INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Plumbers and Steamfitters Local 21 Annuity Fund
Peekskill, New York

Opinion

We have audited the financial statements of Plumbers and Steamfitters Local 21 Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Plumbers and Steamfitters Local 21 Annuity Fund as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plumbers and Steamfitters Local 21 Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers and Steamfitters Local 21 Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plumbers and Steamfitters Local 21 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers and Steamfitters Local 21 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Plumbers and Steamfitters Local 21 Annuity Fund
Peekskill, New York

Opinion

We have audited the financial statements of Plumbers and Steamfitters Local 21 Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Plumbers and Steamfitters Local 21 Annuity Fund as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plumbers and Steamfitters Local 21 Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers and Steamfitters Local 21 Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plumbers and Steamfitters Local 21 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plumbers and Steamfitters Local 21 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PLUMBERS AND STEAMFITTERS LOCAL 21 ANNUITY FUND

Notes to Financial Statements

(1) Description of the Plan

The following brief description of the Plumbers and Steamfitters Local 21 Annuity Fund (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a multiemployer, defined contribution retirement fund which was established in accordance with an agreement and declaration of trust, as amended, between Plumbers and Steamfitters Local 21 (the "Local") and the Plumbing and Mechanical Contractors' Association of The Hudson Valley, Inc. (the "Association"). The Association is comprised of various employers who participate in the Collective Bargaining Agreement with the Local. The Plan is administered by a Board of Trustees, comprised of representatives of the Local and the Association. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - All contributions to the Plan are made by participating employers in accordance with their collective bargaining agreements with the Local. The collective bargaining agreements require contributions to the Plan at fixed rates based upon hours worked and employee classification.

Vesting - Participants are automatically 100% vested in their annuity accounts.

Participant Accounts - The Plan provides for the creation of an individual account, on behalf of each participant, to which all employers' contributions are credited. Each participant may select their investments from the various options offered. Investment earnings and losses are credited to each account daily. Plan expenses are charged periodically to each participant account.

Benefits - Benefits are payable to a participant upon separation of service due to retirement, unemployment for ninety days, working less than 800 hours during a twelve month period, or expulsion. Benefits are also available to pay for medical coverage when a participant has insufficient hours to qualify for medical coverage provided by the Welfare Fund.

Notes Receivable from Participants - Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum of 50% of their account balance at the date of application, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime rate.

(2) Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Adoption of Recent Accounting Pronouncements - The Plan adopted ASC 326 which changed how entities will measure credit losses for certain financial assets that aren't measured at fair value through changes in net assets available to benefits. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing the Plan's exposure to credit risk and the measurement of credit losses. The primary financial asset held by the Plan that is subject to the guidance in ASC 326 is employers' contributions receivable. The impact of the adoption was not considered material to the financial statements and primarily resulted solely in enhanced disclosures.

On July 30, 2025, the FASB issued Accounting Standards Update (ASU) 2025-05, Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets. This standard allows entities to elect a practical expedient that assumes that current conditions as of the fiscal year-end do not change for the remaining life of the asset. In addition, the standard provides for consideration of subsequent collections in developing reasonable and supportable forecasts as part of estimating expected credit losses.

PLUMBERS AND STEAMFITTERS LOCAL 21 ANNUITY FUND

Notes to Financial Statements

(2) Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Certain investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive contracts held by the Plan are recorded at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Plan management determined the Plan's valuation policies utilizing information principally provided by its investment advisor and custodian.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Certain investment expenses are included in net appreciation of fair value of investments.

Employers' Contributions Receivable - The Plan's policy is to recognize contributions based on the latest executed collective bargaining agreement on an individual employer basis. Contributions from participating employers are based on an agreed upon hourly rate and are payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable. The Plan evaluates participating employers' contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection, including subsequent period collection activity. As of December 31, 2025 and 2024, the Plan did not record a credit loss allowance for employers' contributions receivable.

The Board of Trustees has established a program to review participating employer records in order to determine compliance with contribution provisions of the collective bargaining agreement. As a result of this program, previously unreported contributions are identified related to current and prior fiscal years. However, due to the collection efforts required by the Plan, including litigation, the ultimate realization of any additional contribution receivable cannot be reasonably estimated until the collection process is completed. Accordingly, the Plan primarily recognizes these previously unreported contributions in the fiscal year in which the settlement proceeds are received.

