Independent Auditor's Report

Board of Directors, Plan Administrator and Participants
Medvantx 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Medvantx 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Medvantx 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following is a brief description of Medvantx 401(k) Retirement Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan sponsored by Medvantx, Inc. (the Plan Sponsor and Plan Administrator). The purpose of the Plan is to provide retirement benefits for employees of Medvantx, Inc. and any participating employers (collectively, the Company).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors is responsible for oversight of the Plan.

Eligibility: Eligible employees may begin participation on the first day of the month following their service requirement of three months has been satisfied. This eligibility period applies to all contributions into the Plan. The Plan has an auto-enrollment feature where participants will be automatically enrolled to defer 6% of their eligible compensation, unless they elect otherwise, upon satisfying the eligibility requirements.

Contributions: Participants are permitted to contribute up to 100% of their pretax compensation, as defined in the Plan document, or Roth deferral, up to the maximum allowed by the Internal Revenue Code. Participants are also permitted to make rollover contributions from other qualified plans. The Company may make discretionary matching contributions to the Plan which are invested in a manner similar to participant contributions. For the year ended December 31, 2025, the Company contributed a qualified automatic safe harbor matching contribution of 100% of the first 1% and 50% of amounts greater than 1% but that do not exceed 6% of eligible compensation that a participant contributes to the Plan.

Contributions from Plan participants and the respective matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Participant accounts: Each participant's account is credited with the participant's contributions, discretionary employer matching contributions, if any, and Plan investment earnings. Participant accounts are charged with Plan investment loss and an allocation of administrative expenses paid by the Plan (if not paid with forfeitures). Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment options offered by the Plan. All funds vary in types of investments, rates of return and investment risk, and are described in more detail in the Plan's literature. Participants may elect on a daily basis to have all or part of their account balances and future contributions transferred from one fund to another, or in any combination.

Vesting: Participants are vested immediately in their contributions including actual investment earnings and losses thereon. Vesting in the Company's discretionary and qualified automatic safe harbor contribution portion of their accounts, including investment earnings and losses thereon, is based on a graded scale over two years of participation in the Plan. A participant is 100% vested after two years of credited service. A participant becomes 100% vested upon death or permanent disability.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants can borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding note balance during the prior 12-month period, or 50% of their account balance. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. The notes are secured by the balance in the participant's account and bear interest at prevailing interest rates charged by persons in the business of lending money for notes which would be made under similar circumstances. The interest rate on outstanding notes at December 31, 2025, ranged from 4.25% to 10.50%. Principal and interest are paid through payroll deductions. The repayment period is no more than five years unless such note is for the purchase of the participant's primary residence, in which case the repayment period is no more than 15 years. Participants may only have one note outstanding at any one time.

Benefit payments: Upon death, permanent disability, retirement or other termination of employment, participants, or their beneficiaries, are entitled to receive the vested balance of their account. Vested benefits are distributed in the form of a lump-sum amount. The Plan also allows hardship distributions subject to certain restrictions. Distribution of benefits upon termination is automatic if the participant's account balance is less than \$5,000.

Forfeitures: Forfeited nonvested accounts are used to restore previously forfeited balances, pay Plan administrative expenses or fund employer contributions. Approximate unallocated forfeiture balances as of December 31, 2025 and 2024, were \$41,000 and \$26,000, respectively. Forfeitures utilized to reduce employer contributions during the year ended December 31, 2025 were approximately \$17,000.

Plan termination: Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, all participant accounts become fully vested.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the quoted market price of the fund as published on public exchanges on a daily basis.

Pooled separate accounts: Pooled separate accounts are valued at net asset value (NAV) per share used as a practical expedient, based on quoted market prices for the underlying securities or similar instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Medvantx 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Participants notes receivable are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance, plus any accrued interest. If a participant ceases to make notes receivable payments and the Plan Administrator deems the participant note to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are charged against net investment results.

Risks and uncertainties: The Plan provides for investment in a variety of investment securities. In general, investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments have occurred since December 31, 2025, or will occur in the near term, and that such changes could materially affect participants account balances and the amounts reported in the 2025 statement of net assets available for benefits.

Note 3. Information Certified or Provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (Empower)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Empower, a qualified institution:

	December 31	
	2025	2024
Investments, at fair value	\$ 9,993,519	\$ 7,892,488
Pooled separate accounts, at net asset value	42,808	28,258
Notes receivable from participants	107,239	87,534
	<u>\$ 10,143,566</u>	<u>\$ 8,008,280</u>

The trustee also certified to the completeness and accuracy of \$1,299,558 of net appreciation in the fair value of the investments, \$247,323 of dividends and interest related to the aforementioned investments, and \$9,001 of interest income on notes receivable from participants, for the year ended December 31, 2025.

Medvantx 401(k) Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	Total
Registered investment companies:				
Mutual funds	\$ 9,993,519	\$ -	\$ -	\$ 9,993,519
Investments measured at NAV				42,808
Investments at fair value				\$ 10,036,327

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Registered investment companies:				
Mutual funds	\$ 7,892,488	\$ -	\$ -	\$ 7,892,488
Investments measured at NAV				28,258
Investments at fair value				\$ 7,920,746

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major classification, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

	Fair Value as of December 31		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2025	2024			
Pooled separate accounts	\$ 42,808	\$ 28,258	\$ -	Immediate	None

Changes in fair value levels: To assess the appropriate classifications of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no significant transfers in or out of Level 3.

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Empower. Empower served as the trustee for the Plan during the year ended December 31, 2025, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$17,725 for the year ended December 31, 2025.

Medvantx 401(k) Retirement Plan

Notes to Financial Statements

Note 6. Income Tax Status

The Plan has adopted a nonstandardized form of a pre-approved plan. The pre-approved plan provider, Compass, has received on June 30, 2020, an opinion letter from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the letter. However, the Plan Administrator believes the Plan is operating in a manner that did not jeopardize this tax status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Subsequent Event

Subsequent to the Plan year-end, effective April 17, 2026, the assets and participant account balances of the RxS LLC 401(k) Plan were merged into the Plan. The merger resulted from the Plan Sponsor's acquisition of RxS, LLC during the year ended December 31, 2025. Following the merger, participants of the acquired plan became participants in the Plan, and all assets of the acquired plan were transferred into the Plan in accordance with the terms of the merger agreement and applicable regulatory requirements.

The Plan Administrator has evaluated subsequent events through July 23, 2026, the date of the financial statements were available to be issued
