Independent Auditor's Report

Trustees, Plan Committee, Plan Participants and Audit Committee
Ames National Corporation 401(k) Plan
Ames, Iowa

Opinion

We have audited the financial statements of Ames National Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF PLAN

The Ames National Corporation 401(k) Plan (the Plan), is sponsored by Ames National Corporation and its subsidiaries: First National Bank, Ames, Iowa; Boone Bank & Trust Co., Boone, Iowa; Reliance State Bank, Story City, Iowa; State Bank & Trust Co., Nevada, Iowa; United Bank & Trust Co., Marshalltown, Iowa; and Iowa State Savings Bank, Creston, Iowa (collectively, the Companies). The Vanguard Fiduciary Trust Company ("Trustee") is the Plan Trustee and a party-in-interest to the Plan. The Vanguard Group is the Plan's administrative record keeper. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan covering employees of the Companies with an original effective date of January 1, 1971. The Plan: (a) allows new employees and existing employees turning age 21 to begin making salary deferral contributions to the Plan and the corresponding employer matching contribution without a waiting period, (b) has automatic enrollment for new employees and existing employees turning age 21, and (c) limits participant notes receivable to two notes per employee.

Employees are eligible to begin making salary deferral contributions to the Plan upon commencement of employment and will also be eligible for employer matching contributions for employees ages 21 or older.

Participants are automatically enrolled in the Plan at a rate of 3% of their compensation unless the participant opts out of automatic enrollment or until the participant changes their elections. The Vanguard Target Retirement Date Trusts are the qualified default investment alternatives. The plan advisory committee determines the appropriateness of investments offered in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of their annual compensation as defined by the Plan subject to the Internal Revenue Service limitations. The Plan provides a matching contribution up to 6% of the participants' compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit, contribution plans or rollovers. Additionally, each participant age 50 or older may elect to make catch up contributions subject to certain limitations of the Internal Revenue Service. All Plan investments were participant-directed into investment options offered by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant accounts

Each participant's account is credited with (a) the participant's contribution, (b) the Companies' matching contribution, and (c) Plan earnings or losses and charged with benefit payments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Companies' matching contributions and earnings thereon.

Payment of benefits

On termination of service due to death, disability, retirement or any other reason, a participant or their beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount. The Plan allows for in-service distributions when a participant reaches age 59 1/2.

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants at December 31, 2025, mature through 2033 and the interest rates (as determined by the Plan Administrator) are 4.25% to 9.5%. Principal and interest are paid ratably through payroll deductions, generally, over five years. However, repayment of notes receivable from participants for the purchase of a primary residence may exceed five years, but no longer than ten years. The notes receivable from participants are secured by the balance in the participants' account.

Subsequent events

In preparing the Plan's financial statements, Plan management has evaluated all subsequent events and transactions for potential recognition or disclosure through the date of filing these financial statements with the SEC.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Rollover Contributions

An aggregate of \$173,248 and \$407,808 was rolled into the Plan during the years ended December 31, 2025 and 2024, respectively. The rollover contributions in the statements of changes in net assets available for benefits are generally considered to be normal rollover activity during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Plan year ends on December 31. Significant accounting policies followed by the Plan are presented below.

Basis of presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates in preparing financial statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses on investments sold as well as unrealized gains and losses on investments held during the year.

Notes receivable from participants

Notes receivable from participants are stated at the amount of unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Payments of notes receivable from participants are applied to the specific accounts comprising the balance. Delinquent and unpaid notes receivable are reclassified as a distribution based upon the terms of the Plan Document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of benefits

Benefits are recorded when paid.

NOTE 3 - ADMINISTRATIVE EXPENSES

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Companies. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 4 - RELATED PARTY TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption is applied. Vanguard is a party-in-interest as defined by ERISA as a result of being the record keeper and custodian of the Plan. Ames National Corporation is a party-in-interest as defined by ERISA as a result of being the Plan Sponsor. At December 31, 2025 and 2024, the Plan held 91,517 and 83,490 shares of Ames National Corporation, a party-in-interest, common stock with a fair value of \$2,101,230 and \$1,371,741, respectively.

The Plan sold or distributed 1,794 shares for \$34,015 during the year ended December 31, 2025. The Plan purchased 9,821 shares for \$182,256 during the year ended December 31, 2025. The Plan sold or distributed 508 shares for \$9,960 during the year ended December 31, 2024. The Plan purchased 6,131 shares for \$114,738 during the year ended December 31, 2024.

NOTE 5 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:	Inputs to the valuation methodology are quoted prices, unadjusted, for identical assets or liabilities in active markets that the Plan has the ability to access.
----------	---

AMES NATIONAL CORPORATION
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatility, prepayment speeds, credit risk); or, inputs derived principally from or can be corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities include financial instruments whose value is determined using discounted cash flow methodologies, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value (NAV) of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market account: Valued at cost, which approximates fair value.

NOTE 6 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all participants are 100% vested in their accounts.

NOTE 7 - TAX STATUS

The determination letter received for the Plan prototype document was dated June 30, 2020. In this letter, the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, not subject to tax. The Plan has not applied for its own determination letter. The prototype plan has not been amended since receiving the determination letter.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

This information is an integral part of the accompanying financial statements.
