Independent Auditor's Report

To the Plan Administrator
Financial Accounting Foundation Employees' Pension Plan
Norwalk, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Financial Accounting Foundation Employees' Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (in liquidation) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Financial Accounting Foundation's Employee Benefits Administration Committee approved a plan of liquidation on April 30, 2024, and management determined liquidation is imminent. As a result, the Plan uses the liquidation basis of accounting in presenting the financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 and schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEES' PENSION PLAN
Notes to Financial Statements
December 31, 2025 and 2024

(1) Description of Plan

The following brief description of the Financial Accounting Foundation Employees' Pension Plan (the "FAF Plan"), a defined benefit pension plan, is provided for general information purposes only. Please refer to the FAF Plan document for the complete information.

(a) General

The Financial Accounting Foundation (the "FAF") sponsored the FAF Plan and sponsors a defined contribution plan. The FAF contributes monthly amounts based on employees' salaries and ages to the defined contribution plan. Employees did not contribute to the FAF Plan. The FAF Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Retirement Benefits

The FAF Plan was closed to new hires as of January 1, 2008. Plan participants became 100% vested in the FAF Plan after completing five years of service. The FAF Plan did not contain any partial vesting provisions. Under the terms of the FAF Plan, participants were eligible for normal retirement benefits upon reaching age 65, with a minimum of five years of service. Subject to certain plan amendments effective in 2008, the FAF Plan and a Supplemental Executive Retirement Plan (terminated in 2013) operated as floor offset plans such that pension benefits are payable under those plans only to the extent that the employee's target annual annuity retirement benefit (equal to 2% of average final compensation for each year of service up to 20 years) is not fully met by the defined contribution plan. As of December 31, 2008, accruals under the floor offset formula have been frozen. The frozen benefit was adjusted upward for increases in average final compensation through December 31, 2013. Participating employees with fewer than 20 years of service as of December 31, 2008, were eligible to participate in a new defined benefit accrual through December 31, 2013, equal to 1% of average final compensation for each year of service after 2008 up to the 20-year service limit.

The FAF Plan participants were also eligible for an early retirement benefit upon reaching age 55, with a minimum of five years of service. This benefit is calculated in the same manner as a normal retirement benefit, except that any resulting accrued benefit is reduced by 1/180 per month for the first 60 months, and by 1/360 per month for any applicable portion of the next 60 months, by which the benefit commencement date precedes the normal retirement date.

(c) Disability and Death Benefits

A plan participant who had completed five years of service, and who had been totally and permanently disabled such that the participant had or would have qualified for benefits under the FAF's Long-Term Disability Insurance Plan, was entitled to receive a disability retirement benefit under the FAF Plan. The benefit was calculated in the same manner as a normal

FINANCIAL ACCOUNTING FOUNDATION

retirement benefit, with average final compensation at the date of disability, and service projected to the earlier of normal retirement date or December 31, 2013. The benefit commenced at normal retirement date.

If a plan participant who had completed five years of service died prior to the date that benefits commenced, the participant's surviving spouse was entitled to a pre-retirement benefit survivor annuity. For a plan participant who was actively employed and eligible for early or normal retirement, the monthly benefit payable to the spouse was a life annuity commencing as of the first day of the month following the participant's death. The benefit amount equaled 50% of the participant's accrued benefit as of the date of the participant's death, after such benefit was actuarially reduced first for early commencement (if commencement occurs before participant reaches age 65) and second by a "50% joint and survivor annuity" reduction factor. For a plan participant who was actively employed and vested but not yet eligible for early retirement and for those who separated from service with vested rights, the monthly benefit payable to the spouse was a life annuity commencing on the first day of the month following the participant's death, or if later, the first day of the month following the date the participant would have attained age 55 had the participant survived. The benefit amount equaled 50% of the participant's accrued benefit as of the date of the participant's death, after such benefit was actuarially reduced first for early commencement (if commencement occurred before participant would have reached age 65) and second by a "50% joint and survivor annuity" reduction factor.

(d) Plan Administrator

The Plan Administrator was the FAF and was responsible for investment selection and investment policy decisions.

