To the Plan Administrator
Metro Imaging, LLC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Metro Imaging, LLC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Metro Imaging, LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Metro Imaging, LLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter on the 2025 Financial Statements – Plan Frozen

As further discussed in Note 1, effective December 31, 2025, an amendment was adopted to freeze the Plan. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Metro Imaging, LLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Metro Imaging, LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Metro Imaging, LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of Metro Imaging, LLC Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated May 28, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Metro Imaging, LLC Retirement Plan

Notes to Financial Statements

December 31, 2025

1. Description of the Plan

The following brief description of the Metro Imaging, LLC Retirement Plan (the Plan) is provided for general information purposes only. The Metro Imaging, LLC Retirement Plan was established by Metro Imaging, LLC for the benefit of the eligible employees of Metro Imaging, LLC (the Company) and their beneficiaries. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan that covers substantially all employees of the Company that elect to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Newport Trust Company, LLC and Newport Group, Inc. were the Custodian and Recordkeeper, respectively, for the Plan as of December 31, 2024 and from January 1, 2025 through April 23, 2025. Ascensus LLC, as authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, served as Custodian of the Plan from April 24, 2025 through December 31, 2025, and as of December 31, 2025, and Ascensus LLC, as authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, served as recordkeeper.

Effective June 23, 2025, the Company discontinued its operations. Most participants became employees of Mercy Health, the ultimate parent company of the Company, while other participants chose not to continue employment with Mercy Health. As a result, all participant contributions to the Plan ceased as of June 23, 2025. The final employer contributions due were received by the Plan in August 2025. The Plan will continue to distribute benefit payments as requested by the participants under the provisions of the Plan. The Plan will continue to exist for the benefit of the participants who have balances in the Plan.

Effective December 31, 2025, an amendment was adopted to freeze the Plan.

Contributions

Participants may elect to defer up to 80% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan provides for Company safe harbor non-elective contributions to all eligible participants. The contribution for the year ended December 31, 2025,

was 3% of eligible compensation. Company safe harbor non-elective contributions amounted to \$133,381 for the year ended December 31, 2025. The Plan also provides for a discretionary profit sharing contribution to all eligible participants. Discretionary profit sharing contributions amounted to \$219,072 for the year ended December 31, 2025. All contributions are subject to limits as defined by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of Company safe harbor non-elective and profit-sharing contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant-directed. Participants may choose from various mutual funds or a self-directed brokerage option.

Vesting

Effective January 1, 2020, participants are fully vested at all times in their contributions and Company contributions plus actual earnings thereon. Prior to January 1, 2020, Company discretionary profit-sharing contributions were vested at 20 percent each year beginning after their second year of service, with full vesting after six years of service as defined by the plan document. All participants become fully vested when they attain retirement age, die, or become disabled.

Forfeitures

Forfeited amounts of Company contributions are used to offset Company contributions. At December 31, 2025 and 2024, forfeited amounts available to reduce future Company contributions were \$134 and \$5,578, respectively. During the year ended December 31, 2025, \$5,615 in forfeited funds were used to offset Company contributions, as allowed by Plan provisions.

1. Description of the Plan (continued)

Payment of Benefits

Upon death, termination of service, or retirement, a participant may receive the value of the participant's vested interest in his or her account as a lump-sum amount or in various annuity options. Distributions are available in cash only.

Subject to certain qualifications, upon reaching age 59-1/2, a participant may withdraw all or part of his or her vested account. Hardship withdrawals will be approved only if they conform to the Plan provisions and established Internal Revenue Service (IRS) safe harbors and are only available from participant contribution accounts only. A participant may also withdraw all or part of his or her vested portion of Company contributions if he or she reaches age 55 and has participated in the Plan for at least five years. A participant may withdraw all or part of his or her rollover account at any time.

Administrative Expense

The Company pays certain expenses for administration of the Plan. The Plan pays fees primarily related to investment advisory services and transaction fees for distributions. Investment related expenses are included in net change in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants would be immediately vested in their account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Metro Imaging, LLC Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest from investments is recorded on the accrual basis.

