INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of First Bank and Trustees of the
Savings Plan for Employees of First Bank

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Savings Plan for Employees of First Bank, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Savings Plan for Employees of First Bank's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Savings Plan for Employees of First Bank and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Employees of First Bank's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Savings Plan for Employees of First Bank's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Employees of First Bank's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1 – Description of the Plan

The following description of the Savings Plan for Employees of First Bank (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of First Bank (the "Plan Sponsor" or the "Company") and Alaska Escrow & Title Insurance Agency. The Plan was initially effective in February 1, 1984 and was last restated effective January 1, 2009. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The administrative committee is responsible for the oversight of the Plan. The Retirement Plans Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrative committee.

Eligibility - Employees of the Company become eligible to participate in the Plan after six months of continued service, provided they are not excluded employees. There is no age requirement for the Plan.

Contributions - All eligible employees may make elective deferral contributions into the Plan ranging from 1% to 50% of pretax annual compensation or as a Roth deferral and 1% to 50% of after-tax annual compensation, as defined by the Plan. However, deferred contributions for any participant cannot exceed \$23,500 in 2025 and \$23,000 in 2024. Participants over the age of 50 are allowed to make catch-up contributions. For 2025, the standard catch-up contribution limit could not exceed \$7,500, however participants between the ages of 60 and 63 could make catch-up contributions up to \$11,250. For 2024, the catch-up contribution limit was \$7,500.

Eligible participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The amount of any rollover contributions will be invested along with other assets of the Plan but will be held for the participant in a special rollover account and will be 100% vested at all times.

If a participant does not elect otherwise, they are automatically enrolled in the Plan at a withholding rate of 6% with a 2% annual increase up to a maximum of 10%.

For each year the Company elects to make a discretionary matching contribution, the Company will contribute to the Plan an amount equal to 100% of the first 1% of base compensation and 50% of the next 5%. The Company may elect to make a matching contribution on employee elective deferral contributions in excess of the minimum but is not obligated to do so per the Plan Document. The Company may also elect to make a discretionary profit-sharing contribution.

Vesting - A participant's elective deferral account balance and earnings thereon is always 100% vested. A participant's interest in the Company discretionary contributions and Company matching account fully vest when the participant attains normal retirement age (as defined in the Plan document), completes six years of service, dies, or becomes totally and permanently disabled. Upon termination of the participant's employment for any other reason, the participant's interest in the employer discretionary contribution and employer matching contribution account is vested according to the following schedule:

<u>Completed years of service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	40%
2	52%
3	64%
4	76%
5	88%
6	100%

Participant accounts - Each participant's account is credited with the participant's contribution and allocation of the Company's contribution, if any, and Plan earnings, if any, forfeitures of terminated

participants non-vested balance, if any, and may be charged with an allocation of administrative expenses paid by the Plan. The Company's contribution is allocated to participants based upon the participant's considered compensation for the Plan year. Allocation of Plan earnings to participants is based on the performance of participant selected investment options as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan provides that participants may direct how their account balance is invested among the investment alternatives offered by the Plan. The Plan offered mutual funds and a collective trust fund as investment options in 2025 and 2024.

Payment of benefits - On termination of service due to death, disability, or retirement (as defined by the Plan), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested benefit or receive the vested benefit in partial withdrawals over a specified period of time. If the value of the vested account balance is \$5,000 or less the participant may roll the balance into another qualified plan, or have the distribution paid directly to them. If the participant fails to make one of the elections mentioned above, the administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the administrator. Cash out distributions of \$1,000 or less will be paid in a single lump-sum payment.

Notes receivable from participants - Participants may borrow from their fund account balances a maximum of 50% of their vested account balance or \$50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to 1% above the prime rate. Principal and interest is paid ratably through payroll deductions or by check (for prepayments only). Loans must be repaid within a five-year period, except for loans used to acquire or construct a participant's principal residence.

Forfeited accounts - As allowed in the Plan Documents, forfeitures may first be used to pay any administrative expenses. Any remaining forfeitures will be used by the Company to reduce the employer matching contribution. Forfeited non-vested amounts total \$19,042 and \$21,498 for the years ended December 31, 2025 and 2024. Forfeited non-vested amounts applied to administrative expenses or employer contributions were \$12,144 and \$11,629 for the years ended December 31, 2025 and 2024.