(e) Plan Termination

On November 10, 2023, the FAF Board of Trustees approved that the FAF Plan be terminated effective April 30, 2024. On February 28, 2024, the Foundation's Employee Benefits Administration Committee approved a resolution to terminate the FAF Plan effective April 30, 2024, resulting in the execution of a termination amendment. The termination and settlement process was completed in 2025, including offering a lump sum benefit payout option to certain Plan participants followed by the purchase of group annuity contracts that transferred any remaining pension benefit obligation to an insurance company. All participants in the FAF Plan received a distribution of their vested benefits as soon as administratively practicable after the effective date and expiration of the regulatory waiting period.

(2) Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 1, the FAF Plan was terminated effective April 30, 2024. As a result, the FAF Plan uses a liquidation basis of accounting in presenting the 2025 and 2024 financial statements. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Investment Valuation and Income Recognition

All of the FAF Plan's investments are measured at fair value using Level 1 inputs, which are defined as quoted market prices in active markets for identical investments. The Trustee for the FAF Plan's assets, US Bank, holds the assets of the FAF Plan in mutual (primarily indexed) funds and a money market fund. The Trustee has discretionary authority concerning purchases and sales of investments in the mutual funds, subject to the guidelines of the investment policy for the FAF Plan's assets established by the Audit and Finance Committee of the FAF's Board of Trustees.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits were those future periodic payments, including lump-sum distributions, that were attributable under the FAF Plan's provisions to the service employees have rendered. Accumulated plan benefits included benefits expected to be paid to (a) retired or terminated vested employees or their beneficiaries, (b) beneficiaries of vested employees who have deceased, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees equaled the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—were included, to the extent they were deemed attributable to employee service rendered to the valuation date.

FINANCIAL ACCOUNTING FOUNDATION
EMPLOYEES' PENSION PLAN
Notes to Financial Statements
December 31, 2025 and 2024

Actuaries from Willis Towers Watson annually estimated the actuarial present value of accumulated plan benefits, which was the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by participants, by reflecting the time value of money (through discounts for interest) and the probability of payment (through means of decrements such as for death, disability, withdrawal or retirement), between the annual valuation date and the expected dates of payments.

As discussed in Note 1, the Plan was terminated effective April 30, 2024. As a result, the actuarial present value of accumulated plan benefits as of December 31, 2024 reflected certain assumptions related to Plan termination, including retirement rate and lump sum assumptions.

The actuarial computations as of December 31, 2024 (in liquidation) were based upon the following principal assumptions:

Discount rate	5.35%, compounded annually
Retirement age	Termination and retirement rates set to 100% to reflect plan termination.
Mortality basis	Separate rates for non-annuitants (based on Pri-2012, "Employees" table reflecting white collar adjustments, projected generationally using Scale MP-2021) and annuitants (based on Pri-2012 "Non-disabled" table reflecting white collar adjustments, projected generationally using Scale MP-2021).
Lump sums	Lump sum take rate 70%. For 2024, the mortality assumption for lump sum conversions was updated to the mortality table applicable to 2025 lump sum distributions.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the actuarial present value of accumulated plan benefits at the date of the financial statements, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The FAF Plan invests in various investment funds. Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

FINANCIAL ACCOUNTING FOUNDATION
EMPLOYEES' PENSION PLAN
Notes to Financial Statements
December 31, 2025 and 2024

FAF Plan contributions were made, and the actuarial present value of accumulated plan benefits were reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

(3) Funding Policy

The FAF had voluntarily agreed to make contributions to the FAF Plan as shall be necessary under accepted actuarial principles to maintain the FAF Plan in a sound financial condition, and to meet or exceed the annual ERISA funding requirement. The FAF made no contributions for the year ending December 31, 2025 and \$500,000 for the year ending December 31, 2024. There were no minimum ERISA funding requirements for those plan years.

