INDEPENDENT AUDITOR'S REPORT

To the MERCAP Committee
Merchants Mutual Capital Accumulation Plan

Opinion

We have audited the financial statements of Merchants Mutual Capital Accumulation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits on a modified cash basis as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits on a modified cash basis for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with the modified cash basis of accounting as described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year), on a modified cash basis, as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MERCHANTS MUTUAL CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Merchants Mutual Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a single employer, defined contribution plan covering substantially all full and part-time employees of Merchants Mutual Insurance Company and its wholly-owned subsidiary, MPIC, Inc. (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The MERCAP Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. Modern Wealth Management, LLC (Modern) serves as the Plan's ERISA 3(21) investment advisor.

Eligibility:

Employees of the Company, except for employees who are members of a collective bargaining unit and interns, are eligible to participate in the Plan as of their date of hire. Independent contractors are not eligible to participate in the Plan.

Contributions:

Each year, participants may make voluntary pre-tax and/or Roth contributions to the Plan up to 75% of their eligible annual compensation, as defined. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in an age-appropriate designated target date fund until changed by the participant. Participants are free to modify these deferral terms at their discretion. Participants who are fifty years and older may make catch-up contributions.

Employer contributions match up to the first 6% of the participants' voluntary contributions on a biweekly basis. Biweekly matching contributions in 2025 and 2024 were \$1,726,507 and \$1,758,876, respectively. At year-end, a true-up calculation is performed in order to ensure that employer contributions based on total annual eligible compensation are consistent with the sum of employer contributions made on a biweekly basis throughout the year for each participant. Any additional employer contributions required as a result of this calculation are remitted to the Plan subsequent to year-end. In accordance with the modified cash basis of accounting, the true-up contributions are recorded as additions to the net assets available for benefits in the year in which they are remitted to the Plan. At December 31, 2025, 2024 and 2023, the Company owed the Plan \$39,719, \$43,445 and \$39,867, respectively, related to the true-up contributions. Each true-up contribution was paid within the first two and a half months of the subsequent Plan year. Such receivable balances are not recorded on these modified cash basis financial statements.

MERCHANTS MUTUAL CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Contributions (continued):

Contributions are subject to certain limitations of the Internal Revenue Code (the IRC). Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts:

Each participant's account is credited with the participant's contributions, Company matching contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for loan origination, benefit processing and other recordkeeping fees. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Participants have the option of allocating their contributions among certain investment fund options selected by the MERCAP Committee, or into a self-directed brokerage account. Through this self-directed brokerage account, the participant has the ability to purchase any publicly traded security including mutual funds, common stocks, exchange traded funds, and corporate bonds.

The Plan allows participants to invest in the Empower Secure Foundation Balanced Fund (the Fund). The Fund allows participants, upon retirement, to receive a fixed monthly benefit for the participant's lifetime and protects participants from certain investment losses prior to retirement. Participants can lock in a fixed monthly benefit when they have had a distributable event, as defined by the Plan, and have reached age 55. The fixed monthly benefit is based on the participant's investment balance in the Fund and his or her age at election to fix the benefit. In addition to an investment management fee, the Fund charges an additional monthly fee for this fixed benefit provision.

Vesting:

Active participants are immediately vested in their voluntary contributions and employer match plus actual earnings thereon.

Forfeited accounts:

Prior to January 1, 2015, the Plan provided for full vesting in the Company's contributions upon completion of three years of service. Once the participant withdraws the funds from the Plan, the portion of a participant's employer contribution account that was not vested at the time the break in service occurred is forfeited. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled \$2,176 and \$1,365, respectively. Forfeitures of nonvested accounts are used to pay administrative expenses of the Plan or to reduce the Company's contributions. During 2025 and 2024, the Plan used forfeited nonvested contributions to reduce administrative expenses by \$403 and \$257, respectively. The Plan did not use forfeited nonvested contributions to reduce Company contributions during 2025 or 2024.

MERCHANTS MUTUAL CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Payment of benefits:

Participants are eligible for benefits upon reaching age 65, termination of employment with the Company, or death, based on their vested interest. A participant or, in the event of a distribution upon a participant's death, a participant's beneficiary may elect a partial withdrawal, periodic payments, or a lump-sum payment equal to the value of the participant's vested interest in his or her account. Distributions are also permitted in the event of a financial hardship as defined by the Plan, for participants who have attained age 59-½, and for participants who have achieved 60 months of participation in the Plan.

