INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Fox Brothers Piggly Wiggly 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Fox Brothers Piggly Wiggly 401(k) Profit Sharing Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from John Hancock Life Insurance Company (U.S.A.) as of December 31, 2025 and for the period from June 1, 2025 through December 31, 2025, Transamerica Life Insurance Company as of and for the year ended December 31, 2024 and for the period from January 1, 2025 through May 31, 2025, Transamerica Trust Company as of December 31, 2024 and for the period from July 1, 2024 through May 31, 2025 and Reliance Trust Company for the period from January 1, 2024 through June 30, 2024, stating that the investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fox Brothers Piggly Wiggly 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2025 and 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Fox Brothers Piggly Wiggly 401(k) Profit Sharing Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through July 10, 2026, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Fox Brothers Piggly Wiggly is the plan sponsor, employer and plan administrator. An officer of the plan sponsor serves as the plan trustee. PPG Retirement Plan Services Ltd. is the third party administrator that maintains plan documents and tax counsel that performs various required compliance tests. Morgan Stanley Smith Barney LLC is the plan's investment advisor.

Prior to June 1, 2025 Transamerica Retirement Solutions, LLC was the plan's record keeper that maintained investment and participant records. Transamerica Life Insurance Company Inc. was the custodian that held the plan's stable value core account investment. Prior to July 1, 2024, Reliance Trust Company was the custodian that held the plan's mutual fund investments. From July 1, 2024 through May 31, 2025, Transamerica Trust Company became the custodian that held the plan's mutual fund investments. The related Transamerica entities are collectively referred to as "Transamerica".

Effective June 1, 2025, John Hancock Life Insurance Company (U.S.A.) ("John Hancock") became the agent that maintains investment and participant records and holds custody of plan assets.

Investments - The plan administrative committee determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings, including the net appreciation (depreciation) in fair value of investments bought, sold and held during the years, are reflected in the statements of changes in net assets available for benefits. Participants should refer to the investment account summaries and prospectuses for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Notes to Financial Statements

December 31, 2025 and 2024

John Hancock sub-accounts - The sub-accounts are valued at the net asset value ("NAV") as provided by John Hancock, which is generally based on the fair value of the underlying investments held by the sub-account less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the sub-account would sell the investment for an amount different than the reported NAV.

Mutual funds - The mutual funds are valued at the daily quoted market prices as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)				9,176,458
Total investments at fair value				\$9,176,458

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual fund investments at fair value	\$8,512,600	\$ -	\$ -	\$8,512,600

- (a) In accordance with GAAP, investments that are measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2025		Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
John Hancock sub-accounts					
Target date funds	(a)	\$9,139,108	n/a	Daily	n/a
Aggressive growth funds	(b)	31,761	n/a	Daily	n/a
Growth funds	(b)	5,589	n/a	Daily	n/a

- (a) The objective of these funds is to seek capital appreciation and current income utilizing a risk profile that is consistent with the target date of the funds.
- (b) The objectives of these funds are to provide for capital appreciation and income consistent with the risk and return of the fund type summarized. These funds utilize various U.S. and foreign market segments to accomplish their objectives.

Investment at contract value - The plan was invested in a traditional fully benefit-responsive investment contract through a group annuity contract issued by Transamerica. This was an investment based on the general unallocated account of Transamerica. Transamerica paid interest and guaranteed the plan's capital deposit regardless of the activity in the general account. The investment was not considered a Guaranteed Investment Contract or Common Collective Trust as there was no specific underlying securities and no stated minimum or maximum interest rate. The investment, as a deposit liability of Transamerica with no underlying assets, had no direct investments on behalf of the plan. The investment value was based on the general unallocated account of Transamerica and the risk of investment was based on Transamerica's insurance ratings. The effective annual interest rate was established every six months. Interest was credited, based upon the daily balance, at a rate that was the daily equivalent of the effective annual rate of interest applicable for the six month period.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Transamerica, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants were able to direct the withdrawal or transfer of all or a portion of the investment at contract value.

