INDEPENDENT AUDITORS' REPORT

To the Administration Committee of
Heritage Family Federal Credit Union Defined Benefit Plan and Trust
Rutland, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Heritage Family Federal Credit Union Defined Benefit Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Heritage Family Federal Credit Union Defined Benefit Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Heritage Family Federal Credit Union Defined Benefit Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Heritage Family Federal Credit Union Defined Benefit Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Heritage Family Federal Credit Union Defined Benefit Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Heritage Family Federal Credit Union Defined Benefit Plan and Trust

Notes to Financial Statements

December 31, 2025 and 2024

(1) Description of the Plan

The following description of the Heritage Family Federal Credit Union Defined Benefit Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

(a) General – The Plan is a noncontributory defined benefit pension plan covering substantially all employees of Heritage Family Federal Credit Union (the “Credit Union”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 1997.

(b) Eligibility – An employee was eligible to enter the Plan as a participant each January 1 or July 1 following completion of one year of credited service and attainment of age 21. For eligibility purposes, a year of service meant the completion of at least 1,000 hours of service during the eligibility computation period.

Effective June 30, 2019, the Plan was frozen to new participants. As a result, no additional benefits are being earned under the Plan.

(c) Contributions – The Credit Union shall pay to the Plan from time to time such amounts in cash as the Credit Union determines to be necessary to provide the benefits under the Plan determined by the application of accepted actuarial methods and assumptions. There were no contributions in 2025 and 2024.

(d) Normal retirement – Normal retirement is considered to be the later of a participant’s 65th birthday or the 5th anniversary of the first day of the Plan year in which participation in the Plan commenced.

(e) Early retirement – Early retirement is considered to be at age 55 with 5 years of credited service required. The 5 years of credited service requirement is waived for disabled participants. The retirement benefit is equal to the fully accrued benefit if started at the normal retirement date, or reduced by approximately .6% for each of the first 60 calendar months, and approximately .3% for each calendar month in excess of 60 calendar months that the early retirement date precedes normal retirement date.

(f) Disability benefits – A participant who becomes disabled to the extent required by Social Security qualifications will be eligible for the early retirement benefit without regard to age and service requirements.

(g) Vesting – The following vesting schedule, based on a participant’s years of service, applies to the Credit Union’s contributions: Participants are 20% vested after two years of service, 40% after three years, 60% after four years, 80% after five years and 100% after six years. For vesting purposes, a year of service means the completion of at least 1,000 hours of service during the Plan year. A participant who dies, becomes permanently disabled, or reaches early retirement age becomes 100% vested.

(h) Normal form of benefit – The normal form of the retirement benefit is a monthly income payable for 120 months Certain and Life.

Heritage Family Federal Credit Union Defined Benefit Plan and Trust

Notes to Financial Statements

December 31, 2025 and 2024

Description of the Plan (continued)

- (i) Benefit amount – The normal retirement benefit is 40% of average monthly earnings reduced proportionately for less than 25 years of service at retirement. Benefits are accrued over service to normal retirement age per the fractional accrual rule.

(2) Summary of Significant Accounting Policies

- (a) Basis of accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.
- (b) Investments – Investments are stated at fair value determined using quoted market prices in active markets. Purchases and sales of securities are recorded on a trade-date basis. Unrealized gains and losses are based on the differences of beginning of the year fair values or cost if purchased during the current year, and year-end fair values. Interest and dividend income is accrued as earned.
- (c) Expenses – Expenses of administering the Plan are generally paid by the Credit Union.
- (d) Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (e) Payment of benefits – Benefits are recorded when paid.
- (f) Risks and uncertainties – The Plan invests in securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

- (g) Subsequent events – The Plan evaluated subsequent events through July 27, 2026, the date the Plan's financial statements were available to be used.

(3) Information Certified by the Plan's Insurance Carrier

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Standard Insurance Company, the insurance carrier of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2025 and 2024, the schedule of assets held at December 31, 2025, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended December 31, 2025 and 2024.

(4) Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Fair Value Measurements (continued)

Pooled separate accounts: Valued at the closing price reported on the active market on which the underlying individual securities are traded.

Guaranteed investment contracts: Valued based on the beginning of year value of the Plan's interest in the contracts plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Quoted market prices are used to value investments in the contracts. The fair value of certain other investments for which quoted market prices are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

(5) Tax Status

The Plan is based on a prototype plan sponsored by Sungard Business Systems LLC. Sungard Business Systems LLC has obtained an opinion letter dated March 31, 2010 stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code. Generally, the plan administrator and the Plan may rely on the opinion letter received by Sungard Business Systems LLC as to the form of the plan qualifying under the Internal Revenue Code (except as otherwise noted in the opinion letter).