Significant plan amendments - There were no significant plan amendments during the years ended December 31, 2025 or 2024.

2 – Significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Management estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments in mutual funds are reported at fair value. Quoted market prices are used to value mutual funds. The investment in the collective trust fund is stated at net asset value as determined by the issuer of the collective trust fund based on the contract price and the fair market value of the underlying investments. Participant loans are valued at the outstanding loan balances. See note 4 for a discussion of fair value measurements, including contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains (or losses) and the unrealized appreciation (depreciation) on those investments.

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Notes receivable from participants - Participant loans are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as all loans are deemed collectible. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and reclassified as distributions based upon the terms of the Plan Document.

Payment of benefits - Benefits are recorded when paid.

Operating expenses - The Plan allows for administrative expenses to be paid from Plan assets. Such expenses are recorded as incurred. During the period ended December 31, 2025 and 2024, certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to certain administrative items, including the administration of notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3 – Investments

The following presents investments that represent five percent or more of the Plan's net assets:

December 31,	2025	2024
Vanguard 500 Index Fund Investor Shares (0040)	\$5,122,191	\$4,322,612
Vanguard Target Retirement 2035 Fund (0305)	2,390,518	1,978,970
Vanguard Target Retirement 2025 Fund (0304)	1,966,769	2,165,790
Vanguard Target Retirement 2030 Fund (0695)	1,802,057	1,496,123
Vanguard Target Retirement 2045 Fund (0306)	1,573,683	1,199,548
Vanguard Target Retirement 2040 Fund (0696)	1,413,923	1,241,219

During 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,705,520 and appreciated in value by \$1,692,888, respectively.

The above information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian, Vanguard Fiduciary Trust Company. This method selected by the Plan Administrator is permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4 – Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, defines fair value as the price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include

- quoted market prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the SEC. The fund is required to publish the NAV daily and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Collective Trust Fund – The Vanguard Retirement Savings Trust is a collective trust fund that is valued at contract value, which is the NAV of the units of the collective trust fund held by the Plan at year end times the respective unit value. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV of the collective trust fund is based upon significant observable inputs, although it is not based on quoted market prices in an active market. The collective trust fund's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the collective trust fund invests in assets (typically contracts used by insurance companies and banks, synthetic investment contracts, and short-term investments) and enters into "wrapper" contracts issued by third parties and invests in cash equivalents represented by shares in a money market fund.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

In accordance with accounting standards, investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The above information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6 – Income tax status

Effective January 1, 2009, the Plan adopted a non-standardized form of a prototype plan sponsored by Vanguard. The prototype plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, that it is a qualified Plan under §401(a) of the Internal Revenue Code and as such the Plan is exempt from federal income tax. The Plan has been amended since the latest amendment covered by the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the administrator believes that the Plan is qualified and the related trust is tax-exempt.

Generally accepted accounting principles requires plan management to determine whether a tax position of the Plan is “more likely than not” to be sustained upon examination, based on the technical merits of the position. For tax positions meeting the “more likely than not” threshold, the tax amount recognized in the

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

financial statements is reduced by the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement with the relevant taxing authority. There are no uncertain tax positions requiring accrual or disclosure at December 31, 2025. Management is not aware of any tax positions for which it is reasonably possible that amounts of unrecognized tax benefits or liabilities will change significantly in the next twelve months. However, management's conclusions may be subject to future reviews based on changes in, or the interpretation of, tax laws and regulations or the accounting standards. The Plan files returns as prescribed by tax laws in the jurisdictions in which it operates. The Plan's returns for the prior three fiscal years generally remain subject to examination.

7 – Related party and party-in-interest transactions

The Plan invests in shares of mutual funds and a collective trust fund that are managed by an affiliate of Vanguard Fiduciary Trust Company which acts as custodian of the Plan and as such, the investment transactions qualify as party in interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan for the investment management and administrative services amounted to \$10,822 and \$8,669 for December 31, 2025 and 2024, respectively.

8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant's account balances and the amounts reported on the statement of net asset available for benefits.

