan agreement. Additionally, the Company may make discretionary nonelective contributions to the Plan. There were no discretionary nonelective contributions made in 2025. Participants may apply to the Cable ONE 401(k) Plan Committee to make rollover contributions into the Plan.
- C. Participant accounts** - Each participant’s account is credited with (a) contributions and (b) an allocation of Plan earnings and expenses. Allocations of Plan earnings and expenses are based on participant account balances. The benefit to which a participant is entitled is the participant’s vested account balance.
- D. Vesting** - Participants are immediately vested 100% in their accounts, including Company Matching Contributions.
- E. Loans** - Participants are eligible to borrow from their fund account. The maximum amount of the loan would be limited to the lesser of (i) 50% of account balance, or (ii) \$50,000. Participants may have only one loan outstanding at any time, so any prior loan must be fully repaid before requesting another loan.
- F. Benefits** - The Plan provides for the payment of benefits from the vested balance in a participant’s account upon one of the following:
 - a. The Participant’s retirement, death, disability or severance from employment
 - b. The Participant’s attainment of age 59½ or the occurrence of financial hardship
 - c. The termination of the Plan
 - d. Such other event or time as permitted by Treasury Regulations

CABLE ONE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan (continued)

Benefits are payable in a lump-sum distribution. Distributions to a beneficiary other than the participant's spouse upon occurrence of death are only effective if the participant's spouse has waived the right to be the beneficiary and has consented in writing to the designation of another beneficiary.

G. Administrative expenses - The Company pays for a portion of the Plan's administrative expenses.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Payments of benefits - Benefits are recorded when paid.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures of contingent items in these financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments of the Plan are reported at fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.

Level 2: Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used as of December 31, 2025 or 2024.

- Mutual funds - Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Common collective trusts: Common collective trusts are valued based on the quoted redemption value of units, or the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of December 31, 2025 and can be redeemed daily with no redemption notice period or other redemption restrictions.

(2) Significant accounting policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 144,897,862	\$ 144,897,862	\$ -	\$ -
Common collective trusts*	136,105,541	-	-	-
Total investments	<u>\$ 281,003,403</u>	<u>\$ 144,897,862</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 127,386,481	\$ 127,386,481	\$ -	\$ -
Common collective trusts*	116,556,524	-	-	-
Total investments	<u>\$ 243,943,005</u>	<u>\$ 127,386,481</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Risks and uncertainties - The Plan's exposure to loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA dictate the Plan's concentrations of credit risk and market risk. Due to the level of credit risk, interest rate risk and market risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(3) Subsequent events

The Plan has evaluated subsequent events through July 23, 2026, which is the date the financial statements were available to be issued.

(4) Tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated January 17, 2024 stating that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). No other significant matters were identified for disclosure during this evaluation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the financial statements.

(5) Plan termination

While it is the Company's intention to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA, provided all employer contributions due at the termination date have been paid. In the event of Plan termination, participants are fully vested in their accounts, including the Company Matching Contributions.

(6) Information certified by the Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan's assets, has certified that the following information, included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Other income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(7) Party-in-interest transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company, the Plan's trustee, as defined by the Plan. Therefore, transactions with the trustee qualify as party-in-interest transactions.

Total administrative fees and expenses paid by the Plan to parties-in-interest for the year ended December 31, 2025 were \$357,247 and related to investment management and record keeping services. The Company paid for other fees and expenses incurred on behalf of the Plan.

(8) Nonexempt transactions

Plan management determined that certain participant contributions submitted by the Plan Sponsor during the 2025 Plan year were remitted late based upon guidelines established by the Department of Labor. These contributions totaling \$11,972 represent prohibited transactions. Plan Management is in the process of submitting lost earnings, which are not expected to be material to the financial statements as a whole.

INDEPENDENT AUDITORS' REPORT

To the Cable ONE 401(k) Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Cable ONE 401(k) Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CABLE ONE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the **Cable ONE 401(k) Plan** (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

On or about July 7, 2015, the Cable ONE, Inc. (the “Sponsor” or the “Company”) established the Plan as a qualified defined contribution plan to hold the assets and liabilities of a prior plan and to continue to provide 401(k) savings opportunities and employer contributions for employees of the Sponsor and participating affiliates in the Sponsor’s controlled group.

