Report of Independent Auditors

The Board of Directors
Ascendium Education Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ascendium Education Group, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Shape the future

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Shape the future
with confidence**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

with confidence**

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ascendium Education Group, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2025

1. Description of the Plan

The Ascendium Education Group, Inc. (Ascendium) 401(k) Plan (the Plan) is a defined contribution retirement plan that covers substantially all employees of Ascendium and its Affiliates (the Corporation). Ascendium is the Plan sponsor and the Boards of Directors of the Affiliated Group are responsible for the general administration of the Plan. Fidelity Management Trust Company (Fidelity) is the trustee (Trustee) and Fidelity Workplace Services LLC is the recordkeeper for the Plan. The Plan Adoption Agreement document was restated effective February 2, 2022, to incorporate standard updates to the Employee Retirement Income Security Act of 1974 (ERISA) language.

Under the Plan, participating employees may generally defer up to 75% of both eligible pretax and Roth after-tax earnings up to the Internal Revenue Service's (the IRS) annual contribution limit. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Corporation matches contributions based on employees' deferral percentages after three months of employment. The Corporation matches 100% of the first 3% of the participant's eligible compensation contributed to the Plan and 50% of the next 2% of the participant's eligible compensation contributed to the Plan. Employees are eligible to defer funds into the Plan as of their hire date. Newly eligible employees are automatically enrolled with an initial pretax deferral contribution of 5% after 30 days following their date of hire. Each participant designates the investment funds to which both the employee's and the Corporation's contributions are to be deposited on their behalf. If no investment fund is designated, the participant is matched to a target date index fund closest to their retirement based on their date of birth. Both the employee's and the Corporation's contributions are immediately 100% vested to the participant.

Ascendium contributed an annual nonelective employer contribution for 2025, which is calculated on the eligible earnings after employment requirements are met. The 2025 discretionary formula is 7% of the first \$60,000 of the eligible participant's compensation and 2% of the eligible participant's compensation over \$60,000 and up to \$150,000. No additional nonelective contributions are made for eligible compensation in excess of \$150,000. The same fixed percentages were used for 2024 nonelective employer contributions.

Participant accounts are credited with the individual participant contributions and Ascendium's employer contributions, plus interest, dividends, and any other gains or losses from market fluctuations on the elected fund valuations. Fees are posted directly to the affected accounts based on fund elections within each participant's account through September 30, 2025. Effective October 1, 2025, Ascendium funded recordkeeping fees equal to \$17.25 per quarter directly to the Recordkeeper. Fee Rebates are also posted directly at the end of each calendar quarter to participant accounts based on one of the following: (A) to the extent an amount is attributable to a Permissible Investment, such amount shall be allocated to the Accounts of Participants and Beneficiaries pro rata based on the ratio that each Participant and Beneficiary's balance in each such Permissible Investment bears to the total balances for all such Participants and Beneficiaries in such Permissible Investment; and, (B) to the extent an amount is a credit for float earnings of the Plan in excess of float expenses, such amount shall be allocated to an ERISA account from which the Administrator may pay Plan expenses and/or allocate amounts to the Accounts of Participants and Beneficiaries pro rata based on their Account balances in the Trust. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. Description of the Plan (continued)

Although it has not expressed any intent to do so, Ascendium has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. Distributions would be made in accordance with the terms of the plan document.

Participants are eligible for withdrawals under certain circumstances, per the Plan provisions. This includes both withdrawals paid to participants and rollover contributions. Participants initiate requests directly with the recordkeeper and qualified requests are generally routed to the Plan administrators for review and release. Benefits paid directly to participants totaled \$6,607,978 and \$7,705,010 for Plan years 2025 and 2024, respectively.

Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0) was signed into law on December 29, 2022, and includes provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. SECURE 2.0 provisions impact employee benefit plans through both mandatory updates and optional elections with varied effective dates through 2026. Some updates are automatically incorporated through the standard Plan language, and other optional elections are reflected in Ascendium's plan amendments to the effective years.

Changes for 2024 include both types of updates:

- An Amendment for optional opt-in for Portability to the Portability Services Network, LLC for participants, which created a new prohibited transaction exemption under ERISA to allow for a mandatory distribution from a former employer's plan to a new employer's plan unless the participant elects otherwise.
- An automated increase of Mandatory Cash Out from \$5,000 to \$7,000 under language formerly adopted in a Fidelity Pre-Approved Plan (PAP) (also known as "Volume Submitter") document.

Changes for 2025 include only one optional update:

- An Amendment for a Higher Catch Up Limit for Participants Aged 60-63 (Section 109), which increases the catch-up contribution limits for this group during the Plan year.

Additional information about the Plan Adoption Agreement and provisions is contained in the pamphlet, *Summary Plan Description for Ascendium Education Group, Inc. 401(k) Plan*, copies of which can be obtained from the Corporation.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis. Participant contributions and related employer contributions are recorded in the year in which participant contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments and Investment Income

The fair values of the shares held by the Plan in mutual funds are based upon externally quoted market prices in an active market on the last business day of the plan year. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The common collective trusts are valued using the net asset value (NAV), as provided by the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Administrative Expenses

Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Accounting Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. If events occur in future periods that affect the underlying assumptions and estimates, actual results could differ from those estimates.

Ascendium Education Group, Inc. 401(k) Plan
Notes to Financial Statements (continued)

3. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, net appreciation/(depreciation) in the fair value of investments, and interest and dividend income for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the plan.

4. Fair Value Measurements

In accordance with Accounting Standards Codification 820, *Fair Value Measurement*, the fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025				
	Quoted Price in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Balance as of December 31, 2025 Total

Total assets at fair value	<u>\$ 100,624,611</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 100,624,611</u>

There were no transfers between levels during the years ended December 31, 2025 or 2024.

5. Income Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS, dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Ascendium Education Group, Inc. 401(k) Plan
Notes to Financial Statements (continued)
December 31, 2025

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

The Plan holds units of a common collective trust fund and shares of certain mutual funds, which are managed by the trustee and recordkeeper of the plan. The Plan receives interest and dividends from these investments. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules of ERISA.

8. Subsequent Events

The Plan has evaluated subsequent events through June 16, 2026, which is the date the financial statements were available to be issued.