Notes Receivable from Participants - Participants may borrow from their individual accounts for an initial loan up to 50% of the value in their annuity account at the time the loan is made. The maximum amount a participant can borrow as a second loan is equal to approximately 50% of their account balance at the time of the second loan minus their outstanding loan amount. The exact amount will be computed by the Fund Manager. However, the maximum amount of any loan is limited to \$50,000. There is a minimum loan amount of \$1,000. Loan repayments are due within 5 years unless for a primary residence which is 10 years. The interest rate for a loan will be the Prime Rate as listed in The Wall Street Journal on the business day of the month in which their request of the loan, plus 1%. The interest rate so determined will remain fixed throughout the duration of the loan.

Property and Equipment - Property and equipment employed in operations are recorded at cost and depreciation is computed using the straight-line method over the estimated useful life of the asset. Gain or loss, if any, is recognized upon the disposal of property and equipment and the asset and related accumulated depreciation are removed from the accounts.

PLUMBERS AND STEAMFITTERS LOCAL 21 ANNUITY FUND

Notes to Financial Statements

(2) Summary of Significant Accounting Policies (Continued)

Leases - Leases are categorized at their inception as either operating or financing leases. Operating right-of-use assets and liabilities are recognized at the lease commencement date based on the present value of the lease payments over the lease term. Leased assets represent the Plan's right to use an underlying asset for the lease term, and lease liabilities represent the Plan's obligation to make lease payments arising from the lease. The lease term may include options to extend or terminate the lease when it is reasonably certain that the Plan will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term. The Plan uses a risk-free discount rate when the rate implicit in the lease contract is not readily determinable.

Payments of Benefits - Benefit payments to participants are recorded upon distribution.

Administrative Expenses - Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. The Plan shares certain administrative expenses with related ERISA plans. In computing these allocated costs, various factors were considered, including the time spent, space used, costs incurred, and volume of transactions relating to the Plan in relation to the other plan. Certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events - The Plan has evaluated subsequent events through July 22, 2026, the date on which the financial statements were available to be issued.

(3) Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codifications ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2-Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(3) Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued at the NAV of units of a pooled separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	<u>Assets at Fair Value as of December 31, 2025</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual Funds	\$ 60,839,789	\$ --	\$ --	\$ 60,839,789
<u>Total Assets in the Fair Value Hierarchy</u>	<u>\$ 60,839,789</u>	<u>\$ --</u>	<u>\$ --</u>	<u>60,839,789</u>
Investments Measured at Net Asset Value (a)				<u>65,453,836</u>

Mutual Funds	<u>\$109,249,654</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$109,249,654</u>

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

(a) In accordance with FASB Accounting Standards Codification Subtopic 820-10 Fair Value Measurement - Overall, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Participants should refer to the Form 5500 filing with the U.S. Department of Labor for additional information.

(4) Fully Benefit-Responsive Investment Contract

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Empower totaling \$67,796,658 and \$70,790,467 as of December 31, 2025 and 2024, respectively. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

(4) Fully Benefit-Responsive Investment Contract (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

(5) Property and Equipment

Property and equipment consist of the following as of December 31, 2025 and 2024:

	<u>2 0 2 5</u>	<u>2 0 2 4</u>	<u>Useful Life</u>
Computers and Computer Software	\$ 30,991	\$ 46,866	5 Years
Less: Accumulated Depreciation	<u>15,213</u>	<u>30,759</u>	
<u>Property and Equipment - Net</u>	<u>\$ 15,778</u>	<u>\$ 16,107</u>	

Depreciation expense provided on the straight line method over the estimated useful life of the assets was \$4,081 and \$3,163 for the years ended December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, the Plan disposed of obsolete computer equipment with an original cost of \$19,627 and a net book value of \$-0-.