The contract did not have a stated maturity date and did not require distribution at contract value at any specified time. While plan-level withdrawals could have been subject to certain restrictions under the contract terms, no such restrictions impacted the 2025 liquidation.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established on January 1, 1992 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed one year of service and have reached age nineteen. An employee can enter the plan on January 1, April 1, July 1 or October 1 after meeting the eligibility requirements. For purposes of matching and non-elective employer contributions, an employee must work 1,000 hours and be employed on the last day of the year to which the contribution relates. This requirement is waived upon death, disability or attainment of the normal retirement age (defined as the later of age 65 or 5 years of service) while still employed during the year to which the contribution relates.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Newly eligible employees are automatically enrolled in the plan and have 3% of their compensation withheld as deferral contributions. These participant deferral percentages will automatically increase by 1% each year until they reach a maximum of 10%. Such participants have the option to increase, decrease or stop the deferral by completing the necessary documentation. Effective January 1, 2026, the plan was amended to eliminate the automatic annual increase provision.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer matching contributions may be made equal to a discretionary percentage, determined by the employer's board of directors, of the employee's elective deferral contribution. The discretionary matching percentage was 15% in 2025 and 2024. The discretionary matching contributions are funded annually.

- d. Employer non-elective contributions may be made at the employer's discretion. There were no such contributions in 2025 or 2024.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's deferral and rollover contributions and an allocation of any employer contributions. Participants are allowed to transfer funds between the various investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their deferral and rollover contributions and related earnings. Participants begin vesting in employer contributions and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or attainment of normal retirement age while employed, participants become 100% vested.

Payment of benefits - Benefits payments are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age while employed. Distributions are generally in the form of a single lump sum. In addition, hardship withdrawals are permitted under certain circumstances. In-service withdrawals can commence upon attaining age 59½.

Administrative fees - Certain administrative fees of the plan are paid by the employer and not included in these financial statements. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in these financial statements. Such expenses include participant directed charges for loan and distribution fees and nonparticipant directed charges for services and administrative fees. Nonparticipant directed fees are allocated to the participants on an account value basis.

Forfeitures - Forfeited nonvested accounts can be used to pay certain administrative fees or reduce employer contributions. Forfeitures used to reduce employer contributions were \$7,000 in 2025 and \$6,000 in 2024. Unapplied forfeitures were \$4,000 and \$6,000 as of December 31, 2025 and 2024.

Notes receivable from participants - Participants can take out loans against their accounts with approval of the plan administrator. The minimum loan amount is \$1,000. Total outstanding loans cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000 minus the difference between the highest outstanding balance of loans in the past twelve months and the outstanding balance of loans from the plan on the date the loan is made. The repayment term generally cannot exceed 5 years, with the exception of home loans for which the repayment term cannot exceed 15 years. Participants may not have more than three loans outstanding at any given time. As of December 31, 2025, loans outstanding had various repayment schedules through December 2030 with interest rates from 4.25% to 9.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximate fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by the custodians. The custodians also provide/provided certain administrative services to the plan pursuant to a services agreements between the plan sponsor and the custodians. The custodians receive/received indirect compensation from mutual fund service providers for services the custodians provide/provided to the funds. This indirect compensation is used to offset certain amounts that would otherwise be owed by the plan to the custodians for its administrative services to the plan. Direct fees paid to the custodians by the plan, included as a component of administrative expenses in the accompanying financial statements, were \$85,000 in 2025 and \$69,000 in 2024.

Notes receivable from participant transactions also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan is operating under a PPG Retirement Plan Services non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020. The letter provided by the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan; however, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE CUSTODIANS

Management has obtained certifications from the custodians (as defined in Note 1), which are qualified institutions under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan are complete and accurate.

- a. Investments held, and the fair and contract values of such, noninterest-bearing cash and notes receivable from participants as of December 31, 2025 and 2024;
- b. Interest and dividends from investments, net appreciation (depreciation) in fair value of investments and interest income on notes receivable from participants during 2025 and 2024; and
- c. Contributions to, withdrawals from, administrative expenses, purchases, sales and inter-fund transfers between investment accounts during 2025 and 2024.
