Report of Independent Auditors

Trustees and Participants of the
Celia Corporation 401(k) Plan
Sparta, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Celia Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Celia Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Celia Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Celia Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Celia Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Celia Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan and Significant Accounting Policies

The following description of the Celia Corporation 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of Celia Corporation, Spartan Graphics, Inc., and iGraphics, LLC (Companies) who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On November 9, 2022, the Plan was amended to increase the automatic participant deferral amount for employees hired on or after January 1, 2023 from 3% of eligible compensation to 5%. On January 16, 2023, the Plan was amended to modify the Plan's definition of compensation to include bonus pay, effective February 1, 2023.

Trust

A trust has been established under the Plan to hold the Plan's assets. The Companies have appointed three individuals as trustees.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a number of investment options. Participants may change their investment options at any time.

Contributions

Subject to certain limitations, the Companies' employees participating in the Plan may make voluntary pre-tax and/or Roth contributions to the Plan through a salary reduction program. Total annual pay deferrals are not to exceed the maximum annual amount allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Upon attaining eligibility requirements, participants who do not affirmatively make a deferral election will be automatically enrolled in the Plan at a pre-tax deferral rate of 5% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Companies may provide discretionary matching contributions to the Plan as determined by the Companies' Boards of Directors. The Plan allows for regular employer contributions paid each payroll period to all eligible participants in the Plan. In 2024 and 2025, regular employer contributions were paid out as 25% of employee deferrals, up to 15% of each participant's eligible compensation. The Plan also allows for additional employer contributions paid at the end of the year to participants who are employed on the last day of the Plan year. In 2024 and 2025, there was an additional employer contribution of 25% of employee deferrals, up to 15% of each participant's eligible compensation.

Payments of Benefits

Distributions from the Plan may be made in lump-sum payments and are payable in cash. Distributions may be made once a participant reaches the minimum retirement age and begins voluntary in-service distributions, retires, dies (in which case, payment shall be made to his or her beneficiary or, if none is designated, his or her legal representatives), becomes disabled, or otherwise terminates employment. The Plan agreement does not allow for hardship distributions or participant loans to be made from Plan funds. Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan. Expenses are paid to Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodians of the Plan, from participant accounts related to asset management and certain participant-initiated transactions. Certain expenses related to the overall administration of the Plan are paid by the Companies and are therefore excluded from these financial statements.

Termination of the Plan

Although they have not expressed an intent to do so, the Companies have the right to amend or terminate the Plan at any time. In the event the Plan is terminated, all participant account balances become fully vested and nonforfeitable. In the event of partial termination, only those who separate from service shall be fully vested.

1. Description of the Plan and Significant Accounting Policies (continued)

Vesting

Each participant is vested in his or her account balance based on years of service as defined in the Plan document. Vesting percentages for employer contributions and allocations of net investment earnings on these funds range from 20% after two years of service to 100% after six years of service. All participant contributions along with allocations of net investment earnings on these funds are fully vested and nonforfeitable.

Forfeitures

Accounts of nonvested participants are forfeited in the year of termination. Forfeited balances are used to pay Plan expenses or to reduce employer contributions. During the year ended December 31, 2025, there were \$46,293 in forfeitures used to reduce employer contributions or to pay expenses (\$29,888 for the year ended December 31, 2024). In addition, there was a balance of \$24,823 of forfeitures as of December 31, 2025 (\$34,830 as of December 31, 2024).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, results could differ from those estimates.

Basis of Accounting

The financial statements have been presented on the accrual basis of accounting in accordance with U.S. GAAP.

Valuation of Investments

The fair values of the investments held in mutual funds are determined using quoted market values as of the last business day of the Plan years. Investments held in fixed annuities are stated at contract value, determined based on methods disclosed in the annuity contracts as calculated by the annuity provider. See Notes 4 and 5 for further information.

The difference between fair value and the cost of investments held is combined with realized gains and losses on the sale of investments and reported in the statements of changes in net assets available for benefits as net appreciation or depreciation in the fair value of investments. Realized gains and losses on the sale of investments represent the difference between the proceeds received and the original cost of investments sold.

1. Description of the Plan and Significant Accounting Policies (continued)

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events

Plan management has evaluated subsequent events for potential recognition and disclosure in the financial statements through July 22, 2026, which is the date the financial statements were available to be issued.

2. Federal Income Taxes

The Plan utilizes a non-standardized pre-approved profit sharing plan adopted through a third-party provider. The Plan obtained its latest determination letter from the Internal Revenue Service dated July 3, 2025, stating that the Plan qualified under Section 401(a) of the IRC and that any employer adopting this form of the Plan will be considered to have a Plan qualified under Section 401(a) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has not been amended since the date of the determination letter, and the Companies believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan is tax exempt. Therefore, there is no provision for income taxes in the Plan's financial statements.

Generally, tax years 2022 through the current year remain open to examination. The Plan administrator does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

3. Information Certified by the Custodian (Unaudited)

Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodians of the Plan, held the investment assets and executed related transactions as of and for the years ended December 31, 2025 and 2024. Substantially all information pertaining to the Plan's investment balances and investment income included in the financial statements and supplemental schedule has been certified by them. This certified investment information has not been audited by independent accountants.

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2025:				
Mutual funds	\$ 36,495,088	\$ —	\$ —	\$ 36,495,088
2024:				
Mutual funds	\$ 33,053,301	\$ —	\$ —	\$ 33,053,301

5. Fixed Annuity Contract

The Plan has a fixed annuity contract with Empower Annuity Insurance Company of America that invests contributions in the Key Guaranteed Portfolio Fund with a contract value of \$1,271,359 as of December 31, 2025 (\$1,447,916 as of December 31, 2024). The Key Guaranteed Portfolio Fund is a general account product. The fixed annuity contract credits interest daily to the contract holder on a portfolio basis. The credited interest rate may change or stay the same each quarter. The quarterly credited rate applies to all money deposited in the account, regardless of when it was deposited. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract plus earnings less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. These amounts may be restricted for up to 30 days in the event of excessive participant trading. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

6. Transactions with Parties-in-Interest

Certain administrative functions related to the Plan are performed by officers and employees of the Companies. No such officer or employee receives compensation from the Plan. Administrative expenses paid by the Companies include certain payments to the Plan's third-party administrator (Doeren Mayhew), investment advisors (Robert W. Baird & Co. Inc.), and auditor for services to the Plan. The Companies do not expect reimbursement from the Plan for these expenses; therefore, such expenses are excluded from these financial statements. These administrative expenses are considered party-in-interest transactions. Certain other expenses were paid to the custodian and Doeren Mayhew through the Plan; these are also considered party-in-interest transactions.

Plan investments include fixed annuities that are managed by the custodian or its affiliates with a contract value of \$1,271,359 as of December 31, 2025 and \$1,447,916 as of December 31, 2024.

7. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.