Notes to Financial Statements

Tax Status (continued)

Additionally, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and remains tax-exempt. Therefore, no provisions for income taxes have been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

The changes in the actuarial present value of the accumulated plan benefits shown above are as follows:

	<u>2025</u>
Actuarial present value of accumulated plan benefits at beginning of year	\$ 11,827,830
Increase (decrease) during the year attributable to:	
Benefits paid	(2,410,281)
Benefits accumulated	543,953
Assumption changes	(467,480)
Effect of interest	<u>745,015</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 10,239,037</u>

(7) Plan Termination

The Credit Union reserves the right to amend or terminate the Plan at any time. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years.

The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

- (b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- (c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- (d) All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2025 and 2024, the ceiling was \$7,432 and \$7,108 per month, respectively.

Heritage Family Federal Credit Union Defined Benefit Plan and Trust

Notes to Financial Statements

December 31, 2025 and 2024

Plan Termination (continued)

That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceiling is actuarially adjusted downward.

Should the Plan terminate at some future time, the participants' benefits would depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and on the level of benefits guaranteed by the PBGC.

(8) Withdrawing Participants

All participants who have withdrawn from the Plan and requested their benefits have been paid as of December 31, 2025.

(9) Related Party Transactions

The Plan has a number of different service providers. Such providers are considered parties-in-interest under ERISA.

Benefit Service:	The sum of the plan years during which a participant has at least 1,000 hours of service.
Vesting Service:	The sum of the plan years during which a participant has at least 1,000 hours of service.
Normal Retirement Date:	Normal retirement is attained age 65 with 5 years of participation.
Early Retirement Date:	At any time after attainment of age 55 and 5 years of service, a participant may elect early retirement.
Eligible Compensation:	Eligible compensation includes wages and other compensation reported on Form W-2, plus Section 125 (cafeteria plan), 132(f)(4) (qualified transportation fringe), 402(e)(3) (401(k) plan) compensation. Eligible compensation excludes reimbursements, deferred compensation or other expense allowances, fringe benefits, moving expenses, welfare benefits. In addition, commissions which may result in a participant becoming an HCE will be excluded from the definition of eligible compensation.
Average Monthly Earnings:	Average monthly earnings means the average compensation paid during the 36 consecutive month period which produces the highest average within the most recent 120 months of service. If a participant works less than 36 consecutive months, the compensation shall be averaged over the sum of the months the participant was paid.
Regular Benefit Amount:	The normal retirement benefit is 40% of average monthly earnings reduced proportionately for less than 25 years of service at retirement. Benefits are accrued over service to normal retirement age per the fractional accrual rule.

Heritage Family Federal Credit Union Defined Benefit Plan and Trust

Appendix A – Summary of Principal Plan Provisions (cont.)

Early Retirement Benefit: The normal retirement benefit accrued to date is reduced to compensate for the longer period over which benefits will be paid. The reduction is 1/15th for the first 5 years preceding normal retirement and 1/30th for each of the next 5 years preceding normal retirement.

Termination Benefit: A terminating participant who has completed two years of service is entitled to receive a vested monthly benefit starting on his normal retirement date. The amount of the benefit is equal to the retirement income earned on the basis of service to date multiplied by the appropriate vested percentage from the following table:

<u>Years of Service</u>	<u>Vested Interest</u>
less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%

6 or more	100%

A participant will be 100% vested upon attainment of disability, retirement age or death while an active employee.

Normal Form of Benefit: The normal form of benefit is a monthly income payable for 120 months Certain and Life.

Optional Benefit Forms: At the participant's election, retirement income may be paid in any of the optional forms shown below. Election of an optional annuity form may be made at any time before retirement. For any annuity form, the amount of income is adjusted so the cost to the fund is the same as it would have been under the normal annuity form.

- Straight Life Annuity
- 50%, 66-2/3%, 75% or 100% Joint and Contingent Survivor Annuity
- 60, 120 or 180 months Certain and Life Annuity
- Single Lump Sum

Death Benefits (Pre-Retirement): If a participant dies prior to the time his benefit payments commence, a qualified preretirement survivor annuity shall be provided to the participant's beneficiary equal to the actuarial equivalent of the participant's accrued benefit.

Death Benefits (Post-Retirement): None except as provided by the annuity form elected.

Changes Since Last Year: None.
