INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the KFM Enterprises 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of KFM Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of KFM Enterprises 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KFM Enterprises 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KFM Enterprises 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KFM Enterprises 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KFM Enterprises 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**KFM ENTERPRISES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

1. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General - The Plan is a defined contribution plan in which eligible employees of KFM Enterprises, LLC (the "Company") may participate. To participate, employees must be 18 years of age and have worked 90 days, entering the Plan on the first day of the month following satisfaction of these requirements. The Plan has adopted an automatic deferral whereas upon eligibility the participant is automatically enrolled into the Plan and set up to defer 3% of compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Company contributes a matching contribution of 50% of deferrals up to 6% of compensation approved by the Plan Sponsor. The Plan also permits discretionary employer matching contributions as determined by the Company. Participants can elect to contribute up to 90% of their compensation or \$23,500 for 2025. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions currently at \$7,500 for the 2025 Plan year; participants attaining ages 60 through 63 during 2025 are eligible for an increased catch-up contribution limit of \$11,250. Effective by an amendment signed November 3, 2025, allocation conditions for employer matching contributions were eliminated for the 2025 Plan year. Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan. The Plan currently offers several pooled separate accounts as investment options for participants. Effective January 1, 2026, the Plan was amended to provide safe harbor matching contributions.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary contribution and Plan earnings. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Employees are immediately vested in their voluntary contributions plus their contributions' earnings. Vesting in the Company contributions of their accounts plus earnings thereon is based on years of continuous service under a five-year graded schedule: 20% after one year, 40% after two years, 60% after three years, 80% after four years, and 100% after five years. The non-vested balance is forfeited upon termination of service. By an amendment signed January 13, 2026, all participants employed on or after January 1, 2025 became 100% vested in connection with a partial plan termination (see Note 7).

Forfeited Accounts - At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately \$31,689 and \$22,165, respectively. Forfeitures are used by the Company to reduce matching contributions, increase matching contributions or to offset plan expenses. During the year ended December 31, 2025, employer contributions were reduced by approximately \$28,155 from forfeited nonvested accounts.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are the prime rate plus 2%. Management considers all loans to be well-collateralized and determined that no allowance was necessary to properly state the receivable balance.

See Independent Auditor's Report and Notes to Financial Statements.

**KFM ENTERPRISES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024**

1. DESCRIPTION OF THE PLAN (continued)

Plan Termination - Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits - The Plan administrator may elect to make a lump sum distribution to a participant with an account valued at more than \$1,000 but not exceeding \$7,000, upon termination of service. If the participant does not make an affirmative distribution election, the account may be automatically rolled over to an individual retirement account established for the participant. For accounts exceeding \$7,000, the participant may elect to receive the distribution. When determining the value of the account, rollover contributions will not be included. Benefit payments to participants are recorded upon distribution.

Basis of Accounting - The Plan's financial statements are prepared under the accrual method of accounting. Employee contributions are recognized in the period the contributions are withheld. The employer's matching contributions are recognized in the same period that the related employee contributions are withheld.

Investments Valuation and Income Recognition - The value of each separate account is determined at the close of each business day based on market value. The value of the account is expressed in "units". The "unit value" is the dollar value of the entire account divided by the total number of units in the accounts.

A contribution to the account increases the number of units. Withdrawals from the account decrease the number of units. The increase or decrease in the number of units is determined by dividing the amount of the contribution or withdrawal by the unit value for the day the transaction is made. The value of the participant's account on any date is determined by multiplying the number of units held by the unit value at the close of the business day. Since these assets in the accounts are credited to or charged against the account without regard to other income, gains or losses of the issuer.

The fair value of the participation units owned by the Plan in the various trust funds is based on redemption values determined by the trustee. Generally, these values are based on the latest available quoted market prices of the underlying investment of the various funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

See Independent Auditor's Report and Notes to Financial Statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Plan Tax Status – The Plan is a pre-approved plan sponsored by Nova 401(k) Associates. The Internal Revenue Service (IRS) has issued an opinion letter to the pre-approved plan sponsor stating that the form of the plan document, as designed, satisfies the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties – Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and amounts reported in the statement of net assets available for plan benefits.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. Corrective distributions of excess contributions and related earnings of \$5,740, related to the prior Plan year, were made to participants during the year ended December 31, 2025.