Notes receivable from participants:

Participants may borrow from their account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by their highest outstanding loan balance in the preceding year, or 50% of their vested account balance. A participant may not have more than 2 loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Loans must be repaid in at least quarterly installments over a maximum term of 5 years for personal loans and 10 years for the purchase of a participant's primary residence. Principal and interest are generally paid ratably through biweekly payroll deductions.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the origination of notes receivable from participants and benefit processing are charged against gross proceeds received by the participant. The Plan also pays for certain recordkeeping fees.

Note 2. Significant Accounting Policies

Basis of accounting:

The accounts of the Plan are maintained on the modified cash basis of accounting, which differs from the accrual basis of accounting under accounting principles generally accepted in the United States of America. The modified cash basis of accounting recognizes certain additions and the related assets when received rather than when earned and recognizes certain deductions when paid rather than when the obligation is incurred.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The MERCAP Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

MERCHANTS MUTUAL CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition (continued):

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as deemed distributions based upon the terms of the Plan document.

Excess contribution payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a reduction to contributions when paid. No reduction to contributions was required to be recorded for the years ended December 31, 2025 or 2024.

Contributions:

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation and remitted to the Plan. As discussed in Note 1, the year-end true up matching contribution is recorded in the year in which those contributions are remitted to the Plan.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through July 13, 2026, which is the date the financial statements were available to be issued.

Note 3. Investments

The following table summarizes Plan investments at December 31, 2025 and 2024:

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Self-directed brokerage accounts: Accounts primarily consist of cash and cash equivalents, mutual funds, common stock, corporate bonds and exchange traded funds valued as described below.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Cash and cash equivalents: Classified as Level 1 as these financial instruments are highly liquid.

Mutual funds: Mutual funds, except for money market mutual funds, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market mutual fund: Valued at the daily closing price as reported by the fund. The money market mutual fund held by the Plan is an open-end mutual fund that is registered with the SEC that generally transacts at a stable \$1.00 NAV representing its estimated fair value. On a daily basis the fund's NAV is determined by the fund based on the amortized cost of the fund's underlying investments. This fund is considered a Level 2 asset.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models that maximize the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Exchange traded funds (ETF): ETFs are traded at quoted prices throughout the day and valued at the end of the day at NAV as determined by the fund based upon the fair value of the underlying investments held by the fund less its liabilities. The ETFs are registered with the SEC and are deemed to be actively traded.

Variable annuity: Unit values are calculated daily by Empower Annuity Insurance Company of America (Empower Annuity) according to the methods described in the annuity contract.

Pooled separate account: Valued at the NAV of units of the pooled separate account. The NAV is determined by dividing net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. The pooled separate account is comprised of units of a common collective trust held in a separate account of Empower Annuity, an insurance company. The Plan has concluded that the NAV, as reported by Empower Annuity, is used as a practical expedient to estimate fair value. The investment is redeemable daily at the NAV under the agreement with Empower Annuity. However, it is possible that the redemption rights may be restricted or eliminated in the future. Were the Plan to initiate a full redemption of the underlying investments, the investment advisor has reserved the right to temporarily delay withdrawal from the pooled separate account to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 74,022,538	\$ 4,513,078	\$ -	\$ 78,535,616

Pooled separate account measured at NAV (a)				<u>1,071,060</u>
				<u>\$ 83,218,517</u>

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 70,288,679	\$ 4,519,734	\$ -	\$ 74,808,413
Self-directed brokerage accounts	2,791,545	398,816	-	3,190,361

	<u>\$ 73,080,224</u>	<u>\$ 5,107,212</u>	<u>\$ -</u>	<u>\$ 78,187,436</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025. There were no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair value at December 31, 2025	Redemption Frequency	Redemption Notice Period
Pooled separate account	\$1,071,060	Daily	3 months

There were no unfunded commitments related to the pooled separate account as of December 31, 2025.

NOTES TO FINANCIAL STATEMENTS

Note 5. Tax Status

The Company has adopted a pre-approved plan document sponsored by Empower Retirement, LLC, that has received an opinion letter from the IRS dated November 14, 2022, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and disclose a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Certain Plan investments are shares of a mutual fund, a pooled separate account and a variable annuity managed by the Plan's custodian, Empower Trust Company, LLC (Empower). Transactions within these investment funds and recordkeeping fees paid to Empower qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Modern provides investment advisory services to the Plan. Transactions with Modern qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