9 – Subsequent events

Management has evaluated subsequent events or transactions that occurred after December 31, 2025, through July 16, 2026, the date these financial statements were available to be issued. There were no material recognizable subsequent events.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of First Bank and Trustees of the
Savings Plan for Employees of First Bank

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Savings Plan for Employees of First Bank, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Savings Plan for Employees of First Bank's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Savings Plan for Employees of First Bank and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Employees of First Bank's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Savings Plan for Employees of First Bank's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Employees of First Bank's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1 – Description of the Plan

The following description of the Savings Plan for Employees of First Bank (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of First Bank (the "Plan Sponsor" or the "Company") and Alaska Escrow & Title Insurance Agency. The Plan was initially effective in February 1, 1984 and was last restated effective January 1, 2009. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The administrative committee is responsible for the oversight of the Plan. The Retirement Plans Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrative committee.

Eligibility - Employees of the Company become eligible to participate in the Plan after six months of continued service, provided they are not excluded employees. There is no age requirement for the Plan.

Contributions - All eligible employees may make elective deferral contributions into the Plan ranging from 1% to 50% of pretax annual compensation or as a Roth deferral and 1% to 50% of after-tax annual compensation, as defined by the Plan. However, deferred contributions for any participant cannot exceed \$23,500 in 2025 and \$23,000 in 2024. Participants over the age of 50 are allowed to make catch-up contributions. For 2025, the standard catch-up contribution limit could not exceed \$7,500, however participants between the ages of 60 and 63 could make catch-up contributions up to \$11,250. For 2024, the catch-up contribution limit was \$7,500.

Eligible participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The amount of any rollover contributions will be invested along with other assets of the Plan but will be held for the participant in a special rollover account and will be 100% vested at all times.

If a participant does not elect otherwise, they are automatically enrolled in the Plan at a withholding rate of 6% with a 2% annual increase up to a maximum of 10%.

For each year the Company elects to make a discretionary matching contribution, the Company will contribute to the Plan an amount equal to 100% of the first 1% of base compensation and 50% of the next 5%. The Company may elect to make a matching contribution on employee elective deferral contributions in excess of the minimum but is not obligated to do so per the Plan Document. The Company may also elect to make a discretionary profit-sharing contribution.

Vesting - A participant's elective deferral account balance and earnings thereon is always 100% vested. A participant's interest in the Company discretionary contributions and Company matching account fully vest when the participant attains normal retirement age (as defined in the Plan document), completes six years of service, dies, or becomes totally and permanently disabled. Upon termination of the participant's employment for any other reason, the participant's interest in the employer discretionary contribution and employer matching contribution account is vested according to the following schedule:

<u>Completed years of service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	40%
2	52%
3	64%
4	76%
5	88%
6	100%

Participant accounts - Each participant's account is credited with the participant's contribution and allocation of the Company's contribution, if any, and Plan earnings, if any, forfeitures of terminated

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

participants non-vested balance, if any, and may be charged with an allocation of administrative expenses paid by the Plan. The Company's contribution is allocated to participants based upon the participant's considered compensation for the Plan year. Allocation of Plan earnings to participants is based on the performance of participant selected investment options as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan provides that participants may direct how their account balance is invested among the investment alternatives offered by the Plan. The Plan offered mutual funds and a collective trust fund as investment options in 2025 and 2024.

Payment of benefits - On termination of service due to death, disability, or retirement (as defined by the Plan), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested benefit or receive the vested benefit in partial withdrawals over a specified period of time. If the value of the vested account balance is \$5,000 or less the participant may roll the balance into another qualified plan, or have the distribution paid directly to them. If the participant fails to make one of the elections mentioned above, the administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the administrator. Cash out distributions of \$1,000 or less will be paid in a single lump-sum payment.

Notes receivable from participants - Participants may borrow from their fund account balances a maximum of 50% of their vested account balance or \$50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to 1% above the prime rate. Principal and interest is paid ratably through payroll deductions or by check (for prepayments only). Loans must be repaid within a five-year period, except for loans used to acquire or construct a participant's principal residence.

Forfeited accounts - As allowed in the Plan Documents, forfeitures may first be used to pay any administrative expenses. Any remaining forfeitures will be used by the Company to reduce the employer matching contribution. Forfeited non-vested amounts total \$19,042 and \$21,498 for the years ended December 31, 2025 and 2024. Forfeited non-vested amounts applied to administrative expenses or employer contributions were \$12,144 and \$11,629 for the years ended December 31, 2025 and 2024.

Significant plan amendments - There were no significant plan amendments during the years ended December 31, 2025 or 2024.

