INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
BMI Companies Retirement Savings Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of BMI Companies Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves,

and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

General

On January 1, 1997, BMI Financial Group, Inc. (“BMI” or “the Company”) adopted the BMI Companies Retirement Savings Plan. The Plan has been amended since its inception to change certifying entities and the investment option offered to participants and to reflect an increase under the permissible amounts allowed under Section 415. The plan is intended to be a qualified retirement plan under the Internal Revenue Code. BMI is the participating employer for the Plan.

The purpose of the Plan is to enable employees to save for retirement. It may also provide certain benefits in the event of death, disability, or other termination of employment. The Plan is a defined contribution plan for the exclusive benefit of eligible employees and their beneficiaries.

Employees are automatically enrolled into the Plan, a voluntary elective contribution of 2% will be deducted from the before-taxes pay and deposited into the retirement account in the Plan’s default. The employee must be 19 years of age and must have completed 3 months of service to be eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees can contribute a dollar amount up to the maximum established by law. The total maximum allowable contribution per participant to the Plan directly from the participant for the year ended December 31, 2025 was \$23,500, not including additional catch-up contributions of \$7,500 allowed for participants over the age of 50. Participants who are aged between 60 and 63 years old may contribute up to \$11,250.

The matching percentage contributed by the Company is discretionary and is determined annually by the Company’s Board of Directors. The Company elected to match 25% of a participant’s compensation for the first 6% of each participant’s eligible compensation for the year ended December 31, 2025.

Participant Accounts

Each participant’s account is credited with all contributions made on behalf of the participant and any income, expenses, gain or losses, thereon. The benefit to which a participant is entitled is the balance that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, plus or minus any earnings or losses thereon, which cannot be forfeited for any reason. BMI matching and profit sharing contributions are vested based on the following schedule.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions, employer matching contributions and any related earnings in the investment options offered by the Plan. ADP Retirement Trust Services, LLC (“ADPRTS”) is the appointed certifying entity of the Plan’s assets at December 31, 2025 and 2024. Contributions may be allocated in 1% increments and participants may change their investment elections at any time.

Notes Receivable from Participants

Participants may borrow from the fund accounts a minimum of \$1,000 up to 50% of their vested account balance. The Plan allows participants to have a maximum of two loans outstanding at any time. Loan terms typically range from one to five years.

The loans are secured by the balance in the participant’s account. Principal and interest is re-paid through payroll deductions. The interest rate on outstanding loans for years ended December 31, 2025 and 2024 varied. The interest rate applicable to loans originated on December 31, 2025 and 2024 was between 4.25% and 9.50%.

Payment of Benefits

The participant’s entire account balance is paid to the participant or the beneficiary, if the participant retires, becomes permanently disabled, dies, or terminates employment with BMI after completing six years of service. The entire amount may be paid in one lump sum or in installments.

A participant whose employment with BMI is terminated prior to retirement is entitled to receive benefits equal to the participant’s contributions plus the vested amount of BMI contribution. Forfeited amounts are used to pay administrative expenses and any remaining amounts are used to reduce future BMI contributions.

Forfeitures

Forfeitures relate to contributions made by BMI on behalf of employees terminated from the Plan which are not vested at the terminated date. These funds may be used by BMI to reduce future employer contributions and to pay administrative expenses incurred by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on a modified cash basis of accounting. Accordingly, investment income and contributions are recognized when received; and benefits and administrative expenses are recognized when paid.

Investment Valuation and Income Recognition

Investments are valued based on the quoted market prices of the underlying assets held in each fund by utilizing the practical expedient under the guidance set forth in ASC 820 that allows the use of Net Asset Value as its fair value measurement if certain criteria are met.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains (losses) on the sale of securities are computed under the current value method (sales proceeds less current value of asset at the beginning of the Plan year or acquisition cost if acquired during the year).

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan payments and the Plan administrator considers the participant loan to be in default, the loans are reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risk and Uncertainties

Financial instruments that potentially subject the Plan to risk of loss consist principally of investments. The Plan's investments are directed by each participant into one or more optional funds offered by the Plan and maintained by the certifying entity of the Plan. Each participant in the Plan bears the risk of market loss, if any. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits. No adjustments have been recorded in the accompanying financial statements as a result of this uncertainty.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

On occasion, certain administrative expenses of ADP Retirement Trust Services, LLC ("ADPRTS"), the Plan's certifying entity, and other professional fees (such as accounting and legal) are paid directly by BMI or through excess funds in the forfeiture account. BMI reserves the right to amend the Plan at any time, and allocate the administrative fees to the Plan participants. During the year ended December 31, 2025, administrative fees incurred by the Plan totaled \$12,915. Expenses that are paid by the Company are excluded from these financial statements.

Management's Review of Subsequent Events

Management has evaluated subsequent events through July 23, 2026, which is the date that the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S CERTIFYING ENTITY

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP Retirement Trust Services, LLC ("ADPRTS"), the certifying entity of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related net appreciation in value of investments and interest reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

ASC 820 establishes a three-level valuation hierarchy for measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

Level 1 – asset value is based on actual quoted prices in active markets for identical securities (mark-to-market).

Level 2 – other significant observable inputs are used to arrive at fair value (including yield, quality, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.).

Level 3 – significant unobservable inputs (including management's own assumptions in determining the fair value of investments).

Registered Investment Companies: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common / Collective Trust: Valued at the net asset value of units of a bank collective trust. The net asset value, as provided by the plan's certifying entity, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, BMI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance, including employer contributions.