(4) Plan Termination

The FAF Plan was terminated effective April 30, 2024 (see Note 1) which resulted in all participants becoming 100% vested. Accumulated plan benefits were settled via lump sum payments totaling \$4,641,000, included in benefit payments, and the annuity purchase with the insurance company totaling \$13,252,000 and represent full satisfaction of liabilities of the FAF Plan to participants, retired participants, spouses and beneficiaries. The residual assets of the FAF Plan amounting to \$98,913 are due the FAF as of December 31, 2025.

(5) Investment Management Expenses

Investment advisory and management fees were paid directly from FAF Plan assets. These fees were paid to US Bank, the Trustee, and Mercer, the investment advisor. These payments qualify as party-in-interest transactions pursuant to Section 3(14) of ERISA, which were exempt from prohibited transaction rules under ERISA. All other administrative expenses related to the FAF Plan were paid by the FAF.

(6) Income Tax Status

The Internal Revenue Service (IRS) had determined that the FAF Plan constituted a qualified plan under Section 401(a) of the Internal Revenue Code, as amended. Accordingly, the FAF Plan was exempt from Federal income taxes under Section 501(a) of the Code (IRC). The date of the most recent IRS determination letter for the FAF Plan was August 11, 2025. The Plan Administrator evaluated the FAF Plan's tax positions and concluded that the FAF Plan had maintained its tax-exempt status and had taken no uncertain tax positions that required adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

(7) Certified Investment Information

The investments and investment income (loss) as of December 31, 2025 and 2024, and for the years then ended, included throughout the FAF Plan's financial statements and supplemental schedule were prepared by or derived from information provided by the Trustees, U.S. Bank National Association and Vanguard Fiduciary Trust Company, in each case a qualified institution. The Plan Administrator has obtained certifications from the Trustees that information provided to the Plan Administrator by the Trustees related to the investments included in the statements of net assets available for benefits and investment income (loss) included in the statements of changes in net assets available for benefits is complete and accurate.

The following table presents the fair value of major categories of investments:

*Fair Value of Investments at

Total	<u>\$ 98,913</u>	<u>\$ 17,946,470</u>

The Trustee certified to the completeness and accuracy of the following for the years ended December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Investment income:		
Interest and dividend income	\$ 636,625	\$ 757,661

	<u>\$ 1,397,139</u>	<u>\$ (152,869)</u>

(8) Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits determined at December 31, 2025 and 2024 is as follows:

	<u>2025</u> <u>(In Liquidation)</u>	<u>2024</u> <u>(In Liquidation)</u>
Vested benefits:		
Participants currently receiving payments	\$ -	\$ 11,294,708
Other vested participants	<u>-</u>	<u>7,151,815</u>
Total actuarial present value of accumulated plan benefits	<u>\$ -</u>	<u>\$ 18,446,523</u>

FINANCIAL ACCOUNTING FOUNDATION
EMPLOYEES' PENSION PLAN
Notes to Financial Statements
December 31, 2025 and 2024

The change in the actuarial present value of accumulated plan benefits from the beginning of each year to the end of that year is comprised of the following:

	2025 (In Liquidation)	2024 (In Liquidation)
Actuarial present value of accumulated plan benefits, beginning of year	\$ 18,446,523	\$ 19,846,511
Increase (decrease) during the year attributable to:		
Actuarial assumption changes and experience deviation	6,539	(880,556)
Decrease in discount period	52,349	899,442
Benefits paid	(1,312,421)	(1,418,874)
Settlements	<u>(17,892,990)</u>	<u>-</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ -</u>	<u>\$ 18,446,523</u>

As discussed in Note 1, the Plan was terminated effective April 30, 2024. As a result, the actuarial present value of accumulated plan benefits as of December 31, 2024 reflects certain assumptions related to Plan termination, including retirement rate and lump sum assumptions. The computations of the actuarial present value of accumulated benefits were made as of January 1, 2025. Had the valuations been performed on December 31, 2024, there would be no material differences. As discussed in Note 4, the Plan terminated and settled all obligations to participants prior to December 31, 2025.

(9) Subsequent Events

The Plan Administrator has evaluated subsequent events through July 22, 2026, the date the financial statements were available to be issued.
