Independent Auditor's Report

To the Plan Administrator of
The Arc Jefferson - St. Lawrence Employees Health and Welfare Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Arc Jefferson - St. Lawrence Employees Health and Welfare Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Arc Jefferson - St. Lawrence Employees Health and Welfare Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Arc Jefferson - St. Lawrence Employees Health and Welfare Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Arc Jefferson - St. Lawrence Employees Health and Welfare Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Arc Jefferson - St. Lawrence Employees Health and Welfare Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Arc Jefferson - St. Lawrence Employees Health and Welfare Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The Arc Jefferson - St. Lawrence Employees Health and Welfare Plan (the "Plan") was established on October 1, 2010. The following description of the Plan provides only general information. Participants should refer to the associated Plan documents for a complete description of the Plan's provisions. The Arc Jefferson - St. Lawrence (the "Company" or “Plan Sponsor”) has the right to terminate, suspend, withdraw, or amend the Plan in whole or in part at any time, subject to the provisions set forth in the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The health reimbursement component was added to the Plan effective May 1, 2011.

The Arc Jefferson - St. Lawrence Employee Benefit Trust (the "Trust") was established on October 1, 2010 to fund employee health and welfare benefits under the Plan for the eligible employees of the Plan Sponsor, its affiliates and subsidiaries, and such employees' eligible dependents. The Trust acts as a conduit for payment of premiums and other Plan expenses. The Company serves as Plan fiduciary and Plan Sponsor. Hand Benefits & Trust Company serves as the Trustee of the Trust. Benefit Plan Administrative Services, Inc. (“BPAS”) serves as the third-party administrator.

Effective January 1, 2020, there are no further contributions to the Plan and active participants became eligible for group medical coverage under another benefit plan. The Plan will remain in existence until the participant health reimbursement account (“HRA”) balances have been expended.

General
The Plan was established as an employee health and welfare benefit plan for the exclusive benefit of eligible employees of the Plan Sponsor and its affiliates. The Plan benefits included life insurance, disability, wellness, medical and pharmacy benefits, and a HRA which is an IRS-sanctioned program that allows the employer to set aside funds to reimburse medical expenses paid by participating employees. As of the Plan restatement on March 17, 2020, only HRA benefits remain.

Eligibility
In general, full-time employees of the Company enrolled prior to the last pay period of November 2019 are eligible to participate in the Plan along with such employee’s eligible dependents. Former or deceased employees who were participating at the time of termination of employment or death remain eligible until their HRA balances have been expended.

Participant Accounts
Each participant’s account is credited with Plan earnings and administrative expenses, if applicable. Allocations for Plan earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting
Participants are immediately vested in the balance of their HRA, including any previous Plan Sponsor contributions and Plan earnings.

Benefits
Plan benefits previously included fully insured medical, dental, and vision benefits under the Aetna Med Premier insurance plan and fully insured disability and life insurance benefits through Transamerica Life Insurance Company. Net assets available for benefits allocated to pay insurance premiums, known as the “premium reserve,” were $0 as of December 31, 2025, as all amounts were fully allocated to participants.

The HRA provides for the reimbursement of qualified health expenses as defined by the Internal Revenue Code (“IRC”) as expenses are incurred by a covered person for amounts paid for the diagnosis, cure, mitigation, treatment, or prevention of disease, or for the purpose of affecting any structure or function of the body. The reimbursement of such expenses to the employee is paid from the HRA. The HRA balance included in net assets available for benefits was $132,452 and $144,249 as of December 31, 2025 and 2024, respectively.

Investment Options
A participant may allocate the balance in their account in any of the Plan’s investment options offered by the Plan’s Current Trustee. Participants may change their balance allocation among investment options and may transfer amounts between funds daily.

Forfeited Accounts
Any amount remaining in a participant's HRA shall be forfeited following the termination of a participant's participation in the Plan, such as death without surviving dependents, subject to the time period specified for the submission of claims, or if the participant's HRA balance is less than $25 and no claim has been submitted by the participant for a period of six months. In the event the full balance of the forfeiture account cannot be allocated to the HRA of other participants as provided in the Plan document, any balance remaining shall be held in the forfeiture account until the end of the subsequent Plan year and allocated at that time.

On December 31, 2025 and 2024, forfeited accounts available to allocate were $4,608 and $281, respectively.

Plan Expenses
The Plan is responsible for management fees relating to the investments, which reduce investment returns, and third-party administrator fees. Substantially all other expenses related to the Plan for administration, legal, audit, and other services are paid by the Plan Sponsor.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such change could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. The Plan's investments are managed and monitored by the Trustee in accordance with the Plan's investment policy. As of December 31, 2025 and 2024, one investment for both years, represented a concentration of greater than 10% of the Plan's net assets available for benefits.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if any, are recorded on the ex-dividend date. The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. Net appreciation or depreciation in the fair value of investments consists of the net realized gains or losses on investments sold and the net unrealized gains or losses on investments held.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
The Plan's management has evaluated subsequent events through July 21, 2026, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred, which require adjustment to or disclosure in the financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024:

Exchange-Traded Fund: Valued at the daily closing price on a national stock exchange, which may or may not be the same as the net asset value ("NAV") of the shares. The fund held by the Plan is registered with the Securities and Exchange Commission and is deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Exchange-traded fund	$ 1,321	$ -	$ -	$ 1,321

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Exchange-traded fund	$ 1,199	$ -	$ -	$ 1,199

4. Fully Benefit-Responsive Investment Contracts

The Plan is invested in a stable value fund comprised of a fixed annuity contract backed by the general assets of The Lincoln National Life Insurance Company ("Lincoln") determined to be a fully benefit-responsive investment contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the Plan such as withdrawals for benefits or transfers to other investment choices within the Plan. Contract value represents contributions made under each contract plus earnings less participants' withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Repayment of principal and interest credited to the participants is a financial obligation of Lincoln.

The effective annual rate of interest is established for the corresponding six-month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The stable funds' stated interest rate will never be below 1.7% annually. There is no stated maximum interest rate of the stable value option investment choice. On December 31, 2025, the fair value of the investment approximated contract value.

Since the stable value option investment choice is an obligation of Lincoln, the occurrence of an event that limits the ability of the investment to transact at contract value between Lincoln and the participant holding the investment is not probable.

5. Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Hand Benefits & Trust Company, the Plan trustee, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

6. Party-In-Interest Transactions

Plan assets include investment in funds managed by Hand Benefits & Trust Company, the Plan trustee. BPAS is the third-party administrator. Transactions with the trustee and third-party administrators qualify as exempt party-in-interest transactions under ERISA. Fees paid to BPAS for investment management and Plan administration services were $11,225 for the year ended December 31, 2025.

7. Plan Termination

Upon termination of the Plan, the trustee would distribute all remaining net assets in a nondiscriminatory manner for the benefit of participants and eligible persons. Remaining net assets are deemed to be those monies remaining after payment of all reasonable and necessary obligations and expenses of the Plan.

8. Tax Status

The Trust funding the Plan has received an exemption letter from the Internal Revenue Service ("IRS") dated November 21, 2011, stating that the Trust is exempt from federal income tax under Section 501(c)(9) of the IRC as a Voluntary Employee Beneficiary Association, effective October 1, 2010. The Plan and Trust are required to operate in conformity with the IRC and ERISA to maintain the tax-exempt status of the Trust. The Plan administrator believes that Plan and Trust are being operated in compliance with the applicable requirements of the IRC and ERISA, and therefore believes the Trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties for the periods presented in these financial statements.