2 – Significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Management estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments in mutual funds are reported at fair value. Quoted market prices are used to value mutual funds. The investment in the collective trust fund is stated at net asset value as determined by the issuer of the collective trust fund based on the contract price and the fair market value of the underlying investments. Participant loans are valued at the outstanding loan balances. See note 4 for a discussion of fair value measurements, including contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains (or losses) and the unrealized appreciation (depreciation) on those investments.

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Notes receivable from participants - Participant loans are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as all loans are deemed collectible. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and reclassified as distributions based upon the terms of the Plan Document.

Payment of benefits - Benefits are recorded when paid.

Operating expenses - The Plan allows for administrative expenses to be paid from Plan assets. Such expenses are recorded as incurred. During the period ended December 31, 2025 and 2024, certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to certain administrative items, including the administration of notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3 – Investments

The following presents investments that represent five percent or more of the Plan's net assets:

December 31,	2025	2024
Vanguard 500 Index Fund Investor Shares (0040)	\$5,122,191	\$4,322,612
Vanguard Target Retirement 2035 Fund (0305)	2,390,518	1,978,970
Vanguard Target Retirement 2025 Fund (0304)	1,966,769	2,165,790
Vanguard Target Retirement 2030 Fund (0695)	1,802,057	1,496,123
Vanguard Target Retirement 2045 Fund (0306)	1,573,683	1,199,548
Vanguard Target Retirement 2040 Fund (0696)	1,413,923	1,241,219

During 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,705,520 and appreciated in value by \$1,692,888, respectively.

The above information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian, Vanguard Fiduciary Trust Company. This method selected by the Plan Administrator is permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4 – Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, defines fair value as the price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include

- quoted market prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the SEC. The fund is required to publish the NAV daily and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Collective Trust Fund – The Vanguard Retirement Savings Trust is a collective trust fund that is valued at contract value, which is the NAV of the units of the collective trust fund held by the Plan at year end times the respective unit value. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV of the collective trust fund is based upon significant observable inputs, although it is not based on quoted market prices in an active market. The collective trust fund's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the collective trust fund invests in assets (typically contracts used by insurance companies and banks, synthetic investment contracts, and short-term investments) and enters into "wrapper" contracts issued by third parties and invests in cash equivalents represented by shares in a money market fund.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

In accordance with accounting standards, investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Vanguard Retirement Savings Trust	\$ 1,306,977	N/A	Daily	N/A

The above information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6 – Income tax status

Effective January 1, 2009, the Plan adopted a non-standardized form of a prototype plan sponsored by Vanguard. The prototype plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, that it is a qualified Plan under §401(a) of the Internal Revenue Code and as such the Plan is exempt from federal income tax. The Plan has been amended since the latest amendment covered by the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the administrator believes that the Plan is qualified and the related trust is tax-exempt.

Generally accepted accounting principles requires plan management to determine whether a tax position of the Plan is “more likely than not” to be sustained upon examination, based on the technical merits of the position. For tax positions meeting the “more likely than not” threshold, the tax amount recognized in the

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

financial statements is reduced by the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement with the relevant taxing authority. There are no uncertain tax positions requiring accrual or disclosure at December 31, 2025. Management is not aware of any tax positions for which it is reasonably possible that amounts of unrecognized tax benefits or liabilities will change significantly in the next twelve months. However, management's conclusions may be subject to future reviews based on changes in, or the interpretation of, tax laws and regulations or the accounting standards. The Plan files returns as prescribed by tax laws in the jurisdictions in which it operates. The Plan's returns for the prior three fiscal years generally remain subject to examination.

7 – Related party and party-in-interest transactions

The Plan invests in shares of mutual funds and a collective trust fund that are managed by an affiliate of Vanguard Fiduciary Trust Company which acts as custodian of the Plan and as such, the investment transactions qualify as party in interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan for the investment management and administrative services amounted to \$10,822 and \$8,669 for December 31, 2025 and 2024, respectively.

8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant's account balances and the amounts reported on the statement of net asset available for benefits.

