INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Wesbanco, Inc. 401(k) Plan

Opinion

We have audited the financial statements of Wesbanco, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditor's Report on 2024 Financial Statements

The 2024 financial statements of the Plan were audited by predecessor auditors whose report dated June 20, 2025, expressed an unmodified opinion on those financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at year end) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Wesbanco, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2025 and 2024

Note 1 – Description of the Plan

Wesbanco, Inc. (“Wesbanco” or the “Company”) is a bank holding company offering a wide range of financial services, including customary banking services, trust and investment management, insurance and brokerage services, through offices located in West Virginia, Ohio, western Pennsylvania, Kentucky, Indiana, Michigan, and Maryland.

The following brief description of the Wesbanco, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement and Summary Plan Description for more complete information. The Plan is administered by a committee comprised of employees and directors appointed by the Board of Directors of Wesbanco (the “Plan Administrator”). The Plan, a contributory 401(k) profit sharing plan, was restated effective August 1, 2023. Empower Trust Company (“Empower”) became the Trustee and record-keeper of the Plan effective on the restatement date of the Plan.

The Plan provides for salary deferral and matching employer contributions. Generally, an employee who has completed 60 days of service after attaining 21 years of age shall be eligible to become a participant of the Plan the first day of the next calendar month. New participants in the Plan will be deemed to have automatically elected to defer 3% of pay into the Plan, unless an affirmative election otherwise is made. Eligible employees can invest the employee deferral, employer matching and employee rollover contribution among funds that are made available by the Plan Administrator. On February 28, 2025, Wesbanco completed its previously announced merger with Premier Financial Corp. The Premier Financial Corp. 401(k) Employee Savings Plan was terminated and participants were given the opportunity to rollover account balances into the Plan. A participant’s interest is 100% vested in the employee deferral, employer matching and any rollover account upon becoming eligible to participate in the Plan. Employer matching contributions may be paid to the Plan in cash or shares of Wesbanco, Inc. common stock, as determined by the Board of Directors. Participants may redirect any employer matching contributions made in common stock into other registered investment funds. For the year ended December 31, 2025, the matching contribution was equal to 100% of the first 3% of compensation deferred and 50% of the next 2% of compensation deferred and was paid in cash, which is used to buy available funds in proportion to funds elected by the employee for new contributions. The amount of the contribution per employee did not exceed the \$70,000 in 2025 and \$69,000 in 2024 for total contribution amount (employees’ salary deferrals plus employer’s matching contributions) permitted by federal law.

The Plan invests in common stock of the Company through its Company Stock Fund. The fund’s fair value has been determined by the custodian based on the fair value of the underlying investments within the fund. The Fund is made up of the Company common stock and cash or other short-term securities, although these are expected to be a small percentage of the fund. The individual assets of a stock fund are considered separately as individual investments for accounting, auditing, and financial statement purposes.

The Company has implemented a dividend pass-through election for its participants. Participants are not limited as to the percentage of their contributions they choose to invest in their Company Stock Fund.

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Company prior to the time that such rights may be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee votes any unallocated shares in the same proportion as those shares that were allocated, unless directed otherwise. Participants have the same voting rights in the event of a tender or exchange offer.

Each participant’s account is credited with the participant’s contributions and Company matching, as well as allocations of Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Participant accounts are charged an annual \$45.96 administrative fee that is passed through to their accounts. The benefit to which a

Note 1 – Description of the Plan (continued)

participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan includes provisions authorizing loans from the Plan to active eligible participants. The minimum loan amount is \$1,000 while the maximum loan is determined by the available loan balance which is restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. A participant may have two loans outstanding at any given time. Loans are evidenced by promissory notes and are repayable over a period not to exceed five years, except loans to purchase a principal residence, which must be repaid over a period not to exceed ten years. Loans bear an interest rate commensurate with the prevailing rate charged by commercial lenders in the business of making similar type loans, which is currently the prime rate of interest as of the date of the loan fixed for the loan's term.

Upon separation from service with the Company, a participant may elect to receive a payment in a lump sum, equal annual installments, or a combination of both. If the total value of a participant's vested account balance is \$1,000 or less, a lump sum distribution will be paid as soon as administratively possible. If the total value of a participant's vested account balance is greater than \$1,000 but not greater than \$5,000 at employment termination before age 65 and a participant does not elect to receive a distribution, the participant's account will be transferred to an IRA designated by the Company. Hardship distributions can be made from a participant's employee deferral account with approval by the Plan Administrator, if specific criteria are met.

Legal, accounting and other administrative fees are paid at the discretion of the Plan Sponsor by the Plan or the Plan Sponsor. Participants pay investment, record keeping fees and administrative costs for loans, distributions, and qualified domestic relation orders. Expenses relating to the purchase, sale, or transfer of the Plan's investments are charged to the particular investment fund to which the expense relates and are included as a reduction of investment return and not reflected separately in the statement of changes in net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation – The financial statements of the Plan are prepared on an accrual basis of accounting.

Payment of Benefits – Benefits are recorded when paid.

Valuation of Investments and Income Recognition – Purchases and sales of securities are accounted for as of the trade date. Interest and dividend income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion and disclosures related to fair value.

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Plan Termination – Although it has not expressed any intent to do so, Wesbanco has the right to amend or terminate the Plan at any time. In the event that the Plan is completely or partially terminated or Wesbanco determines it will permanently discontinue making contributions to the Plan, all property then credited to the participants' accounts will immediately become fully vested and non-forfeitable. The Trustee will be directed to either continue to hold the property in the participants' accounts in accordance with provisions of the Plan or distribute to such participants all property allocated to their accounts.

Note 2 – Summary of Significant Accounting Policies (continued)

Loans to Participants – Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans can either be charged a late fee or be called due to a default of payment in principal and interest, at which time the participant loan would be reclassified as a distribution based upon the terms of the Plan.

Contributions – Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Note 3 – Related Party Transactions and Exempt Party-in-Interest Transactions

At December 31, 2025 and 2024, the Plan investment's in the Company Stock Fund included 420,134 and 434,402 shares, respectively, of Wesbanco, Inc. common stock. During 2025, the Plan received \$650,262 in dividends.

At December 31, 2025 and 2024, the Plan investments include shares of registered investment companies issued by an affiliate of the Company. During 2025, the Plan received \$2,073,679 in dividends on these funds.

The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

The administrative expenses that are paid to service providers of the Plan represent party-in-interest transactions.

Note 4 – Income Tax Status

The Plan uses a prototype plan document sponsored by Empower Retirement LLC. Empower Retirement LLC received an opinion letter from the Internal Revenue Service ("IRS"), dated November 14, 2022, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Fair Value Measurement

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lower priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Valuations are based on unadjusted quoted prices in an active market for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Valuations are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuations are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value.

Registered Investment Companies: Shares of registered investment companies are valued at the net asset value (“NAV”) of shares held by the Plan at year-end, based upon published market quotations on national exchanges.

Equity Securities: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefits paid to participants per the Form 5500	<u>\$ 32,989,314</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Subsequent Events

Wesbanco has evaluated subsequent events through June 25, 2026, the date on which these financial statements were issued and have identified no other events or transactions that would have a material effect on the financial statements. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.