(6) Transactions with Related Parties

The Plan operates in a jointly administered office with related Plans. The administrative expenses are paid by the Steamfitters and Plumbers Local Union 21 Administrative Fund and are allocated amongst the related Plans. The Plan's proportionate share of salaries, employee benefits and other administrative expenses amounted to \$104,030 and \$97,995 for the years ended December 31, 2025 and 2024, respectively. As of December 31, 2025 and 2024, the Plan had a receivable due from the Steamfitters and Plumbers Local Union 21 Administrative Fund of \$1,860 and \$18,931, respectively, arising from allocated administrative expenses.

The Plan leases office facilities under a jointly executed lease with the Plumbers and Steamfitters Local Union 21 Pension, Education and Welfare Funds. The lease agreement contains a renewal option and does not contain a guarantee of the residual value at the end of the lease term or restrictive financial or other covenants. Lease payments related to periods subject to renewal options are excluded from the amounts used to determine the present value of the remaining lease payments unless the Plan is reasonably certain to exercise the option to extend the lease. The Plan has made an accounting policy election not to separate lease components from non-lease components in contracts when determining its lease payments.

Monthly minimum rental payments of \$493 effective April 1, 2024 during the lease term are based on the contractual lease agreement with the final payment due in March 2029. There are no variable lease payments required for real estate taxes, common areas expenses, or other variable payments required by the provisions of the lease agreement. The Plan's allocated share of contractual rental payments under this operating lease totaled \$6,099 and \$5,854 for the years ended December 31, 2025 and 2024, respectively.

Because the initial term of the lease is greater than a year, the Plan records the related right-of-use assets and liabilities at the present value of the lease payments to be paid over the life of the related lease. The present value of lease payments is calculated by utilizing the discount rate stated in the lease when readily determinable.

PLUMBERS AND STEAMFITTERS LOCAL 21 ANNUITY FUND

Notes to Financial Statements

(6) Transactions with Related Parties (Continued)

Because the Plan does not have access to the rate implicit in the lease, the Plan utilizes the risk free interest rate as the discount rate. The discount rate for the lease is 4.34%. In determining that rate, the Plan considers prevailing economic conditions at the commencement date and factors such as credit risk, term of lease and options, and the effect of collateralization based on the nature of and quality of the underlying asset.

At December 31, 2025, the Plan's portion of the future minimum lease payments under the lease reconciled to the lease liability is as follows:

<u>Year ended</u> <u>December 31,</u>	
2026	\$ 5,920
2027	5,920
2028	5,920
Thereafter	<u>1,973</u>
Total Lease Payments	19,733
Less: Imputed Interest	<u>(1,393)</u>
<u>Total Operating Lease Liabilities</u>	<u>\$ 18,340</u>

As of December 31, 2025 and 2024, the Plan has participant contributions held and reflected as Due to Custodian of \$393,769 and \$669,627, respectively.

All participants will be charged an administrative fee of \$127 annually to cover operating expenses. The administrative fees and forfeiture expense reimbursements for the years ended December 31, 2025 and 2024 amounted to \$260,772 and \$186,467, respectively.

Certain plan investments are mutual funds, pooled separate accounts and a guaranteed investment contract managed by Empower. Empower is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

(7) Reciprocity Agreements

The Plan entered into a Master Annuity Reciprocity Agreement with certain annuity funds administered by local unions of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada. In accordance with these agreements, the Plan is required to remit funds received and is entitled to receive funds from participating employers on behalf of temporary employees to and from the employees' participating local unions.

For the year ended December 31, 2025, the Plan remitted reciprocal payments of \$306,297 and received reciprocal contributions of \$268,530 in accordance with these agreements with the participating local unions. These amounts are included in the employer's contributions in the consolidated statement of changes in net assets available for benefits. No allowance for credit losses as of December 31, 2025 and 2024 was necessary for reciprocal payments due to the Plan.

PLUMBERS AND STEAMFITTERS LOCAL 21 ANNUITY FUND

Notes to Financial Statements

(8) Tax Status

The Plan obtained a favorable tax determination letter dated March 9, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Termination of the Plan

Although it has not expressed any intention to do so, the Plan may be terminated by the Board of Trustees, by unanimous vote, subject to collective bargaining agreements and applicable law. Upon termination of the trust, it shall be divided in accordance with the Board of Trustees determination and applicable law. In no event shall any assets of the Trust revert to any employer or union.

(10) Risks and Uncertainties

Investment Risk - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.