9 – Subsequent events

Management has evaluated subsequent events or transactions that occurred after December 31, 2025, through July 16, 2026, the date these financial statements were available to be issued. There were no material recognizable subsequent events.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of First Bank and Trustees of the
Savings Plan for Employees of First Bank

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Savings Plan for Employees of First Bank, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Savings Plan for Employees of First Bank's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Savings Plan for Employees of First Bank and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Employees of First Bank's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Savings Plan for Employees of First Bank's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Savings Plan for Employees of First Bank's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

1 – Description of the Plan

The following description of the Savings Plan for Employees of First Bank (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of First Bank (the "Plan Sponsor" or the "Company") and Alaska Escrow & Title Insurance Agency. The Plan was initially effective in February 1, 1984 and was last restated effective January 1, 2009. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The administrative committee is responsible for the oversight of the Plan. The Retirement Plans Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the administrative committee.

Eligibility - Employees of the Company become eligible to participate in the Plan after six months of continued service, provided they are not excluded employees. There is no age requirement for the Plan.

Contributions - All eligible employees may make elective deferral contributions into the Plan ranging from 1% to 50% of pretax annual compensation or as a Roth deferral and 1% to 50% of after-tax annual compensation, as defined by the Plan. However, deferred contributions for any participant cannot exceed \$23,500 in 2025 and \$23,000 in 2024. Participants over the age of 50 are allowed to make catch-up contributions. For 2025, the standard catch-up contribution limit could not exceed \$7,500, however participants between the ages of 60 and 63 could make catch-up contributions up to \$11,250. For 2024, the catch-up contribution limit was \$7,500.

Eligible participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The amount of any rollover contributions will be invested along with other assets of the Plan but will be held for the participant in a special rollover account and will be 100% vested at all times.

If a participant does not elect otherwise, they are automatically enrolled in the Plan at a withholding rate of 6% with a 2% annual increase up to a maximum of 10%.

For each year the Company elects to make a discretionary matching contribution, the Company will contribute to the Plan an amount equal to 100% of the first 1% of base compensation and 50% of the next 5%. The Company may elect to make a matching contribution on employee elective deferral contributions in excess of the minimum but is not obligated to do so per the Plan Document. The Company may also elect to make a discretionary profit-sharing contribution.

Vesting - A participant's elective deferral account balance and earnings thereon is always 100% vested. A participant's interest in the Company discretionary contributions and Company matching account fully vest when the participant attains normal retirement age (as defined in the Plan document), completes six years of service, dies, or becomes totally and permanently disabled. Upon termination of the participant's employment for any other reason, the participant's interest in the employer discretionary contribution and employer matching contribution account is vested according to the following schedule:

<u>Completed years of service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	40%
2	52%
3	64%
4	76%
5	88%
6	100%

Participant accounts - Each participant's account is credited with the participant's contribution and allocation of the Company's contribution, if any, and Plan earnings, if any, forfeitures of terminated

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

participants non-vested balance, if any, and may be charged with an allocation of administrative expenses paid by the Plan. The Company's contribution is allocated to participants based upon the participant's considered compensation for the Plan year. Allocation of Plan earnings to participants is based on the performance of participant selected investment options as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan provides that participants may direct how their account balance is invested among the investment alternatives offered by the Plan. The Plan offered mutual funds and a collective trust fund as investment options in 2025 and 2024.

Payment of benefits - On termination of service due to death, disability, or retirement (as defined by the Plan), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested benefit or receive the vested benefit in partial withdrawals over a specified period of time. If the value of the vested account balance is \$5,000 or less the participant may roll the balance into another qualified plan, or have the distribution paid directly to them. If the participant fails to make one of the elections mentioned above, the administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the administrator. Cash out distributions of \$1,000 or less will be paid in a single lump-sum payment.

Notes receivable from participants - Participants may borrow from their fund account balances a maximum of 50% of their vested account balance or \$50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to 1% above the prime rate. Principal and interest is paid ratably through payroll deductions or by check (for prepayments only). Loans must be repaid within a five-year period, except for loans used to acquire or construct a participant's principal residence.

Forfeited accounts - As allowed in the Plan Documents, forfeitures may first be used to pay any administrative expenses. Any remaining forfeitures will be used by the Company to reduce the employer matching contribution. Forfeited non-vested amounts total \$19,042 and \$21,498 for the years ended December 31, 2025 and 2024. Forfeited non-vested amounts applied to administrative expenses or employer contributions were \$12,144 and \$11,629 for the years ended December 31, 2025 and 2024.

Significant plan amendments - There were no significant plan amendments during the years ended December 31, 2025 or 2024.