Overall responsibility for administering the Plan rests with the Company, which is responsible for the general administration of the Plan including compliance with reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

- A. Eligibility** - Full-time or part-time employees of the Company are eligible to participate in the Plan. Temporary, call-in or vacation relief employees are not eligible to participate in the Plan. Employees covered by a collective bargaining agreement with the Company are not eligible to participate unless the applicable collective bargaining agreement specifically provides for eligibility to participate in the Plan. Participating employees are eligible to receive matching contributions upon making elective contributions to the Plan. Participants are not required to complete any period of service in order to receive matching contributions.
- B. Contributions** - Participants may contribute a percentage of annual eligible compensation to the Plan. The total contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (“IRC”). Participants in the Plan are eligible to receive Company Matching Contributions equal to 100% of a participant’s contributions up to 5% of the participant’s Base Salary, as defined in the Plan agreement. Additionally, the Company may make discretionary nonelective contributions to the Plan. There were no discretionary nonelective contributions made in 2025. Participants may apply to the Cable ONE 401(k) Plan Committee to make rollover contributions into the Plan.
- C. Participant accounts** - Each participant’s account is credited with (a) contributions and (b) an allocation of Plan earnings and expenses. Allocations of Plan earnings and expenses are based on participant account balances. The benefit to which a participant is entitled is the participant’s vested account balance.
- D. Vesting** - Participants are immediately vested 100% in their accounts, including Company Matching Contributions.
- E. Loans** - Participants are eligible to borrow from their fund account. The maximum amount of the loan would be limited to the lesser of (i) 50% of account balance, or (ii) \$50,000. Participants may have only one loan outstanding at any time, so any prior loan must be fully repaid before requesting another loan.
- F. Benefits** - The Plan provides for the payment of benefits from the vested balance in a participant’s account upon one of the following:
 - a. The Participant’s retirement, death, disability or severance from employment
 - b. The Participant’s attainment of age 59½ or the occurrence of financial hardship
 - c. The termination of the Plan
 - d. Such other event or time as permitted by Treasury Regulations

CABLE ONE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan (continued)

Benefits are payable in a lump-sum distribution. Distributions to a beneficiary other than the participant's spouse upon occurrence of death are only effective if the participant's spouse has waived the right to be the beneficiary and has consented in writing to the designation of another beneficiary.

G. Administrative expenses - The Company pays for a portion of the Plan's administrative expenses.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Payments of benefits - Benefits are recorded when paid.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures of contingent items in these financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments of the Plan are reported at fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.

Level 2: Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used as of December 31, 2025 or 2024.

- Mutual funds - Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Common collective trusts: Common collective trusts are valued based on the quoted redemption value of units, or the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of December 31, 2025 and can be redeemed daily with no redemption notice period or other redemption restrictions.

(2) Significant accounting policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 144,897,862	\$ 144,897,862	\$ -	\$ -

Total investments	<u>\$ 281,003,403</u>	<u>\$ 144,897,862</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 127,386,481	\$ 127,386,481	\$ -	\$ -
Common collective trusts*	<u>116,556,524</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 243,943,005</u>	<u>\$ 127,386,481</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Risks and uncertainties - The Plan's exposure to loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA dictate the Plan's concentrations of credit risk and market risk. Due to the level of credit risk, interest rate risk and market risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(3) Subsequent events

The Plan has evaluated subsequent events through July 23, 2026, which is the date the financial statements were available to be issued.

(4) Tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated January 17, 2024 stating that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). No other significant matters were identified for disclosure during this evaluation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the financial statements.

(5) Plan termination

While it is the Company's intention to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA, provided all employer contributions due at the termination date have been paid. In the event of Plan termination, participants are fully vested in their accounts, including the Company Matching Contributions.

(6) Information certified by the Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan's assets, has certified that the following information, included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Other income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(7) Party-in-interest transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company, the Plan's trustee, as defined by the Plan. Therefore, transactions with the trustee qualify as party-in-interest transactions.

Total administrative fees and expenses paid by the Plan to parties-in-interest for the year ended December 31, 2025 were \$357,247 and related to investment management and record keeping services. The Company paid for other fees and expenses incurred on behalf of the Plan.

(8) Nonexempt transactions

Plan management determined that certain participant contributions submitted by the Plan Sponsor during the 2025 Plan year were remitted late based upon guidelines established by the Department of Labor. These contributions totaling \$11,972 represent prohibited transactions. Plan Management is in the process of submitting lost earnings, which are not expected to be material to the financial statements as a whole.

INDEPENDENT AUDITORS' REPORT

To the Cable ONE 401(k) Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **Cable ONE 401(k) Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and supplemental schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CABLE ONE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the **Cable ONE 401(k) Plan** (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

On or about July 7, 2015, the Cable ONE, Inc. (the “Sponsor” or the “Company”) established the Plan as a qualified defined contribution plan to hold the assets and liabilities of a prior plan and to continue to provide 401(k) savings opportunities and employer contributions for employees of the Sponsor and participating affiliates in the Sponsor’s controlled group.