Capital gains received and reinvested are included in investment income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions Receivable and Credit Loss Policy

Amounts due for contributions are stated at the amount that management expects to collect from outstanding balances. The carrying amount reflects management's best estimates of amounts that will not be collected. This assessment considers historical experience, current conditions and, when appropriate, reasonable and supportable forecasts. The standard applies to the Plan's Company contributions receivable.

The Plan has concluded that no allowance for current expected credit losses was necessary at December 31, 2024.

Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Distribution fees are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation of fair value of investments.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Certified Investment Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Ascensus, LLC as authorized representative of Ascensus Trust Company and Newport Trust Company, LLC as of December 31, 2025 and from April 24, 2025 through December 31, 2025, and by Newport Trust Company, LLC as of December 31, 2024 and from January 1, 2025 through April 23, 2025.

3. Certified Investment Information (continued)

During 2025, the Plan's certified investments (including investments bought, sold, and held during the year) appreciated in value and earned investment income as follows:

	2025
Net appreciation in fair value of investments	\$ 1,694,981
Dividend income	394,108
Total investment activity certified	<u>\$ 2,089,089</u>

The Plan held brokerage accounts outside of the custodian as of December 31, 2025 and 2024, and for the year ended December 31, 2025 that were not certified and therefore were subject to audit as follows:

	2025	2024
Self-directed brokerage accounts	\$ 891,973	\$ 1,849,478
Interest bearing cash	-	45,197
Total assets not certified	<u>\$ 891,973</u>	<u>\$ 1,894,675</u>

During 2025, the Plan's non-certified investments (including investments bought, sold, and held during the year) appreciated in value and earned investment income as follows:

	2025
Net appreciation in fair value of investments	\$ 159,719
Dividend income	77,912
Total investment activity not certified	<u>\$ 237,631</u>

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices

Metro Imaging, LLC Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage funds are comprised of mutual funds, interest-bearing cash, and an exchange traded fund. The exchange traded fund is valued at the closing price reported on the active market on which the individual security is traded. Interest-bearing cash is valued based on contributions, plus interest, less withdrawals from the accounts.

Metro Imaging, LLC Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the net investment assets of the Plan which are presented at fair value, as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,278,000	\$ -	\$ -	\$ 8,278,000
Self-directed brokerage accounts	892,118	-	-	892,118
Total Plan assets at fair value	9,170,118	-	-	9,170,118

The following table sets forth by level, within the fair value hierarchy, the net investment assets of the Plan which are presented at fair value, as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,720,761	\$ -	\$ -	\$ 10,720,761
Self-directed brokerage accounts	4,221,325	-	-	4,221,325
Total Plan assets at fair value	14,942,086	-	-	14,942,086

5. Income Tax Status

The Plan utilizes a Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Dataair Employee Benefit Systems, Inc. On June 30, 2020, the Internal Revenue Service issued a letter stating that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC) Section 401(a). The Plan itself has not received a determination letter. The Plan has not been amended since the date of the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Metro Imaging, LLC Retirement Plan

Notes to Financial Statements (continued)

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position more likely than not, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions.

6. Administration of Plan Assets

The Plan's assets are held by the custodian of the Plan. The self-directed brokerage accounts are held by various brokers. Employee contributions are held and managed by the custodian, which invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

7. Related Party Transactions and Prohibited Transactions

As noted in Notes 1 and 6, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

At the end of the year ended December 31, 2024, there were participant contributions totaling \$17,305 that failed to meet the Department of Labor (DOL) regulations related to timeliness. The Plan administrator funded \$11,431 in contributions in 2024 and \$5,874 in 2025, along with lost earnings of \$1,062.

The Plan administrator does not anticipate that the self-correction of the late remittances will have an adverse effect on the Plan's tax status.

8. Subsequent Events

Management has evaluated all subsequent events through July 21, 2026, which represents the date the financial statements were available to be issued.