2 – Significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Management estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments in mutual funds are reported at fair value. Quoted market prices are used to value mutual funds. The investment in the collective trust fund is stated at net asset value as determined by the issuer of the collective trust fund based on the contract price and the fair market value of the underlying investments. Participant loans are valued at the outstanding loan balances. See note 4 for a discussion of fair value measurements, including contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains (or losses) and the unrealized appreciation (depreciation) on those investments.

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Notes receivable from participants - Participant loans are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as all loans are deemed collectible. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and reclassified as distributions based upon the terms of the Plan Document.

Payment of benefits - Benefits are recorded when paid.

Operating expenses - The Plan allows for administrative expenses to be paid from Plan assets. Such expenses are recorded as incurred. During the period ended December 31, 2025 and 2024, certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to certain administrative items, including the administration of notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3 – Investments

The following presents investments that represent five percent or more of the Plan's net assets:

December 31,	2025	2024
Vanguard 500 Index Fund Investor Shares (0040)	\$5,122,191	\$4,322,612
Vanguard Target Retirement 2035 Fund (0305)	2,390,518	1,978,970
Vanguard Target Retirement 2025 Fund (0304)	1,966,769	2,165,790
Vanguard Target Retirement 2030 Fund (0695)	1,802,057	1,496,123
Vanguard Target Retirement 2045 Fund (0306)	1,573,683	1,199,548
Vanguard Target Retirement 2040 Fund (0696)	1,413,923	1,241,219

During 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,705,520 and appreciated in value by \$1,692,888, respectively.

The above information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian, Vanguard Fiduciary Trust Company. This method selected by the Plan Administrator is permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4 – Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, defines fair value as the price that would be received on the measurement date to sell an asset or the price paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include

- quoted market prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the SEC. The fund is required to publish the NAV daily and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Collective Trust Fund – The Vanguard Retirement Savings Trust is a collective trust fund that is valued at contract value, which is the NAV of the units of the collective trust fund held by the Plan at year end times the respective unit value. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV of the collective trust fund is based upon significant observable inputs, although it is not based on quoted market prices in an active market. The collective trust fund's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the collective trust fund invests in assets (typically contracts used by insurance companies and banks, synthetic investment contracts, and short-term investments) and enters into "wrapper" contracts issued by third parties and invests in cash equivalents represented by shares in a money market fund.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

In accordance with accounting standards, investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Vanguard Retirement Savings Trust	\$ 1,306,977	N/A	Daily	N/A

The above information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

5 – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6 – Income tax status

Effective January 1, 2009, the Plan adopted a non-standardized form of a prototype plan sponsored by Vanguard. The prototype plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, that it is a qualified Plan under §401(a) of the Internal Revenue Code and as such the Plan is exempt from federal income tax. The Plan has been amended since the latest amendment covered by the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the administrator believes that the Plan is qualified and the related trust is tax-exempt.

Generally accepted accounting principles requires plan management to determine whether a tax position of the Plan is “more likely than not” to be sustained upon examination, based on the technical merits of the position. For tax positions meeting the “more likely than not” threshold, the tax amount recognized in the

SAVINGS PLAN FOR EMPLOYEES OF FIRST BANK

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

financial statements is reduced by the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement with the relevant taxing authority. There are no uncertain tax positions requiring accrual or disclosure at December 31, 2025. Management is not aware of any tax positions for which it is reasonably possible that amounts of unrecognized tax benefits or liabilities will change significantly in the next twelve months. However, management's conclusions may be subject to future reviews based on changes in, or the interpretation of, tax laws and regulations or the accounting standards. The Plan files returns as prescribed by tax laws in the jurisdictions in which it operates. The Plan's returns for the prior three fiscal years generally remain subject to examination.

7 – Related party and party-in-interest transactions

The Plan invests in shares of mutual funds and a collective trust fund that are managed by an affiliate of Vanguard Fiduciary Trust Company which acts as custodian of the Plan and as such, the investment transactions qualify as party in interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan for the investment management and administrative services amounted to \$10,822 and \$8,669 for December 31, 2025 and 2024, respectively.

8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant's account balances and the amounts reported on the statement of net asset available for benefits.

9 – Subsequent events

Management has evaluated subsequent events or transactions that occurred after December 31, 2025, through July 16, 2026, the date these financial statements were available to be issued. There were no material recognizable subsequent events.