Overall responsibility for administering the Plan rests with the Company, which is responsible for the general administration of the Plan including compliance with reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

- A. Eligibility** - Full-time or part-time employees of the Company are eligible to participate in the Plan. Temporary, call-in or vacation relief employees are not eligible to participate in the Plan. Employees covered by a collective bargaining agreement with the Company are not eligible to participate unless the applicable collective bargaining agreement specifically provides for eligibility to participate in the Plan. Participating employees are eligible to receive matching contributions upon making elective contributions to the Plan. Participants are not required to complete any period of service in order to receive matching contributions.
- B. Contributions** - Participants may contribute a percentage of annual eligible compensation to the Plan. The total contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code (“IRC”). Participants in the Plan are eligible to receive Company Matching Contributions equal to 100% of a participant’s contributions up to 5% of the participant’s Base Salary, as defined in the Plan agreement. Additionally, the Company may make discretionary nonelective contributions to the Plan. There were no discretionary nonelective contributions made in 2025. Participants may apply to the Cable ONE 401(k) Plan Committee to make rollover contributions into the Plan.
- C. Participant accounts** - Each participant’s account is credited with (a) contributions and (b) an allocation of Plan earnings and expenses. Allocations of Plan earnings and expenses are based on participant account balances. The benefit to which a participant is entitled is the participant’s vested account balance.
- D. Vesting** - Participants are immediately vested 100% in their accounts, including Company Matching Contributions.
- E. Loans** - Participants are eligible to borrow from their fund account. The maximum amount of the loan would be limited to the lesser of (i) 50% of account balance, or (ii) \$50,000. Participants may have only one loan outstanding at any time, so any prior loan must be fully repaid before requesting another loan.
- F. Benefits** - The Plan provides for the payment of benefits from the vested balance in a participant’s account upon one of the following:
 - a. The Participant’s retirement, death, disability or severance from employment
 - b. The Participant’s attainment of age 59½ or the occurrence of financial hardship
 - c. The termination of the Plan
 - d. Such other event or time as permitted by Treasury Regulations

CABLE ONE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(1) Description of the Plan (continued)

Benefits are payable in a lump-sum distribution. Distributions to a beneficiary other than the participant's spouse upon occurrence of death are only effective if the participant's spouse has waived the right to be the beneficiary and has consented in writing to the designation of another beneficiary.

G. Administrative expenses - The Company pays for a portion of the Plan's administrative expenses.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Payments of benefits - Benefits are recorded when paid.

Management's use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures of contingent items in these financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments of the Plan are reported at fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. If a Level 1 input is available, it must be used.

Level 2: Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

Level 3: Unobservable inputs, which contain assumptions by the party valuing those assets. For Level 3 inputs, there is no market data or correlations with market assumptions. Examples would include limited partnership interests, closely held stock, etc.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments held by the Plan. There have been no changes in the methodologies used as of December 31, 2025 or 2024.

- Mutual funds - Stated at net asset values, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions.
- Common collective trusts: Common collective trusts are valued based on the quoted redemption value of units, or the equivalent of net asset value, which is a practical expedient for estimating fair value. These investments have no unfunded commitments as of December 31, 2025 and can be redeemed daily with no redemption notice period or other redemption restrictions.

CABLE ONE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(2) Significant accounting policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 144,897,862	\$ 144,897,862	\$ -	\$ -
Common collective trusts*	<u>136,105,541</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 281,003,403</u>	<u>\$ 144,897,862</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2024:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 127,386,481	\$ 127,386,481	\$ -	\$ -
Common collective trusts*	<u>116,556,524</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 243,943,005</u>	<u>\$ 127,386,481</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) as a practical expedient for fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year and the realized gain or loss on investments sold during the year.

Risks and uncertainties - The Plan's exposure to loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA dictate the Plan's concentrations of credit risk and market risk. Due to the level of credit risk, interest rate risk and market risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(3) Subsequent events

The Plan has evaluated subsequent events through July 23, 2026, which is the date the financial statements were available to be issued.

(4) Tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated January 17, 2024 stating that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). No other significant matters were identified for disclosure during this evaluation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the financial statements.

CABLE ONE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

(5) Plan termination

While it is the Company's intention to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA, provided all employer contributions due at the termination date have been paid. In the event of Plan termination, participants are fully vested in their accounts, including the Company Matching Contributions.

(6) Information certified by the Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan's assets, has certified that the following information, included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments
- Notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Other income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(7) Party-in-interest transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company, the Plan's trustee, as defined by the Plan. Therefore, transactions with the trustee qualify as party-in-interest transactions.

Total administrative fees and expenses paid by the Plan to parties-in-interest for the year ended December 31, 2025 were \$357,247 and related to investment management and record keeping services. The Company paid for other fees and expenses incurred on behalf of the Plan.

(8) Nonexempt transactions

Plan management determined that certain participant contributions submitted by the Plan Sponsor during the 2025 Plan year were remitted late based upon guidelines established by the Department of Labor. These contributions totaling \$11,972 represent prohibited transactions. Plan Management is in the process of submitting lost earnings, which are not expected to be material to the financial statements as a whole.