3. INFORMATION CERTIFIED BY JOHN HANCOCK RETIREMENT

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by John Hancock, the custodian, and a party-in-interest as defined by ERISA, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2025	2024
Noninterest bearing cash	\$ 31,689	\$ 22,165
Pooled separate accounts at fair value	\$ 14,050,252	\$ 12,469,885
Notes receivable from participants	\$ 179,011	\$ 178,304
Interest on notes receivables from participants	\$ 14,866	
Net appreciation in the fair value of investments	\$ 2,137,063	

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Related Party and Party-in-Interest Transactions – Parties-in-interest are defined under the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) to include fiduciaries or employees of the Plan, persons who provide services to the Plan, the employer whose employees are covered by the Plan, and certain related persons or entities. John Hancock Life Insurance Company (U.S.A.) ("John Hancock") serves as the Plan's custodian, recordkeeper, and investment provider. Nova 401(k) Associates provides third-party administration services, and other service providers, including investment advisory, fiduciary administration, brokerage, and automatic rollover IRA providers, provide services to the Plan or Plan participants. Transactions with these service providers qualify as party-in-interest transactions; however, such transactions are exempt from the prohibited transaction rules under applicable ERISA statutory exemptions, including ERISA Sections 408(b)(2) and 408(b)(8), as applicable.

Notes receivable from participants also qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA Section 408(b)(1).

KFM Enterprises, LLC (the "Company") is the Plan Sponsor and, therefore, is a party-in-interest. The Company provides certain administrative services to the Plan at no cost and pays certain Plan expenses on behalf of the Plan. Contributions made by the Company to the Plan are also considered party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA.

See Independent Auditor's Report and Notes to Financial Statements.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

The Plan's Trustees — Charles R. Stinson, Matthew McAdams, and Elizabeth Zeiders — are officers of the Company and, therefore, are parties-in-interest to the Plan. The Trustees serve without compensation from the Plan.

There were no known prohibited transactions with parties-in-interest during the years ended December 31, 2025 and 2024.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments on these accounts as of December 31, 2025 and 2024.

See Independent Auditor's Report and Notes to Financial Statements.

5. FAIR VALUE MEASUREMENTS (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

Fair Value Measurements as of:				
	Fair Value	(Level 1)	(Level 2)	(Level 3)
<u>December 31, 2025</u>				
Pooled separate accounts*	\$ 14,050,252	\$ -	\$ -	\$ -
Total	\$ 14,050,252	\$ -	\$ -	\$ -
<u>December 31, 2024</u>				
Pooled separate accounts*	\$ 12,469,885	\$ -	\$ -	\$ -
Total	\$ 12,469,885	\$ -	\$ -	\$ -

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

6. INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the plan.

Investment	Fair Value as of December 31, 2025	Fair Value as of December 31, 2024	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 14,050,252	\$ 12,469,885	n/a	Daily	Daily

7. SUBSEQUENT EVENTS

In accordance with FASB ASC 855, “Subsequent Events,” the Company has evaluated events or transactions occurring after December 31, 2025, the Statements of Net Assets Available for Benefits date, through July 24, 2026, the date the financial statements were available to be issued.

In early January 2026, the Company sold its Industrial Oils line of business, and all employees included in that line of business were terminated in connection with the sale. This resulted in a partial plan termination. By an amendment signed January 13, 2026, all participants employed on or after January 1, 2025 became 100% vested in their accounts. Management is evaluating the impact of the partial plan termination on forfeiture activity and any amounts required to be restored to participant accounts.

Subsequent to year-end, the Plan failed its 2025 actual deferral percentage nondiscrimination test. The Company expects to make corrective distributions, including related earnings, to affected highly compensated employees in 2026. The corrective distributions are expected to be processed by March 13, 2026, to avoid the applicable excise tax and related filing requirements. Effective January 1, 2026, the Plan was amended to provide safe harbor matching contributions, which management expects to address this compliance matter prospectively.

Subsequent to year-end, the Company determined that an additional discretionary matching contribution true-up of approximately \$39,042 was owed to eligible participants for the 2025 Plan year. The Company expects to fund this amount before the applicable tax filing deadline.
