REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
TireHub 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of TireHub 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

TireHub 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the TireHub 401(k) plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of TireHub, LLC (“TireHub,” “Employer,” “Plan Sponsor” or “Company”), who have completed 60 days of service and have elected to participate in the Plan. Employees covered by a collective bargaining agreement and non-resident aliens are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration

The trustee of the Plan is Empower Trust Company, LLC and the insurance providers are Empower Annuity Insurance Company of America and Empower Annuity Insurance Company. Empower Retirement performs participant recordkeeping and other administrative duties for the Plan. The TireHub 401(k) Plan Committee oversees the Plan’s operations.

Contributions

Participants are automatically enrolled at 3% with annual increases of 1% per year to 6% of their pretax eligible compensation, unless they elect otherwise and may contribute up to 100% of their eligible compensation, subject to limitations established by the Internal Revenue Code (“IRC”). Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, under the SECURE 2.0 Act, participants who attain ages 60 through 63 before the end of the Plan year may be eligible to make enhanced (super) catch-up contributions, subject to higher IRS limits for those applicable years. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans, as well as direct rollovers from individual retirement accounts or annuities. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides an Employer matching contribution whereby the Company matches 100% up to 4% of eligible earnings contributed to the Plan by the participant. At the option of the Company’s board of directors, discretionary contributions may also be made by the Company. No discretionary contributions were made by the Company during the years ended December 31, 2025 or 2024. All Company contributions are participant directed. Contributions are subject to certain limitations established by the IRC.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s contributions, as applicable, and an allocation of Plan earnings and charged with withdrawals, an allocation of Plan losses and administrative expenses, if any.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

TireHub 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon, is based on years of service as follows:

<u>Number of Years of Service</u>	<u>Vested Percentage</u>
Less than two years	0%
Two years	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of:

- \$50,000 reduced by the highest outstanding loan balance incurred by the Participant during the 12 month period ending on the day before the date on which the loan was made, or
- 50% of the participant's vested account balance.

Participants may only have one loan outstanding under the Plan at any one time. Loan terms range from one to five years. The loans are secured by the balance in the participant's account. Interest rates on loans outstanding ranged from 3.25% to 9.50% as of December 31, 2025 and 2024. Interest rates are at the prime rate plus 1% in accordance with the terms of the Plan and do not exceed the maximum amount permitted under applicable statutory law. Principal and interest is paid ratably through payroll deductions.

Benefits Paid to Participants

Upon retirement, termination of service, hardship, disability or the attainment of age 59½, a participant may receive all or part of the value of the participant's vested interest in his or her account as a lump-sum distribution. Upon death of a participant, the balance of the participant's vested interest in his or her account will be distributed in a lump sum to the participant's beneficiary.

Minimum required distributions for participants who have reached age 73 also apply per IRC regulations.

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited, nonvested accounts totaled approximately \$143,000 and \$98,000, respectively. Forfeitures may be used to pay administrative expenses of the Plan, if not paid by the Plan Sponsor or to reduce future Company contributions. During the years ended December 31, 2025 and 2024, forfeitures of approximately \$385,000 and \$515,000, respectively, were used by the Plan to reduce Company contributions.

Administrative Expenses

The Plan will pay some or all Plan-related expenses, unless otherwise paid by the Company. The expenses charged to the Plan are charged pro rata to each participant in relation to the size of each participant's account balance. In addition, some types of expenses may be charged only to participant accounts based upon their use of a Plan feature or receipt of a Plan distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("U.S. GAAP") requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. See Note 5 for investments at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

The Company pays most administrative expenses associated with the Plan. Expenses relating to Plan investments are paid by the Plan and borne on a pro-rata basis by each participant and included in net appreciation in fair value of investments.

NOTE 3 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following investment information in the financial statements and supplemental schedule of assets (held at end of year) was summarized from information supplied and certified as complete and accurate by Empower Annuity Insurance Company of America, Empower Annuity Insurance Company and Empower Trust Company, LLC.

- Investments, at fair value, investment, at contract value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.

TireHub 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

- Investment income and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Schedule H, line 4i schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value represents the amount that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the standard on fair value, the Plan's financial assets and liabilities that are recorded on the statements of net assets available for benefits are determined using the following fair value hierarchy:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If an asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial assets and liabilities could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes during the years ended December 31, 2025 and 2024, to the valuation techniques used to measure asset and liability fair values on a recurring basis.

Mutual Funds - The Plan's mutual fund investments are stated at fair value based on quoted net asset value, as reported on national security exchanges on which the mutual funds are traded. The mutual funds held by the Plan are deemed to be actively traded.

Separate Account - Prices/unit values for Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The underlying investments in the annuity contract are actively traded. The Plan's separate account invests in the Capital Group EuroPacific Growth Trust, a collective investment trust, which aims to provide long-term growth of capital by investing in companies in developed and emerging markets that are positioned to benefit from innovation, economic growth, increasing consumer demand, or a turnaround in business

conditions. There are no unfunded commitments related to this investment. Additionally, there are no redemption restrictions applicable to the separate account.

The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 71,323,830	\$ -	\$ -	\$ 71,323,830
Total	<u>\$ 71,323,830</u>	<u>\$ -</u>	<u>\$ -</u>	71,323,830
Separate Account measured at NAV ^(a)				<u>\$ 2,277,091</u>
Total investments, at fair value				<u>\$ 73,600,921</u>

The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 60,199,381	\$ -	\$ -	\$ 60,199,381
Total investments, at fair value	<u>\$ 60,199,381</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 60,199,381</u>

^(a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5 - INVESTMENT AT CONTRACT VALUE

The Plan entered into a fully benefit-responsive guaranteed investment contract with the Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

TireHub 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include a group fixed annuity contract issued by Empower Annuity Insurance Company of America and a separate account established and made available as an investment option under group variable annuity contracts issued by Empower Annuity Insurance Company. Transactions in these investments qualify as party-in-interest transactions as defined by ERISA. Empower Advisory Group, LLC, an affiliate of the certifying entities, provides investment management services to the Plan which are also party-in-interest transactions. In addition, notes receivable from participants are party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 8 - TAX STATUS

The Plan utilizes a prototype plan document. The Internal Revenue Service ("IRS") has determined and informed Empower Trust Company, LLC by a letter dated June 30, 2020, that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax asset or liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2025 and 2024, no uncertain tax positions have been taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

TireHub 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2025 and 2024

NOTE 9 - RISK AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect the participants' account balances and the amounts reported in the financial statements.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has analyzed its activity through July 27, 2026, the date these financial statements were available to be issued. There were no subsequent events that require adjustment or disclosure within these financial statements.
